The purpose of this policy is to affirm the authority of the members of the Tigard Police Department to perform their functions based on established legal authority.

100.2 PEACE OFFICER POWERS

Peace officers are granted authority by Oregon Revised Statutes to prevent and deter crime; arrest offenders; issue citations in lieu of custody; take custody of evidence of a crime, contraband or recovered stolen property; control the flow of traffic and preserve the peace and safety of the public.

- (c) The peace officer shall inform the person to be arrested of the peace officer's authority and reason for the arrest, and, if the arrest is under a warrant, shall show the warrant, unless the peace officer encounters physical resistance, flight, or other factors rendering this procedure impracticable, in which case the arresting peace officer shall inform the arrested person and show the warrant, if any, as soon as practicable.
- (d) In order to make an arrest, a peace officer may use physical force as justifiable under 2020 Oregon Laws c. 3, § 7, 2020 Oregon Laws c. 3, § 8, and ORS 161.245.

100.5 INTERSTATE PEACE OFFICER POWERS

Peace officer powers may be extended to other states:

105.1.1 DUTY TO OBEY LAWFUL ORDERS

Members shall acquire a thorough knowledge of State and Federal laws and City ordinances, as well as the elements that constitute criminal acts in violation of the various sections thereof, and will acquaint themselves with the fundamental rules of evidence. The responsibility for having knowledge and comprehension of the Lexipol Manual, all orders, bulletins, and regulations, pertinent reports and all memoranda issued by the Chief of Police or the member's division manager, rests with the member. After an absence from duty, members shall, upon returning to duty, read all orders issued by the Chief of Police or their division manager and all applicable bulletins, regulations or memoranda issued during their absence. Members having any questions or uncertainty will immediately seek clarification via the chain of command.

Members shall promptly obey any lawful written or verbal order of a supervisor. This will include orders relayed from a supervisor by a member of the same or lesser rank. Members, who are given an otherwise proper order that is in conflict with a previous order, rule, regulation or directive, shall respectfully inform the supervisor issuing the order of the conflict. If the supervisor issuing the order does not alter or retract the conflicting order, the order shall stand. Under these circumstances the responsibility for the conflict shall be upon the supervisor. Members shall obey the conflicting order and shall not be held responsible for disobedience of the order, rule, regulation or directive previously issued. Members shall not obey any order that would require them to commit any illegal act. If in doubt as to the legality of an order, members shall request the issuing supervisor to clarify the order or the supervisor will clarify with a higher authority. The Chief of Police must be immediately notified any time a member is the subject of any police or court action by any law enforcement agency.

The provisions contained in the Policy Manual are not intended to create an employment contract nor any employment rights or entitlements. The policies contained within this manual are for the internal use of the Tigard Police Department and shall not be construed to create a higher standard or duty of care for civil or criminal liability against the City, its officials or members. Organizational Structure and Responsibility

200.3.2 UNITY OF COMMAND

The principles of unity of command ensure efficient supervision and control within the Department. Generally, each employee shall be accountable to one supervisor at any time for a given assignment or responsibility. Members shall respond to and make a good faith and reasonable effort to comply with the lawful order of superior officers and other proper authority.

200.3.4 UNLAWFUL AND CONFLICTING ORDERS

No member is required to obey any order which outwardly appears to be in direct conflict with any federal or state law, or local ordinance. The person issuing the countermanded order shall be notified in writing by the person issuing the second command of the action taken and the reason therefore.

204.5 DIRECTIVES - PROCESS

The steps to generate a directive may be started by any employee within the department, based on their associated duties and/or delegated tasks. The routine process required before a departmental directive is ready for distribution is listed below, following the chain of command as indicated:

1. Go to the intranet, and find the *Departmental Directives* template (located at i:\PD\templates2007\departmental directives.pdf)
2. Complete the required fields and "save as" a copy in a location on your computer or user drive
3. Send the DRAFT directive to your chain of command or program coordinator as necessary for approvals, up to your Division Commander
4. Once the Division Commander (or their designee) edits and/or approves the DRAFT directive, it will be sent to the Inspections Officer
5. The Inspections Officer will edit the document as required, and forward to the Chief's Confidential Executive Assistant for finalization and sequential numbering as described above

Departmental Directives

6. The Chief of Police will consider approving, and once signed by the Chief (or designee) the DRAFT directive will be returned to the Inspections Officer as official
7. The Inspections Officer will distribute the newly completed departmental directive in a "read-receipt" email to those employees affected and/or post as required.
 1. The Inspections Officer will ensure that any specific changes to the departmental policy manual based on the new directive are reviewed and incorporated into the next routine update
 2. The Inspections Officer will rescind the associated directives that are incorporated as necessary and if applicable

Emergency Operations Plan

206.1 PURPOSE AND SCOPE

The City has prepared an Emergency Operations Plan Manual for use by all employees in the event of a major disaster or other emergency event. The manual provides for a strategic response by all employees and assigns specific responsibilities in the event the plan is activated (ORS 401.305).

All employees shall receive annual refresher training on the details of the Tigard Emergency Operations Plan.

206.2 ACTIVATING THE EMERGENCY PLAN

The Emergency Operations Plan can be activated in a number of ways. For this department, the Chief of Police or the highest ranking official on duty may activate the Emergency Operations Plan in response to a major emergency.

206.2.1 RECALL OF PERSONNEL

In the event that the Emergency Operations Plan is activated, all employees of the Tigard Police Department are subject to immediate recall. Employees may also be subject to recall during extraordinary circumstances as deemed necessary by the Chief of Police or the authorized designee.

Failure to promptly respond to an order to report for duty may result in discipline.

206.3 LOCATION OF MANUALS

The manual for employees is available in Administration and the Patrol Lieutenant's office. All supervisors should familiarize themselves with the Emergency Management Plan and what roles police personnel will play when the plan is implemented.

206.4 BUILDING EVACUATION PLAN

In the event of a disaster or emergency which requires evacuation of the police building, all employees shall follow implemented evacuation plans and posted exit routes (OAR 437-002-0041). The posted exit routes shall include any special directions for physically impaired employees.

Training

208.1 PURPOSE AND SCOPE

It is the policy of this department to administer a training program that will provide for the professional growth and continued development of its personnel. By doing so, the Department will ensure its personnel possess the knowledge and skills necessary to provide a professional level of service that meets the needs of the community.

208.2 PHILOSOPHY

The Department seeks to provide ongoing training and encourages all personnel to participate in advanced training and formal education on a continual basis. Training is provided within the confines of funding, requirements of a given assignment, staffing levels and legal mandates. Whenever possible, the Department will use courses certified by the Oregon Department of Public Safety Standards and Training (DPSST).

208.3 OBJECTIVES

The objectives of the Training Program are to:

- (a) Enhance the level of law enforcement service to the public.
- (b) Increase the technical expertise and overall effectiveness of our personnel.
- (c) Provide for continued professional development of department personnel.
- (d) Enhance the safety of officers and the community.

208.4 TRAINING PLAN

A training plan will be developed and maintained by the Training Coordinator. It is the responsibility of the Training Coordinator to maintain, review and update the training plan on an annual basis. The plan will address the following areas:

- Legislative changes and changes in case law
- State-mandated training
- High-liability issues training
- Training on department policies and procedures
- Prison Rape Elimination Act (PREA)
- De-escalation tactics

208.5 TRAINING NEEDS ASSESSMENT

The Training Coordinator or his/her designee will conduct an annual training-needs assessment of the Department. The needs assessment will be reviewed by the command staff during the annual

Training

training plan development process. Upon approval by the staff, the needs assessment will form the basis for the training plan for the fiscal year.

208.6 TRAINING COMMITTEE

The Training Coordinator may establish a Training Committee, which will serve to assist with identifying training needs for the Department. The Training Committee may also be tasked with the review a policy, a training regimen, or piece of equipment the department is considering/evaluating.

The Training Committee may be comprised of at least three members, with the senior ranking member of the committee acting as the chairperson. Members should be selected based on their abilities/experiences at post-incident evaluation and skills at assessing related training needs.

The Training Coordinator may remove or replace members of the committee at his/her discretion. The Training Committee may review certain incidents to determine whether training would likely improve future outcomes or reduce or prevent the recurrence of the undesirable issues related to the incident. Specific incidents the Training Committee should review include, but are not limited to:

- (a) Any incident involving the death or serious injury of an employee.
- (b) Incidents involving a high risk of death, serious injury or civil liability.
- (c) Incidents identified by a supervisor as appropriate to review to identify possible training needs.

The Training Committee should convene on a regular basis as determined by the Training Coordinator to review the identified incidents. The committee shall determine by consensus whether a training need exists and then submit written recommendations of its findings to the Training Coordinator. The recommendation should not identify specific facts of any incidents, such as identities of employees involved or the date, time and location of the incident, but should focus on the type of training being recommended.

The Training Coordinator will consider the recommendations of the committee and determine what training should be addressed, taking into consideration the mission of the Department and available resources.

208.7 TRAINING PROCEDURES

- (a) All employees assigned to attend training shall attend unless previously excused by their immediate supervisor. Excused absences from mandatory training should be limited to:
 - 1. Court appearances.
 - 2. First choice vacation.
 - 3. Sick leave.
 - 4. Physical limitations preventing the employee's participation.

Tigard Police Department

Tigard PD Policy Manual

Training

5. Emergency situations.
 - (b) When an employee is unable to attend mandatory training, that employee shall:
 1. Notify his/her supervisor as soon as possible, but no later than at least one hour prior to the start of training.
 2. Document his/her absence in a memorandum to his/her supervisor.
 3. Make arrangements through his/her supervisor and the Training Coordinator to attend an alternate date.

208.8 TRAINING COSTS

It is the responsibility of the Training Coordinator to determine when the Tigard Police Department may be entitled for training reimbursements when an officer has completed any portion of basic training in the last 36 months and voluntarily leaves employment and is subsequently employed by a different law enforcement agency in a position that requires the same training. If it is determined to seek reimbursement for qualifying expenses, the requests shall comply with the provisions of ORS 181A.620.

208.9 DAILY TRAINING BULLETINS

The Lexipol Daily Training Bulletins (DTBs) are contained in a Web-accessed system that provides training on the Tigard Police Department policy manual and other important topics. Generally, one training bulletin is available for each day of the month. However, the number of DTBs may be adjusted by the Watch Commander.

Personnel assigned to participate in DTBs shall only use login credentials assigned to them by the Watch Commander. Personnel should not share their password with others and should frequently change their password to protect the security of the system. After each session, employees should log off the system to prevent unauthorized access. The content of the DTBs is copyrighted material and shall not be shared with others outside of this agency.

Employees who are assigned to participate in the DTB program should complete each DTB at the beginning of their shift or as otherwise directed by their supervisor. Employees should not allow uncompleted DTBs to build up over time. Personnel may be required to complete DTBs missed during extended absences (e.g., vacation, medical leave) upon returning to duty. Although the DTB system can be accessed from any internet active computer, employees shall only take DTBs as part of their on-duty assignment unless directed otherwise by a supervisor.

Supervisors will be responsible for monitoring the progress of personnel under their command to ensure compliance with this policy.

208.10 TRAINING COSTS

For purposes of this policy, the following definitions are provided (ORS 181A.620):

Tigard Police Department

Tigard PD Policy Manual

Training

Original employing governmental agency - The governmental agency that first employs an employee in a position that requires training.

Training costs - The expenses paid for by an employing governmental agency that include the cost of salary and benefits paid to an employee during training, the cost of salary and benefits paid to another employee to cover the workload of an employee in training and the cost of initial training courses required for employment.

Whenever statutorily required, an officer who voluntarily leaves employment with his/her original employing governmental agency and is subsequently employed by the Tigard Police Department in a position that requires the same training as required for the position with the original employing governmental agency, Tigard Police Department shall reimburse the original employing governmental agency for training costs incurred by the original employing governmental agency in accordance with the reimbursement schedule in ORS 181A.620(3).

It is the responsibility of the Training Coordinator to identify when such reimbursements are required, and ensure that payment procedures are followed. If Tigard Police Department is the original employing agency in accordance with the definition contained in ORS 181A.620(1)(a), the Chief of Police or designee will determine whether reimbursement will be sought from the agency which hired the officer.

In all issues of employment it is the policy of this department to take reasonable steps to retain competent employees.

Electronic Communication

209.1 PURPOSE AND SCOPE

It is the city's goal to enhance both external and internal communication through the use of various electronic communication tools. All electronic communication tools purchased by the city are the property of the City of Tigard. Employees should have no expectation of privacy in connection with the transmission, receipt, or storage of information in these electronic communication devices. Any personally owned electronic communication devices an employee uses for city business are also governed by this policy. The city follows the standards and practices set by the Oregon Government Standards and Practices Commission.

This Electronic Communication policy is part of the City of Tigard's citywide Personnel Rules, Policy #49.0.

Any digital information, whether obtained in the line of duty, training events, or under any other circumstance, using a digital camera, computer, personal communications device, recorders, and any other electronic device is the property of the City and cannot be used for personal reasons or for other outside purposes.

209.2 TELEPHONES/VOICE MAIL/CELLULAR TELEPHONES

Telephones/Voice Mail

The ability to make outgoing and receive incoming telephone calls is an essential element of the City of Tigard's ability to provide service to the public. The city's telephones and voice mail system are intended to be used only for official business. The city believes, however, there are occasions when employees may use telephones for personal purposes without such usage being at odds with the law. All calls, including any personal calls allowed by city policy are subject to tracking. This tracking may include the phone numbers of incoming and outgoing calls and text messages, as well as their duration.

It is normal practice by both public and private employers to permit employees to use business telephones to talk to family members, make medical appointments, schedule service technicians, confer with children's schools, and take care of any of a variety of other matters which can only be accomplished during "regular" work hours. The city believes it is less disruptive to permit employees to make such personal calls at their workstation than to require an employee to take a break or leave from work to take care of personal matters.

Personal telephone calls made during working hours from city telephones should, of course, be brief and infrequent. Personal long distance calls, even if the employee reimburses the city for the cost, may not be made on city telephones. If it is necessary for an employee to make personal long distance calls while at work, such calls must be made with the employee's personal calling card, by placing a collect call, or by calling from a pay phone. This section does not apply to wireless phones.

Cellular Telephones

Tigard Police Department

Tigard PD Policy Manual

Electronic Communication

The city provides cellular phones to their employees specifically to facilitate the carrying out of official business. The city's cellular phones are not for the convenience or personal use of employees. This policy also applies to all City of Tigard employees and their use of personal cellular telephones during work hours. The two components of this section include: (a) use of city cellular phones and (b) use of personal cellular phones.

(a) Use of city Cellular Phones

The instances when an employee may use a city cellular phone for personal purposes are limited. An example of an occasion when an employee's personal use of a city cellular phone would not violate Oregon Government Standards and Practices Commission guidelines would be to contact a spouse or childcare provider to advise that the employee is going to be late getting home or picking up children for a reason directly related to official duties such as a meeting which ran later than expected or a last minute change of schedule. Another permitted personal use of a city cellular phone by an employee would be receiving an incoming call regarding a family emergency. Employee will not be required to reimburse the city when the cellular telephone call follows these guidelines; that is, the personal call is directly related to official duties.

A City employee cannot make a personal cellular call even if he or she intends to reimburse the city at a higher rate than that generally available to the public.

(b) Use of Personal Cellular Phones

It is the city's goal for employees to perform their duties in a productive manner without the interference of personal cellular telephone calls. Employees may not activate or use personal cellular telephones during normal work hours or in staff work areas. Use of personal cellular telephones is permitted during an employee's personal time (rest and meal periods as referenced in Citywide Personnel Policy No. 45.0 Job Attendance) and outside the workplace.

Exceptions may be made to this policy on a limited basis based on an employee's need and with approval of the department director. Employees requesting an exception to this policy must submit their request to their department director for approval.

Employees who violate any citywide personnel policy are subject to disciplinary action, up to and including termination.

209.2.1 PERSONAL CELLULAR PHONE, PDA AND SMARTPHONE STIPENDS

The City provides an allowance to certain non-represented positions, participation in which is voluntary. Upon approval employees will receive a specified amount of additional taxable income per month, as a stipend for the specific purpose of obtaining a personal cellular phone, PDA or Smartphone device and adequate service area coverage to be used for City business. However the device would not have the same restrictions on personal use since it is a personal device. The stipend amount will be set by the City Manager. The City stipend amount will be 60% of the current plan cost the City would pay for providing the cell phone service.

All personal smartphones and personal PDA's which contain sensitive city information or has applications that could access sensitive data should be locked and need to be unlocked using

Tigard Police Department

Tigard PD Policy Manual

authentication or password to access the device. Most PDA's and smartphones have the ability to request a code before accessing the device, and this level of security should be enabled if there exists sensitive data on the device or the device could access sensitive data through an application. If possible the data should also be password protected in case the device is lost or stolen.

Employees will obtain written or email approval from the department director for the use of a personal cellular phone, PDA or Smartphone and the department director will send the approval to Payroll/Finance and the Information Technology (IT) Manager. Employees who wish to accept the stipend for a personal PDA or Smartphone with the intention of having remote access to their City account must obtain prior approval from the Information Technology Manager as to the make and model of the proposed device. The city may restrict the make and model of any PDA hardware and software which may connect to a city computer. If approved, the city will pay for maintain the license that allows access to the city's server. This license is the property of the city. Employees with data plans that support email access must keep city and personal email in separate applications and not combine their emails into one email box.

Information on the personal PDA or Smartphone may be public record and must be kept according to the city's retention schedule. The employee's personal PDA or Smartphone may be subject to verification that city information has been provided if so requested.

209.3 PERSONAL DIGITAL ASSISTANTS (PDA)

This policy applies to all employees who use either a personal PDA or a city purchased PDA when conducting city business. PDA's include wireless devices that may have phone and internet capability.

Department directors are responsible for determining if it is in the best interest of the city to equip an employee with a city funded PDA. The city recognizes the benefit of having a complete schedule, that includes both city and personal appointments. Therefore, posting and synchronizing of personal appointments between a city computer and a personal PDA is permitted in order to provide a complete view of an employee's schedule if the department director has authorized the use of a personal PDA.

Employees who wish to furnish their personal PDA, purchased with personal funds, are subject to this policy if they use their PDA to conduct city business. The city may restrict the make and model of any PDA hardware and software which may connect to a city computer.

Employees acknowledge that information on the PDA may be public record and must be kept according to the city's retention schedule and the employee's personal PDA may be subpoenaed to verify all city information has been provided if so requested.

Department directors will insure the "Request to Use Personal PDA" form is completed for any employee who requests usage of a PDA for city business.

In the event of a lost or broken PDA purchased with city funds, the department director will determine if the loss occurred as a result of employee negligence when deciding whether the city

will purchase a replacement PDA. In the event of a lost or broken PDA purchased with personal funds, the city will follow Citywide Personnel Policy 55.0.

209.4 COMPUTERS/INTERNET/E-MAIL

This policy applies to all City of Tigard employees and their use of city computers, the electronic mail (e-mail) system and the Internet.

It is the city's goal to enhance both external and internal communication through the use of various electronic communication tools. All electronic communication tools purchased by the city are the property of the City of Tigard. Any personally owned electronic communication devices an employee uses for city business are also governed by this policy. Employees should have no expectation of privacy in connection with the transmission, receipt, or storage of information in these electronic devices. Any individuals using this system are subject to monitoring and all individuals using the system without authority or in excess of their authority are subject to having all their activities on this system monitored, recorded and examined by an authorized person, including law enforcement, as system personnel deem appropriate. Any material so recorded may be disclosed as appropriate. The city may take action related to inappropriate use of its network, without prior notice, if an employee is determined to have generated, sent or received such material.

Information Sharing

Employees are not allowed to use a code, access a file, or retrieve any stored information, other than where authorized, unless there has been prior clearance by an authorized supervisor. City property or information that is confidential and/or proprietary cannot be shared with individuals outside the city without prior clearance from a department director. Any employee who leaves employment with the city is prohibited from taking or copying any city property or information unless specifically authorized in writing by their department director.

Personal Use

In general, employees may not use computers owned by the city for personal purposes. The City of Tigard's computer system is for authorized users only. There are some circumstances where the City believes the use of computers for personal purposes does not violate the Oregon Government Standards and Practices Commission guidelines. For example, an allowable use would be the preparation of application materials for a different position within the city or term papers for a city-sponsored class.

The personal use of city computers, with the exception of e-mail and the Internet, is permitted with the department director's approval:

- during an employee's lunch period,
- one hour before their normal work schedule begins,
- one hour after their normal work schedule ends, and

Tigard Police Department

Tigard PD Policy Manual

Electronic Communication

- the time between the end of the employee's "work shift" and the beginning of an evening meeting that the city requires the employee to attend.

Personal use of the e-mail system and the Internet is not allowed at any time except as described under Internet Access.

No personal use of city computers is allowed on an employee's day off unless the use is related to an educational purpose that is consistent with the city's policies and has been pre-approved by the employee's department director.

Personal use of the computer system may not interfere with the employee's work, another employee's work or have an undue impact on the network. Playing games on the city's computers is not allowed. Sending large attachments (greater than two megabytes) to multiple people, distributing hoaxes, and spamming are examples of e-mail usage that could affect employee time or system capacity.

Internet Access

The City has equipped their computers and some PDAs with access to the Internet in order to have access to information and to provide information to the public. Personal use of the Internet is only allowed a) with the department director's approval, or b) to access city sponsored benefit sites or c) to schedule medical appointments for the employee or their immediate family. No access to any investment, deferred compensation or retirement benefit sites or accounts is allowed.

City equipment may not be used at any time to access inappropriate sites or to transmit or receive inappropriate information. Pornography, hate groups, and off shore gambling are examples of inappropriate sites and accessing these sites is a misuse of city property.

The city recognizes that occasionally, while in pursuit of valid city business, an employee may inadvertently follow an Internet link that leads to an inappropriate web page. If this occurs, it is not necessary for the employee to respond to the owner of the page, but the employee must immediately notify his or her supervisor of what happened. Copies of e-mail and accessed web pages remain in the system for a period of time and the city may retrieve e-mail and web site histories. It is for the employee's own protection that any anomalies are documented.

Information Technology Access Policy

Information technology includes but is not limited to all individual computers, computing and electronic communications devices and services, telecommunication devices, e-mail, networks, telephones (including cellular), voice mail, fax transmissions, video, multimedia, applications and instructional materials.

Access rights to information/data stored on city-owned equipment will be given on an as-needed basis. Only those rights needed to accomplish tasks related to their job function will be granted. Authorized users of the city's computer network include city employees and other individuals who are contracted to help support the city systems. Information/data and systems may only be used by authorized individuals to accomplish tasks related to their jobs. Any other use is strictly prohibited.

Tigard Police Department

Tigard PD Policy Manual

Electronic Communication

Data of a confidential nature must be protected and must not be disclosed without authorization. Unauthorized access, manipulation, disclosure, or secondary release of such data/information constitutes a security breach. Failure on the part of an employee to take reasonable care to prevent such access may be grounds for disciplinary action up to and including termination of employment.

City of Tigard Information Technology staff is granted access to information technology resources in order to facilitate their job activities. However, by using these resources, staff agrees to abide by all relevant City of Tigard policies and procedures, as well as all current federal, state, and local laws. These include but are not limited to personnel policies and procedures related to harassment, plagiarism, commercial use, security, unethical conduct, and laws prohibiting theft, copyright and licensing infringement, unlawful intrusions, and data privacy laws.

Information Technology staff is responsible for reviewing, understanding, and complying with all policies, procedures and laws related to access, acceptable use, and security of the City of Tigard information technology resources.

The City of Tigard recognizes the importance of preserving the privacy of users and data stored in information technology systems. Staff and 3rd party contractors must honor this principle by neither seeking to obtain unauthorized access to information technology systems, nor permitting or assisting any others in doing the same. Furthermore, staff and 3rd party contractors must not make or attempt to make any deliberate, unauthorized changes to data on an Information Technology system. Staff must not intercept or attempt to intercept or access data communications not intended for that staff member, for example, by "promiscuous" network monitoring, running network sniffers, or otherwise tapping phone or network lines.

There may be occasions when users' information/data will need to be accessed without the users' permission, for example, accessing a user's email or data while they are absent and cannot be contacted. When these occasions arise the Information Technology staff member must obtain written permission from the Department director or City Manager prior to accessing the information/data. Staff must not conceal their identity when using Information Technology systems, except when the option of anonymous access is explicitly authorized. Staff are also prohibited from masquerading as or impersonating others or otherwise using a false identity.

Without specific authorization, staff may not remove or modify any City of Tigard owned or administered equipment or data from Information Technology systems.

Off Site Information Technology Equipment and Data Use Policy

Information technology equipment and data includes but is not limited to all individual computers, computing and telecommunications devices, telephones, all city records, and instructional materials.

Employees are required to obtain permission from their supervisor prior to taking computer equipment off site. Department directors are responsible for knowing who within their respective departments has possession of and the location of all information technology equipment taken off site.

Tigard Police Department

Tigard PD Policy Manual

Electronic Communication

If the equipment has been kept off site for more than one month, and the equipment has been used on the internet and/or files loaded or any external devices attached to the computer equipment, it shall not be reconnected to the city's network without first being examined by Information Technology staff.

Employees are responsible for taking reasonable precautions against theft or damage to the computer equipment. Data of a confidential nature must be protected and must not be disclosed without authorization. Confidential data or information should be transferred using a secure device that requires authentication to access. If possible, the data should also be encrypted. Unauthorized access, manipulation, disclosure, or secondary release of such data/information constitutes a security breach. Failure on the part of an employee to take reasonable care to prevent such access may be grounds for disciplinary action up to and including termination of employment.

Software installations are to be performed by Information Technology staff only. Only software owned by the city and approved by the Information Technology Division shall be installed on city computers. Installation of personal software on any city-owned equipment is expressly prohibited.

Computer equipment may not be used to download, copy, or store any copyrighted software, publications, music, video, or other content without permission from the copyright holder.

Any theft or damage to computer equipment is to be reported immediately to the Information Technology Division and your supervisor.

When computer equipment is returned to the city, the user is required to notify his supervisor, and to send a Help Desk ticket to Information Technology Division notifying them of the change of status of the computer equipment.

209.5 E-MAIL

E-mail is a communication tool provided to city employees to assist them in the performance of their job duties. Personal use of the city's e-mail system is not allowed.

The city's computers, email system and Internet connections may NOT be used to:

- Access a personal email account.
- Receive or send personal email.
- Visit social media sites (other than the city's sites).
- Perform personal business.
- Send email anonymously or without authorization.
- Support charitable, religious or political activities or causes (other than city-approved activities).
- Play games, stream music or stream personal videos.
- Download or install new programs, this requires departmental and IT approval.

Tigard Police Department

Tigard PD Policy Manual

Electronic Communication

City equipment may not be used at any time to access inappropriate sites or to transmit or receive inappropriate information. Pornography, offshore gambling and hate group sites are examples of inappropriate sites. Accessing these sites is a misuse of city property.

Use of Non-City (Personal) Computers/Tablets

Personal computer/tablet use is permitted only:

- During an employee's lunch period.
- During an employee's break period.

Non-city computers/tablets should be turn off during working hours except for lunch and break periods.

Employee Responsibility

If an employee receives an inappropriate e-mail, he or she must immediately respond to the sender with a copy of the city's warning message, found in I:\citywide\EMAIL WARNING.doc (Exhibit B). **A copy of the response, including the original sender's name and e-mail address, must be sent to the employee's supervisor.** This is to show the supervisor the employee made a good faith effort to dissuade the sender from sending inappropriate material. It also provides the employee protection if inappropriate materials are found in the employee's mailbox or hard drive.

If an employee receives a personal e-mail, he or she must immediately respond to the sender with a message notifying the sender the employee may not receive personal e-mail at the city. An example is available at I:\citywide\personal-mail.doc (Exhibit C).

Laws and Licenses Compliance

Users are required to comply with all software licenses, copyright laws, Oregon Government Standards and Practices Commission's guidelines, city policies, and state and federal laws when using the city's computers, sending or receiving e-mail or accessing or downloading information from the Internet.

Unauthorized duplication of copyrighted computer software violates the law and is contrary to the city's standards of conduct. Employees will not engage in nor make or use unauthorized software copies under any circumstances. Legally acquired software in sufficient quantities for all computers will be provided by the city's Information Technology Division to meet the legitimate software needs for city work. The city and its employees will comply with all license and purchase terms regulating the use of any software acquired or used.

Because copyright infringement is an unlawful act, the city will maintain strong internal controls to prevent the making or using of unauthorized software copies. Compliance with software licenses and copyright laws is required. Failure to comply with these standards shall be grounds for disciplinary action, up to and including termination.

System Security

Tigard Police Department

Tigard PD Policy Manual

Electronic Communication

All employees have a responsibility to take reasonable precautions to protect the city's computer system. Reasonable precautions include, but are not limited to, updating anti-virus software when requested by the Information Technology Division (IT) not allowing unauthorized access to the computer system, and safeguarding the employee's password.

Users shall directly initiate session lock mechanisms to prevent inadvertent viewing when a device is unattended.

If an employee becomes aware of a virus or the threat of a virus, the employee should immediately contact IT with the information. Information Technology will evaluate the risk and, if warranted, notify all employees of the precautions that need to be taken.

Email as a Public Record

Under Oregon's public records law, most electronic mail messages are clearly public records. The definition of public records in ORS 192.005(5) "includes, but is not limited to, a document, book, paper, photograph, file, sound recording, or machine readable electronic record, regardless of physical form or characteristics, made, received, filed or recorded in pursuance of law or in connection with the transaction of public business, whether or not confidential or restricted in use."

Under Oregon's public records law, most electronic mail messages created for business purposes are public records. Although some messages may not fall under the definition of public record, it is safest to assume all messages created could be considered public record. The only privacy an employee can expect is that afforded through disclosure exemptions. Email does not meet the definitions of public record may still have to be released as part of litigation. Since most messages are public records, the only privacy afforded government employees using government e-mail systems is minimal and an employee should have no expectation of privacy.

Public access and exemption from disclosure

E-mail is considered correspondence and like other forms of public records it must be made available to any member of the public upon request. Unless an e-mail message falls within one of the specific exemptions described in the public records statute, the e-mail record must be produced upon request. A person need not have a "legitimate" need for public records to be entitled to inspect them.

Please check with your supervisor, or the City Records Section, if you have a question on whether an electronic mail message should be provided to the public.

Retention and Disposition

The retention of records stored in electronic records systems, including e-mail systems, is governed by the city's retention schedule. If you have a question about the retention of a message, please contact staff in the City Records Section. There isn't one retention period that encompasses all email. Email is only a method of communication, so employees must evaluate each message to determine where it fits into the City's retention schedule. The City has adopted Oregon

Tigard Police Department

Tigard PD Policy Manual

Electronic Communication

Administrative Rule 166-200, City General Records Retention Schedule. The schedule is available online at: <http://arcweb.sos.state.or.us/rules/OARS166/166200.html>.

Because copyright infringement is an unlawful act, the city will maintain strong internal controls to prevent the making or using of unauthorized software copies. Compliance with software licenses and copyright laws is required. Failure to comply with these standards shall be grounds for disciplinary action, up to and including termination.

An e-mail mailbox should not be used for long-term storage. If an e-mail falls within the definition of a public record it should be put into the appropriate file. Retention may be a paper file or in the city's information management system (Laserfiche). Printed messages should include any attachments and all header information, i.e. time and date, routing information, etc. It is the responsibility of the holder of the official record to make sure the file is updated. For example:

- An updated record's policy is e-mailed to all employees. It is the responsibility of the person sending the e-mail to keep the record copy.
- A citizen calls and leaves a detailed message regarding a pending file; the receptionist forwards the message through the email system. It is the responsibility of the person receiving the message to add the message to the file.
- E-mail related to a current project or issue may be retained on the system as a reference tool. Once the project is completed or the issue resolved the employee should verify all relevant e-mail is in the file and then delete the e-mail from their e-mail box.

E-mail is a form of correspondence and must be kept in accordance with state retention requirements. The retention schedule for electronic mail records incorporates several correspondence record series. Examples are:

Record Series Correspondence	Retention Period	Action to take
Ephemeral (junk mail)	Retain as needed	Read and delete
General	1 year	Read, print and delete
Financial	3 years	Read, print and delete
Policy and Historical	Permanent	Read, print and delete
Program	Retain for the same period as the program or functional records series to which it relates	Read, print and delete

the future I will forward it to Tigard City Administration who may contact and file a complaint with your Internet Service Provider and/or your Postmaster."

Working on a Non-City Computer

Using a personal electronic device such as a PDA, iPhone or a network, to access city electronic communications and documents for work may make the personal electronic device subject to a records search. Personal electronic devices should not be used for working directly on city documents without the approval from your department director.

A thumb drive (also known as a flash drive, pen drive or memory stick) should not be used to transport electronic communications and documents for work on a personal electronic device as this may make the personal electronic device and thumb drive subject to a records search.

No personal thumb drives should be used on city computers without approval from IT. Sending electronic communications or documents to a personal email account or other online account may make the email account or other online account subject to records search.

Visual Private Network (VPN)

When using the city's VPN (a secure internet connection that connects outside computers to the city's network), no electronic work communication or documents should be downloaded to a personal device. If documents are downloaded to a personal device, this may subject the personal device to a records search. If work needs to be done on a local device outside of work, a city device should be borrowed after getting approval from your department director.

Even if an employee follows all city policies and does not download any documents to their device (personal computer, smartphone, PDA and any other electronic device) used to access the city's network or information, the employee's device might still be subject to a records search to confirm that no data was downloaded to the device.

Social Media (Facebook, Twitter, Texts or Other Social Networks)

City of Tigard employees must follow the city's personnel policies when posting to blogs, wikis or any other form of user generated media on behalf of the city. Information posted is public information.

Employees must obtain approval from their director to post to social websites on behalf of the city. Messages sent or received via social networking sites may fall under the public records law. Check with the city's records staff for records retention requirements.

Follow Copyright, Fair Use and Public Disclosure Laws

Employees may not provide or post confidential information. Permission must be obtained from the appropriate person or department before publishing information.

Electronic Mail

212.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper use and application of the department's electronic mail (email) system by employees of this department. Email is a communication tool available to department employees to enhance the efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law, such as the Oregon Public Records Law set forth in Oregon Revised Statutes 192.311 et seq. Messages transmitted over the email system must only be those that involve City business activities or contain information essential to City employees for the accomplishment of business-related tasks, and/or communication directly related to City business, administration, or practices.

All employees of Tigard Police Department are governed by City Personnel Policy 49.0 (Electronic Communications).

Administrative Communications

214.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members with the protocols and forms to be used for internal administrative communications. Administrative communications of this department are governed by the following policies.

214.2 DEPARTMENT E-MAIL OR PRINTED NEWSLETTER

Department E-Mail or printed Newsletter (currently called the "Blue Review") may be issued periodically by the Chief of Police to announce and document all promotions, transfers, hiring of new personnel, separations, personnel and group commendations, or other changes in status.

214.3 CORRESPONDENCE

In order to ensure that the letterhead and name of the department are not misused, all external correspondence shall be on department letterhead. All Department letterhead shall bear the signature element of the Chief of Police. Personnel should use department letterhead only for official business and with approval of their supervisor.

214.4 SURVEYS

All surveys made in the name of the department shall be authorized by the Chief of Police or a Division Commander.

214.5 INFORMATIONAL MEMOS

The Chief of Police may issue memoranda to department personnel from time to time for the purpose of disseminating information to the members.

The Mayor Nicoli Memorial Fund

215.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the disbursement of funds to people in need, based on the below listed criteria and approval by the on-duty supervisor.

Private citizens fund this program, and it is titled *The Mayor Nicoli Memorial Fund*. When distributing funds, be sure to advise the recipient that the funds are from private donations to the *Mayor Nicoli Memorial Fund*.

215.2 PROCEDURE

Each patrol supervisor will be issued \$50 to disburse to people in need as a one-time assistance to him or her. This money may be used for such things as emergency gasoline, food, diapers, or other types of immediate needs that do not exceed \$50.

The fund is managed by the Chief's Confidential Executive Assistant. The fund manager will maintain a ledger identifying the initial balance, credits, debits, and cash on hand. The fund manager shall disburse funds to supervisors as prescribed above. The supervisor receiving the funds will acknowledge receipt by signing the ledger entry at the time of the disbursement.

When a supervisor disburses funds to a needy person, the individual receiving the funds will sign the supervisor's disbursement form acknowledging receipt. The supervisor shall note on the form the name of the person receiving the funds, the amount given, the date, and the general purpose of how the funds will be used.

Supervisors may replenish funds by contacting the fund manager. Supervisors will submit a monthly accounting of the funds to the fund manager. The Operations Division Commander will do a quarterly audit, and the Chief will audit the fund annually.

Questions regarding the administration of the program should be directed to your supervisor.

Staffing Levels

216.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that proper staffing is available for all shifts. The department intends to balance the employee's needs against the need to have flexibility and discretion in using personnel to meet operational needs. While personnel needs are important, the paramount concern is the department's need to meet operational requirements.

216.2 MINIMUM STAFFING LEVELS

Minimum staffing levels should result in the scheduling of at least three regular officers on duty during the morning and the graveyard shifts and four officers during the afternoon shift and on the graveyard shift on Fridays and Saturdays whenever possible. Patrol Lieutenants will ensure that at least one field supervisor is deployed during each watch.

216.2.1 SUPERVISION DEPLOYMENTS

In order to accommodate training and other unforeseen circumstances, an officer may be used as field supervisors in place of a field Sergeant.

With prior authorization from the Operations Division Commander, an officer may act as the Sergeant for a limited period of time.

Concealed Handgun License

218.1 PURPOSE AND SCOPE

The Sheriff of a county shall issue Oregon concealed handgun licenses to qualified applicants upon receipt of the appropriate fees and after compliance with the procedures set out in ORS 166.291 through ORS 166.295. Police Departments should refer inquiries related to concealed handgun licenses to the Sheriff's Office.

218.2 QUALIFIED APPLICANTS

To qualify for an Oregon concealed handgun license, an applicant must meet the criteria set forth in ORS 166.291 et seq.

218.3 APPLICATION PROCESS

Applicants for Oregon concealed handgun licenses must complete a written application, must submit to fingerprinting and photographing by the Sheriff, and the Sheriff shall conduct any investigation necessary to ensure that applicants meet the qualifications.

Immediately upon acceptance of an application for a concealed handgun license, the Sheriff shall enter the applicant's name into the Law Enforcement Data System (ORS 166.291).

218.3.1 WRITTEN APPLICATION

The Sheriff will provide, and the applicant must complete, a uniform application for a concealed handgun license (ORS 166.291).

218.3.2 FINGERPRINTING, PHOTOGRAPHING AND INVESTIGATION

The applicant must submit to fingerprinting and photographing by the Sheriff. The Sheriff shall fingerprint and photograph the applicant and shall conduct any investigation necessary to corroborate the qualification requirements. If a nationwide criminal check is necessary, the Sheriff shall request the Department of State Police to conduct the check, including fingerprint identification, through the Federal Bureau of Investigations (ORS 166.291).

218.4 DENIAL OF CONCEALED HANDGUN APPLICATIONS

If the application for the concealed handgun license is denied, the Sheriff shall set forth in writing the reasons for the denial. The denial shall be sent to the applicant by certified mail, restricted delivery, within 45 days after the application was made. If no decision is issued within 45 days, the person may seek review through the procedures set out in ORS 166.293(5).

A Sheriff may deny a concealed handgun license if the Sheriff has reasonable grounds to believe that the applicant has been or is reasonably likely to be a danger to self or others, or to the community at large, as a result of the applicant's mental or psychological state, as demonstrated by past pattern of behavior or participation in incidents involving unlawful violence or threats of unlawful violence (ORS 166.293).

Tigard Police Department

Tigard PD Policy Manual

Concealed Handgun License

218.5 ISSUED CONCEALED HANDGUN LICENSES

If the application for the license is approved, the Sheriff shall issue and mail or otherwise deliver to the applicant at the address shown on the application, within 45 days of the application, a wallet sized license bearing the photograph of the licensee. The license must be signed by the licensee and carried whenever the licensee carries a concealed handgun. Failure of a person who carries a concealed handgun also to carry a concealed handgun license is prima facie evidence that the person does not have such a license (ORS 166.292).

The Sheriff shall keep a record of all the licenses that are issued or renewed.

Unless revoked, an Oregon concealed handgun license is valid for a period of four years from the date on which it is issued.

218.5.1 LICENSE RESTRICTIONS

When a Sheriff issues a concealed handgun license, the Sheriff shall provide the licensee with a list of those places where carrying concealed handguns is prohibited or restricted by state or federal law (ORS 166.292).

218.5.2 CHANGE OF LICENSEE'S ADDRESS

If a licensee changes residence, the licensee shall report the change of address and the Sheriff shall issue a new license as a duplicate for a change of address. The license shall expire upon the same date as would the original (ORS 166.295).

218.5.3 REVOCATION OF LICENSES

Any act or condition that would prevent the issuance of a license under ORS 166.291 as set out above, is cause for revoking a concealed handgun license.

A Sheriff may revoke a license by serving upon the licensee a notice of revocation. The notice must contain the grounds for the revocation and must be served either personally or by certified mail, restricted delivery. The notice and return of service shall be included in the file of the licensee. The revocation is effective upon the licensee's receipt of the notice.

Any peace officer or corrections officer may seize a concealed handgun license and return it to the issuing Sheriff when the license is held by a person who has been arrested or cited for a crime that can, or would otherwise disqualify the person from being issued a concealed handgun license. The issuing Sheriff shall hold the license for 30 days. If, after 30 days, the person is not charged with a crime the Sheriff shall return the license unless it is revoked.

A person whose license is revoked may seek review by following the procedure set forth in ORS 166.293.

218.5.4 LICENSE RENEWAL

A concealed handgun license is renewable by repeating the application process, except for the requirement to submit fingerprints and provide character references. An otherwise expired concealed handgun license continues to be valid for up to 45 days after the licensee applies for renewal if: the licensee applies for renewal before the original license expires; the licensee has

proof of the application for renewal; and the application for renewal has not been denied (ORS 166.295).

218.6 ANNUAL REPORT OF LICENSE REVOCATIONS

The Sheriff shall submit an annual report to the Department of State Police containing the number of concealed handgun licenses revoked during the reporting period and the reasons for the revocations (ORS 166.297).

Retiree Concealed Firearms

220.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the issuance, denial, suspension or revocation of Tigard Police Department identification cards under the Law Enforcement Officers' Safety Act (LEOSA) (18 USC § 926C).

220.2 POLICY

It is the policy of the Tigard Police Department to provide identification cards to qualified former or retired officers as provided in this policy.

220.3 LEOSA

The Chief of Police may issue an identification card for LEOSA purposes to any qualified former officer of this department who (18 USC § 926C(c)):

- (a) Separated from service in good standing from this department as an officer.
- (b) Before such separation, had regular employment as a law enforcement officer for an aggregate of 10 years or more or, if employed as a law enforcement officer for less than 10 years, separated from service after completing any applicable probationary period due to a service-connected disability as determined by this department.
- (c) Has not been disqualified for reasons related to mental health.
- (d) Has not entered into an agreement with this department where the officer acknowledges that he/she is not qualified to receive a firearm qualification certificate for reasons related to mental health.
- (e) Is not prohibited by federal law from receiving or possessing a firearm.

220.3.1 IDENTIFICATION CARD FORMAT

The LEOSA identification card should contain a photograph of the former officer and identify him/her as having been employed as an officer.

If the Tigard Police Department qualifies the former officer, the LEOSA identification card or separate certification should indicate the date the former officer was tested or otherwise found by the Department to meet the active duty standards for qualification to carry a firearm.

220.3.2 AUTHORIZATION

Any qualified former law enforcement officer, including a former officer of this department, may carry a concealed firearm under 18 USC § 926C when:

- (a) In possession of photographic identification that identifies him/her as having been employed as a law enforcement officer, and one of the following:
 1. An indication from the person's former law enforcement agency that he/she has, within the past year, been tested or otherwise found by the law enforcement

agency to meet agency-established active duty standards for qualification in firearms training to carry a firearm of the same type as the concealed firearm.

2. A certification, issued by either the state in which the person resides or by a certified firearms instructor who is qualified to conduct a firearms qualification test for active duty law enforcement officers within that state, indicating that the person has, within the past year, been tested or otherwise found to meet the standards established by the state or, if not applicable, the standards of any agency in that state.
 - (b) Not under the influence of alcohol or another intoxicating or hallucinatory drug or substance.
 - (c) Not prohibited by federal law from receiving a firearm.
 - (d) Not in a location prohibited by Oregon law or by a private person or entity on his/her property if such prohibition is permitted by Oregon law.

220.4 FORMER OFFICER RESPONSIBILITIES

A former officer with a card issued under this policy shall immediately notify the Watch Commander of his/her arrest or conviction in any jurisdiction, or that he/she is the subject of a court order, in accordance with the Reporting of Employee Convictions Policy.

220.4.1 RESPONSIBILITIES UNDER LEOSA

In order to obtain or retain a LEOSA identification card, the former officer shall:

- (a) Sign a waiver of liability of the Department for all acts taken related to carrying a concealed firearm, acknowledging both his/her personal responsibility as a private person for all acts taken when carrying a concealed firearm as permitted by LEOSA and also that these acts were not taken as an employee or former employee of the Department.
- (b) Remain subject to all applicable department policies and federal, state and local laws.
- (c) Demonstrate good judgment and character commensurate with carrying a loaded and concealed firearm.
- (d) Successfully pass an annual criminal history background check indicating that he/she is not prohibited by law from receiving or possessing a firearm.

220.5 DENIAL, SUSPENSION OR REVOCATION

A LEOSA identification card may be denied or revoked upon a showing of good cause as determined by the Department. In the event that an identification card is denied, suspended or revoked, the former officer may request a review by the Chief of Police. The decision of the Chief of Police is final.

220.6 FIREARM QUALIFICATIONS

The Firearms Coordinator may provide former officers from this department an opportunity to qualify. Written evidence of the qualification and the weapons used will be provided and will contain

Tigard Police Department

Tigard PD Policy Manual

the date of the qualification. The Firearms Coordinator will maintain a record of the qualifications and weapons used.

Court Conflict Resolution

221.1 PURPOSE AND SCOPE

It is the purpose of this order to ensure that court conflicts be identified and resolved as soon as possible. The goal is to improve notification response to the agency that subpoenaed the Police Department employee through the implementation of a Court Coordinator, or if the Coordinator is unavailable, the appropriate on-duty supervisor. Conflict will be considered any court date set for a department member on a day where that member has another event scheduled. This will include, but not be limited to other court appearances, compassionate leave, family medical leave, training, sick day, vacation time, comp day and holiday time.

221.2 PROCEDURE

- A day shift supervisor will take over the listed responsibilities of the Court Coordinator
- Each supervisor assigned to day shift, swing shift, and graveyard will be required to update and maintain the computer generated shift schedule
- Upon receipt of subpoenas the Records Specialist will verify the court date listed on the subpoena with the listed Officers shift schedule maintained in the computer. Once verified, the Records Specialist will enter the subpoena information into the subpoena database.
- If a conflict is identified by the Records Specialist, they will be responsible for listing the conflict on the subpoena and placing subpoena in the officer's mailbox. The officer will then be responsible for notifying the Court Coordinator; or the shift supervisor if immediate action is required.
- The Court Coordinator will be responsible for contacting the subpoenaing agency, and advising them of the reason there is a conflict with that court date. This contact will be made by telephone, and written notice, or for DMV hearings, a T-Type will be sent. The written notice will be a fax form to the subpoenaing agency that requires a written return with acknowledgment of receipt and status of the subpoena.
- Should the Court Coordinator not be available to contact the subpoenaing agency within a reasonable time, the on-duty supervisor will assume the responsibility of contacting the subpoenaing agency by telephone and written notice.
- The Court Coordinator will contact the department member that was subpoenaed and advise of the current subpoena status.
- If the subpoena re-set is not granted, the department member is required to honor the subpoena for the date and time listed.
- The Court Coordinator will be responsible for maintaining all documents. This includes the subpoena, fax form or T-Types sent and received. These documents will be kept on file until the court dates have expired. Once the date has expired, the

Tigard Police Department

Tigard PD Policy Manual

Court Conflict Resolution

written documents will no longer be maintained. These files will be maintained in the Sergeant's Office.

- Supervisors of specialty assignments in the Services Division will be responsible for coordinating and making the appropriate notifications for all conflicts that arise within their effected units.

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner.

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the officer or another person.

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

Imminent - Ready to take place; impending. Note that imminent does not mean immediate or instantaneous.

Totality of the circumstances - All facts and circumstances known to the officer at the time, taken as a whole, including the conduct of the officer and the subject leading up to the use of force.

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation, and a careful balancing of all interests.

Tigard Police Department

Tigard PD Policy Manual

Use of Force

300.2.1 DUTY TO INTERCEDE AND REPORT

Any officer present and observing another law enforcement officer or a member using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force (2020 Oregon Laws, c.5, § 2).

Any officer who observes another law enforcement officer or a member use force that is potentially beyond that which is objectively reasonable under the circumstances shall report these observations to a supervisor as soon as feasible (2020 Oregon Laws, c.5, § 2).

300.2.2 STATE REPORTING REQUIREMENTS

A report of another member using excessive force must be made to a supervisor no later than 72 hours after the misconduct was witnessed (2020 Oregon Laws, c.5, § 2).

300.2.3 PERSPECTIVE

When observing or reporting force used by a law enforcement officer, each officer should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject.

300.3 USE OF FORCE

Officers shall use only that amount of force that appears reasonably necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that appears reasonably necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons, or methods provided by this department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that appears reasonably necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

Tigard Police Department

Tigard PD Policy Manual

Use of Force

300.3.1 USE OF FORCE - JUSTIFICATION

An officer is justified in using force upon another person only when and to the extent that the officer reasonably believes it necessary (2020 Oregon Laws c. 3, § 7):

- (a) To make an arrest or to prevent the escape from custody of an arrested person unless the officer knows that the arrest is unlawful; or
- (b) For self-defense or to defend a third person from what the officer reasonably believes to be the use or imminent use of force while making or attempting to make an arrest or while preventing or attempting to prevent an escape.

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to:

- (a) Immediacy and severity of the threat to officers or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
- (c) Officer/subject factors (e.g., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The effects of suspected drug or alcohol use.
- (e) The individual's mental state or capacity.
- (f) The individual's ability to understand and comply with officer commands.
- (g) Proximity of weapons or dangerous improvised devices.
- (h) The degree to which the individual has been effectively restrained and his/her ability to resist despite being restrained.
- (i) The availability of other reasonable and feasible options and their possible effectiveness.
- (j) Seriousness of the suspected offense or reason for contact with the individual.
- (k) Training and experience of the officer.
- (l) Potential for injury to officers, suspects, and others.
- (m) Whether the individual appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
- (n) The risk and reasonably foreseeable consequences of escape.
- (o) The apparent need for immediate control of the individual or a prompt resolution of the situation.
- (p) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (q) Prior contacts with the individual or awareness of any propensity for violence.
- (r) Any other exigent circumstances.

Tigard Police Department

Tigard PD Policy Manual

Use of Force

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the individual can comply with the direction or orders of the officer.
- (c) Whether the individual has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.4 CAROTID CONTROL HOLD

Due to the significant risk of applying pressure to a person's neck the Tigard Police Department does not train nor authorize the carotid control hold, lateral vascular neck restraint, or other force application that constricts the circulation of blood or impairs a person's breathing as an application of force other than in any situation where the use of deadly force would otherwise be authorized.

300.3.5 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Tigard Police Department for this specific purpose.

300.3.6 ALTERNATIVE TACTICS - DE-ESCALATION

When circumstances reasonably permit, officers should use non-violent strategies and techniques to decrease the intensity of a situation, improve decision-making, improve communication, reduce the need for force, and increase voluntary compliance (e.g., summoning additional resources, formulating a plan, attempting verbal persuasion).

300.3.7 VERBAL WARNING PRIOR TO USE OF FORCE

Prior to using physical force, if reasonable to do so, officers shall give a verbal warning that physical force may be used and provide a reasonable opportunity to comply (2020 Oregon Laws c. 3, § 7; 2020 Oregon Laws c. 3, § 8).

300.3.8 RESPIRATORY RESTRAINTS

The use of a respiratory restraint, also known as a chokehold, is limited to circumstances where deadly force is authorized and if applied, is subject to the same guidelines and requirements as a carotid control hold.

Tigard Police Department

Tigard PD Policy Manual

Use of Force

300.4 DEADLY FORCE APPLICATIONS

When reasonable, the officer shall, prior to the use of deadly force, make efforts to identify him/herself as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts.

Use of deadly force is justified in the following circumstances involving imminent threat or imminent risk (2020 Oregon Laws c. 3, § 8):

- (a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes would be an imminent threat of death or serious bodily injury.
- (b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the person has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the individual is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.
- (c) An officer may use deadly force to make a lawful arrest when the officer has probable cause to believe that the person has committed a violent felony as defined in ORS 419A.004.
- (d) An officer may use deadly force to prevent a person from escaping custody when the officer has probable cause to believe that the person has committed a violent felony as defined in ORS 419A.004.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes that the individual has a weapon or is attempting to access one and intends to use it against the officer or another person. An imminent danger may also exist if the individual is capable of causing serious bodily injury or death without a weapon, and the officer believes the individual intends to do so.

300.4.1 MOVING VEHICLES

Shots fired at or from a moving vehicle involve additional considerations and risks, and are rarely effective.

When feasible, officers should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants.

An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

Tigard Police Department

Tigard PD Policy Manual

Use of Force

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances.

To collect data for purposes of training, resource allocation, analysis, and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation.

300.5.1 NOTIFICATIONS TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of the CEW or control device.
- (f) Any application of a restraint device other than handcuffs, shackles or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges unreasonable force was used or that any of the above has occurred.
- (j) Any application of a spit hood.
- (k) Any other application of force, including those listed on the force data collection report.

300.6 MEDICAL CONSIDERATIONS

Once it is reasonably safe to do so, medical assistance shall be obtained for any person who exhibits signs of physical distress, has sustained visible injury, expresses a complaint of injury or continuing pain, or was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed. Individuals should not be placed on their stomachs for an extended period, as this could impair their ability to breathe.

Based upon the officer's initial assessment of the nature and extent of the individual's injuries, medical assistance may consist of examination by an emergency medical services provider or medical personnel at a hospital or jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be

Tigard Police Department

Tigard PD Policy Manual

Use of Force

witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Individuals who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain (sometimes called "excited delirium"), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away.

See the Medical Aid and Response Policy for additional guidelines.

300.7 SUPERVISOR RESPONSIBILITY

When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her *Miranda* rights, the following shall apply:
 1. The content of the interview should not be summarized or included in any related criminal charges.
 2. The fact that a recorded interview was conducted should be documented in a property or other report.
 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas of both officers and citizens. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.

Tigard Police Department

Tigard PD Policy Manual

Use of Force

- (f) Review and approve all related reports.
- (g) Review and document observations from and available patrol video and or other surveillance.
- (h) Conduct a Use of Force Review which documents and includes copies of the aforementioned (a) through (g) if any of the following types of force were used:
 - 1. Control Hold causing injury
 - 2. Takedown
 - 3. Striking with hands/feet/knee/elbow/other body part
 - 4. Striking with ASP/baton or other object
 - 5. OC
 - 6. Taser
 - 7. Extended Range Impact Munitions
 - 8. Pointing of Firearm
 - 9. Intentional K9 bite
- (i) Determine if there is any indication that the subject may pursue civil litigation.
 - 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (j) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 WATCH COMMANDER RESPONSIBILITY

The Watch Commander shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues. During the first calendar quarter of each year, the Operations Division Commander will conduct an annual review of all use of force incidents for the previous calendar year. The analysis will focus on the effectiveness and trends in the use of force incidents that might suggest training or equipment needs, or policy modification.

300.8 TRAINING

Officers will receive periodic training on this policy and demonstrate their knowledge and understanding.

Subject to available resources, officers should receive periodic training on:

Tigard Police Department

Tigard PD Policy Manual

Use of Force

- (a) Guidelines regarding vulnerable populations, including but not limited to children, elderly, pregnant persons, and individuals with physical, mental, or intellectual disabilities.
- (b) De-escalation tactics, including alternatives to force.

Use of Force Review Boards

302.1 PURPOSE AND SCOPE

This policy establishes a process for the Tigard Police Department to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

302.2 POLICY

The Tigard Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

302.3 REMOVAL FROM LINE DUTY ASSIGNMENT

Generally, whenever an employee's actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, that employee will be placed in a temporary administrative assignment pending an administrative review. The Chief of Police may exercise discretion and choose not to place an employee in an administrative assignment in any case.

302.4 REVIEW BOARD

The Use of Force Review Board will be convened when the use of force by a member results in very serious injury or death to another.

The Use of Force Review Board will also investigate and review the circumstances surrounding every discharge of a firearm, whether the employee was on- or off-duty, excluding training or recreational use.

The Chief of Police may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Administration Division Commander will convene the Use of Force Review Board as necessary. It will be the responsibility of the Division Commander or supervisor of the involved employee to notify the Administration Division Commander of any incidents requiring board review. The involved employee's Division Commander or supervisor will also ensure that all relevant reports, documents and materials are available for consideration and review by the board.

302.4.1 COMPOSITION OF THE BOARD

The Administration Division Commander should select five Use of Force Review Board members from the following, as appropriate:

- Representatives of each division
- Commanding officer in the involved member's chain of command

Tigard Police Department

Tigard PD Policy Manual

Use of Force Review Boards

- Training Coordinator
- Non-administrative supervisor
- A peer officer
- A sworn peace officer from an outside law enforcement agency
- Department instructor for the type of weapon, device or technique used

The senior ranking command representative who is not in the same division as the involved employee will serve as chairperson.

302.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved employee to appear. The involved employee will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Chief of Police will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges, the decision not to file criminal charges or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the officer at the time shall neither justify nor call into question an officer's decision regarding the use of force.

Any questioning of the involved employee conducted by the board will be in accordance with the department's disciplinary procedures, the Personnel Complaints Policy, the current collective bargaining agreement and any applicable state or federal law.

The board shall make one of the following recommended findings:

- (a) The employee's actions were within department policy and procedure.
- (b) The employee's actions were in violation of department policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Chief of Police.

The Chief of Police shall review the recommendation, make a final determination as to whether the employee's actions were within policy and procedure and will determine whether any additional

Tigard Police Department

Tigard PD Policy Manual

Use of Force Review Boards

actions, investigations or reviews are appropriate. The Chief of Police's final findings will be forwarded to the involved employee's Division Commander for review and appropriate action. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Chief of Police.

Handcuffing and Restraints

306.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

306.2 POLICY

The Tigard Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

306.3 USE OF RESTRAINTS

Only members who have successfully completed Tigard Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

306.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

306.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

Tigard Police Department

Tigard PD Policy Manual

Handcuffing and Restraints

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the arrestee, officers, or others.

306.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

306.3.4 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

306.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations, handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

306.5 APPLICATION OF SPIT HOODS/MASKS/SOCKS

Spit hoods/masks/socks are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others. The department has authorized the use of designated protective helmets to reduce the potential of injuries to certain persons in custody.

Spit hoods may be placed upon persons in custody when the officers reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Tigard Police Department

Tigard PD Policy Manual

Handcuffing and Restraints

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide assistance during the movement of restrained individuals due to the potential for impaired or distorted vision on the part of the individual. Officers should avoid commingling individuals wearing spit hoods with other detainees.

As with all incidents involving an injury to a person in custody, whether claimed or otherwise apparent, a supervisor will respond to the scene when a protective helmet is to be used if practicable. One example of an authorized use for a protective helmet would be when a person in custody is striking their head against the cage or window of a transport vehicle.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated including hair, head and clothing prior to application of a spit hood.

Those who have been placed in a spit hood or protective helmet should be continually monitored and shall not be left unattended until the spit hood/protective hood is removed. Spit hoods shall be discarded after each use, and protective helmets will be decontaminated in the same manner as handcuffs using provided wipes/sprays before the next use.

306.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

306.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.

Tigard Police Department

Tigard PD Policy Manual

Handcuffing and Restraints

- (b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

306.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints, the following guidelines should be followed:

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by emergency medical services, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

306.8 WRAP RESTRAINT

The WRAP, manufactured by Safe Restraints, Inc., was designed as a temporary restraining device. Used properly, it can increase officer safety and reduce risk of liability due to injuries and in-custody deaths. The WRAP immobilizes the body and restricts a subject's ability to kick or do harm to oneself and others. The WRAP minimizes the time required to secure a person safely, restrains the subject in an upright position, and has the subject prepared for transport or movement.

306.8.1 DEPLOYMENT AND USE

The WRAP can be used prior to and after a violent, potentially violent, or combative subject is controlled using approved departmental methods. Like any restraint device, do not assume the WRAP is escape-proof. Once applied, the subject should not be left unattended.

The WRAP should be considered for use under the following situations:

- (a) Whenever you anticipate possible violent or combative behavior

Tigard Police Department

Tigard PD Policy Manual

Handcuffing and Restraints

- (b) To immobilize a violent or combative subject
- (c) To limit violent or combative subjects from causing injury to themselves or others
- (d) To prevent violent or combative subjects from causing property damage by kicking
- (e) To restrain subjects after a chemical spray, extended range baton, or Taser is used, if necessary
- (f) When conventional methods of restraint are not effective
- (g) In transportation of violent or combative subjects
- (h) To assist with cell extraction of violent or combative subjects

Once the subject is properly restrained in the WRAP, they can be placed on their side or in a sitting position. This will increase the oxygen recovery rate, allowing for respiratory recovery.

The WRAP should only be applied with two officers present, but for violent or combative subjects, three or more people should be used. Only qualified personnel who have received training on the use of the WRAP should use this restraining device. One qualified person on a custody scene may direct untrained personnel in applying the WRAP.

306.8.2 DEPLOYMENT CONSIDERATIONS

Precautions should be taken when the WRAP is in use. Such precautions include:

- (a) The shoulder harness should never be tightened to the point that it interferes with the subject's ability to breathe
- (b) The leg bands and shoulder harness must be checked frequently for tightness and adjusted as necessary until the WRAP is removed
- (c) If the restrained subject complains of, or shows signs of, breathing distress (shortness of breath, sudden calmness, a change in facial color, etc.), medical attention should be provided immediately
- (d) The subject should never be left unattended
- (e) Subjects should be placed in an upright sitting position or on their side as soon as possible to allow for respiratory recovery
- (f) The WRAP is a temporary restraining device and is not escape-proof
- (g) The WRAP is to be used by trained personnel only
- (h) Only an officer trained in the use of this device should transport a person restrained with it
- (i) If a restrained person is transported by emergency medical personnel a trained officer should accompany the restrained person

306.8.3 CARE AND STORAGE

The WRAP should be inspected after each use for signs of damage or wear. If any damage is discovered, forward the WRAP to appropriate personnel for repair or replacement. If cleaning is necessary, use a mild soapy solution or disinfectant approved for use on vinyl and nylon materials.

Tigard Police Department

Tigard PD Policy Manual

Handcuffing and Restraints

If blood is absorbed into any part of the WRAP, that part should be replaced. Thoroughly rinse all disinfectant from the unit prior to drying. After cleaning the WRAP, allow it to thoroughly air dry before returning it to its carry bag.

It is important that the WRAP is immediately ready for use and prepared for storage in a way that prevents the loop fastening material on the bands from becoming dirty or entangled. This allows the WRAP to be quickly laid out next to the subject and applied without the confusion of having to untangle the bands. To properly prepare the WRAP for storage in the carry bag, utilize the following steps:

- (a) Lay the WRAP on a flat surface with the leg band side up and detach the shoulder harness. Extend each of the leg bands out flat
- (b) Individually fold each of the leg bands back onto itself, so that the fold of the band protrudes an inch or two from the edge of the body of the WRAP
- (c) Be sure the retaining D-ring on the body of the WRAP and harness is open and ready for use
- (d) Keeping the bands inside, roll the WRAP tightly towards the buckle and secure with the ankle strap, then place in carry bag
- (e) Fully extend the harness buckles and tether. Attach buckles to its counterpart and roll the harness up, then place in the carry bag compartment

306.9 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Officers should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

- (a) The factors that led to the decision to use restraints.
- (b) Supervisor notification and approval of restraint use.
- (c) The types of restraint used.
- (d) The amount of time the person was restrained.
- (e) How the person was transported and the position of the person during transport.
- (f) Observations of the person's behavior and any signs of physiological problems.
- (g) Any known or suspected drug use or other medical problems.

Tigard Police Department

Tigard PD Policy Manual

Handcuffing and Restraints

306.10 TRAINING

Subject to available resources, the Training Coordinator should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.
- (b) Response to complaints of pain by restrained persons.
- (c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.
- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

Control Devices and Techniques

308.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

308.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Tigard Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy. The Chief of Police may also authorize other positions or individual Department members to use specific control devices.

308.3 ISSUING, CARRYING, AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain, or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

308.4 RESPONSIBILITIES

308.4.1 WATCH COMMANDER RESPONSIBILITIES

The Watch Commander may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

308.4.2 FIREARMS COORDINATOR RESPONSIBILITIES

The Firearms Coordinator shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Firearms Coordinator or the designated instructor for a particular control device. The inspection shall be documented.

308.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Tigard Police Department

Tigard PD Policy Manual

Control Devices and Techniques

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Firearms Coordinator for disposition. Damage to City property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

308.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt, or external vest carrier. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

308.6 TEAR GAS GUIDELINES

Tear gas may be used for crowd control, crowd dispersal, or against barricaded suspects based on the circumstances.

Only the Watch Commander, Incident Commander, or Crisis Response Unit Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

308.7 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

308.7.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt, or external vest carrier. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

308.7.2 PEPPER PROJECTILE SYSTEMS

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they

Tigard Police Department

Tigard PD Policy Manual

Control Devices and Techniques

strike the head, neck, spine, or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

Officers encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward the suspect, whether or not the launcher was used. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

308.7.3 PATROL SUPERVISOR'S RESPONSIBILITIES

- (a) The Patrol Supervisor may authorize the use of a control device by selected personnel or members of specialized units provided the person(s) authorized has/have the required training. The request for a control device should be made through the Patrol Supervisor.
- (b) The Patrol Supervisor shall investigate and document the use of control devices as outlined in Policy Manual § 300.4 and 300.5.
- (c) The Patrol Supervisor shall ensure briefing training on the use of control devices is provided as needed.

308.7.4 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

308.7.5 PROGRAM COORDINATOR RESPONSIBILITIES

The Defensive Tactics Coordinator and the Firearms Coordinator or their designee shall control the inventory and shall issue all control devices respectively. All damaged, inoperative and/or expended control devices shall be returned to the responsible person for disposition, repair or replacement.

308.7.6 MAINTENANCE RESPONSIBILITY

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

308.8 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of

Control Devices and Techniques

the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

308.9 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device and/or technique listed within this section shall be documented pursuant to Policy Manual § 300.4 and 300.5.

308.10 KINETIC ENERGY PROJECTILE GUIDELINES

This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

308.10.1 DEPLOYMENT AND USE

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.
- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

308.10.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.

Control Devices and Techniques

- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

308.10.3 SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Officers will inspect the shotgun and projectiles at the beginning of each shift to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not in use, the shotgun will be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile shotgun, the officer shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.

308.11 TRAINING FOR CONTROL DEVICES

The Training Coordinator shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the officer's training file.
- (c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

Control Devices and Techniques

308.12 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

308.13 CROWD CONTROL GUIDELINES

Tear gas (e.g., OC, CS, similar chemicals that accomplish the same effect) administered by shell, cartridge, or explosive device shall not be used for crowd control except in circumstances that constitute a riot. A riot is when a person commits the crime of riot if while participating with five or more other persons, the person engages in tumultuous and violent conduct and thereby intentionally or recklessly creates a grave risk of causing public alarm (ORS 166.015; 2020 Oregon Laws, c.8, § 1).

Prior to the deployment of tear gas under these circumstances, officers shall, in the following order (2020 Oregon Laws, c.8, § 1):

- (a) Announce the intent to use tear gas,
- (b) Allow sufficient time for individuals to evacuate the area, and
- (c) Announce for a second time, immediately before usage, the intent to use tear gas.

Conducted Electrical Weapons

309.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of Conducted Electrical Weapons.

309.2 POLICY

The TASER device is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

309.2.1 DIRECTIVE SPECIFIC DEFINITIONS

The TASER cartridge - A device that contains two probes, connected to a light gauge wire that is propelled and attaches to the subject upon activation of the TASER.

Drive stun - The procedure of using the TASER with a spent cartridge or no cartridge to make physical contact with a subject and deliver energy.

Immediate cover - A member who stands ready to deploy additional control if needed. (e.g. the TASER is ineffective or it fails to function properly).

309.3 ISSUANCE AND CARRYING EMDTDEVICES

Only members who have successfully completed department-approved training may be issued and carry the TASER device.

TASER devices are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department's inventory.

Officers shall only use the TASER device and cartridges that have been issued by the Department. Uniformed officers who have been issued the TASER device shall wear the device in an approved holster on their person. Command and Non-uniformed officers may secure the TASER device in the driver's compartment or other secure location available within their assigned vehicle.

Members carrying the TASER device should perform a spark test on the unit prior to every shift.

When carried while in uniform, officers shall carry the TASER device in a weak-side holster on the side opposite the duty weapon. When wearing an external vest carrier officers may carry the Taser on their strong side in a cross-draw only configuration.

- (a) All TASER devices shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.
- (b) Whenever practicable, officers should carry two or more cartridges on their person when carrying the TASER device.
- (c) Officers shall be responsible for ensuring that their issued TASER device is properly maintained and in good working order.
- (d) Officers should not hold both a firearm and the TASER device at the same time.

Tigard Police Department

Tigard PD Policy Manual

Conducted Electrical Weapons

309.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the TASER device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the TASER device may be deployed.

If, after a verbal warning, an individual is unwilling to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, display the electrical arc (provided that a cartridge has not been loaded into the device when carrying the x26), when carrying the X-2 an officer can provide an electrical arc demonstration without the removal of the cartridge or the laser in a further attempt to gain compliance prior to the application of the TASER device. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the TASER device in the related report.

309.5 USE OF THE TASER DEVICE

The TASER device has limitations and restrictions requiring consideration before its use. The TASER device should only be used when its operator can safely approach the subject within the operational range of the device. Although the TASER device is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

309.5.1 APPLICATION OF THE TASER DEVICE

The TASER device may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

- (a) The subject is violent or is physically resisting.
- (b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, him/herself or others.
- (c) Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the TASER device to apprehend an individual.
- (d) The Taser shall not be used on handcuffed suspects unless the subject is actively engaging in aggressive physical resistance. Members should obtain, when time permits, supervisory authorization before deploying the Taser on a handcuffed suspect. If used, a supervisor will be notified immediately. An exception may be utilized in place of other physical control procedures when a handcuffed subject refuses or

Tigard Police Department

Tigard PD Policy Manual

Conducted Electrical Weapons

physically resists being placed in a police vehicle. In this case, only a drive stun is authorized and when, if practical, a supervisor is notified and approves. The suspect should be warned and the Taser demonstrated with a spark test before any application. The suspect shall be given a reasonable opportunity to comply before being having the Taser applied to their person.

309.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the TASER device on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the TASER device in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

The TASER device shall not be used to psychologically torment, elicit statements or to punish any individual.

309.5.3 TARGETING CONSIDERATIONS

Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the TASER device probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

309.5.4 MULTIPLE APPLICATIONS OF THE TASER DEVICE

Officers should apply the TASER device for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the TASER device against a single individual are generally not recommended and should be avoided unless the officer reasonably

Tigard Police Department

Tigard PD Policy Manual

Conducted Electrical Weapons

believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the TASER device appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional applications of the TASER device, including:

- (a) Whether the probes are making proper contact.
- (b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (c) Whether verbal commands, other options or tactics may be more effective.

Officers should generally not intentionally apply more than one TASER device at a time against a single subject.

309.5.5 DANGEROUS ANIMALS

The TASER device may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

309.5.6 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department TASER devices while off-duty.

Officers shall ensure that TASER devices are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

309.6 DOCUMENTATION

Officers shall document all TASER device discharges in the related arrest/crime report and the Force Data Collection report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, laser activation and arcing the device will also be documented on the report form.

309.6.1 HANDHELD TASER DEVICE (X26, M26, X3) MEDICAL TREATMENT

HAND HELD TASER DEVICE TREATMENT

When the handheld TASER device (X26,, X2, X3) is deployed on a person, other than those listed above in required medical treatment categories, using:

Drive stun mode: Tualatin Valley Fire and Rescue personnel will not be summoned to the scene unless medical treatment is necessary.

Probe deployment mode: Only emergency room staff or other trained medical personnel may remove the TASER probes that are embedded in soft tissue areas such as the neck, face and groin.

If the probes are embedded in the skin in other parts of the body, they may be removed by officers using protective gloves and swabbing the skin with alcohol wipes.

Tigard Police Department

Tigard PD Policy Manual

Conducted Electrical Weapons

If the probes are not embedded in the skin, Tualatin Valley Fire & Rescue will not be summoned unless other medical treatment is necessary (probes may be attached to clothing only).

309.6.2 REPORTS

The officer should include the following in the arrest/crime report:

- (a) Identification of all personnel firing TASER devices
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication or other medical problems

309.7 RESPONSIBILITY, ACCOUNTABILITY AND CONTROL

Member Responsibilities

Members carrying department issued Taser devices shall ensure that the TASER is operational by conducting a spark test at the beginning of each shift. Units failing the spark test will be retested after a battery change. If they still fail, they shall be taken out of service, appropriately marked and a memo or email sent to the TASER Coordinator detailing the problem and identifying the specific TASER by serial number or department tracking number. Members carrying a TASER will also check the battery level at the beginning of each shift and ensure that the battery charge meets or exceeds recommended levels of 20 percent remaining battery life. Batteries at or below 20 percent shall be turned into a TASER instructor or Coordinator for a replacement. Batteries that have been turned in shall be used for training purposes. Rechargeable batteries shall be placed back in the charger.

Supervisor Responsibilities

Supervisors shall ensure that all pertinent information is documented in the appropriate reports and that all appropriate evidence is collected, following the use of the TASER. The supervisor will also complete a Use of Force Review Report. The Use of Force Review Report will outline the circumstances that lead up to the TASER deployment along with steps taken after deployment. The Use of Force Review Report will indicate that the supervisor has reviewed all of the relevant police reports and that they are complete to include, but not be limited to the following information:

- (a) The cover member information.
- (b) Actions of the suspect(s) and member(s) before and after deployment.
- (c) The pre-deployment warnings

The supervisor will also make a recommendation on whether the deployment was within policy or not within policy. The Use of Force Review Report will be forwarded through channels to the Division Commander.

Tigard Police Department

Tigard PD Policy Manual

Conducted Electrical Weapons

Taser Coordinator Responsibilities

The TASER Coordinator is responsible for the following:

- (a) Procurement, maintenance and issuance of the TASERs and associated equipment.
- (b) The training, certification and recertification of members in the use of the TASER.
- (c) An annual review of the TASER program by January 1st of the following year. The review will include an analysis of all deployments, training and examination of the TASER policy. At the completion of the review, the TASER Coordinator will prepare a written document outlining the results and forward it to the Training Coordinator for submission to the Chief's office.
- (d) Ensure that each TASER is downloaded after any deployment outside of training.

309.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the TASER device may be used. A supervisor should respond to all incidents where the TASER device was activated.

A supervisor should review each incident where a person has been exposed to an activation of the TASER device. The device's onboard memory should be downloaded through the data port by a TASER Coordinator or their designee and saved with the related Use of Force Review. Photographs of probe sites should be taken and witnesses interviewed.

309.9 TRAINING

Personnel who are authorized to carry the TASER device shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the TASER device as a part of their assignment for a period of six months or more shall be recertified by a department-approved TASER device instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued TASER devices should occur every year. A reassessment of an officer's knowledge and/or practical skill may be required at any time if deemed appropriate by the Training Coordinator. All training and proficiency for TASER devices will be documented in the officer's training file.

Command staff, supervisors and investigators should receive TASER device training as appropriate for the investigations they conduct and review.

Officers who do not carry TASER devices should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Training Coordinator is responsible for ensuring that all members who carry TASER devices have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of TASER devices during training could result in injury to personnel and should not be mandatory for certification.

Tigard Police Department

Tigard PD Policy Manual

Conducted Electrical Weapons

The Training Coordinator should ensure that all training includes:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing weak-hand draws or cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest and groin.
- (e) Handcuffing a subject during the application of the TASER device and transitioning to other force options.
- (f) De-escalation techniques.
- (g) Restraint techniques that do not impair respiration following the application of the TASER device.

- (a) Call and coordinate Life Flight if an officer is injured as appropriate and necessary, and take all reasonable steps to obtain emergency medical attention for all other apparently injured individuals.
- (b) Attempt to obtain a brief overview of the situation from any non-shooter officer(s) individually, and attempt to keep them separate until interviewed by detectives if practicable. In the event that there are no "non-shooter" officers, the supervisor should attempt to obtain a brief voluntary overview from one shooter officer.
- (c) If necessary, the supervisor may administratively order any officer from this Department to immediately provide public safety information necessary to secure the scene and pursue suspects. Public safety information shall be limited to such things as outstanding suspect information, number and direction of shots fired, parameters of the incident scene, identity of known witnesses and similar information.
- (d) Absent a voluntary statement from any officer(s), the initial on-scene supervisor should not attempt to order any officer to provide other than public safety information. Asking only questions necessary to supervise the scene from the involved officer(s) and advise them a more detailed debriefing will be conducted at a later time.
- (e) Provide all available information to the Watch Commander (if other than him/herself) and WCCCA. If feasible, sensitive information should be communicated over secure alternative communication methods.

Tigard Police Department

Tigard PD Policy Manual

Officer-Involved Shootings and Deaths

- (h) Each involved officer should be given an administrative order not to discuss the incident with other involved officers pending further direction from a supervisor.

Tigard Police Department

Tigard PD Policy Manual

Officer-Involved Shootings and Deaths

The Watch Commander will remind, encourage, and allow all on duty personnel to contact their spouse/significant others to relieve them of their concerns, but they should be admonished to relay only that they were not directly involved and limit any further details in case other notifications to next of kin of involved officers has not occurred yet. Any information that is inaccurate or unverified can cause unanticipated harm.

When an officer's weapon is taken or left at the scene (e.g., evidence), the officer will be provided with a comparable replacement weapon or transported to the station by other officers.

Assign the involved officer(s) a Companion Officer(s) at the scene as soon as is practical. If the assigned Companion Officer is not on the involved officers "Companion Officer list", instruct the assigned Companion Officer to notify an officer from the list.

Assign the Companion Officer to transport the involved officer to a neutral location. If the involved officer is transported to a hospital, assign a Companion Officer to accompany them. Under no circumstances should involved officers be allowed or required to operate a motor vehicle after being involved in a deadly force incident.

Detectives will be assigned to work with the District Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated under the direction of the District Attorney's Office.

All related departmental reports except administrative and/or privileged reports will be forwarded to the designated detective supervisor for approval. Privileged reports shall be maintained exclusively by those personnel authorized such access. Administrative reports will be forwarded to the appropriate Division Commander.

Detective Unit

Investigative personnel arriving at an incident scene will report to the on-scene commander and:

- (a) Assume operational command of the scene, relieving the Patrol Supervisor in person after a briefing, and then notifying dispatch via radio so all assigned are aware. The Patrol Supervisor will then assist the Detective or Detective Supervisor as directed. A designated investigator will check the firearm of all officers who were present at the

Tigard Police Department

Tigard PD Policy Manual

Officer-Involved Shootings and Deaths

time of the incident to ensure that all discharged firearms are identified and collected, and to specifically document these weapons which were not fired.

- (b) Assist designated outside agency investigators with their investigation and interview of potential witnesses as directed by the on-scene commander.
- (c) Assist designated outside agency investigators, as requested, by securing evidence, that will by its nature, diminish in time. This evidence may include but is not limited to:
 - o Blood samples from all involved parties
 - o Urine samples from all involved parties
 - o Photographs of the involved parties as they were dressed during the incident

310.6.2 CRIMINAL INVESTIGATION

It shall be the policy of this department to utilize the District Attorney's Office to provide guidance in a criminal investigation into the circumstances of any officer-involved shooting involving injury or death.

If available, detective personnel from this department may be assigned to "partner" with investigators from the interagency investigative team so as to not duplicate efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators will be given the next opportunity to interview involved officers in order to provide them with an opportunity to give a voluntary statement. The following shall be considered for the involved officer:

- (a) Supervisors and Inspections Officer personnel should not participate directly in any voluntary interview of officers. This will not prohibit such personnel from monitoring such interviews or indirectly providing areas for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney, prior to speaking with criminal investigators. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
- (c) Any voluntary statement provided by the officer(s) will be made available for inclusion in the administrative or other related investigations.
- (d) Absent consent from the involved officer or as required by law, no administratively coerced statement(s) will be provided to any criminal investigators.

310.6.3 REPORTS BY INVOLVED OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

Tigard Police Department

Tigard PD Policy Manual

Officer-Involved Shootings and Deaths

Due to the traumatic nature of incidents involving use of deadly force, the officer will not be required to give a formal statement of the incident prior to twenty-four (24) hours after the incident. The twenty-four (24) hour period will allow the officer time to prepare for the statement and to organize his/her thoughts for an accurate and complete report. The formal statement or report refers to a lengthy report of the entire incident.

While the involved officer may write the report, it is generally recommended that such reports be completed by assigned investigators who should interview involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by involved suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures, but should also be included for reference in the investigation of the officer-involved shooting.

310.6.4 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or other major incident may be lost or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

- (a) Identify all persons present at the scene and in the immediate area.
 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department personnel.
 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness in a department vehicle. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.

Tigard Police Department

Tigard PD Policy Manual

Officer-Involved Shootings and Deaths

- (c) Available personnel should be assigned to promptly contact the suspect's family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to contact with officers.

310.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting, this department will conduct an internal administrative investigation to determine conformance with department policy. This investigation will be conducted under the supervision of the Inspections Officer and will be considered a confidential peace officer personnel file.

- (a) Any officer involved in a shooting may be administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
 1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his or her prior statement before proceeding with any subsequent interview(s).
- (c) In the event that an involved officer has elected to not provide criminal investigators with a voluntary statement, or if there are additional issues that were not covered in the criminal investigation, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
 1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
 2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
 3. Administrative interview(s) should be recorded by the investigator (the officer may also record the interview).
 4. The officer shall be informed of all constitutional *Miranda* rights and, assuming no voluntary waiver, will then be given an administrative order to provide full and truthful answers to all questions. The officer shall be informed, however, that the

Tigard Police Department

Tigard PD Policy Manual

Officer-Involved Shootings and Deaths

interview will be for administrative purposes only and that the statement cannot be used criminally (The *Garrity* admonishment).

5. The administrative interview shall be considered part of the officer's confidential personnel file.
6. The Inspections Officer shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
7. The completed administrative investigation shall be submitted to the Use of Deadly Force Review Board, which will restrict its findings as to whether there was compliance with the Department use of deadly force policy .
8. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

310.7.1 CIVIL LIABILITY RESPONSE

A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation, but shall be given reasonable access to all other investigations.

310.8 AUDIO AND VIDEO RECORDINGS

Any officer involved in an incident may be permitted to review available Mobile Audio Video (MAV) or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV or other video or audio recordings with approval of assigned investigators or a supervisor.

Any MAV and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or City Attorney's Office as appropriate.

310.9 RETURN TO DUTY

An officer involved in a use of deadly force involving a firearm may obtain from the firearms instructor up to 100 rounds of ammunition to shoot prior to or just after returning to duty. -The officer will be required to qualify with their weapon on an approved Tigard Police Department qualification course. This qualification is mandatory and is not an indication that the officer was at fault or was inadequately trained.

Tigard Police Department

Tigard PD Policy Manual

Officer-Involved Shootings and Deaths

If the deadly force incident involves a motor vehicle, the officer will be required to participate in an Emergency Vehicle Operator's Course (EVOC) or a similar type of training. This training is mandatory and is not an indication that the officer was at fault or was inadequately trained.

Firearms

312.1 PURPOSE AND SCOPE

This policy provides guidelines for issuing firearms, the safe and legal carrying of firearms, firearms maintenance and firearms training.

This policy does not apply to issues related to the use of firearms that are addressed in the Use of Force or Officer-Involved Shootings and Deaths policies.

This policy only applies to those members who are authorized to carry firearms.

312.2 AUTHORIZED FIREARMS

No firearms will be carried on duty until they have been inspected by the Firearms Coordinator or their designee. Except in an emergency, or as directed by a supervisor, no firearm shall be carried on duty by a member who has not qualified with that firearm at an authorized department range.

Only holsters approved by the Firearms Coordinator or their designee are authorized for duty or secondary firearm use.

312.2.1 DUTY HANDGUN

A duty handgun is defined as the primary handgun an officer carries while on duty. A duty handgun will be a Glock pistol that is chambered for 9mm, issued by the department.

Officers assigned to specialty or plainclothes assignments may be issued a Glock model 19 or 26 as their duty handgun and may request permission from the Chief to carry another variant of Glock pistols chambered in 9mm at their own expense. When their assignment concludes, they shall exchange any issued weapon for a Glock model 17 or Glock model 19. Members with a rank of lieutenant and above may also carry a Glock model 19 or 26 due to their largely administrative duties. The Glock 17, 19 and 26 are the only handguns that will be issued by the department. At no time will any member be issued more than one handgun.

All sworn members are required to carry their duty firearm while on duty, as outlined in this policy, unless expressly exempted from doing so by a supervisor.

312.2.2 AUTHORIZED SECONDARY FIREARM

A secondary firearm is defined for the purposes of this policy as any variant of Glock handguns. The officer must have qualified with this handgun using the standard 25 yard HQC course of fire.

A backup firearm is defined as a concealed handgun carried in addition to the duty handgun while on duty.

Officers desiring to carry a secondary or backup firearm are subject to the following restrictions:

- (a) The secondary or backup firearm shall be in good quality and workmanship as deemed by the Firearms Coordinator.

Tigard Police Department

Tigard PD Policy Manual

Firearms

- (b) The purchase of the backup firearm and ammunition (if not 9mm) shall be the responsibility of the officer.
- (c) The backup firearm shall be carried out of sight at all times and in such a manner as to prevent accidental cocking, discharge, or loss of physical control.
- (d) The secondary and backup firearm shall be subject to inspection whenever deemed necessary by a supervisor and at least annually by the Firearms Coordinator or designee.
- (e) Ammunition for a backup firearm shall be the same as department issue, and if the caliber is other than department 9mm issue, the Firearms Coordinator shall approve the ammunition.
- (f) Personnel shall qualify with the secondary firearm under department range supervision.
- (g) Officers must demonstrate proficiency, safe handling and serviceability of the firearm to the extent required by the Firearms Coordinator or their designee at all range qualifications.
- (h) Personnel shall provide written notice in the form of a memorandum with the make, model, color, serial number, method of carry and caliber of a secondary firearm to the Firearms Coordinator prior to qualifying. This memorandum will be maintained in the officer's training file.
- (i) Officers attending court (where allowed by the court), attending training in plain clothing, or working a plain clothes detail that requires a concealed firearm, may carry the secondary firearm as their only duty firearm if it is a variant of Glock handgun that uses 9mm and is loaded with department issued ammo.

312.2.3 AMMUNITION AND MAGAZINES

Officers shall carry only department authorized ammunition and magazines while on duty. Officers shall be issued replacement duty ammunition on a schedule that is determined by the Firearms Coordinator. Officers shall not modify magazines in any way to include, but not limited to, aftermarket base plates, springs, or stickers. Duty magazines for department issued weapons will be inspected and replaced as needed. Replacements for unserviceable or depleted ammunition issued by the department shall be dispensed by the Firearms Coordinator or designee.

312.2.4 ALCOHOL AND DRUGS

Weapons shall not be carried by any officer who has consumed alcoholic beverages or taken any drugs that adversely affect the officer's sense or judgment.

312.3 SAFE HANDLING OF FIREARMS

The intent of this policy is to promote proper firearm safety on and off duty. Employees shall maintain the highest level of safety when handling firearms and shall consider the following:

- (a) Officers may draw or exhibit their firearms when they feel such action is necessary for their protection or for the protection of others. Officers should only point a firearm at another person when there is an immediate threat or perceived threat to the member's personal safety or the

Tigard Police Department

Tigard PD Policy Manual

Firearms

safety of others. Officers may also use their firearm to protect themselves or another person from a dangerous animal that appears to pose an imminent threat to the officers or others.

(b) Officers shall be governed by all rules and regulations pertaining to the use of the range and shall obey all orders issued by the Firearms Coordinator or their designee. Officers shall not dry fire or practice drawing their firearms except under range master supervision.

(c) Officers shall not load or unload a firearm anywhere in the department facility, except where clearing barrels are present and after adequate steps have been taken to ensure no accidental discharges might occur.

(d) Shotguns or rifles removed from vehicles or equipment storage room shall be loaded and unloaded using designated clearing barrels.

(e) Officers shall not place or store any firearm or other weapon on department premises except where the place of storage is locked. No one shall carry firearms into the jail section or any part thereof when securing or processing a prisoner, but shall place all firearms in a secured location. It shall be the responsibility of all Tigard officers to make sure that persons from outside agencies do not enter the jail section with any firearm.

(f) Officers shall not use or be issued any automatic weapon, heavy caliber rifle, gas or other type of chemical delivery weapon (from the armory) except with approval of a supervisor.

(g) Any weapon authorized by the department to be carried on duty that is found by the officer to be malfunctioning or needing critical service shall not be carried and shall be promptly presented to the department Firearms Coordinator or their designee for inspection. Any weapon determined to be in need of service or repair during an inspection by the Firearms Coordinator or their designee, will be immediately removed from service for duty use. If the weapon is the officer's primary duty weapon, a replacement weapon will be issued until the duty weapon is again rendered serviceable.

312.3.1 STORAGE OF FIREARMS AT HOME

Officers shall ensure that all firearms and ammunition are locked and secured while in their homes in a manner that will keep them inaccessible to children and irresponsible adults. The department shall provide all sworn members with a storage safe to use for this purpose.

312.3.2 REPORT OF FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on-or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shooting Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

Tigard Police Department

Tigard PD Policy Manual

Firearms

- (a) If on-duty at the time of the incident, the member shall file a written report with his/her Division Commander or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
- (b) If off-duty at the time of the incident, a written report shall be submitted or recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

312.3.3 WARNING SHOTS

The use of warning shots by department members is not permitted.

312.4 FIREARMS QUALIFICATIONS

All sworn personnel are required to qualify twice annually with their primary and secondary duty weapons on an approved range course as indicated below. In addition to obtaining qualifying scores, officers will be required to state their understanding of the department's Use of Force policy. The Firearms Coordinator or their designee shall submit records of all qualifications, repairs, maintenance and training as directed by the Training Coordinator to an established file. In addition to regular qualification schedules, the Firearms Coordinator shall be responsible for providing all sworn personnel with annual practical training designed to simulate field situations. In addition to the above mentioned training, the Firearms Coordinator may plan other training sessions that may be deemed as mandatory for all sworn members. Mandatory range qualifications for primary and secondary firearms are as follows:

- (a) Members shall qualify with every firearm they carry on duty. The qualification standard shall be determined by the department training plan.
- (b) A minimum of a two week notice will typically precede the mandatory qualifications course. Members are required to be excused by their Watch Commander if unable to make a scheduled qualification.
- (c) Courses of fire and targets will be determined by the Firearms Instructor and according to the training plan for the session as approved by the Firearms Coordinator. All firearms training will be conducted by certified Firearms Instructors.
- (d) Members shall qualify with their approved holsters, magazines, weapons and full duty belt. Members assigned to plainclothes duties will qualify in attire similar to that which is worn on duty. Other equipment and safety considerations may be required by the Firearms Instructors.
- (e) Members of the Tactical Negotiations Team (TNT) and detached assignments such as WIN, Task Force Officers, and Transit Division may qualify with their respective units as long as they meet the timelines prescribed by the departmental qualification schedule and provide acceptable documentation of their range scores to the Tigard Police Department's Training Unit. This exemption must be approved in advance the by the Firearms Coordinator.

312.4.1 NON-QUALIFICATION

If any officer is unable to qualify for any reason, including injury, illness, duty status or scheduling conflict, that officer shall submit a memorandum to his or her immediate supervisor prior to the

Tigard Police Department

Tigard PD Policy Manual

Firearms

end of the required shooting period. These memorandums will be forwarded to the Training Coordinator for rescheduling.

Members who repeatedly fail to qualify will be relieved from field assignment and appropriate disciplinary action may follow.

Members who fail to qualify on their first shooting attempt (cold qualification) shall be provided remedial training. Additional range assignments may be required until consistent weapon proficiency is demonstrated and will be subject to the requirements detailed in section 312.4.2.

312.4.2 PROFICIENCY REQUIRED

Qualification with designated weapons of the department is a bona-fide job requirement for all sworn employees.

If a member is able to shoot a 98-100% score with their duty firearm on a "cold" qualification attempt, they shall have their name placed on the department's firearm plaque. If a member records 5 perfect 100% scores in a row with their duty firearm on "cold" qualification attempts they will be awarded the "Distinguished Shooter" pin and shall have their name permanently placed on the department's distinguished firearm plaque.

(a) To qualify with the primary duty handgun a member must attain a minimum score of 85 out of 100 on the 25-yard Handgun Qualification Course (HQC), or pass any current DPSST qualification course as selected by the Firearms Coordinator. Given the low ammunition capacity of many backup firearms, a member will be allowed to attempt qualification with their approved backup firearm using the Backup Firearm Qualification Course (BFQC). Members issued a AR-15 patrol rifle must attain a minimum score of 90 out of 100 on the approved Basic Rifle Qualification Course (BRQ). Nothing in this policy precludes the Chief of Police or designee (Firearms Coordinator) from implementing other qualification courses.

(b) If a member fails to shoot a "cold" qualifying score on the first attempt, they will receive remedial training within the same training session. Members will then be allowed two more chances at "conditional" qualification during that same training session.

(c) Members who successfully fire a qualifying score on their second or third attempts will be considered "conditionally" qualified. This condition will require remedial training as designated by the Firearms Coordinator and a successful "cold" qualification within three (3) weeks.

(d) If a member fails to shoot a qualifying score (following the conditional qualification) or cannot conditionally qualify, the range master shall notify their immediate supervisor as soon as possible; at which time the member will be immediately reassigned to administrative duties where contact with the public is unlikely. Reassignment and mandatory remedial firearms training by the Firearms Coordinator, or their designee will be arranged by the member's supervisor. The member shall not carry a firearm on duty until they have successfully completed a cold qualification attempt within the prescribed three (3) weeks.

(e) Members who fire a successful "cold" score will be officially qualified and no further remedial training will be required.

Tigard Police Department

Tigard PD Policy Manual

Firearms

(f) If a member fails to qualify "cold" after receiving the prescribed training and qualification opportunities the member's Watch Commander will direct a memorandum to the Division Commander. The memorandum will contain a report from the Firearms Coordinator about the officer's performance and will document the remedial training and qualification attempts. The member's Watch Commander will recommend a course of action.

Minimum proficiency is a condition of employment for sworn personnel and failure to achieve those standards is cause for termination of employment. If after remedial training, as described above, the member is still unable to achieve the minimum proficiency requirements, it may be cause for termination. If a reserve officer fails to qualify, they will immediately be suspended from the Reserve Unit until they can demonstrate the ability to achieve the minimum proficiency requirements. A reserve officer can be released from the Reserve Unit for failing to qualify.

312.5 FIREARMS COORDINATOR DUTIES

The range will be under the exclusive control of the Firearms Coordinator or their designee. Any variation from approved procedures addressed in this policy or not specifically addressed in another policy must be approved by the Chief of Police through the Firearms Coordinator. The Firearms Coordinator is a sworn member of command rank, appointed by the Chief of Police, to oversee all aspects of firearms used and training. A range master is any member who has been designated as such by the Firearms Coordinator and who has completed an approved course in firearms instruction and range safety. All members attending department firearms training or qualifications will follow the directions of the designated range master. The Firearms Coordinator or their designee will maintain a roster of all members attending all range sessions and will submit those rosters to the training unit.

The Firearms Coordinator or their designee has the responsibility of making periodic inspection, at least once a year, of all primary and secondary weapons carried by officers of this department to verify proper operation. The Firearms Coordinator has the authority to deem any privately owned weapon unfit for service, and that authority is delegated as well to designated range masters during training sessions. The officer will be responsible for all repairs to his or her personal weapon and it will not be returned to service until inspected by the Firearms Coordinator or their designee.

312.6 MAINTENANCE AND REPAIR

Firearms carried on duty shall be maintained in a clean, serviceable condition as determined by a supervisor. Unless otherwise issued by the department, maintenance and repair of personally owned weapons used on duty may be the responsibility of the employee.

312.6.1 REPAIR OR MODIFICATIONS OF DUTY WEAPONS

The Firearms Coordinator or their designee shall be the only person(s) authorized to repair or modify any department owned weapon. All repairs and/or modifications of department issued weapons not performed by the Firearms Coordinator or their designee must be approved in advance by the Firearms Coordinator and accomplished by a department approved gunsmith.

Tigard Police Department

Tigard PD Policy Manual

Firearms

Any repairs or modifications to the officer's personally owned weapon shall be done at his or her expense and must be approved by the Firearms Coordinator before use on duty; those repairs or modifications will be documented in detail and retained within the officer's training file maintained by the Training Officer.

312.7 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to personnel who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

(a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure purposes.

(b) Officers must carry their department identification card, which must contain a full-face picture and the signature of the Chief or the official seal of the department, and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g. driver license, passport).

(c) In accordance with TSA procedures, the department will obtain a message containing a unique alphanumeric identifier from TSA through the National Law Enforcement Telecommunications System (NLETS) prior to the officer's travel. The officer must present the message to airport personnel as authorization to travel while armed on the day of travel.

(d) An official letter signed by the Chief of Police authorizing armed travel must accompany the officer(s). The letter must outline the officer's need to fly armed, must detail his/her itinerary, and should include that the officer has completed the mandatory TSA training for law enforcement officers flying while armed.

(e) Officers must have completed the mandated TSA security training, covering officers flying while armed. The training shall be given by the Firearms Coordinator or their designee.

(f) It is the officer's responsibility to notify the air carrier in advance of the intended armed travel. This notification can be accomplished by early check-in at the carrier's check-in counter. Individual carriers will have this information.

(g) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officers must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.

(h) Officers should not surrender their firearm, but should try to resolve any problems through the flight captain, ground security manager or other management representative of the air carrier.

(i) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

312.8 CARRYING FIREARMS OUT OF STATE

Pursuant to Title 18 United States Code 926.B; full-time sworn officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions:

- (a) The officer shall carry their department identification whenever carrying such weapon.
- (b) The officer will remain subject to this and all other department policies (including qualifying and training) and may not be the subject of any current disciplinary action.
- (c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.

Officers are cautioned that individual states may still restrict or prohibit carrying firearms in certain areas such as government buildings, property and parks.

312.9 REVIEW BOARD

A review board shall be convened whenever a firearm has been discharged in the line of duty to determine the facts of the incident. Boards may be convened to review the shooting of animals.

- (a) To establish the Review Board, the Chief of Police will appoint five (5) members to the board; at least one shall be from the involved employee's peer group and one a current Firearms Instructor.
- (b) The involved employee has 24 hours to eliminate two names from the Board. Of the remaining members, the Chief will designate the Chairman.
- (c) The Review Board shall consider all reports and Grand Jury actions concerning the incident.
- (d) Hearings by the Review Board shall be informal.
- (e) A hearing is an internal, administrative process held in private.
- (f) Review Board decisions will be by majority vote. All findings will be signed by all members with indication of concurrence or dissent.

The Review Board shall make one of the following findings:

1. The discharge was within guidelines of the department.
2. The discharge was not within guidelines of the department.

A report of the Review Board's findings shall be sent to the Chief of Police.

Vehicle Pursuits

314.1 PURPOSE AND SCOPE

Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to minimize the potential for pursuit-related collisions. Vehicular pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved. This includes circumstances where Department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuit situations are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Officers' conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances. An unreasonable individual's desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

314.1.1 POLICE PURSUIT DEFINED

A vehicle pursuit is an event involving one or more law enforcement officers attempting to apprehend a suspect who is attempting to avoid arrest while operating a motor vehicle by using high speed driving or other evasive tactics such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to an officer's signal to stop.

314.2 OFFICER RESPONSIBILITIES

While engaging in a vehicle pursuit Officers must drive with due regard for the safety of all other persons. However, while engaging in a vehicle pursuit, officers are generally not required to follow the rules of the road (ORS 820.300). This exemption only applies to emergency vehicles using emergency lights and sirens (ORS 820.300; ORS 820.320). This following policy is established to provide Officers with guidelines for driving with due regard and caution for the safety of all persons, as required by ORS 820.300(2).

314.2.1 WHEN TO INITIATE A PURSUIT

Officers are authorized to initiate a pursuit when it is reasonable to believe that a suspect is attempting to evade arrest or detention by fleeing in a vehicle.

Tigard Police Department

Tigard PD Policy Manual

Vehicle Pursuits

The following factors individually and collectively shall be considered in deciding whether to initiate a pursuit:

- (a) Seriousness of the known or reasonably suspected crime and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.
- (c) Apparent nature of the fleeing suspects (e.g., whether the suspects represent a serious threat to public safety).
- (d) The identity of the suspects has been verified and there is comparatively minimal risk in allowing the suspects to be apprehended at a later time.
- (e) Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic and the speed of the pursuit relative to these factors.
- (f) Pursuing officer's familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher/supervisor and the driving capabilities of the pursuing officers under the conditions of the pursuit.
- (g) Weather, traffic and road conditions that substantially increase the danger of the pursuit beyond the worth of apprehending the suspect.
- (h) Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.
- (i) The emergency equipment present on the vehicles used in the pursuit.
- (j) Vehicle speeds.
- (k) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).
- (l) Availability of other resources such as helicopter assistance.
- (m) The police unit is carrying passengers other than police officers. Pursuits should not be undertaken with a prisoners in the police vehicle.

314.2.2 WHEN TO TERMINATE A PURSUIT

The factors listed in Policy Manual § 314.2.1 are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists and themselves when electing to continue a pursuit. In the context of this policy, the term "terminate" shall be construed to mean discontinue or to stop chasing the fleeing vehicles.

Tigard Police Department

Tigard PD Policy Manual

Vehicle Pursuits

In addition to the factors listed in Policy Manual § 314.2.1 the following factors should also be considered in deciding whether to terminate a pursuit:

- (a) Distance between the pursuing officers and the fleeing vehicles is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.
- (b) Pursued vehicle's location is no longer definitely known.
- (c) Officer's pursuit vehicle sustains any type of damage that renders it unsafe to drive.
- (d) Extended pursuits of violators for misdemeanors not involving violence or risk of serious harm (independent of the pursuit) are discouraged.
- (e) Hazards to uninvolved bystanders or motorists.
- (f) If the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit, officers should strongly consider discontinuing the pursuit and apprehending the offender at a later time.
- (g) Directed by a supervisor.
- (h) When motorists/pedestrians are involved in an accident as a result of the pursuit, immediate assistance must be given. If there is only the primary pursuing vehicle, then this vehicle must stop to provide immediate assistance. The officer will notify the dispatcher the pursuit is being terminated.

314.2.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

- (a) Whether the pursuit speeds are unsafe for the surrounding conditions.
- (b) Whether the speeds being reached are beyond the driving ability of the officer.
- (c) Whether the speeds are beyond the capabilities of the police vehicle thus making its operation unsafe.

314.3 PURSUIT UNITS

Pursuit units should be limited to three vehicles; however, the number of units involved will vary with the circumstances. An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the suspects. All other officers should stay out of the pursuit, but should remain alert to its progress and location. Any officer who drops out of a pursuit may then,

Tigard Police Department

Tigard PD Policy Manual

Vehicle Pursuits

if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

314.3.1 VEHICLES WITHOUT OVERHEAD LIGHT BARS

Officers operating police motorcycles, non "pursuit rated" SUV (sport utility vehicles) or unmarked vehicles equipped with emergency lights and siren may engage in pursuits; however, whenever marked vehicles become available to assume the pursuit initiated by an officer in an unmarked vehicle, a non "pursuit rated" SUV or a motorcycle, those officers shall not continue in the pursuit unless directed otherwise by a supervisor.

314.3.2 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspects without unreasonable danger to themselves or other persons.

Notify WCCCA that a vehicle pursuit has been initiated and as soon as practical provide information including, but not limited to:

- (a) Reason for the pursuit.
- (b) Location and direction of travel.
- (c) Speed of the fleeing vehicle.
- (d) Description of the fleeing vehicle and license number, if known.
- (e) Number of known occupants.
- (f) The identity or description of the known occupants.
- (g) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.

In order to concentrate on pursuit driving the primary unit should relinquish the responsibility of broadcasting the progress of the pursuit as soon as practical to a secondary unit or aircraft joining the pursuit, unless practical circumstances indicate otherwise.

314.3.3 SECONDARY UNITS RESPONSIBILITIES

The second officer in the pursuit is responsible for the following:

- (a) The officer in the secondary unit should immediately notify the dispatcher of entry into the pursuit.
- (b) Remain a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit.
- (c) The secondary officer should be responsible for broadcasting the progress of the pursuit unless the situation indicates otherwise.

Vehicle Pursuits

314.3.4 PURSUIT DRIVING TACTICS

The decision to use or not use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

- (a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
- (b) Officers shall not pursue suspects the wrong way on any interstate highway, controlled access highway, or any divided roadway. When the suspect enters the wrong way on a controlled access highway, freeway or divided highway, the officer is to parallel, traveling the proper direction on the proper side of the roadway. When an officer is in pursuit of a vehicle that enters a freeway, the Oregon State Police shall be notified and requested to assist in the pursuit.
- (c) No officer shall become involved in a vehicular pursuit if an arrested person, suspect, complainant, witness, or civilian observer is in the police vehicle. The officer must let the rider out and notify the supervisor of the location before engaging in a pursuit.

314.3.5 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT

There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved, during or at the termination of the pursuit, unless directed by a supervisor.

Non-pursuing personnel assigned to assist at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road, unless directed otherwise by a supervisor.

The primary and secondary units should be the only units operating under emergency conditions (emergency lights and siren) unless other units are assigned to the pursuit.

314.3.6 PURSUIT TRAILING

In the event the initiating unit from this agency relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide necessary information and assistance for the arrest of the suspects.

The term trail means to follow the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units so as to clearly indicate an absence of participation in the pursuit.

314.4 SUPERVISORY CONTROL AND RESPONSIBILITY

It is the policy of this department that available supervisory and management control will be exercised over all motor vehicle pursuits involving officers from this department.

Tigard Police Department

Tigard PD Policy Manual

Vehicle Pursuits

The on-duty supervisor will be responsible for the following:

- (a) Upon becoming aware of a pursuit, immediately ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established department guidelines.
- (b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.
- (d) Ensuring that no more than the number of required police units needed are involved in the pursuit under the guidelines set forth in this policy.
- (e) Directing that the pursuit be terminated if, in his/her judgment, it is unjustified to continue the pursuit under the guidelines of this policy.
- (f) Ensuring that the proper radio channel is being used.
- (g) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.
- (h) Control and manage TPD units when a pursuit enters another jurisdiction.
- (i) Oversee arrest procedure whenever possible.

314.4.1 WATCH COMMANDER RESPONSIBILITY

Upon becoming aware that a pursuit has been initiated, the Watch Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Watch Commander has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The Watch Commander shall review all pertinent reports for content and forward to the Division Commander.

314.5 COMMUNICATIONS

If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communications to an emergency channel most accessible by participating agencies and units.

314.5.1 COMMUNICATION CENTER RESPONSIBILITIES

Upon notification that a pursuit has been initiated, WCCCA will:

- (a) Clear the channel on which the pursuit is being broadcast.
- (b) Coordinate pursuit communications of the involved units and personnel.
- (c) Notify and coordinate with other involved or affected agencies as practical.
- (d) Ensure that a field supervisor is notified of the pursuit.
- (e) Assign an incident number and log all pursuit activities.

Vehicle Pursuits

- (f) Broadcast pursuit updates as well as other pertinent information as necessary.
- (g) Notify the Watch Commander as soon as practical.

314.5.2 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

314.6 INTER-JURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area, and other pertinent facts, should determine whether or not to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether or not such jurisdiction is expected to assist.

314.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

When a pursuit is initiated by any law enforcement agency, and the pursuit enters another jurisdiction, the initiating unit(s) and their jurisdiction shall notify the other agency. The agency which the pursuit has entered into will assume the primary pursuit as soon as possible. If this agency is not able to assist in the pursuit, the initiating agency will maintain the responsibility of the pursuit. Inter-agency pursuits will be conducted in accordance with the Portland Metropolitan Interagency Pursuit Agreement.

314.6.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the agency whose officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this department may join the pursuit until sufficient units from the initiating agency join the pursuit.

When a request is made for this department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor should consider the following additional factors:

- (a) Ability to maintain the pursuit.
- (b) Circumstances serious enough to continue the pursuit.
- (c) Adequate staffing to continue the pursuit.
- (d) The public's safety within this jurisdiction.
- (e) Safety of the pursuing officers.

As soon as practical, a supervisor or the Watch Commander should review a request for assistance from another agency. The Watch Commander or supervisor, after consideration of the above factors, may decline to assist in, or assume the other agency's pursuit.

Tigard Police Department

Tigard PD Policy Manual

Vehicle Pursuits

Assistance to a pursuing allied agency by officers of this department will terminate at the City limits provided the pursuing officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event a pursuit from another agency terminates within this jurisdiction, officers shall provide appropriate assistance to peace officers from the allied agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

314.7 PURSUIT INTERVENTION

Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, road spikes, blocking, boxing, PIT (Pursuit Intervention Technique), ramming or roadblock procedures. In this context, ramming shall be construed to mean maneuvering the police unit into contact with the pursued vehicle to mechanically disable it or forcibly position it such that further flight is not possible or practical.

314.7.1 WHEN USE AUTHORIZED

Use of pursuit intervention tactics should be employed only after approval of a supervisor. In deciding whether to use intervention tactics, officers/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With these risks in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances confronting the officer at the time of the decision.

It is imperative that officers act within the bounds of legality, good judgment and accepted practices.

314.7.2 DEFINITIONS

Blocking or Vehicle Intercept - A very low speed coordinated maneuver where two or more patrol vehicles simultaneously intercept and block the movement of a slow moving or stopped suspect vehicle, the driver of which may be unaware of the impending enforcement stop, with the goal of containment and preventing a pursuit. Blocking is not a moving or stationary road block.

Boxing-in - A tactic designed to stop a violator's vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Ramming - The deliberate act of impacting a violator's vehicle with another vehicle to functionally damage or otherwise force the violator's vehicle to stop.

Roadblocks - A tactic designed to stop a violator's vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the violator's vehicle. This tactic is also often referred to as a roadblock, barricade or blockade.

Pursuit Intervention Technique (PIT) - is a low speed maneuver designed to cause the suspect vehicle to spin out and terminate the pursuit

Vehicle Pursuits

Spikes or Tack Strips - A device which extends across the roadway designed to puncture the tires of the pursued vehicle.

314.7.3 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances dictate such use reasonably appears necessary to protect life. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

314.7.4 INTERVENTION STANDARDS

Any pursuit intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public, or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of deadly force and subject to the requirements for such use. Officers who have not received certified departmental training in the application and use of any intervention tactic or equipment shall consider these facts and requirements prior to deciding how, when, where, and if an intervention tactic should be employed.

- (a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to public safety when officers reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved this technique should only be employed by officers who have received training in such tactics after giving consideration to the following:
 - 1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
 - 2. All other reasonable intervention techniques have failed or reasonably appear ineffective.
 - 3. Employing the blocking maneuver does not unreasonably increase the risk to officer safety.
 - 4. The target vehicle is stopped or traveling at a low speed.
 - 5. At no time should civilian vehicles be used to deploy this technique.
- (b) Only those officers trained in the use of the Pursuit Intervention Technique (PIT) will be authorized to use this procedure upon consideration of the circumstances and conditions presented at the time, including the potential for risk of injury to officers, the public and occupants of the pursued vehicle. With time and opportunity permitting, the pursuing officer should get authorization from a supervisor to utilize PIT. PIT will not be used on two-wheeled vehicles, passenger occupied buses, and vehicles transporting hazardous material or any vehicle that would pose an unusual hazard to innocent parties.

Tigard Police Department

Tigard PD Policy Manual

Vehicle Pursuits

1. A pre-emptive PIT may be used when there is probable cause to arrest the driver or an occupant of a vehicle and when there is an objective reasonable belief that the vehicle may attempt to elude or the suspect has a history to elude to prevent a pursuit. The use of a pre-emptive PIT should be attempted with additional members to provide cover and to assist in the custody. When appropriate, a pre-emptive PIT should be done without the use of overhead lights and/or vehicle siren.
 2. The use of the PIT maneuver on a vehicle at speeds up to 45 mph may be considered a use of physical force as defined in this policy. Under the circumstances in which it is intended to be used, the PIT maneuver used on vehicles in excess of 45 mph may be considered a greater use of force, including deadly physical force. Members should take into account the location, environment, and the presence of pedestrians prior to employing the PIT technique.
- (c) Roadblocks and ramming of suspect vehicles are actions that are approved only when the use of Deadly Force is authorized. Time and opportunity permitting, the pursuing officer will get permission from a supervisor before attempting these techniques.

314.7.5 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force, which reasonably appears necessary under the circumstances, to properly perform their lawful duties.

Unless relieved by a supervisor the primary officer should coordinate efforts to apprehend the suspect(s) following the pursuit. Officers should consider safety of the public and the involved officers when formulating plans to contain and capture the suspect.

314.7.6 USE OF SPIKE STRIPS

Use of the spike strip must be documented in the supervisor's Pursuit Review Report and should answer the following questions:

- (a) Did the spike strip successfully terminate the pursuit?
- (b) How long after the suspect vehicle ran over the spike strip did the vehicle stop?
- (c) Did the suspect retain control of the vehicle after encountering the spike strip?
- (d) How many tires on the suspect vehicle were deflated?
- (e) How many minutes were required to physically deploy the spike strip?
- (f) Was anyone injured as a result of the use of the spike strip?
 1. If so, who?
 2. nature of injuries?
- (g) Did a collision occur after the suspect ran over the strip?
- (h) What did the suspect(s) do after their vehicle stopped?

Tigard Police Department

Tigard PD Policy Manual

Vehicle Pursuits

- (i) Were any arrest made?

314.8 REPORTING REQUIREMENTS

After every vehicle pursuit, all officers involved will complete a written report detailing their actions and considerations. The duty supervisor will conduct a debriefing of the incident and complete a Tigard Police Department Pursuit Review Report. Once the Pursuit Review Report is completed, it will be forwarded to the inspections officer.

The Operations Division Commander will ensure the completion of an annual review of all vehicle pursuit incidents for the previous calendar year. The analysis will focus on trends in the use of vehicle pursuits that may suggest training or equipment needs, or policy modification.

314.8.1 REGULAR AND PERIODIC PURSUIT TRAINING

In addition to initial and supplementary training on pursuits, all sworn members of this department will participate in regular and periodic department training addressing this policy and the importance of vehicle safety and protecting the public at all times, including a recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others.

314.8.2 POLICY REVIEW

Each member of this department shall certify in writing that they have received, read and understand this policy initially and upon any amendments.

Spike Strip Policy

315.1 PURPOSE AND SCOPE

The hollow spike strip is a device that may be utilized in pursuit situations after the policies regarding violator pursuit have been followed and the violator/suspect has failed to stop; or in situations involving stationary vehicles where there is a likelihood of vehicle pursuit.

Spike strips are a tire deflation device used to terminate a vehicle pursuit. The device is a triangular stick, three feet in length, containing hollow spikes that get embedded in the tires of the pursued vehicle after it passes over. The embedded spikes cause a controlled deflation of the tires, which allows the driver to maintain control of the vehicle as speed is reduced. The "STOP STICK" is the only spike strip authorized for use by members of the Tigard Police Department.

315.1.1 DEPLOYMENT GUIDELINES

- (a) No officer shall deploy spike strips unless the following criteria have been met:
 - 1. The officer has received the designated training for deployment as established by the Tigard Police Department.
 - 2. The deployment of the spike strip has been authorized by a supervisor.
 - 3. The deploying officer must advise pursuing vehicles, by radio, that spike strips will be used, where they will be used and any officer controlled lane restrictions established. Communication must be constant and continuous to ensure all pursuing patrol officers' safety.
 - 4. Spike strips will be used when there is no risk to anyone but the pursued vehicle occupants. Officer and citizen safety, as well as existing conditions, should be considered prior to spike strip deployment.
 - 5. The roadway where the spike strip will be deployed and the roadway beyond is to be straight and level whenever possible.
- (b) Spike strips (3 ft in length or smaller) may be deployed in stationary vehicle situations for the following purposes:
 - 1. To prevent a vehicle from being moved by a suspect attempting to flee a scene;
or
 - 2. To prevent movement of a vehicle which is, or possibly will be evidence.
- (c) When and where spike strips should NOT be deployed:
 - 1. To terminate pursuits involving motorcycles, or other two wheel vehicles, school buses, or vehicles carrying hazardous materials.
 - 2. Roadways bounded by steep descending embankments.
 - 3. Areas of special events or activities.

Tigard Police Department

Tigard PD Policy Manual

Spike Strip Policy

4. Curves or locations where the safety of oncoming traffic cannot be ensured.
 5. Construction zones.
- (d) Outside agency requests for spike strip deployment will be at the discretion of the supervisor and in accordance with Policy 314.
- (e) Measures should be taken to divert other traffic from the area or to prevent unnecessary damage to other vehicles.
- (f) Deploying officer should remove spike strip immediately after the suspect vehicle passes over it.
- (g) Use of the spike strip must be documented in the supervisor's Pursuit Review Report and should answer the following questions:
1. Did the spike strip successfully terminate the pursuit?
 2. How long after the suspect vehicle ran over the spike strip did the vehicle stop?
 3. Did the suspect retain control of the vehicle after encountering the spike strip?
 4. How many tires on the suspect vehicle were deflated?
 5. How many minutes were required to physically deploy the spike strip?
 6. Did any patrol vehicle or citizen's vehicle run over the spike strip?
 7. Was anyone injured as a result of the use of the spike strip?
 - (a) if so, who?
 - (b) nature of injuries
 8. Did a collision occur after the suspect ran over the strip?
 9. Where any arrests made?

Officer Response to Calls

316.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

316.2 RESPONSE TO CALLS

Officers responding to non-emergency calls shall observe all traffic laws and proceed without the use of emergency lights and siren.

Officers shall proceed immediately to calls that are of an emergency nature. A code 3 response should be considered when available information reasonably indicates that a person is threatened with injury or death, a felony property crime is in progress, or serious property damage is imminent and a more immediate law enforcement response is needed to mitigate injury, property loss, or to apprehend the suspect(s).

Officers responding Code 3 shall operate emergency lights and siren as is reasonably necessary pursuant to ORS 820.300 and ORS 820.320. Officers shall only use the wail and yelp function of the siren as an emergency sound. The hi-lo function of the siren is not considered an emergency sound pursuant to OAR 735-110-0000(8) and OAR 735-110-0010(1-3).

Responding with emergency light(s) and siren does not relieve the officer of the duty to continue to drive with due regard for the safety of all persons.

ORS 820.320(2) allows officers to omit the use of emergency lights and siren if it reasonably appears that the use of either or both would prevent or hamper the apprehension or detection of a violator. Except as stated in the previous sentence, Officers who fail to use appropriate warning equipment, are not exempt from following the rules of the road (ORS 820.300).

316.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer shall immediately notify WCCCA.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

Tigard Police Department

Tigard PD Policy Manual

Officer Response to Calls

316.3.1 NUMBER OF UNITS ASSIGNED

The Patrol Lieutenant or field supervisor will adjust the number of units responding to a particular call for service if it is their judgment to do so.

316.4 RESPONSIBILITIES OF RESPONDING OFFICER(S)

Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections as may be necessary for safe operation.

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of emergency lights and siren at the legal speed limit. In such an event, the officer should immediately notify WCCCA. An officer shall also discontinue the Code-3 response when directed by a supervisor.

Upon receiving authorization or determining a Code-3 response is appropriate, an officer shall immediately give the location from which he/she is responding.

316.5 COMMUNICATIONS RESPONSIBILITIES

A dispatcher shall assign a Code-3 response when an officer requests emergency assistance or available information reasonably indicates that the public is threatened with serious injury or death and immediate police response is needed. In all other circumstances, the dispatcher shall obtain authorization from the Patrol Lieutenant or a field supervisor prior to assigning units Code-3. The dispatcher shall:

- (a) Attempt to assign the closest available unit to the location requiring assistance
- (b) Immediately notify the Patrol Lieutenant
- (c) Confirm the location from which the unit is responding
- (d) Notify and coordinate allied emergency services (e.g., fire and ambulance)
- (e) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated
- (f) Control all radio communications during the emergency and coordinate assistance under the direction of the Patrol Lieutenant or field supervisor

316.6 SUPERVISORY RESPONSIBILITIES

Upon being notified that a Code-3 response has been initiated, the Patrol Lieutenant or the field supervisor shall verify the following:

- (a) The proper response has been initiated
- (b) No more than those units reasonably necessary under the circumstances are involved in the response

Tigard Police Department

Tigard PD Policy Manual

Officer Response to Calls

- (c) Affected outside jurisdictions are being notified as practical

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment, is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the Patrol Lieutenant or the field supervisor should consider the following:

- The type of call
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

316.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly. In all cases, the officer shall notify the Patrol Lieutenant, field supervisor, or WCCCA of the equipment failure so that another unit may be assigned to the emergency response.

Canines

318.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment law enforcement services in the community, including but not limited to locating individuals and contraband and apprehending criminal offenders.

318.2 DEFINITIONS

Canine Team - One police officer assigned one canine.

Dual Purpose Canine Team - One police officer assigned one canine that is trained in both patrol and narcotic detection. Any dual certified team failing OPCA certification in either discipline will be deployable in the discipline that is still valid.

Handler - A police officer assigned a canine owned by the department.

Narcotic Detection Canine - A canine trained to detect the presence of an illegal narcotic odor.

Patrol Canine - A canine trained to track human odor, locate items with human odor on it and/or make physical contact with a human in order to control them.

OPCA - Oregon Police Canine Association

318.3 GUIDELINES FOR THE USE OF CANINES

- (a) A canine may be used to track, watch, contain or search an area for lost or missing persons, evidence, narcotics and other contraband (if specifically trained in narcotic detection), persons of interest or suspected of minor violations or statutory offenses. During such use, the canine shall remain on a lead and shall not be allowed to apprehend or come into contact with a person or suspect unless it becomes necessary to:
 1. Protect the handler of the canine.
 2. Protect another officer.
 3. Protect a member of the public.
- (b) A canine may be used to locate and apprehend a suspect using mouth contact (bite) if the canine handler reasonably believes that the individual has either committed or threatened to commit any offense and if any of the following conditions exist:
 1. The individual poses an imminent threat of violence or serious harm to the public, any officer, or the handler.
 2. The individual is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
 3. The individual(s) is/are believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

Tigard Police Department

Tigard PD Policy Manual

Canines

4. The individual is continuing an attempt to escape from a serious offense and will not submit to apprehension.
- (c) It is recognized that situations may arise that do not fall within the provisions set forth in this policy. In any such case, a standard of objective reasonableness shall be used to review the decision to use a canine in view of the totality of the circumstances.
 1. The canine shall not be used for the following:
 - (a) To search for other animals.
 - (b) For crowd control, to include breaking up parties, family fights, or bar disturbances.

Absent reasonable belief that an individual has committed or threatened to commit a criminal offense, mere flight from pursuing officer(s) shall not serve as cause for the use of a canine to apprehend an individual using mouth contact (bite). Nothing in this section limits the use of a canine in non-apprehension tasks as outlined in 318.3.3 GUIDELINES FOR NON-APPREHENSION USE.

318.3.1 PREPARATIONS FOR UTILIZING A CANINE

Prior to the use of a canine to search for or apprehend any individual, the canine handler and/or the supervisor on scene shall carefully consider all pertinent information reasonably available at the time. The information should include, but is not limited to the following:

- (a) The suspect's known or perceived age
- (b) Whether violence or weapons were used or are anticipated
- (c) The nature and seriousness of the suspected offense
- (d) Any potential danger to the public and/or other officers at the scene if the canine is released
- (e) The degree of resistance or threatened resistance, if any, the subject has shown
- (f) The potential for escape or flight if the canine is not utilized
- (g) The potential for injury to officers or the public caused by the suspect if the canine is not utilized

A canine handler shall have the ultimate authority not to deploy the dog. The handler will evaluate each situation and determine if the use of a canine is technically feasible. The handler shall explain the rationale for not deploying the canine to the on-duty supervisor. The handler shall go to the scene before announcing the decision not to deploy. Generally, the decision to deploy the dog shall remain with the handler; however, a supervisor sufficiently apprised of the situation may decide not to deploy the dog.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury. Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

Tigard Police Department

Tigard PD Policy Manual

Canines

318.3.2 WARNINGS GIVEN TO ANNOUNCE THE USE OF A CANINE

Unless it would otherwise increase the risk of injury or escape, a clearly audible warning to announce that a canine will be released if the person does not come forth or surrenders shall be made prior to releasing a canine. A reasonable amount of time shall be allowed for the suspect to respond, if feasible. The canine handler, when practical, shall first advise the supervisor of his/her decision if a verbal warning is not given prior to releasing the canine. In the case of building searches where multiple levels are present a warning shall be given on each floor. In the event of an apprehension, the handler shall document in any related report whether or not a verbal warning was given and, if none was given, the reasons why.

318.3.3 GUIDELINES FOR NON-APPREHENSION USE

Because canines have senses far superior to those of humans, they may often be effectively utilized to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention) or suspects wanted for minor criminal offenses. In such circumstances, it will be necessary for the handler to evaluate the conditions and ability of the canine to determine the feasibility of such an application.

- (a) Absent a change in circumstances which presents an immediate threat to officers, the canine or the public, such applications should be conducted on leash or under such conditions that the canine will not bite or otherwise injure the individual if located.
- (b) Throughout the deployment of the canine in such circumstances, the handler should give periodic verbal assurances that the canine will not bite or hurt the person.
- (c) Unless otherwise directed by a supervisor, assisting personnel should take direction from the handler in order to minimize interference with the canine.
- (d) Once the individual has been located, the canine should be placed in a down stay or otherwise secured as soon as it becomes reasonably practical.

318.3.4 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

318.3.5 NARCOTICS DETECTION

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

- (a) The sniff of vehicles, buildings, bags and other articles.
- (b) Assisting in the sniff for narcotics during a search warrant service.
- (c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.
- (d) A narcotics-detection trained canine will not be directed to sniff a person for narcotic odor.

318.4 REPORTING CANINE USE, BITES AND INJURIES

Whenever the canine is deployed, the Computer Aided Dispatch K9 mask will be used to record the specifics of the deployment.

After any deployment of the canine that results in an intentional use of force bite, an accidental bite or an alleged bite by the canine, on duty supervisor shall be contacted as soon as reasonably possible. If a bite or injury results from the use of the canine, that information shall be documented in the following manner:

In the case of a use of force deployment with the canine or when a person alleges they were bitten, the procedures established under Policy 300 "Use of Force" shall be followed, including rendering first aid, photographing the injured areas, use of the Force Data Collection Report and a review by the supervisor. In the case of an accidental bite, the incident will be documented in the case report narrative. A separate memorandum will be written by the handler to the Unit Coordinator.

318.4.1 DOG BITE PROCEDURE

Whenever a dog, while under command, grabs, bites, nibbles, pinches, or in any other way comes into physical contact by mouth with a suspect, it should have been a bona fide situation such as:

- (a) The dog finds the suspect hiding before his handler sees the suspect, and the dog grabs and pulls the suspect from hiding.
- (b) The suspect refuses to come out of hiding when told to do so and the dog must be sent in to locate and/or apprehend the suspect.
- (c) The suspect, before submission, is acting in a furtive or aggressive manner.
- (d) The suspect is running from the dog handler and/or dog.
- (e) To protect the dog and/or dog handler.
- (f) Bite on command of the dog handler.

318.4.2 ACCIDENTAL BITES

The following information should be recorded in the case of an accidental bite:

- (a) In all cases of bite or injury resulting from an accidental bite, photographs shall be taken of the bite or injury after first tending to the immediate needs of the injured party. If the injury requires medical attention, the subject should be transported to an appropriate medical facility. In the event an in-custody suspect requires medical attention, an officer should standby with the suspect until treatment has been rendered. Photos will be attached to the handler's memorandum and forwarded to the unit coordinator for review.
- (b) If a subject alleges an injury that is not visible, notification shall be made to a supervisor and the location of the alleged injury should be photographed.
- (c) In the case of an accidental bite, the canine handler's memorandum shall include the facts surrounding the deployment of the canine and the circumstances leading to the accidental bite. This memorandum can include the handler's recommendation as to whether the accidental bite was the result of a failure of policy, procedure or

Tigard Police Department

Canines

training. This memorandum shall be completed as soon as practical and forwarded to the canine unit coordinator for review.

- (d) Upon receipt of the accidental bite memorandum, the unit coordinator shall evaluate the accidental bite. This evaluation can include a review of all associated documents, photos, videos and witness statements. The purpose of the evaluation is to identify any potential problem with or failure of policy, procedure or training. The unit coordinator shall record their findings and any recommended remedy in memorandum format to be forwarded to the Patrol Operations Division Commander via the chain of command.
- (e) The Patrol Operations Division Commander has the authority to determine if this review needs to be forwarded to the City of Tigard Risk Manager or if further action is needed.
- (f) At a minimum, the finalized review shall be maintained in the working file of the canine for the service life of the dog and as long as records retention law require.
- (g) If a problem with or failure of training is specifically identified in the evaluation of the accidental bite, the unit coordinator shall liaison with the canine program training partner to establish what changes are needed to remedy the issue. The unit coordinator will document a proposed training plan and forward it to the Patrol Operations Division Commander for review.

In any case where the canine bites a person, the canine handler shall notify the local public health administrator immediately should their assigned canine develop abnormal behavior within 10 days of the biting incident (OAR 333-019-0024).

318.4.3 REPORTING CANINE INJURIES

In the event that a canine is injured, the injury will be immediately reported to the Lieutenant in charge of the Canine Unit.

Depending on the severity of the injury, the canine shall either be treated by the designated veterinarian or transported to a designated emergency medical facility for treatment. If the handler and dog are out of the area, the handler may use the nearest available veterinarian.

The injury will be documented on a Department Memorandum.

318.5 ASSIGNMENT OF CANINES

The canine teams shall be assigned to the Operations Division to supplement and assist Patrol.

The canine handler's primary duty is that of a Tigard Police officer who is responsible for calls for service and other routine patrol functions that may or may not require canine assistance. The canine is an additional patrol tool that should be implemented as needed. When a dog handler is dispatched as the primary investigating unit or comes onto a crime in view, he will then be responsible for completing all of the reports normally called for as though he were a regular patrol unit.

Dog handlers will respond (when available) to all calls for service in which the abilities of the canine team may be useful. It is the responsibility of the dog handler to monitor radio traffic in order to maximize the opportunities for application of the dog.

Tigard Police Department

Tigard PD Policy Manual

Canines

The canine team may be assigned by a patrol supervisor to other functions based on the needs of the watch at that time.

318.6 REQUEST FOR USE OF CANINE TEAMS

Personnel within the Department are encouraged to freely solicit the use of the canines.

318.6.2 REQUEST FOR PUBLIC DEMONSTRATIONS

All public requests for a canine team shall be approved by the Unit Coordinator prior to making any commitment.

Handlers shall not demonstrate any apprehension work to the public unless authorized to do so by the Unit Coordinator.

318.7 SELECTION OF CANINE HANDLERS

- (g) The canine should be permitted to socialize in the home with the handler's family.
- (h) Under no circumstances will the canine be lodged at another location unless approved by the Unit Coordinator or Watch Commander.
- (i) When off-duty, handlers shall not involve their canines in any law enforcement activity or official conduct unless approved in advance by the Unit Coordinator or Watch Commander.
- (j) Whenever a canine handler anticipates taking a vacation or an extended number of days off, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the Unit Coordinator so that appropriate arrangements can be made.
- (k) Handlers should not tether a canine in a manner that would violate ORS 167.325(1), ORS 167.330(1) and/or ORS 167.343.

318.9 MEDICAL CARE OF THE CANINE

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency as provided in this section.

318.9.1 NON-EMERGENCY MEDICAL CARE

Non-emergency medical care will be coordinated through the Unit Coordinator.

Any indication that a canine is not in good physical condition shall be reported to the Unit Coordinator or the Patrol Lieutenant as soon as practical.

All records of medical treatment shall be maintained by the canine handler in the canine's medical file.

318.9.2 EMERGENCY MEDICAL CARE

The designated emergency medical treatment center or canine veterinarian shall render emergency medical treatment. The handler shall notify the on duty supervisor immediately and the Unit Coordinator as soon as practicable when emergency medical care is required.

318.10 TRAINING

Before assignment in the field, each canine team must have completed at least 360 hours of training in the care and use of the law enforcement animal, or must have passed the demonstration of minimum standards established by the Oregon Police Canine Association or other accredited and recognized animal handling organization (Oregon Revised Statutes 167.310). Cross trained dog teams or those dog teams trained exclusively for the detection of drugs and/or explosives shall be trained and certified to meet the standards established for such detection dogs

318.10.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to current Oregon Police Canine Association standards (as applicable) on an annual basis. Additional training considerations are as follows:

- (a) Canine teams shall receive training as defined by the department's canine training provider
- (b) Canine handlers are encouraged to engage in additional training with approval of the unit coordinator

- (e) Canine teams should strive to get a minimum of 12 hours of documented training each month with 16 hours being ideal. This is an average that will be based upon a 12 month period.

318.10.2 CERTIFICATION REQUIREMENTS

Patrol canine:

Tigard Police Department

Tigard PD Policy Manual

Canines

After a patrol canine team is certified for the first time they will annually pass OPCA canine certification standards (as applicable) or other accredited or recognized animal handling organization standards. If a patrol canine team fails annual certification of OPCA standards they will still be deployable, having met ORS 167.310(7) minimum qualifications of 360 hours of training as a canine team. The canine team failing OPCA recertification will attempt certification at the next available time that an OPCA designated trainer is available to administer the test, but no longer than 14 calendar days from the first failed certification. If the canine team fails annual recertification for a second time then the canine team will not deploy until they are able to successfully pass OPCA standards. After a second failed attempt at annual OPCA certification the canine team should be given additional training time in order to prepare for OPCA certification. The Unit Coordinator shall be notified of all failed certification attempts.

Narcotic detection canine:

After a narcotic detection canine team is certified for the first time they will annually pass OPCA canine certification standards (as applicable) or other accredited or recognized animal handling organization standards. If the narcotic detection canine team fails annual certification the team will not be deployable. The narcotic detection canine team failing OPCA annual certification will attempt certification at the next available time that an OPCA designated trainer is available to administer the test. After a second failed attempt at annual OPCA certification the canine team should be given additional training time in order to prepare for OPCA certification. The Unit Coordinator shall be notified of all failed certification attempts.

318.10.3 TRAINING RECORDS

All canine training records shall be maintained by each canine handler and are subject to inspection by the Unit Coordinator. Records will also be maintained in the handlers training file.

318.10.4 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using or transporting controlled substances for canine training purposes must comply with federal and state requirements regarding the same. Alternatively, the Tigard Police Department may work with outside trainers with the applicable licenses or permits.

318.10.5 CONTROLLED SUBSTANCE TRAINING AIDS

Officers acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (21 USC § 8230; ORS 475.135).

The Chief of Police, or the authorized designee, may authorize a member to seek controlled substance evidence and/or related paraphernalia related to an adjudicated case and allow the controlled substances and/or related paraphernalia to be possessed by the member or a narcotics detection canine handler/trainer who is working under the direction of this department for training purposes.

Tigard Police Department

Tigard PD Policy Manual

Canines

As an alternative, the Chief of Police or the authorized designee may request narcotics training aids from the Drug Enforcement Agency (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

318.10.6 CONTROLLED SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

- (a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.
- (b) The weight and test results shall be recorded and maintained by this department.
- (c) Any person possessing controlled substance training samples shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.
- (d) On an annual basis all controlled substance training samples will be replaced.
- (e) All controlled substance training samples will be inspected and weighed frequently and on random occasions at the discretion of the unit coordinator. Inspections of training aids will be documented within the handler's maintenance and training log.
- (f) All controlled substance training samples will be stored in locked, airtight and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler's assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.
- (g) The canine coordinator shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.
- (h) Any unusable controlled substance training samples shall be returned to the Property and Evidence Division or to the dispensing agency. Returned training samples will be weighed.

318.10.7 PROCEDURE FOR ACCEPTANCE AND DISTRIBUTION OF CONTROL SUBSTANCES TRAINING AIDS OBTAINED THROUGH AGREEMENT WITH DRUG ENFORCEMENT AGENCY

Controlled substance training samples shall be shipped to the Department and addressed to Property and Evidence with a designated member named. On receipt, shipping containers should not be opened upon arrival if possible, or if opened the contents inside shall not be opened.

The receiving Property and Evidence specialist will obtain a case number and complete an incident report documenting the specific items received. The substances will be stored in the locked narcotics section of the onsite storage room. A meeting will be scheduled with the receiving K9 Handler, who will then open, weigh, photograph and package the training samples into the various weights and packaging required for training.

Tigard Police Department

Tigard PD Policy Manual

Canines

The divided training samples will be entered into the property and evidence system via report in the current RMS, following the standard evidence submission procedures currently in place. The training samples will then be entered into the property and evidence database and checked out to the handler.

Any remaining substances from each shipment that were not divided and distributed as training samples will be sent for destruction immediately following current department procedures unless return is required by disturbing agency. Extra substances will not be stored by property and evidence.

At the conclusion of their training usefulness, and on receipt of replacement substances, the training samples will be turned back into property and evidence, inventoried and sent for destruction following current department procedures. Training samples will only be returned to the disturbing agency if required by their policy and on written request.

On receipt of a new shipment, a new case number will be used, and the prior case will be closed at the conclusion of all processing and destruction.

318.11 CANINE UNIT COORDINATOR RESPONSIBILITIES

The Unit Coordinator shall be appointed by staff and shall supervise the Canine Program. The Unit Coordinator is directly responsible to a designated Patrol Lieutenant with oversight responsibility. The Unit Coordinator shall be responsible for, but not limited to, the following:

- (h) Ensure the canine teams are scheduled for continuous training to maximize the capabilities of the teams.

Domestic Violence

320.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

320.1.1 DEFINITIONS

It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

320.2.1 INVESTIGATION PROCEDURES

Officers responding to domestic violence incidents shall conduct thorough investigations, including interviewing children, neighbors, and other potential witnesses. The same standards for probable cause apply to domestic violence offenses as for any other crime. When responding to an incident, officers are to observe the following guidelines for entry to premises:

- Officers may enter private premises with the permission of someone in lawful control of the premises, or
- Officers may enter private premises when it appears reasonably necessary to perform "community caretaking functions" as defined in O.R.S. 133.033.

Members of the DVRT will be responsible for conducting follow-up investigations on domestic violence incidents where additional victim contact will be beneficial. These investigations should include photographing of injuries even if they have been photographed prior. The supervisor and/or his designee will conduct ODARA reviews on all incidents involving male vs. female domestic violence. The supervisor will also be responsible for assigning follow-up to team members and for coordinating department domestic violence training. The supervisor will be responsible for preparing an annual report outlining the number of domestic violence cases, the number of domestic follow-ups and ODARA evaluations.

320.3 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

320.3.1 MANDATORY ARRESTS

Domestic Crimes Police officers who respond to an incident of domestic violence and have probable cause to believe any of the following crimes have occurred, shall arrest and take into custody the alleged assailant or potential assailant of:

- (a) an assault that occurred between family or household members as defined in Oregon Revised Statutes 107.705
- (b) a menacing where one such person has placed the other in fear of imminent serious physical injury as described in ORS 163.190

320.3.2 RELEASE

Once a suspect has been arrested under the provisions of Oregon Revised Statutes 133.055 the suspect shall be taken to jail. Officers have no authority to subsequently release the arrested person and any post incarceration release decision will be the responsibility of corrections personnel.

320.3.3 PRIVATE PERSON'S ARREST

320.3.4 STAND-BY ASSISTANCE

As a condition of a restraining order to prevent abuse, the party being restrained may be required to move from the petitioner's residence, if in the sole name of the petitioner or if it is jointly owned or rented by the petitioner and the restrained party, or if the parties are married to each other. A party may also be restrained from going within a set distance of that residence, unless accompanied by a peace officer.

- (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.
- (i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order, and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
- (j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 1. Whether the suspect lives on the premises with the victim.

- (b) Document the resolution in a report.

320.4.3 PROOF OF SERVICE NOT VERIFIED

When the officer verifies that a restraining order exists but cannot verify proof of service or prior knowledge of the order by the suspect, the officer shall perform the following:

- (a) At the request of the complainant and upon presentation of an endorsed copy of the restraining order and a proof of service form, serve a copy of the order on the suspect. Submit the completed proof of service form to the court, regardless of whether or not the suspect is taken into custody.

- (c) Obtain the suspect's address.
- (d) Enforce the order but do not make an arrest for any violation of the order occurring prior to verified proof of service or before an officer's admonition of the terms of the order. If the suspect continues to violate the order after being advised of the terms, an arrest should be made. If the suspect complies with the order the officer shall complete a report detailing the specific terms of the order and advisement, the name of the advising officer, and the date and time of the advisement.
- (e) The officer serving the order on the suspect must obtain a Proof of Service form from the Sheriff's Office, complete, sign and submit it to the issuing court.

320.4.4 WHEN ORDERS ARE NOT VERIFIABLE

If the victim is not in possession of the restraining order and/or for any reason the officer can not verify the validity of the order the following action shall be taken:

- (a) Write a report and provide the report number to the victim.
- (b) Provide the victim with contact information for the investigating officer.
- (c) Inform the victim of the right to make a private person's arrest for an appropriate criminal offense other than for violating the restraining order.

In domestic violence cases where the suspect has left the scene an investigation should be conducted to determine if a crime has been committed. A written report should be completed and the victim informed of the case number and the follow-up criminal procedure.

320.5 VICTIM ASSISTANCE

Victims may be traumatized or confused. Officers should:

- (a) Recognize that a victim's behavior and actions may be affected.
- (b) Provide the victim with the department's domestic violence information handout, even if the incident may not rise to the level of a crime.
- (c) Alert the victim to any available victim advocates, shelters and community resources.
- (d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
- (e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
- (f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.

Tigard Police Department

Tigard PD Policy Manual

Domestic Violence

- (g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (h) Seek or assist the victim in obtaining an emergency order if appropriate.

An officer who has probable cause to believe there are circumstances for a mandatory arrest or that a victim is in immediate danger of abuse may apply for an emergency protective order with the consent or permission of the victim (ORS 133.035).

320.5.1 RECORDING INJURIES AND STATEMENTS

All visible injuries should be photographed regardless of severity and all victims shall receive proper medical care prior to being photographed, if needed or desired. When permitted by law, officers may make a video recording of the injuries and victim statements.

Victims whose injuries are not visible at the time of the incident should be advised to contact the officer investigating the matter if the injuries become visible at a later time. If that officer is not available then the on-duty Watch Commander or shift supervisor shall assign another officer or investigator to photograph and document the injuries. An investigator may be assigned to ensure the injuries are photographed during the course of preparing the case for court.

320.5.2 AUDIO RECORDING STATEMENTS

When and where possible the officer should utilize an audio recording device to capture the statement of the victim, suspect and witnesses at the time of the investigation. Due to the nature of this type of incident, involved parties will later change their statements or attempt to mitigate the severity of the assault or threat to protect family members. This type of evidence provides a better understanding of the emotions and frame of mind of involved parties at the time of the investigation.

320.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

320.6.1 WRITTEN NOTICE TO VICTIMS

Officers must provide each person who has been a victim of domestic violence with a copy of the department Domestic Violence Information Card containing information relating to shelters or other services available in the community and notice of the legal rights and remedies available to victims (Oregon Revised Statutes 133.055).

Reporting officers should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence pamphlet provided to the victim. If the case number is not immediately available, an explanation should be given about how the victim can obtain the information at a later time.

Domestic Violence

320.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

320.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

320.8.1 RETURN OF FIREARMS

Weapons taken into custody for safekeeping under §320.8 will be returned to the lawful owner upon request unless the seizing officer or the assigned detective has placed a hold on the weapons pending a petition for retention. Once the petition has been ruled on by the court, the weapons will be released or disposed of in accordance with the court order.

Prior to releasing any weapon, Property personnel shall be required to ensure the person is legally eligible to possess the weapon.

In the event that no timely petition is filed with the court or the court denies such a petition, the seized weapon(s) shall be eligible for release to the lawful owner or other authorized individual unless such weapon(s) represent evidence in a criminal matter or there is other independent good cause to continue to retain custody of the weapon(s).

320.8.2 SERVICE OF EMERGENCY PROTECTIVE ORDERS

An officer who obtains an emergency protective order for a victim shall provide the victim with a certified copy and ensure that a certified copy of the order and the supporting declaration for the order is filed with the court (ORS 133.035).

The officer who obtained the emergency protective order shall serve the respondent personally. Upon completion of the service, the officer shall file a proof of service with the court and ensure that the order is entered into LEDS. If service cannot be completed within one day of the order's entry, the officer shall notify the court (ORS 133.035).

If an officer receives a termination order from the court, the officer shall ensure that the order is promptly removed from LEDS (ORS 133.035).

320.10 REPORTS AND NOTIFICATIONS

Officers should document in their report that they provided each domestic violence victim with a copy of the department's domestic violence victim information handout (ORS 133.055).

Reporting officers should also provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout. If the case number is not immediately available, an explanation should be given about how the victim can obtain the information at a later time.

320.10.1 EMERGENCY PROTECTIVE ORDERS

The Records Supervisor shall ensure that a system is in place that provides officers at the scene of an alleged violation of an emergency protective order of the terms and existence of the protective order (ORS 133.035).

Apprehension & Arrest

321.1 PURPOSE AND SCOPE

Apprehension and arrest of those who violate the law is one of the primary functions of law enforcement. The manner in which department members carry out their responsibilities in this area is extremely important. Officer performance affects the safety of citizens and their property. It also affects the safety of other officers. Finally, it affects the reputation and civil liability of the department and its members. This procedure provides guidelines on how to handle arrests, searches, booking, release agreements and citations.

321.2 POLICY

The administration of criminal justice consists of the identification, arrest, prosecution, punishment, and rehabilitation of those who violate the law. Once a crime has been committed, it is the duty of the department to initiate the criminal justice process by identifying and arresting the perpetrator, to obtain necessary evidence, and to cooperate in the prosecution of the case. As the certainty of swift and sure punishment serves as an effective deterrent to crime, the department must diligently strive to solve crime and to bring perpetrators to justice. Officers are expected to take appropriate action within the procedures of the department in response to violation of the law and ordinances when violations come to their attention.

321.3 DEFINITIONS

Probable Cause: Means that there is a substantial objective basis for believing that more likely than not an offense has been committed and a person to be arrested has committed it (ORS 131.005 SUB.11).

Arrest: Means to place a person under actual or constructive restraint or to take a person into custody for the purpose of charging that person with an offense. A stop as authorized by ORS 131.605 to 131.625 is not an arrest. (ORS 131.005 SUB. 11).

321.4 RESPECT FOR CONSTITUTIONAL RIGHTS

It is the fundamental duty of every department member to observe, respect, and protect the constitutional rights of every person with whom we come into contact. No person shall be subjected to any stop, detention, or search by department members when such a stop, detention or search is based solely on the race, color, religion, ethnic or national origin, sex, sexual orientation, age disability, medical condition, or inclusion in any other group or classification recognized by law. An officer who acts lawfully and within the scope of authority does not deprive persons of their civil liberties. Officers may, within their scope of authority, make reasonable inquiries, conduct investigations, and arrest on probable cause.

321.5 DISCRETION AND ALTERNATIVES TO ARREST

Police discretion exists whenever the limits of authority leave an officer free to make choices among possible courses of action or inaction. It is not physically possible to enforce all the laws

Tigard Police Department

Tigard PD Policy Manual

Apprehension & Arrest

all the time, nor is it possible to expect all police officers to react exactly the same under similar circumstances. This department recognizes that rarely do officers become involved in situations that can be handled with precise standards and procedures. Discretion shall be used without regard for the offender's attitude towards the police unless such conduct constitutes a separate offense.

Because of discretion, procedural alternatives exist. Any alternative chosen must be positive and in the best interest of the law, the public, and the persons involved. Alternatives to physical arrest include citation, application for complaint, warning, or diversion and referral. Alternatives to lodging a person in the jail include Security Release and Recognizance agreement when allowable by law.

Alternatives to physical arrest **shall** be considered after it has been determined that the offender is of no danger to himself or another person, is not likely to continue the offense, and will be available if needed in the future.

321.5.1 DISCRETION CONCERNING ISSUANCE OF MISDEMEANOR CITATIONS

ORS 133.045 allows the use of a criminal citation for all violations, most misdemeanors and some felony charges, which may be deemed a misdemeanor after sentence is imposed. A criminal citation is authorized if the officer determines:

- (a) The arrest is made without an arrest warrant (unless the warrant specifically authorized a criminal citation) and is not an arrest under the Family Abuse Prevention Act.
- (b) The crime is a misdemeanor or non violent felony (e.g. crime against property)
- (c) The suspect does not appear to pose an immediate threat to the victim, community or self
- (d) The suspect does not appear to pose a risk of fleeing the area.
- (e) The suspect has been positively identified with in reasonable certainty.

321.5.2 RESTRICTIONS ON DISCRETION

- (a) Warrants of arrest, bench warrants, a warrant of arrest after indictment, and a governor's warrant of arrest and extradition, violation of restraining orders and domestic assault do not allow for discretion.
- (b) A police officer shall not use a criminal citation for valid arrest warrants except where specifically authorized by the issuing authority, or during domestic disturbance incidents meeting requirements of ORS 133.055.
- (c) Members are authorized to use verbal or written warnings to resolve minor traffic and criminal violations when appropriate.
- (d) Even though an officer reasonably believed probable cause to arrest existed at the time of the arrest, when an officer determines that the probably cause under which the person was arrested does not in fact or no longer exists, the officer shall immediately release the arrested person.

Tigard Police Department

Tigard PD Policy Manual

Apprehension & Arrest

321.6 CRITERIA FOR ARRESTS

Officers are empowered with a great deal of discretion in dealing with matters of booking and incarceration of offenders. However, certain criteria should be adhered to in determining the disposition of enforcement action.

321.6.1 FELONY OFFENDERS

Persons arrested for felony crimes will be handled using the following criteria:

- (a) A person arrested for Murder and all Measure 11 crimes must be taken into physical custody. Only a judge may set conditions for release.
- (b) In all class A and B felonies (except those listed above), and escape or bail jumping in any degree, release shall be made only upon receipt of 10 percent of the security amount plus the execution of the Security Release Agreement. If unable to meet these criteria or the factual circumstance dictates otherwise, the suspect will be transported to the appropriate jail.
- (c) In cases where a physical arrest is made, a supervisor will be advised of the circumstances regarding the arrest prior to transport.
- (d) All class C felonies may be handled by incarceration, release upon execution of a recognizance agreement or issuance of a criminal citation (with the exception of those involving domestic violence). A person who is transported to the temporary hold, and who fails to meet the criteria for a recognizance agreement must post security as described above, or be transported to the appropriate jail.

321.6.2 MISDEMEANOR OFFENDERS

Persons accused of misdemeanor offenses may be issued a criminal citation, released on a recognizance agreement or depending on the severity of the offense and with due consideration for any hazard they may pose taken into custody and lodged in the county jail.

- (a) In cases where a physical arrest is made, a supervisor will be advised of the circumstances regarding the arrest prior to transport.
- (b) In all cases where an arrest has been made or a citation to appear has been issued, the officer will obtain a case number and complete a custody report.

321.6.3 JUVENILE OFFENDERS

Refer to Policy 324 Temporary Custody of Juveniles.

Response to crimes involving juveniles will not differ from that for adult crimes. Officers may use any reasonable means to protect themselves when a juvenile is a threat to personal or public safety.

- (a) Juvenile offenders will only be lodged at the direction of the Juvenile Department. When a juvenile is lodged at the direction of the Juvenile Department, a copy of the incident and custody reports will be submitted within 24 hours of the physical arrest.

Tigard Police Department

Tigard PD Policy Manual

Apprehension & Arrest

Officers will make reasonable attempts to notify the parents (or guardian) any time a juvenile is taken into physical custody. The date, time, and person(s) notified will be documented in the space provided on the custody report. If the Juvenile Department chooses not to lodge the juvenile, officers will document the name of the releasing agent in the body of their report and any conditions of the release.

- (b) Officers may utilize Tigard Peer court to handle those juvenile incidents that meet the program criteria. Refer to Policy 801 - Youth Courts.

321.7 AUTHORITY TO ARREST

ORS 133.235 empowers all Oregon peace officers to make arrests for offenses, pursuant to ORS 133.310, anywhere within the boundaries of the State of Oregon. Department policy recognizes this authority, and recommends discretion on the part of each officer.

- On-Duty Arrests On duty arrests may be made outside the boundaries of the city in cases of hot and /or fresh pursuit, or while following up on crimes committed within the State of Oregon or while assisting another agency.
- Off-Duty Arrests Officers observing criminal activity while off duty are not expected to make arrests or take action if such action would place them in danger of being harmed. It is recommended that the officer be the best witness possible as circumstance allows. If an officer feels there is a need to take action, the officer should affect an arrest only when an imminent risk to life exists, and a reasonable opportunity does not exist to contact the police agency with the primary jurisdiction. In such situations the involved officer shall clearly identify him or herself as a police officer.

321.8 TREATMENT OF INDIVIDUALS UNDER ARREST

In making arrests, officers must treat individuals with respect. Officers will not physically mistreat or verbally harass any individual. If a person is sick or injured then the following will apply:

- Prior to arrest an injured person, officers will consult with a supervisor.
- Arrested persons complaining of minor injury or illness will be transported to Meridian Park or Tuality Hospital after consulting with a supervisor.
- Medical bills for injuries incurred as a result of law enforcement activity may be paid out of the State of Oregon's Law Enforcement Liability Accident (LEMLA).
- An officer will accompany any arrested person who is transported in an ambulance.
- An officer will remain with an injured person, in custody, at a hospital, clinic, or doctor's office until relieved.
- The jail commander or designee will be informed of medical treatment provided to any prisoner prior to booking.
- Medical bills incurred after arrest on charges under the Tigard Municipal Code may be at City expense.

Tigard Police Department

Tigard PD Policy Manual

Apprehension & Arrest

- Persons exhibiting or perceived to have a disability, may require special handling or accommodation in security, transport, processing and detention. However, **these special conditions will be secondary to the safety of the officer, the public and the prisoner.** Officers will use discretion and common sense in determining the appropriate handling or accommodation. Such prisoners may be afforded the protections of the American's with Disabilities Act (ADA).

321.9 ADVISING SUSPECTS OF THEIR RIGHTS

Officers are responsible for advising suspects of their constitutional rights in the proper manner. Officers must observe legal requirements and departmental procedures at all stages of an investigation and arrest. A suspect shall be advised of rights prior to custodial interrogation or the taking of any statements likely to be incriminating, oral or written, after custody or arrest. The officer shall document all admonishments of rights prior to the taking of the statements. If statements are being recorded, suspect should be advised of rights on tape before questioning begins.

321.9.1 ACCESS TO COUNSEL

Persons arrested shall be granted access to counsel, if requested, prior to any further custodial interrogation, in accordance with the Police Department advice of rights statement. Access may be by telephone or in person, depending on the existing conditions.

321.9.2 VOLUNTEERED AND SPONTANEOUS STATEMENTS

These are not barred and no warning need be given preceding them. However, questioning initiated by the police officer thereafter in clarification or amplification of the volunteered or spontaneous statement, should be preceded by a Miranda warning.

321.9.3 DOCUMENTATION OF RIGHTS

The fact that a prisoner who gives a statement was so advised or admonished should be included at the beginning of any written statement or included in the police report if the statement is obtained orally.

- (a) Advice of Constitutional Rights shall be read directly from the department authorized Miranda rights card.
- (b) The officer shall document who gave the rights advisement to the suspect, the date and time of the advisement.
- (c) If an officer utilizes the Tigard Police Constitutional Rights form, then the suspect will voluntarily sign indicating they understand their rights and have no questions about their rights. If they refuse to sign, the officer will write "Refused" in the suspect's signature place. This form will be kept with the officer's report.
- (d) It may be necessary for the officer to testify in court as to the precise language used to warn the suspect of their rights and the precise language by which the suspect waived these rights.

Search and Seizure

322.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Tigard Police Department personnel to consider when dealing with search and seizure issues.

322.2 POLICY

It is the policy of the Tigard Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

322.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

Tigard Police Department

Tigard PD Policy Manual

Search and Seizure

322.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation; the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
 1. Another officer or a supervisor should witness the search.
 2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

322.5 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

Temporary Custody of Juveniles

324.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Tigard Police Department (34 USC § 11133).

Guidance regarding contacting juveniles at schools or those who may be victims is provided in the Child Abuse Policy.

324.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare. This includes a juvenile taken into protective custody pursuant to a court order or without an order when there is reasonable cause to believe that (ORS 419B.150; ORS 419B.152):

- (a) An imminent threat of severe harm to the child exists.
- (b) The child poses an imminent threat of severe harm to self or others.
- (c) An imminent threat that the child may be removed from the jurisdiction of the juvenile court exists.
- (d) The child has run away from home.

This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person.

Juvenile offender - A juvenile under 18 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense). It also includes a juvenile who possesses a handgun in violation of ORS 166.250 (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other department member at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication, is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.

Tigard Police Department

Tigard PD Policy Manual

Temporary Custody of Juveniles

- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when an unsecure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, or truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

324.2 POLICY

The Tigard Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Tigard Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

324.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Tigard Police Department:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated
- (e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

These juveniles should not be held at the Tigard Police Department unless they have been evaluated by a qualified medical and/or mental health professional.

Tigard Police Department

Tigard PD Policy Manual

Temporary Custody of Juveniles

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed.

324.3.1 TEMPORARY CUSTODY REQUIREMENTS

All juveniles held in temporary custody shall have the following made available to them:

- (a) Access to toilets and washing facilities
- (b) One snack upon request during term of temporary custody if the juvenile has not eaten within the past four hours or is otherwise in need of nourishment. The snack shall be provided by the arresting officer or as directed by a supervisor
- (c) Access to drinking water
- (d) Privacy during visits with family, guardian, or lawyer
- (e) Provide the juvenile an opportunity to make at least two telephone calls within one hour of being taken into temporary custody. The telephone calls must be made to a parent, guardian, responsible relative, employer, or an attorney

324.3.2 NON-CONTACT REQUIREMENTS

There shall be no contact between juveniles held in temporary custody (either non-secure or secure detention) and adult prisoners.

324.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Tigard Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Tigard Police Department without authorization of the on duty supervisor.

Juvenile offenders should be held in non-secure custody while at the Tigard Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond five hours from the time of his/her entry into the Tigard Police Department (ORS 419B.160; ORS 419C.130).

324.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Tigard Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible (ORS 419B.165; ORS 419B.168; ORS 419B.152). Juvenile non-offenders may not be held in secure custody (34 USC § 11133; ORS 419B.160).

Tigard Police Department

Tigard PD Policy Manual

Temporary Custody of Juveniles

Prior to releasing a non-offender to the noncustodial parent, officers shall run a criminal records check on the noncustodial parent and any adults in the same home as the noncustodial parent (ORS 419B.165).

324.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133).

324.4.3 CUSTODY OF JUVENILE OFFENDERS

Generally, a juvenile offender may be taken into custody:

- (a) When it reasonably appears that the juvenile is a fugitive from another state (ORS 419C.145).
- (b) When there is a court order endorsed as provided in ORS 419C.306 and directing that a juvenile be taken into custody (ORS 419C.080).
- (c) When, if the juvenile were an adult, he/she could be arrested without a warrant (ORS 419C.080).
- (d) An officer shall take a juvenile into custody when the officer has probable cause to believe the Juvenile, while in a public building or court facility within the last 120 days, unlawfully possessed a firearm or a destructive device (ORS 419C.080).

In most cases, juveniles are simply referred to the Washington County Juvenile Department for prosecution. The *Tigard Police Custody Report* (with all charges listed) serves as the referral document. Upon arresting a juvenile, Officers will contact the Washington County Juvenile Department; they will be provided with direction as to if the youth will be lodged; released to a responsible adult; or released upon their own recognizance. Officers should document who they spoke with at the juvenile department and write the custody decision in the body of the custody report. Court appearance dates will be determined at a later time and the custody report should reflect a date to be determined (TBD). When a juvenile is lodged (by direction of the Washington County Juvenile Department) the completed custody report must be provided within 24 hours of the arrest.

See Tigard Police Policy 420.5 (Juvenile Citations) for those exceptions when a uniform complaint/citation shall be issued to a juvenile offender.

324.4.4 COURT NOTIFICATIONS OF JUVENILE OFFENDERS

Tigard PD Policy Manual

Adult Abuse

- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (ORS 430.739).

326.5 INVESTIGATIONS AND REPORTING

All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated. The Department must begin investigations of abuse in a long-term care facility (ORS 441.650):

- Within two hours where a resident's health or safety is in imminent danger or the resident recently died, was hospitalized or was treated in an emergency room.
- Prior to the end of the next working day if circumstances exist that could result in abuse and place the resident's health or safety in imminent danger.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

- (b) Any relevant statements the victim may have made and to whom he/she made the statements.

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact DHS. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible

Adult Abuse

adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to DHS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

326.6.1 DHS ASSISTANCE

An officer shall cooperate with DHS when assistance is requested by written notice to gain access to an abused person and the officer believes that there is reasonable cause that a crime has been committed and an emergency exists that requires access to the person to ensure his/her safety (ORS 124.065; ORS 430.743; OAR 411-020-0085).

326.7 INTERVIEWS

326.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

326.7.2 DETAINING VICTIMS FOR INTERVIEWS

An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 1. A reasonable belief that medical issues of the adult need to be addressed immediately.
 2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.

Tigard Police Department

Tigard PD Policy Manual

Adult Abuse

3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
 - (b) A court order or warrant has been issued.

326.8 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The officer should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

326.9 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

326.9.1 SUPERVISOR RESPONSIBILITIES

The Criminal Investigation Unit supervisor should:

- (a) Work with professionals from the appropriate agencies, including DHS, other law enforcement agencies, medical service providers and local prosecutors, to develop community-specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Criminal Investigation Unit supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the adult.

326.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

- (a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.

Tigard Police Department

Tigard PD Policy Manual

Adult Abuse

- (b) Conducting interviews.
- (c) Availability of therapy services for adults and families.
- (d) Availability of specialized forensic medical exams.
- (e) Cultural competence (including interpretive services) related to adult abuse investigations.
- (f) Availability of victim advocates or other support.

Discriminatory Harassment

328.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

This policy also applies to department elected officials (ORS 243.319).

328.2 POLICY

The Tigard Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Department will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits, and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights and privileges it is designed to protect.

The nondiscrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

328.3 DEFINITIONS

Definitions related to this policy include:

328.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law (ORS 659A.030; ORS 659A.082; ORS 659A.112).

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes; stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to the department policy and to a work environment that is free of discrimination.

Tigard Police Department

Tigard PD Policy Manual

Discriminatory Harassment

328.3.2 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly as a term or condition of employment, position, or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

328.3.3 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles, or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under Equal Employment Opportunity Commission (EEOC) and the Oregon Bureau of Labor and Industries' Civil Rights Division.
- (b) Bona fide requests or demands by a supervisor that the member improve the member's work quality or output, that the member report to the job site on time, that the member comply with City or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

328.3.4 REASONABLE ACCOMMODATIONS

If any employee is in need of reasonable accommodations they should contact the Human Resources Division.

328.3.5 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

328.4 RESPONSIBILITIES

This policy applies to all department members, who shall follow the intent of these guidelines in a manner that reflects department policy, professional standards, and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Human Resources Director, or the City Manager.

Discriminatory Harassment

Any member who believes, in good faith, that the member has been discriminated against, harassed, or subjected to retaliation, or who has observed harassment, discrimination, or retaliation, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with a resolution as stated below.

328.4.1 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors and managers shall include but are not limited to:

- (a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment, or retaliation.
- (b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.
 - 1. Unless a member objects in writing, a supervisor designated by the Chief of Police shall follow up with a member once every three months for a year following the date on which the member reported the incident to determine whether the alleged harassment has stopped or if the member has experienced retaliation (ORS 243.321).
- (c) Ensuring that their subordinates understand their responsibilities under this policy.
- (d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Making a timely determination regarding the substance of any allegation based upon all available facts.
- (f) Notifying the Chief of Police or the Human Resources Director in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment, or retaliation no later than the next business day.

328.4.2 SUPERVISOR'S ROLE

Supervisors and managers shall be aware of the following:

- (a) Behavior of supervisors and managers should represent the values of the Department and professional standards.
- (b) False or mistaken accusations of discrimination, harassment, or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members, or issuing discipline, in a manner that is consistent with established procedures.

328.4.3 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the Human Resources Director, or the City Manager for further information, direction, or clarification.

328.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination, retaliation, or harassment shall be fully documented, and promptly and thoroughly investigated.

328.5.1 SUPERVISOR RESOLUTION

Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

328.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint, or for offering testimony or evidence in an investigation (ORS 659A.199).

Formal investigation of the complaint will be confidential to the extent possible and will include but is not limited to details of the specific incident, frequency and dates of occurrences, and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed, or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, the Human Resources Director, or the City Manager.

328.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated against, or retaliated against are entitled to bring complaints of employment discrimination to federal, state, and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

Child Abuse

330.1 PURPOSE AND SCOPE

330.1.1 DEFINITIONS

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

330.3 MANDATORY NOTIFICATION

Members of the Tigard Police Department shall notify DHS when a report of child abuse is received or when there is reasonable cause to believe that a child has suffered abuse (ORS 419B.010).

For purposes of notification, a child is an unmarried person under 18 years of age (ORS 419B.005(2)).

If the alleged child abuse occurred in a school or was related to a school-sponsored activity, notification shall be made to the Department of Education (ORS 419B.020).

330.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available for child abuse investigations. These investigators should:

- (a) Conduct interviews in child-appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to child abuse investigations.
- (c) Present all cases of alleged child abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (ORS 418.747).

330.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, an officer shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

Tigard Police Department

Tigard PD Policy Manual

Child Abuse

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.
- (c) Any relevant statements the child may have made and to whom he/she made the statements.
- (d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.
- (f) Whether the child victim was transported for medical treatment or a medical examination.
- (g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.
- (h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.
- (i) Previous addresses of the victim and suspect.
- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

330.5.1 KARLY'S LAW

In all cases of suspicious physical injury to a child, the investigating officer shall, in accordance with any relevant county multidisciplinary team protocols (ORS 419B.023):

- (a) Immediately photograph or cause to be photographed any visible injuries or any injuries identified by the child if practicable, and in the manner described in ORS 419B.028.
- (b) Ensure that photographs of the injuries are distributed to the designated medical professional and placed in any relevant files by the end of the next regular business day or within 48 hours, whichever occurs later (ORS 419B.028(2)).
- (c) Ensure that a designated medical professional conducts a medical assessment of the child within 48 hours or sooner, according to the child's medical needs. If a designated medical professional is unavailable for the assessment, the investigating officer must ensure that the child is evaluated by an available physician.

330.5.2 INVESTIGATIONS ON SCHOOL PREMISES

When an investigation of child abuse is conducted on school premises, the investigating officer shall first notify the school administrator of the investigation, unless the school administrator

Child Abuse

is a subject of the investigation. The investigator shall present identification to school staff members. The investigator is not required to reveal information about the investigation to the school as a condition of conducting the investigation. At the investigator's discretion, the school administrator or a school staff member designated by the school administrator may be present to facilitate the investigation. Prior to any interview with the affected child, the investigating officer shall be advised of the child's disabling conditions, if any. These provisions apply to an investigation that involves an interview with the suspected victim of abuse or witnesses and not to investigations or interviews of a person suspected of having committed the abuse (ORS 419B.045).

330.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact DHS. Generally, removal of a child from his/her family, guardian, or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to DHS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (ORS 419B.150):

- (a) When there is reasonable cause to believe any of the following:
 - 1. An imminent threat of severe harm to the child exists
 - 2. The child poses an imminent threat of severe harm to self or others
 - 3. An imminent threat that the child may be removed from the jurisdiction of the juvenile court exists
- (b) When the juvenile court has issued a valid order that the child is to be taken into protective custody
- (c) When it reasonably appears that the child has run away from home

330.6.1 NOTICE TO PARENTS

When an officer takes a child into protective custody, if possible, the officer shall:

Tigard Police Department

Tigard PD Policy Manual

Child Abuse

- (a) Make reasonable efforts to immediately notify the child's parents or guardian, regardless of the time of day.
- (b) Advise the reason the child has been taken into custody.
- (c) Provide general information about the child's placement and the telephone number of the local DHS office, including any after-hours telephone numbers (ORS 419B.020).

330.6.2 SAFE HAVEN PROVISION

A parent may leave an infant who is not more than 30 days old at an authorized facility, including this department, as long as the child has no evidence of abuse (ORS 418.017).

When an infant is surrendered to this department, members of the Tigard Police Department shall follow the provisions set forth in ORS 418.017.

330.7 INTERVIEWS

330.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

330.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not involuntarily detain a child who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

330.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

Tigard Police Department

Tigard PD Policy Manual

Child Abuse

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

330.8.1 COURT ORDERS FOR PRESERVATION OF EVIDENCE

When an officer is taking a child into protective custody and has reasonable cause to believe that the child has been affected by sexual abuse and rape, and that physical evidence of the abuse exists and is likely to disappear, the court may authorize a physical examination for the purpose of preserving evidence, if such examination is in the best interest of the child (ORS 419B.020).

330.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

330.9.1 SUPERVISOR RESPONSIBILITIES

The Criminal Investigation Unit supervisor should:

- (a) Work with professionals from the appropriate agencies, including DHS, other law enforcement agencies, medical service providers and local prosecutors to develop community-specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Criminal Investigation Unit supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

330.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Criminal Investigation Unit supervisor so an interagency response can begin.

330.10 STATE MANDATES AND OTHER RELEVANT LAWS

Oregon requires or permits the following:

Tigard Police Department

Tigard PD Policy Manual

Missing Persons

Officers will utilize and fill out the Tigard Police Department Missing Person Checklist and turn it in with their report for investigative purposes.

Cases involving runaway juveniles will be assigned by the supervisor to the School Resource Officers (SRO) within seventy-two hours (72) of the initial report. The SRO assigned shall upon receipt of the case contact the complainant and determine if there has been any change in the status of the case, or if there is now additional information regarding the location of the runaway. A special report will be completed by the SRO. If there is no additional information or leads, the case may be suspended at that time.

After thirty (30) days from the date of contact with the runaway, the investigation will be re-opened and assigned to a detective. The detective will take the same steps as mentioned above, but will also attempt to have the complainant authorize the release of dental / medical records for entries into LEDS / NCIC. Additionally, a bulletin shall be created based on the information available, and entries made into OSIN / RISS for nationwide distribution if applicable. If no leads are known, the case may be suspended at that time until ninety (90) days when the investigation will be re-opened and all leads reviewed. 336.6 WITNESSES

Officers should never guarantee a witness' safety from future harm or that his/her identity will always remain confidential. Officers may make practical safety suggestions to witnesses who express fear of future harm or retaliation.

Officers should investigate allegations of witness intimidation and take enforcement action when lawful and reasonable.

Hate Crimes

338.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with guidelines for identifying and investigating incidents and crimes that may be motivated by hatred or other bias.

338.1.1 DEFINITIONS

Definitions related to this policy include:

Hate crime - A bias crime motivated by prejudice based on actual or perceived race, color, religion, national origin, ethnicity, gender, sexual orientation, gender identity or expression, or disability of the victim (ORS 166.155; ORS 166.165).

338.2 PREVENTION AND PREPARATION

While it is recognized that not all crime can be prevented, this department is committed to taking a proactive approach to preventing and preparing for likely hate crimes by:

- (b) Providing victim assistance and community follow-up or identifying available resources to do so.
- (c) Educating community and civic groups about hate crime laws.

338.3 INVESTIGATIONS

Whenever any member of this department receives a report of a suspected hate crime or other activity that reasonably appears to involve a potential hate crime, the following should occur:

- (a) Assigned officers should promptly contact the victim, witness, or reporting party to investigate the matter further, as circumstances may dictate.
- (b) A supervisor should be notified of the circumstances as soon as practicable.

338.5 POLICY

The Tigard Police Department recognizes and places a high priority on the rights of all individuals guaranteed under the state and federal constitution and incorporated in state and federal law.

Standards of Conduct

340.1 PURPOSE AND SCOPE

This policy establishes standards of conduct that are consistent with the values and mission of the Tigard Police Department and are expected of all department members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or a member's supervisors.

340.1.1 LAWS, RULES AND ORDERS: OBEDIENCE TO ORDERS AND CONDUCT TOWARD SUPERVISORS

Members are required to conform to, and abide by, the rules and regulations of the Tigard Police Department, ordinances of the City and County, Federal laws and of the laws of all states. Members shall not commit any act, or fail to perform any act, that constitutes a violation of any rules, regulations, instruction, directives, or orders of the Department, whether stated in these directives or elsewhere.

Members shall acquire a thorough knowledge of State and Federal laws and City ordinances, as well as the elements that constitute criminal acts in violation of the various sections thereof, and will acquaint themselves with the fundamental rules of evidence.

The responsibility for having knowledge and comprehension of the Lexipol Manual of Policy and Procedure, all orders, bulletins, and regulations, pertinent reports and all memoranda issued by the Chief of Police or the member's Division manager, rests with the member. After an absence from duty, members shall, upon returning to duty, read all orders issued by the Chief of Police or their Division manager and all applicable bulletins, regulations or memoranda issued during their absence. Members having any question or uncertainty will immediately seek clarification via the chain of command.

Members shall promptly obey any lawful written or verbal order of a supervisor. This will include orders relayed from a supervisor by a member of the same or lesser rank.

Members, who are given an otherwise proper order that is in conflict with a previous order, rule, regulation or directive, shall respectfully inform the supervisor issuing the order of the conflict. If the supervisor issuing the order does not alter or retract the conflicting order, the order shall stand. Under these circumstances the responsibility for the conflict shall be upon the supervisor. Members shall obey the conflicting order and shall not be held responsible for disobedience of the order, rule, regulation or directive previously issued. Members shall not obey any order that would require them to commit any illegal act. If in doubt as to the legality of an order members shall request the issuing supervisor to clarify the order or to confer with higher authority.

Members shall notify a supervisor when cited or arrested for a criminal offense, drug or alcohol-related charge, or if their driver's license is suspended.

Tigard Police Department

Tigard PD Policy Manual

Standards of Conduct

340.2 POLICY

The continued employment or appointment of every member of the Tigard Police Department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

An employee's off-duty conduct shall be governed by this policy to the extent that it is related to act(s) that may materially affect or arise from the employee's ability to perform official duties or to the extent that it may be indicative of unfitness for his/her position.

340.2.1 DUE PROCESS

No disciplinary action shall be taken against an employee without just cause.

Prior to taking disciplinary action against an employee a supervisor shall:

- (a) Notify the employee in writing of the charges and the proposed disciplinary action; and
- (b) Provide the employee with an opportunity to respond to the charges at an informal hearing which may be recorded with the person or persons having authority to impose the proposed disciplinary action.
- (c) It is the policy of the Department that all disciplinary matters will conform to the collective bargaining agreement between the City of Tigard and the Tigard Police Officer's Association, specified in Section 27 "Discipline and Discharge."
- (d) The specific process for determining rule violations will generally follow the established procedures set out in the Police Department's Allegation/Complaint Investigation Packet.

340.2.2 PROGRESSIVE DISCIPLINE

The administration of discipline is generally expected to be progressive in nature, with relatively minor, non-repetitive violations of rules resulting in documented counseling (non-disciplinary) for first time violators. The purpose of non-disciplinary counseling is to train, coach, and monitor the employee's conduct to gain their compliance with the rules. Repetitive similar violations, or more serious violations, would generally result in progressive and more serious forms of discipline being administered.

The types of discipline that may be imposed include, but are not limited to, those mentioned in Section 27.1 of the current TPOA collective bargaining agreement or Section 16-18 of the City of Tigard personnel policies for non-represented employees.

Nothing in this policy is intended to preclude the administration of more serious forms of discipline, including termination, for a first offense if the seriousness of the offense warrants it.

340.3 DIRECTIVES AND ORDERS

Members shall comply with lawful directives and orders from any department supervisor or person in a position of authority, absent a reasonable and bona fide justification.

Tigard Police Department

Tigard PD Policy Manual

Standards of Conduct

340.3.1 UNLAWFUL OR CONFLICTING ORDERS

Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

340.3.2 SUPERVISOR RESPONSIBILITIES

Supervisors and managers are required to follow all policies and procedures and may be subject to discipline for:

- (a) Failure to be reasonably aware of the performance of their subordinates or to provide appropriate guidance and control.
- (b) Failure to promptly and fully report any known misconduct of a member to his/her immediate supervisor or to document such misconduct appropriately or as required by policy.
- (c) Directing a subordinate to violate a policy or directive, acquiesce to such a violation, or are indifferent to any such violation by a subordinate.
- (d) The unequal or disparate exercise of authority on the part of a supervisor toward any member for malicious or other improper purpose.

340.3.3 RETALIATION PROHIBITED

In order to ensure all members have the opportunity to perform their duties to their fullest potential, it is essential that a supportive working environment be maintained. This environment must be free from fear of retaliation in any manner. Retaliation may occur for such reasons as, but not limited to:

- (a) Reporting misconduct.

Tigard Police Department

Tigard PD Policy Manual

Standards of Conduct

All members will refrain from any acts of retaliation. These acts include, but are not limited to:

- (a) Refusal to provide back-up or support.
- (b) Creation of a hostile work environment.
- (c) Intimidation or ridicule.
- (d) Inappropriate jokes, remarks or gestures.

Responsibility, Accountability, and Control

- (a) All members have a responsibility for promoting a retaliation-free work environment. In addition, supervisors have the responsibility of ensuring that all employees are informed of the seriousness of retaliation and its consequences.

340.3.4 COURTESY

Members shall, on all occasions in the performance of their duties or after identifying themselves as a Tigard Police Department member, be respectful, courteous and considerate toward their supervisors, their subordinates, all other members and the public. No member shall use profanity in the performance of his/her duties. It may be necessary to quote another person in reports or in testimony. Members may be required to use profanity to establish control in the exceptional circumstances where its use may help avoid the deployment of physical or deadly force. These circumstances are very limited and shall be documented in an appropriate report. No member shall use epithets or terms that tend to denigrate any particular gender, race, nationality, sexual orientation, ethnic or religious group, except when necessary to quote another person in reports or in testimony.

340.3.5 TRUTHFULNESS

The integrity of police service is based on truthfulness. No member shall knowingly or willfully depart from the truth in giving testimony, or in rendering a report, or in giving any statement about any action taken that relates to his/her own or any other member's employment or position. Members will not make any false statements to justify a criminal or traffic charge, or seek to unlawfully influence the outcome of any investigation.

Tigard Police Department

Tigard PD Policy Manual

Standards of Conduct

These requirements apply to any report concerning Department business, including but not limited to, written reports, transmissions to the Washington County Consolidated Communications Association and members via radio, telephone, pager, e-mail or mobile data computer (MDC).

Members are obligated under this directive to respond fully and truthfully to questions about any action taken that relates to the member's employment or position regardless of whether such information is requested during a formal investigation or during the daily course of business.

340.4 GENERAL STANDARDS

Members shall conduct themselves, whether on- or off-duty, in accordance with the United States and Oregon constitutions and all applicable laws, ordinances, and rules enacted or established pursuant to legal authority.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

Discipline may be initiated for any good cause. It is not mandatory that a specific policy or rule violation be cited to sustain discipline. This policy is not intended to cover every possible type of misconduct.

340.4.1 DUTY TO INTERVENE AND REPORT MISCONDUCT

An officer who observes another officer engaging in misconduct shall intervene to prevent or stop the conduct unless the officer cannot intervene safely. An officer who witnesses such conduct shall report the misconduct to a supervisor as soon as practicable, but not later than 72 hours after witnessing the misconduct (2020 Oregon Laws, c.5, § 2).

Failure to intervene or report the misconduct is grounds for discipline by the Department or suspension or revocation of the officers certification by the Department of Public Safety Standards and Training (2020 Oregon Laws, c.5, § 2).

Misconduct means (2020 Oregon Laws, c.5, § 2):

- (a) Unjustified or excessive force that is objectively unreasonable under the circumstances or in violation of the department policies related to the use of force

Members will wear their badge or Police Department I.D. so to be clearly visible in all City facilities.

The only exceptions to the I.D. presentation rule are when the providing of this information impairs the performance of the police duties or a supervisor has authorized the withholding of information.

Business or personal cards that refer to the Police Department shall be used by members only in connection with official business and will conform to the approved City form.

340.4.3 MISUSE OF OFFICIAL POSITION OR IDENTIFICATION

Members shall not use their official position, official identification (I.D.) cards, DPSST certification card or badges for personal or financial gain, obtaining privileges not otherwise available to them but for their official position (except as approved by the Chief of Police), or for avoiding consequences of illegal acts (i.e., if stopped off duty for a traffic violation). Members shall not lend to another person their I.D. cards, badge or name tags, nor use another person's I.D. card or name tag. These items will not be photographed or reproduced without the approval of the Chief of Police.

Members shall not authorize the use of their names, photographs or official titles that identify them as Department members in connection with testimonials or advertisements of any commodity or commercial enterprise, without the written approval of the Chief of Police. The request should identify specifically what will be photographed or used and how it will be depicted. The purpose of the advertisement should also be described.

Media Relations

346.1 PURPOSE AND SCOPE

This policy provides guidelines for media releases and dissemination of information regarding incidents and actions involving the Police Department. It also details media access for information as well as accessibility to scenes of disasters, criminal investigations, emergencies and other law enforcement involved activities.

346.2 RESPONSIBILITIES

The ultimate authority and responsibility for the release of information to the media shall reside with the Chief of Police. However, in situations not warranting immediate notice to the Chief of Police and in situations where the Chief of Police has given prior approval, the designated Public Information Officer (PIO) or a supervisory/Command Staff member may prepare and release information to the media in accordance with this policy and the applicable law. **If someone other than the PIO (in his/her absence) issues a release, a copy of the media release will be sent to the Public Information Officer.**

Public information is to be provided to the media in an accurate, timely, and detailed manner consistent with individual rights and protections. The Public Information Officer will prepare and disseminate releases of human interest stories, awards, announcements, appeals to the public for assistance, clearance of cases, property recoveries, etc., on request. All personnel are encouraged to submit such information for release to the Public Information Officer. The Public Information Officer will be responsible for all news releases when at the scene of the occurrence and will facilitate and coordinate all media contact when major incidents occur. Because follow-up media releases may be necessary on major incidents, the Public Information Officer must be kept abreast of any new developments surrounding the incident. In the event the Public Information Officer is not available, the supervisor in charge will (following departmental guidelines) cause a written media release to be prepared for the news media, forwarding a copy of same to the Public Information Officer. The Public Information Officer should in most cases be the only source of media information. The Public Information Officer must be kept informed of contacts with the news media by other department personnel to maintain continuity of reporting. It is the responsibility of the Public Information Officer to be aware of all Tigard Police Department activity that might fall under the realm of the news media, and to keep administrative personnel abreast of all cases that draw media attention. All media releases are to follow the guidelines listed within this policy.

346.2.1 MEDIA REQUEST

Any media request for information or access to a law enforcement situation shall be referred to the designated department media representative, or if unavailable, to the first available supervisor. Prior to releasing any information to the media, employees shall consider the following:

- (a) At no time shall any employee of this department make any comment or release any official information to the media without prior approval from a supervisor or the designated department media representative.

Tigard Police Department

Tigard PD Policy Manual

Media Relations

- (b) In situations involving multiple law enforcement agencies, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this department.
- (c) Under no circumstance should any member of this department make any comment(s) to the media regarding any law enforcement incident not involving this department without prior approval of the Chief of Police.

346.2.2 MEDIA INQUIRIES

(a) **Walk-In Inquiries**

1. Walk-in inquiries should be first directed to the Public Information Officer. If the Public Information Officer is unavailable, the shift supervisor may be contacted. Every effort should be made to accommodate the inquiry.
2. The Media Information Log is automated to generate each morning. The log will always need to be checked for information that may not be suitable for the public or media to view. Once the log is reviewed for applicability, it is faxed to the media upon request.

(b) **Telephone Inquiries**

1. If there is an issue that the media is inquiring about during normal business hours and they are not on-scene, the on-duty Records Clerk should contact (in order of availability):
 - (a) Public Information Officer.
 - (b) A patrol supervisor preferably one not involved in the incident, if available.
 - (c) Operations Commander
 - (d) Chief of Police.
2. If there is an issue that the media is calling about **after normal business hours, on weekends and holidays**, and they are not at the scene of the incident, the on-duty Records Clerk should advise as follows (in order of availability):
 - (a) Public Information Officer.
 - (b) Patrol shift supervisor. If two are working, the supervisor not involved in the incident should respond back to the media.
 - (c) Operations Commander
 - (d) Chief of Police.

(c) **On-Scene Inquiries**

Tigard Police Department

Tigard PD Policy Manual

Media Relations

1. If the media is at the scene of an incident and requesting media information, the notification should immediately be forwarded to (in order of availability):
 - (a) Public Information Officer
 - (b) A patrol supervisor preferably one not involved in the incident, if available.
 - (c) Operations Commander
 - (d) Chief of Police

346.3 MEDIA ACCESS

Authorized members of the media should be provided access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities subject to the following conditions:

- (a) The media representative shall produce valid press credentials that shall be prominently displayed at all times while in areas otherwise closed to the public.
- (b) Media representatives may be prevented from interfering with emergency operations and criminal investigations.
 1. Reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation operations. All information released to the media should be coordinated through the department Public Information Officer or other designated spokesperson.
 2. Whenever the presence of media or other aircraft poses a threat to public or officer safety or significantly hampers incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for TFRs should be routed through the Watch Commander. The TFR should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration should be contacted (14 CFR 91.137).
- (c) No member of this department who is under investigation should be subjected to media visits or interviews without the consent of the involved employee.
- (d) Media interviews with individuals who are in custody shall not be permitted without the approval of the Chief of Police and the express consent of the person in custody.
- (e) Media representatives will not be allowed to enter the inner perimeter of a tactical situation or a crime scene while an incident or investigation is in progress.

A tactical operation should be handled in the same manner as a crime scene, except that the news media should be permitted within the outer perimeter of the scene, subject to any restrictions as set

Tigard Police Department

Tigard PD Policy Manual

Media Relations

forth by the supervisor in charge. Department members shall not jeopardize a tactical operation in order to accommodate the news media. All comments to the media shall be coordinated through a supervisor or the Public Information Officer.

346.3.1 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of officers and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media, nor should media representatives be invited to be present at such actions except with the prior approval of the Chief of Police.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception the Chief of Police will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.

346.3.2 NEWS MEDIA ENTERING THE AREA OF A SERIOUS POLICE INCIDENT OR CRIME SCENE

Police lines may be established to prevent persons from entering the area of a serious police incident or crime scene. Dependent upon the tactical situation and the likelihood of jeopardizing police operations, members of the news media may be allowed in such areas. Authorization for entry is normally dependent upon the possession of permanent or temporary news media identification. In the event a member of the media does not have in his/her possession news media identification, and it is reasonably apparent the person is in fact a member of the media, and the operation of obtaining news coverage appears to be limited in duration, the person may be recognized as a news media member.

346.3.3 TEMPORARY FLIGHT RESTRICTIONS

Whenever the presence of media or other aircraft pose a threat to public or officer safety or significantly hampers incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Watch Commander. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident. It should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration should be contacted (14 CFR 91.137). All requests for TFR should be routed through the Watch Commander.

346.4 INFORMATION SUBJECT TO RELEASE

The Department will maintain a daily information log of significant law enforcement activities that shall be made available, upon request, to media representatives through the Public Information Officer.

Any requests for copies of related reports or additional information not contained in this log shall be referred to the designated departmental media representative, the custodian of records, or if

Tigard Police Department

The record of an arrest or the report of a crime shall be disclosed unless there is a clear need to delay disclosure in the course of a specific investigation, including the need to protect the complaining party or the victim. Once the clear need to delay release is no longer present, the following information must be released.

For purposes of this subsection, the record of an arrest or the report of a crime includes:

The Criminal Investigation Unit Supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the Oregon State Police in accordance with ORS 163A.035 and OAR 257-070-0100.

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to report.

Employees will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Employees who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on registrants should be provided the Sex Offender Inquiry System (<http://sexoffenders.oregon.gov/>), or the Tigard Police Department's website.

The Records Supervisor shall release local registered offender information to residents in accordance with state law and in compliance with Oregon Public Records Law requests (ORS 163A.215; ORS 163A.225; ORS 192.311 to ORS 192.499).

356.5.1 RELEASE NOTIFICATIONS

The body, effects of the deceased, and any instruments or weapons related to the death shall not be disturbed or moved from the position or place of death without permission of the Medical Examiner, medical-legal death investigator or the District Attorney (ORS 146.103).

A Medical Examiner, medical-legal death investigator or District Attorney, in conjunction with the Tigard Police Department and/or the county Major Crime Team, shall take custody of, or exercise control over the body, the effects of the deceased and any weapons, instruments, vehicles, buildings or premises which the medical examiner has reason to believe were involved in the death, in order to preserve evidence related to the cause and manner of death (ORS 146.103).

The members of the Tigard Police Department will work cooperatively with both the Medical Examiner's Office and the District Attorney in all death investigations.

Death Investigation

360.2.2 SEARCHING DEAD BODIES

Whenever possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain at the scene with the officer pending the arrival of the Medical Examiner. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased, a receipt shall be obtained. This receipt shall be attached to the death report.

Officers must make a reasonable search of an individual who reasonably appears to be dead or near death for a document of gift or other information identifying the individual as a donor or as an individual who made a donor refusal. If a document of gift or a refusal to make an anatomical gift is located and the individual or deceased individual is taken to a hospital, the officer must alert the hospital staff to the documentation and forward it to the hospital (ORS 97.970). Officers must consider the integrity of the scene and evidence collection issues when deciding whether a search is reasonable.

360.2.3 DEATH NOTIFICATION

When practical, and if not handled by the Medical Examiner's Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident or the Department Chaplain. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Medical Examiner may be requested to make the notification. The Medical Examiner needs to know if notification has been made. Assigned detectives may need to talk to the next-of-kin.

Upon identifying the body, investigators shall attempt to locate the next of kin or responsible friends to obtain the designation of a funeral home to which the deceased is to be taken.

360.2.4 UNIDENTIFIED DEAD BODIES

If the identity of a dead body cannot be established after the Medical Examiner arrives, the Medical Examiner's office will issue a "John Doe" or "Jane Doe" number for the report.

360.2.5 DEATH INVESTIGATION REPORTING

All incidents involving a death shall be documented on the appropriate form.

360.2.6 SUSPECTED HOMICIDE

If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the Investigations Division shall be notified to determine the possible need for a detective to respond to the scene for further immediate investigation.

Identity Theft

362.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. A person commits the crime of identity theft if the person, with the intent to deceive or to defraud, obtains, possesses, transfers, creates, utters or converts to the person own use the personal identification of another person (Oregon Revised Statutes 165.800). This policy is intended to provide guidelines for the reporting and investigation of such crimes.

362.2 REPORTING

- (a) In an effort to maintain uniformity in reporting, officers presented with the crime of "identity theft" shall initiate a report for victims residing within the jurisdiction of this department. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:
 1. For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.
- (b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction).
- (c) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
- (d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.
- (e) Following supervisory review and departmental processing, the initial report should be forwarded to the appropriate detective or officer for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.

Private Persons Arrests

364.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to ORS 133.220(5).

364.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

Officers should use sound discretion in determining whether or not to advise an individual of the arrest process.

- (a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.
- (b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

364.3 ARRESTS BY PRIVATE PERSONS

A private person may arrest another person for any crime committed in the presence of the private person if the private person has probable cause to believe the arrested person committed the crime. A person making such an arrest shall, without unnecessary delay, take the arrested person before a magistrate or deliver the arrested person to a peace officer (ORS 133.225).

In making an arrest, a private person may use the amount of force they reasonably believe is necessary to make the arrest or to prevent the arrested person's escape.

364.4 OFFICER RESPONSIBILITIES

Any officer presented with a private person wishing to make an arrest must determine whether or not there is probable cause to believe that such an arrest would be lawful.

- (a) Should any officer determine that there is no probable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.
 - 1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual. The officer must include the basis of such a determination in a related report.
 - 2. Absent probable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should

Tigard Police Department

Tigard PD Policy Manual

Private Persons Arrests

advise the parties that no arrest will be made and that the circumstances will be documented in a related report.

- (b) Whenever an officer determines that there is probable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:
1. Take the individual into physical custody for booking.
 2. Release the individual subsequent to the issuance of a citation for the individual to appear in the appropriate court.

364.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a written statement of facts.

In addition to the written statement (and any other related documents such as citations, booking forms, etc.), officers shall complete an incident and custody report regarding the circumstances and disposition of the incident. The officer shall have the arresting private person sign the back of the incident and custody report.

Mass Arrest and Civil Unrest

365.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines to effectively deal with crowds engaged in or posing a significant threat of engaging in violence, property damage or breaches of the peace.

365.1.1 POLICY

The department shall be prepared to respond to any location or incident wherein mass arrest may be necessary, and will handle such arrests in a professional manner while safeguarding the constitutional rights of all citizens. The manner in which department members deal with unruly crowds and illegal gatherings has direct bearing on their ability to control and defuse the incident and contain property damage, injury or loss of life. Officers confronting civil disturbances and mass arrest situations, and those called upon to assist in these incidents shall follow the procedures of containment, evacuation, communications, use of force, and command and control as enumerated in this policy.

365.1.2 DEFINITIONS

Civil Disturbance: An unlawful assembly that constitutes a breach of the peace or any assembly of persons where there is imminent danger of collective violence, destruction of property or other unlawful acts.

Mass Arrest: Arrests in excess of five (5) persons arising out of one incident or location in a limited period of time.

Riot: (ORS 166.015) Five or more persons engaged in tumultuous and violent conduct and thereby intentionally or recklessly creating a grave risk of causing public harm.

365.1.3 GUIDELINES

Section 365.1.4 states the Department's guidelines for public assemblies. It may be given to those who plan to have an assembly and have questions about the Department's involvement. Section 365.1.5 summarizes the legal basis of authority to act in crowd situations in and around the City of Tigard.

365.1.4 TIGARD POLICE DEPARTMENT GUIDELINES FOR PUBLIC ASSEMBLIES

General Information

The Tigard Police Department recognizes the Constitutional right of individuals to peacefully assemble and redress grievances. The department will not take actions that violate these rights and will remain neutral with respect to the issues that caused the assembly. Our purpose and responsibility is only to maintain the peace and order. These guidelines are provided to you in the hopes that a police presence will not be necessary at your assembly.

Planning the Assembly

The proper conduct of people involved in an assembly is best achieved through proper planning and communication. All parties involved in the assembly are expected to obey all laws and

Tigard Police Department

Tigard PD Policy Manual

Mass Arrest and Civil Unrest

ordinances. You are encouraged to consult with us in advance of your assembly. However, if you need legal advice about particular activities, you must consult your attorney. We suggest that your plan include the designation of a person in charge of the assembly, a method of providing clear instructions to the people involved in the assembly about what they can and cannot do, and a periodic check of the people involved to ensure that they are not armed or under the influence of alcohol and drugs.

Obligations of Parties Involved

A person in charge of the assembly must be on the scene and be identified to the police officer upon request. The assembly cannot obstruct the access to use by the general public of sidewalks, streets, alleys, driveways and other thoroughfares. Businesses must be allowed to remain open and to conduct business. Private property rights must be observed. If you are involved in a labor dispute and the law allows you to use a portion of private or public property for the assembly, you must confine your activities to the permitted areas.

No person may use physical force against another person or damage public or private property. This includes a prohibition against throwing objects at others, displaying firearms or other dangerous weapons, damaging vehicles, setting fires and the harassment of other people.

Police Involvement

It is not necessary to deploy police personnel to a lawful assembly. Should police deployment become necessary, whenever possible in the best interest of public safety, we will request the person in charge of the assembly take action to preserve the peace. The Police Department will often videotape assemblies for the purpose of later identification and arrest of criminals and to record the activities involved in the assembly. If it becomes necessary for the police to take action at the scene of the assembly to preserve the peace, we will take whatever action is necessary including arresting or issuing citations to individuals violating the law and utilizing such force necessary to restore order. If the assembly becomes violent, it will be treated as a riot and all individuals on the scene will be ordered to disperse or be arrested. The Police Department, through mutual aid agreements with all other law enforcement agencies has sufficient resources to enforce the law at an assembly when necessary. We sincerely hope that police action is not necessary at your assembly.

Additional Information

If you wish additional information about demonstration guidelines, please call the office of the Chief of Police, Tigard Police Department, (503) 639-6168.

365.1.5 SUMMARY OF LEGAL BASIS OF AUTHORITY TO ACT IN CROWD SITUATIONS IN AND AROUND THE CITY OF TIGARD

The Oregon Supreme Court struck down the subsection of the state Disorderly Conduct statute that criminalize refusal to disperse following a lawful police order. The rest of the Disorderly Conduct statute remains in effect, including the prohibition against blocking vehicular or pedestrian

Tigard PD Policy Manual

Mass Arrest and Civil Unrest

traffic on a public way while recklessly causing a grave risk of public inconvenience, annoyance or alarm. The Court did not prohibit police from dispersing unlawful assemblies.

Summary of Authority

The following is a list of authority available for the policing of crowd events and an intertwined list of prosecutable crimes that may occur at crowd events.

- (a) Interfering with a Peace Officer/Refusing to Obey a Lawful Order
 1. A peace officer gives a person a lawful order to do or not to do something;
 2. The person refuses to obey that order;
 3. The order must be a lawful order which means there is a law which requires or prohibits the behavior that the person is being ordered to do or not to do;
 4. The person must actively not obey the order (passive disobedience does not violate this law).
 - (a) Practice: A recent case has caused some confusion about the definition of 'lawful order'. It remains clear that orders based on authority granted by statute or case law supports this charge. When you apply this statute, it is essential to identify the behavior which would violate the restrictions placed on time, place or manner of speech. While it is a lawful order to command a person to provide valid name for the purpose of filling out a citation; however, it is not lawful to order a person to provide their name in the absence of authority to make an arrest or issue a citation.
- (b) All police officers have the authority to place reasonable time, place and manner restrictions on speech in public places as long as the restriction squarely address a real public need and is "content-neutral." Restrictions that solve a danger or disruption problem but still allow a speaker an effective opportunity to communicate require less justification than a restriction that completely prohibits speech.
 - (a) Practice: When possible, give an order that reduces any danger or disruption in a situation while allowing the speaker(s) an opportunity to continue to communicate in some effective way. The courts will approve your decision if you solve the policing problem while placing the least amount of restriction on speech. If you must stop speech altogether to avoid a great harm to the community, be prepared to document significant safety, crime or disruption issues for the courts.
 - (b) Practice: Usually, you may not respond to the content of speech. The content of speech may not form the basis of a restriction or prohibition unless the content is "fighting words," or presents a clear and present danger which would be very rare. Practice: A reasonable time, place or manner restriction is a lawful order

Mass Arrest and Civil Unrest

of a police officer, and failure to obey the order is a violation of Interfering with a Police Officer.

- (c) Authority of parade permit holder to exclude unwanted messages from the parade. Hurley v. GLIB, 515 US 557 (1955) (U.S. Supreme Court case) The holder of a parade permit has unlimited discretion to exclude people and messages from the parade.
 - (a) Practice: Establish communications with the permit holder or agents before the event and create a procedure for dealing with unwanted participants. Follow trespass law and procedures if permit holder decides to exclude unwanted participant.
 - (b) Practice: Be mindful of the geographic extent of the permit typically curb-to-curb.
- (d) Disorderly Conduct/Obstructing Vehicular Or Pedestrian Traffic - ORS 166.025(1)(d):

- (f) Riot - ORS 166.015
 - (a) Five or more individuals participate together;
 - (b) They engage in tumultuous and violent behavior that presents an imminent threat of personal injury or property damage;
 - (c) Recklessly causing public alarm.
- (g) State Vehicle Code Laws That Apply To Pedestrians Or Bicyclists:
 - (a) 811.535 - Failing to Obey Police Officer Directing Traffic B Traffic Violation;
 - (b) 814.070 - Improper Position Upon or Improperly Proceeding Along A Highway (i.e. walking in street when a sidewalk exists) D Traffic Violation
- (h) Failure To Disperse From An Unlawful Or Riotous Assemblage When Commanded - ORS 131.675 is committed when:
 - (a) An officer of the City has "gone among or as near to them as they can with safety" and order an unlawful or riotous assemblage to disperse and;

(Ord. 86-07)
- (l) Restrict Or Deny Access - TMC 7.50.030 As used in this chapter, "restrict or deny access" means that the officers of the police department have the authority to regulate or prohibit the presence or movement of persons or vehicles to, from or within any area, to evacuate persons, and to move or remove any property therefrom, until the reason for such restriction or denial of access no longer exists. (Ord. 86-07)

- (o) Trespass ORS 164.245 (a) A person enters or remains unlawfully in or upon premises.

365.1.6 INFORMATION

Members of the Police Department, who receive information concerning any demonstration or potential incident of civil unrest, shall immediately notify the Chief of Police. The Chief of Police, or designee in the Chief's absence, shall determine the department's response. Department members shall not share information gained concerning the potential unrest, unless directed by the Chief of Police. Department members shall ensure that all information they have is made available to those responsible to formulate the police response to the incident.

The department will seek to minimize criminal violations connected with public demonstrations by giving the involved parties guidelines for the conduct of the demonstration see Policy Manual § 365.1.4. The intent of the guidelines is to seek the cooperation of all parties involved with the demonstration to maintain peace and order by proper planning and restraint. Whenever possible, these guidelines should be discussed with the organizers or officials in charge of all parties to the demonstration. At such time it should be emphasized that the public's access to and use of public sidewalks, public roadways, and public buildings must be preserved.

365.2 PROCEDURES

- Attempt to identify crowd leaders and any individuals personally engaged in criminal acts.

365.2.1 COMMAND RESPONSIBILITY

The ranking officer at the scene shall be the officer in charge (OIC). The OIC or other higher-ranking officer assuming command at the scene shall take the following steps:

Tigard Police Department

Tigard PD Policy Manual

Mass Arrest and Civil Unrest

365.3.1 CONTAINMENT AND DIALOGUE

The objective of containment and dialogue is merely to disperse the crowd. In so doing the OIC should:

- (a) Establish contact with crowd leaders to assess their intentions and motivation and develop a trust relationship; and
- (b) Communicate to the participants that:
 - 1. Their assembly is in violation of the law and will not be tolerated; and
 - 2. The department wishes to resolve the incident peacefully and that acts of violence will be dealt with swiftly and decisively.

365.3.2 PHYSICAL ARREST

When appropriate, the OIC will order the arrest of the crowd leaders, agitators or others engaged in unlawful conduct and will:

- (a) Ensure the appropriate use of tactical formations and availability of protective equipment for officers engaged in arrest procedures;
- (b) Ensure the availability of transportation for arrestees;
- (c) Establish a location or facility to accommodate prisoner processing; and
- (d) Ensure that a backup team of officers is readily available, should assistance be required.

365.3.3 NON-LETHAL FORCE

When physical arrest of identified leaders and agitators fails to disperse the crowd, the OIC may use non-lethal force to accomplish these ends. In so doing, the OIC shall ensure that:

- (a) A clear path of escape is available for those who wish to flee the area;
- (b) The use of tear gas, smoke or other non-lethal device is coordinated and controlled; and
- (c) Canine teams are restricted from all enforcement actions.

Mass Arrest and Civil Unrest

- (c) Where sniper fire is encountered or hostages taken, the department's policy on hostage and barricaded subjects shall be followed.

365.4 MASS ARREST

During the course of civil disturbances, it may be necessary to make arrests of numerous individuals over a relatively short period of time. In order for this process to be handled efficiently, safely and legally, the OIC should ensure that:

- (h) The arresting officer/team shall deliver the secured arrestees, along with the property and relevant evidence, accompanied by a single paragraph statement of cause for arrest, and any necessary signed booking forms, describing and citing offenses, to the designated transportation team, which will then transport the prisoner to the booking facility. When required or practical the arresting officer(s) may transport the prisoner(s);
- (i) If the custody was the result of a citizen's arrest, appropriate signed documentation shall accompany the arrestee;
- (j) Upon completion of all duties in connection with the incident, the arresting officer(s) shall complete a detailed report on each arrest.

Medical treatment will also be requested for arrestees at the booking facility.

- (c) Provide shelter, warmth, toilet facilities, and adequate security pending transport to the primary booking facility or the local detention facility.

365.5.2 BOOKING OFFICER/TEAM

The responsibilities during the booking of prisoners shall be in accordance with department policies to include the following:

- (a) The booking officer/team shall receive the prisoners from the transporting officer/team or from the arresting officer at the booking facility;

365.5.3 PRISONER TRANSPORT/SECURITY

Security of prisoners shall be the responsibility of members assigned to the arrest team, transportation team and booking team.

365.5.5 COURT & PROSECUTORIAL LIAISON

When a mass arrest situation is anticipated, prior to its actual inception, the city attorney's office shall be notified.

When a mass arrest incident is spontaneous, without opportunity for prior planning, the city attorney's office shall be contacted for legal guidance, when practical and/or necessary.

365.5.6 MEDICAL TREATMENT

If necessary, the department's specified emergency medical agency shall be requested to stand-by at the scene of the disturbance and at the booking facility to screen arrested individuals for the necessity of medical treatment.

If an arrested person requires prescribed medication while being detained, and that person is in possession of the medication at the booking facility, the department's specified emergency medical agency shall be consulted prior to the dispensation of such medication.

365.6 CONTINGENCY PLANNING

It should be understood that every civil disturbance or mass arrest incident may have special requirements and that the conduct and actions of arrestees may dictate major deviation from this procedure, in which case it will be the responsibility of the Incident Commander to modify the tactics and techniques accordingly.

365.7 DEACTIVATION

When a disturbance has been brought under control the OIC shall ensure that the following measures are taken:

- All law enforcement officers engaged in the incident shall be accounted for and an assessment made of personal injuries;
- All necessary personnel shall be debriefed, as required;
- Witnesses and suspects shall be interviewed;

Tigard Police Department

Tigard PD Policy Manual

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Tigard Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

368.2 POLICY

It is the policy of the Tigard Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

368.3 LEP COORDINATOR

The Chief of Police shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Operations Division Commander or the authorized designee.

The responsibilities of the LEP Coordinator include, but are not limited to:

Tigard Police Department

Tigard PD Policy Manual

Limited English Proficiency Services

- (a) Coordinating and implementing all aspects of the Tigard Police Department's LEP services to LEP individuals.
- (b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.
- (c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Watch Commander and Dispatch Supervisor. The list should include information regarding the following:
 - 1. Languages spoken
 - 2. Contact information
 - 3. Availability
- (d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.
- (e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.
- (f) Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.
- (g) Identifying standards and assessments to be used by the Department to qualify individuals as qualified bilingual members or authorized interpreters.
- (h) Periodically reviewing efforts of the Department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures, or recommending modifications to this policy.
- (i) Receiving and responding to complaints regarding department LEP services.
- (j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

368.3.1 FAMILY AND FRIENDS OF LEP INDIVIDUAL

While family and friends of an LEP individual may frequently offer to assist with interpretation, officers should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in emergency or critical situations. Further, the nature of the contact and relationship between the LEP individual and the individual offering services must be carefully considered (e.g., victim/suspect).

Tigard Police Department

Tigard PD Policy Manual

Limited English Proficiency Services

368.3.2 POSTING OF AVAILABLE SERVICES

Forms printed in available languages should be maintained in a conspicuous location at the front counter and other appropriate areas such as the booking area. When such forms are either unavailable or inappropriate, the Department will post a conspicuous notice that LEP services may be available.

368.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

368.5 TYPES OF LEP ASSISTANCE AVAILABLE

Tigard Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

368.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

Tigard Police Department

Tigard PD Policy Manual

Limited English Proficiency Services

368.7 AUDIO RECORDINGS

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

368.7.1 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

368.8 AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

368.8.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

368.8.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

368.9 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

368.10 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Tigard Police Department will take reasonable steps and will work with the Department of Human Resources to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

368.10.1 EMERGENCY CALLS TO 9-1-1

Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in WCCCA, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

368.11 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

368.12 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and

Tigard Police Department

Tigard PD Policy Manual

Limited English Proficiency Services

suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

368.13 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

368.13.1 INTERPRETER REQUIRED IN ARRESTS

An officer who arrests a person who cannot readily understand or communicate the English language shall, prior to any interrogation or the taking of a statement, make available a qualified interpreter to assist throughout the interrogation or taking of the statement. Fees and expenses of the interpreter will be paid as specified by Oregon law (ORS 133.515).

368.14 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

Tigard Police Department

Tigard PD Policy Manual

Limited English Proficiency Services

368.15 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

368.16 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

368.17 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures; including how to access department-authorized telephonic and in-person interpreters and other available resources.

The Training Coordinator shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Coordinator shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

Communications with Persons with Disabilities

370.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

370.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters.

370.2 POLICY

It is the policy of the Tigard Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

370.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Chief of Police shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Operations Division Commander or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

- (a) Working with the City ADA coordinator regarding the Tigard Police Department's efforts to ensure equal access to services, programs and activities.
- (b) Developing reports, new procedures, or recommending modifications to this policy.

Tigard Police Department

Tigard PD Policy Manual

Communications with Persons with Disabilities

- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.
- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Watch Commander and Dispatch Supervisor. The list should include information regarding the following:
 - 1. Contact information
 - 2. Availability
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

370.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

Tigard Police Department

Tigard PD Policy Manual

Communications with Persons with Disabilities

370.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Tigard Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

370.6 TYPES OF ASSISTANCE AVAILABLE

Tigard Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Tigard Police Department

Tigard PD Policy Manual

Communications with Persons with Disabilities

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

370.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

370.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

370.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Tigard Police Department

Tigard PD Policy Manual

Communications with Persons with Disabilities

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

370.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

370.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

370.12 REPORTING

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

Tigard Police Department

Tigard PD Policy Manual

Communications with Persons with Disabilities

370.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

370.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

370.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual

Tigard Police Department

Tigard PD Policy Manual

Communications with Persons with Disabilities

has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

370.14.1 INTERPRETER REQUIRED IN ARRESTS

An officer who arrests a person who is deaf, has a physical hearing impairment or physical speaking impairment shall, prior to any interrogation or the taking of a statement, make available a qualified interpreter to assist throughout the interrogation or taking of the statement. Fees and expenses of the interpreter will be paid as specified by Oregon law (ORS 133.515).

370.15 ARRESTS AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

370.16 COMPLAINTS

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

Tigard Police Department

370.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

370.18 TRAINING

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

The Training Coordinator shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Training Coordinator shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

Illegal Campers Notification & Enforcement

371.1 PURPOSE AND SCOPE

It is the policy of the Tigard Police Department to assure the fair and courteous treatment of all people when handling illegal campers and campsites, as defined by Tigard Municipal Code 7.80.020. Officers will not conduct sweeps unless the camp in question is the source of illegal activities, **a complaint is received from the property owner requesting removal**, or there exists health and sanitary concerns that make the immediate clean up of the camp a necessity.

371.2 DEFINITION

Sweep: An action taken by the City to close an illegal campsite by removing shelters, persons, and/or personal property.

371.3 PROCEDURE

Officers will consider weather, the availability of shelters, and the capabilities of referral services before conducting camp sweeps.

Members of the Department will post a 24-hour notice in both English and Spanish before conducting a sweep. If possible, persons residing in the camp will be notified verbally as well. At the time that the 24-hour notice is posted, the Department member shall inform the local agency that delivers social services to homeless individuals where the notice has been posted. (Community Action Center, 503-443-6084)

Illegal Campground Notices can be obtained from the Records Section.

371.3.1 24 HOUR NOTICE EXCEPTION

There is no requirement for a 24-hour notice on private property. However, absent a specific request for immediate removal, officers should give a 24-hour notice.

If there are reasonable grounds to believe that illegal activities are occurring, such as drug use, dealing or prostitution, with the approval of the Watch Commander a 24-hour notice is not necessary.

When an emergency exists, such as contamination by hazardous materials or an immediate threat to human life or safety, the Watch Commander may waive the 24-hour notice. When a sweep has been conducted without the 24-hour notice, the appropriate social service shall be notified.

371.4 PERSONAL PROPERTY

Personal property (any item that is reasonably recognized as belonging to a person that has apparent use and is not in an unsanitary condition) will be stored for at least 30 days. Any item that has no apparent utility or is in unsanitary condition may be immediately discarded after removal of the individuals from the camping site.

Property taken is to be sealed in a plastic bag with a tag identifying the location of the camp. Property too large to be bagged will be tagged appropriately.

Officers shall attempt to make arrangements for personnel from the local social services office to accompany them when making any camp sweep.

Stalking

376.1 PURPOSE AND SCOPE

This policy establishes procedures for the investigation and enforcement of stalking complaints (ORS 163.730 et seq.).

376.2 POLICY

Stalking behavior frequently results in serious injury and emotional trauma to victims and it is the policy of the Tigard Police Department to ensure that complaints of stalking will be given high priority and that every formal stalking complaint will be thoroughly investigated and forwarded to the District Attorney's Office.

376.3 UNIFORM STALKING COMPLAINT

The Department will make available an Oregon Uniform Stalking Complaint form to any person desiring to file a stalking complaint regardless of where the violation is alleged to have occurred. Officers will provide reasonable assistance as necessary to petitioners to properly complete and sign the form.

Upon receipt of a Uniform Stalking Complaint, officers shall complete a thorough investigation. All stalking incident reports and the results of any investigation shall be forwarded to the District Attorney's Office within three days, regardless of whether any civil or criminal action was taken (ORS 163.744; ORS 163.738(7)).

376.4 UNIFORM STALKING CITATION

If after investigating a stalking complaint the officer has probable cause to believe that the offense of stalking has occurred as provided in ORS 163.732(1), the officer shall issue and attempt to serve a Uniform Stalking Citation to the respondent to appear in court within three judicial days of service to determine if a Stalking Protective Order will be issued (ORS 163.735; ORS 163.738).

376.4.1 SERVICE OF STALKING CITATIONS

If the Uniform Stalking Citation is served on a respondent, the District Attorney's Office will initiate the hearing process. Officers should:

- (a) Advise the respondent of the following:
 1. The court date and time and location of appearance
 2. The contents of the citation and the state and federal law restrictions contained on the front and back of the respondent's copy of the citation
 3. That if the respondent fails to appear at the hearing, a warrant will be issued for their arrest, as well as a Stalking Protective Order
 4. That engaging in behavior that alarms or coerces the petitioner may result in their arrest

Tigard Police Department

Tigard PD Policy Manual

Stalking

- (b) Provide a copy to the petitioner and advise the petitioner that they must also appear at the hearing or the complaint will be dismissed and the Stalking Protective Order will not be issued.

If there is probable cause to issue a citation, but the citation is not served, officers should:

- (a) Document attempts to serve the respondent.
- (b) Refer the victim to the following for assistance in obtaining a civil Stalking Protective Order:
 1. A private attorney
 2. Legal Aid
 3. The District Attorney's office Victim Assistance Unit

376.5 ARREST

Officers may arrest or cite a suspect for any criminal offense committed (including stalking) if the statutory elements have been met, as well as issue a (civil) Uniform Stalking Citation; the two actions are not mutually exclusive.

376.5.1 STALKING PROTECTIVE ORDERS

Once the court issues a Stalking Protective Order and it is served on the respondent, officers may arrest the respondent for violating the terms of the order (ORS 163.750).

376.6 RESTRAINING ORDERS

Court stalking orders and restraining orders are different and are not mutually exclusive. Stalking reports may be appropriate even if a valid restraining order is in place.

Board Up Service

377.1 PURPOSE AND SCOPE

The purpose of this policy is to inform all members of the Police Department of the resources available to board up broken windows, doors, or buildings that need to be secured when no emergency party can be contacted.

377.2 PROCEDURE

In all cases, the homeowner or business owner should be contacted first for board up service authorization. If contact efforts have been unsuccessful, a TPD supervisor may make the final service request.

Chaplains will be issued Tigard Police Department identification cards, which must be carried at all times while on-duty. The identification cards will be the standard Tigard Police Department identification cards, with the exception that "Chaplain" will be indicated on the cards. If there is any question as to the receiving person's intent, chaplains should verify that the person is desirous of spiritual counseling or guidance before engaging in such discussion.

Chaplains may not accept gratuities for any service or follow-up contact that was provided while functioning as a chaplain for the Tigard Police Department.

378.7 CLERGY-PENITENT CONFIDENTIALITY

No person who provides chaplain services to members of the Department may work or volunteer for the Tigard Police Department in any capacity other than that of chaplain.

Department chaplains shall be familiar with state evidentiary laws and rules pertaining to the limits of the clergy-penitent privilege and shall inform department members when it appears reasonably likely that the member is discussing matters that are not subject to the clergy-penitent privilege. In such cases, the chaplain should consider referring the member to a non-department counseling resource.

Child and Dependent Adult Safety

380.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse Policy and the Adult Abuse Policy.

380.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Tigard Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

380.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

Tigard Police Department

Tigard PD Policy Manual

Child and Dependent Adult Safety

380.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify Child Protective Services, if appropriate.
- (e) Notify the field supervisor or Watch Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

380.3.2 DURING THE BOOKING PROCESS

During the booking process, the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law.

Tigard Police Department

Tigard PD Policy Manual

Child and Dependent Adult Safety

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

380.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Special needs (e.g., medical, mental health)
 - 5. How, where and with whom or which agency the child was placed
 - 6. Identities and contact information for other potential caregivers
 - 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Whether he/she reasonably appears able to care for him/herself
 - 5. Disposition or placement information if he/she is unable to care for him/herself

380.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

380.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate.

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked law enforcement vehicle or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

Tigard Police Department

Tigard PD Policy Manual

Child and Dependent Adult Safety

380.5 TRAINING

The Training Coordinator is responsible to ensure that all members of this department who may be involved in arrests affecting children or dependent adults receive approved training on effective safety measures when a parent, guardian or caregiver is arrested.

Service Animals

382.1 PURPOSE AND SCOPE

Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The Tigard Police Department recognizes this need and is committed to making reasonable modifications to its policies, practices and procedures in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA) to permit the use of service animals that are individually trained to assist a person with a disability.

382.2 SERVICE ANIMALS

The ADA defines a service animal as any dog or miniature horse that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the owner's disability (28 CFR 35.104).

382.2.1 STATE LAW

Oregon law expands the definition of a service or assistance animal to include a dog or other animal designated by administrative rule that is individually trained to do work or perform tasks for the benefit of an individual (OAR 839-006-0345).

382.2.2 USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist people with disabilities.

The following examples are some of the ways service animals may be used to provide assistance:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting people with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

Tigard Police Department

Tigard PD Policy Manual

Service Animals

382.3 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Tigard Police Department affords to all members of the public.

If an animal exhibits vicious behavior, poses a direct threat to the health of others or unreasonably disrupts or interferes with normal business operations an officer may direct the owner to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the animal. Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability.

If it is apparent or if an officer is aware the animal is a service animal, the owner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the officer should ask the individual only the following questions:

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task the animal meets the definition of a service animal and no further question as to the animal's status should be asked. The person should not be questioned about his/her disabilities nor should the person be asked to provide any license, certification or identification card for the service animal.

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their owner into all areas that other customers or members of the public are allowed.

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as the result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice.

Off-Duty Law Enforcement Actions

388.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Tigard Police Department with respect to taking law enforcement action while off-duty.

388.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

388.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms Policy. When carrying firearms while off-duty officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs that would tend to adversely affect the officer's senses or judgment.

388.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.
- (c) The lack of equipment, such as handcuffs, OC or baton.

Tigard Police Department

Tigard PD Policy Manual

Off-Duty Law Enforcement Actions

- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

388.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an Tigard Police Department officer until acknowledged. Official identification should also be displayed.

388.4.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

388.4.3 CIVILIANNONSWORN RESPONSIBILITIES

Non-sworn personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

388.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

388.5 REPORTING

Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Watch Commander as soon as practicable. The Watch Commander shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

EMERGENCY PROCEDURES FOR RADIO/MDC MALFUNCTION

389.1 PURPOSE AND SCOPE

If radio communications are disabled for any reason (i.e. equipment failure or an incident which causes WCCCA to be evacuated) the following will remain in effect until WCCCA is able to correct the problem, return to their building or until police supervisors are informed by WCCCA supervisor that alternate procedures should be followed. In the event of a partial radio system failure in which but not all of the primary talk groups are inoperable, members will move to an operable primary talk group, check in, and wait for instructions.

389.1.1 MEMBER RESPONSIBILITIES

- (a) Ascertain whether the problem is with the radio or the system.
- (b) If the problem is a system problem:
 - 1. Break contact with the public as soon as possible.
 - 2. Return to the PO or go to the nearest police facility (if out of jurisdiction) or firehouse and contact his/her supervisor or records clerk.
 - 3. Remain at or return to standby location as directed.

389.1.2 SUPERVISOR RESPONSIBILITIES

- (a) Ascertain the nature of the malfunction from WCCCA.
- (b) Initiate command notifications.
- (c) Order units to disengage from public contact, if possible, and limit discretionary traffic stops.
- (d) Instruct units to return to the PO or standby at the nearest police facility or fire station.
- (e) Conduct a roll call as soon as possible and locate missing units.
- (f) Dispatch units on Priority 1 and 2 calls only with at least one cover unit, unless the primary unit is a two member unit.
- (g) Dispatch at least four units on Code 0 calls.
- (h) Instruct units to return to standby location after their call.

390.3 COMPLIANCE WITH THE NATIVE AMERICAN GRAVES PROTECTION AND REPATRIATION ACT

Upon discovery or arrival upon a scene where it reasonably appears that a Native American grave, human remains, funerary objects, associated funerary objects, sacred objects or objects of cultural patrimony are exposed or otherwise unsecured, members shall secure the site in the same manner as a crime scene. All activity at the scene other than scene preservation activity must cease (43 CFR 10.4).

Bias-Based Policing

402.1 PURPOSE AND SCOPE

This policy provides guidance to department members that affirms the Tigard Police Department's commitment to policing that is fair and objective (ORS 131.920).

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

See the Personnel Complaints Policy regarding acceptance of complaints alleging profiling and investigation of such complaints.

402.1.1 DEFINITIONS

Definitions related to this policy include:

This includes profiling as defined by ORS 131.915.

402.2 POLICY

The Tigard Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. Except for required data-collection forms or methods, nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

- (d) The disposition of the enforcement action, if any, resulting from the contact
- (e) Additional data as recommended by the Law Enforcement Contacts Policy and Data Review Committee (LECC)

Training will be provided at the outset of this STOP project to all sworn officers, and periodically for new members and/or retraining as necessary.

Sworn members who are not logged on to a MDC (detectives, command staff, etc.) will use the alternate department STOP collection process (filling out a form and replying to the STOP coordinator) within the ten day window to fulfill this policy requirement. Supervisors who are advised that an officer has not completed the STOP data collection will be responsible to follow-up as necessary to complete the data points as soon as practical and provide retraining to their officers as well to gain future compliance.

Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

406.5.1 CONSENT

When possible, officers should seek written consent to search from authorized individuals. The printed inquiry responses will be attached to the request and forwarded to the on-duty Watch Commander who will approve or disapprove the ride-along and schedule the appointment.

410.3 OFFICERS RESPONSIBILITY

The officer shall advise the dispatcher over the air, that a ride-along is present in the vehicle before going into service. Officers shall consider the safety of the ride-along at all times. Officers should use sound discretion when encountering a potentially dangerous situation, and if feasible, let the participant out of the vehicle in a well-lighted place of safety. The dispatcher will be advised of the situation and as soon as practical have another police unit respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

The Watch Commander is responsible for maintaining and scheduling ride-alongs. Upon completion of the ride-along, the yellow form shall be returned to the Watch Commander with any comments which may be offered by the officer.

410.4 CONTROL OF RIDE-ALONG

The assigned employee shall maintain control over the ride-along at all times and instruct him/her in the conditions that necessarily limit their participation. These instructions should include:

- (a) The ride-along will follow the directions of the officer
- (b) The ride-along will not become involved in any investigation, handling of evidence, discussions with victims or suspects, or handling any police equipment

Tigard Police Department

Tigard PD Policy Manual

Ride-Alongs

- (c) The ride-along may terminate the ride at any time and the officer may return the observer to their home or to the station if the ride-along interferes with the performance of the officer's duties
- (d) Ride-alongs may be allowed to continue riding during the transportation and booking process provided this does not jeopardize their safety
- (e) Officers will not allow any ride-alongs to be present in any residences or situations that would jeopardize their safety or cause undue stress or embarrassment to a victim or any other citizen
- (f) Under no circumstance shall a civilian ride along be permitted to enter a private residence with an officer without the expressed consent of the resident or other authorized person

Hazardous Material Response

412.1 PURPOSE AND SCOPE

Hazardous materials present a potential harm to employees resulting from their exposure. The following is to be the policy of this department.

412.1.1 HAZARDOUS MATERIAL DEFINED

A hazardous material is a substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed. See Oregon Revised Statutes 453.005(7) for a complete list.

412.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill, or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Attempt to identify type of hazardous substance. (Identification can be determined by placard, driver's manifest or statements from person transporting).
- (b) Notify Fire Department.
- (c) Provide first-aid for injured parties if it can be done safely and without contamination.
- (d) Begin evacuation of immediate area and surrounding areas dependent on substance and the recommendation of trained Fire Department staff.

412.2.1 HAZARDOUS MATERIAL - CONVENTIONAL THREAT

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a chemical spill, traffic accident, or a building fire releasing noxious gasses. When employees come into contact with a known hazardous material, certain steps should be taken to protect themselves and citizens. The following steps should be considered at any scene involving suspected hazardous materials: chemical spill, traffic accident, or a building fire releasing noxious gasses.

- (a) Attempt to identify the type of hazardous substance. Identification can be determined by placard driver's manifest, or statements from person(s) transporting or storing. This should be done from a safe location or vantage point.
- (b) Notify Fire Department.
- (c) Provide first aid for injured parties if it can be done safely and without contamination.
- (d) Begin evacuation of immediate area and surrounding areas dependent on substance and the recommendation of trained Fire Department staff. Establish a buffer zone (perimeter) based on available information. The buffer zone is subject to change and

Tigard Police Department

Tigard PD Policy Manual

Hazardous Material Response

requires open communication between responding police and fire units. This should be coordinated through an established joint command center.

- (e) If called for, begin evacuation of the immediate area and surrounding areas. The scope of this evacuation (or to have an evacuation at all) should be dictated by the joint command center.
- (f) Emergency responders that do not have the proper personal protective equipment (PPE), and the training to use such equipment, should not approach any nearer than the established safe zone.
- (g) Contact the Oregon Department of Transportation (ODOT) if road closures will be prolonged and to report any hazardous conditions.
- (h) Maintain traffic control as needed and keep area clear for emergency responders.

412.2.2 HAZARDOUS MATERIAL - POSSIBLE TERRORIST OR BIOLOGICAL THREAT

Employees may encounter situations involving unknown threats or the intentional use of hazardous material to cause death, injury, or spread fear. In these situations, Tigard Police Officers should first seek to protect the public from further harm and then to investigate any criminal acts. This will involve the coordination of specialized resources and the likely activation of the National Incident Management System (NIMS), and Incident Command System (ICS). If improvised explosive devices (IED) have been used, or are suspected, see Policy 416 Response to Bomb Calls. Contact the Explosive Ordinance Disposal (EOD) team and provide detailed information:

- (a) Notify the fire department and request any special resources such as the hazmat team.
- (b) Establish a joint command post that is safe from possible contamination or blast radius. This is subject to change as information is gathered and threats are understood.
- (c) Do not touch, move, or open any suspicious package.
- (d) Initial hazard risk assessment should be performed by appropriate resources: i.e. hazmat or EOD.
- (e) Establish a buffer zone (perimeter) based on available information. The buffer zone is also subject to change and requires open communication between responding police and additional resources.
- (f) If called for, begin evacuation of the immediate area and surrounding areas. The scope of this evacuation (or to have an evacuation at all) should be dictated by the joint command center.
- (g) Be mindful that secondary IED's or exposure points will exist in cases of a terrorist event. These will typically be placed in areas to affect the greatest number of people, or in an anticipated location to disrupt first responders and evacuees.

Tigard Police Department

Tigard PD Policy Manual

Hazardous Material Response

- (h) If called for, notify the Federal Bureau of Investigations (FBI) Weapons of Mass Destruction (WMD) unit. If the FBI threat credibility assessment process deems the threat to be credible, the FBI will immediately notify the Centers for Disease Control (CDC); the Department of Homeland Security Operations Center (HSOC); and other appropriate federal agencies.
- (i) Emergency responders that do not have the proper personal protective equipment (PPE), and the training to use such equipment, should not approach any nearer than the established safe zone.
- (j) Any criminal investigations should be coordinated through the joint command center and will most likely involve state and federal resources.
- (k) The Tigard Police Department does not have the proper facilities to store evidence that is suspected (or known) to be a hazardous material.
- (l) Under no circumstances should an unprotected responder, such as a law enforcement officer, attempt to package an unknown substance.

412.3 REPORTING EXPOSURE(S)

Department personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee on a City of Tigard Exposure Report and the report shall be forwarded via chain of command to the City's Risk Manager. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the documentation.

In case of injury, or suspected injury, the employee or supervisor shall also ensure that an Incident Injury Report is completed and submitted to Risk Management.

412.3.1 SUPERVISOR RESPONSIBILITY

When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure. In cases of a needle stick, or possible exposure to bodily fluids, the employee's supervisor should call the exposure hotline and seek guidance from medical authority @ 503-721-0529. The supervisor shall also ensure that the required forms are completed and forwarded to Risk Management.

Hostage and Barricade Incidents

414.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

414.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met

Sniper - A person(s) usually concealed, shooting or threatening to shoot others with a deadly weapon

Active Shooter - An individual or group actively engaged in killing or attempting to kill people in a confined and populated area; in most cases, active shooters use firearm(s) and there is no pattern or method to their selection of victims

414.1.2 POLICY

It is the policy of the Tigard Police Department to address hostage and barricade incidents with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

414.2 POLICY

It is the policy of the Tigard Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

414.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

Tigard Police Department

Tigard PD Policy Manual

Hostage and Barricade Incidents

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

414.3.1 EMERGENCY COMMUNICATIONS

A supervisor who has probable cause to believe that a hostage is being held may order a telephone company to cut, reroute or divert telephone lines to prevent a suspect from communicating with anyone other than officers or other designated individuals (ORS 165.549).

414.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

414.4.2 EVACUATION

The evacuation process should be accomplished during the establishment of the outer perimeter. The extent of the evacuation will be determined by the Incident Commander. Persons within range of immediate danger will be evacuated as soon as possible. Evacuation is voluntary and cannot be ordered.

The process includes:

- (a) The Incident Commander will designate an available person as the coordinator for all evacuation activities.
- (b) The Evacuation Coordinator should evacuate injured persons in the danger zone first. A rescue team may be necessary, if the injured are within site of the threat, or if the suspect begins to harm hostages. A rescue team should consist of TNT members if they are available.
- (c) Evacuees will be directed to the transportation area. Emergency shelter will be arranged for evacuees who have no alternative shelter. Emergency shelter can be, but is not limited to, the senior center, city hall council chambers, public works auditorium, school gymnasium, or community churches.

Tigard Police Department

Tigard PD Policy Manual

Hostage and Barricade Incidents

- (d) The evacuation coordinator will record the address of every building evacuated, will clearly mark each building with police tape, and try to ensure that doors are left unlocked to avoid damage by TNT members clearing the area.

414.5 WASHINGTON COUNTY TACTICAL NEGOTIATIONS TEAM (TNT)

If the situation dictates, the Incident Commander shall request the help of the Washington County Tactical Negotiations Team (TNT). It will be the Incident Commander's decision, with input from the TNT Team Leader, whether to deploy the TNT during a hostage or barricade incident. The Tigard Police Department Risk Analysis Form provided by TNT shall be completed to assist in the decision to call out the TNT team in any situation involving a barricaded hostage or felon with a weapon or threat to use a weapon.

The Incident Commander will notify WCCCA to call out TNT, and retains full responsibility for the control of the scene and those present until relieved by a superior of the Tigard Police Department.

The Incident Commander will designate someone to complete the TNT Intelligence Questionnaire to provide to the TNT at the Command Post during the briefing upon the team leader's arrival.

The following will be notified as soon as possible after the call out:

- Division Commander
- Chief of Police
- City Manager
- Public Information Officer

Personnel are authorized to use force in accordance with the department's use of force policies in situations where an immediate response is necessary to protect officers or other persons. The decision to execute a planned tactical response rests with the supervisor in charge.

The hostage negotiators/TNT commander will recommend to the person in charge the most effective method of communication/tactical response. The person in charge shall retain the responsibility for activating or deactivating the Negotiating Team/Tactical Team. The TNT Commander will take appropriate action within its capabilities and will be responsible for the deployment of chemical agents. The person in charge will be advised of the imminent use of chemical agents or any tactical response outside the standard rules of engagement prior to initiating any action.

Additional personnel may be requested via mutual aid requests and/or by calling in off-duty Tigard officers.

A team of officers may be designated by the Incident Commander to survey possible escape routes and pursue the suspect(s) if he/she escapes.

Hostage and Barricade Incidents

An After Action Review will be completed when all reports have been submitted. The After Action Report will be routed through the Division Commander to the Inspections Officer.

414.7 REPORTING

Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.

416.1 PURPOSE AND SCOPE

This procedure provides guidelines to assist officers in their initial response to incidents involving explosives, explosive devices, or explosion/bombing incidents. As in other catastrophic incidents, a rapid response may help to minimize injury to victims, contamination of the scene by gathering crowds or additional damage by resulting fires or unstable structures. Whether the explosion was the result of an accident or a criminal act, the responding officers should consider the following actions:

- Assess the scope of the incident, including the number of victims and extent of injuries.
- Assist with first aid (Fire Department has primary responsibility).
- Assist with evacuation of victims (Fire Department has primary responsibility).
- Identify and take appropriate actions to mitigate scene hazards such as collapsed structures, blood borne pathogens, hazardous materials and secondary explosive devices.

416.4 BOMB THREATS RECEIVED AT POLICE FACILITY

This procedure shall be followed should a bomb threat call be received at the police facility.

416.4.1 BOMB THREATS RECEIVED BY TELEPHONE

The following questions should be asked if a bomb threat call is received at the Police Department:

- When is the bomb going to explode?
- Where is the bomb?
- What kind of bomb is it?
- What does it look like?
- Why did you place the bomb?
- Who are you? (to avoid possible termination of the call this should be the last question asked)

Attempt to keep the caller on the line as long as possible and obtain expanded answers to these five basic questions.

Tigard Police Department

Tigard PD Policy Manual

Response to Bomb Calls

During this time, document the following:

- Time of the call.
- Exact words of the person as accurately as possible.
- Estimated age and gender of the caller.
- Speech patterns and/or accents.
- Background noises.

If the incoming call is received at the police facility on a recorded line, steps shall be taken to ensure that the recording is preserved in accordance with current department evidence procedures.

416.4.2 RESPONSIBILITIES

The employee handling the call shall ensure that the Watch Commander is immediately advised and fully informed of the details. The Watch Commander will then direct and assign officers as required for coordinating a general building search or evacuation as he/she deems appropriate.

Civil Commitments

418.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may place an individual under protective custody for civil commitment (ORS 426.228).

418.2 POLICY

It is the policy of the Tigard Police Department to protect the public and individuals through legal and appropriate use of the civil commitment process.

418.3 AUTHORITY

An officer may take a person into custody when the officer has probable cause to believe the person is dangerous to him/herself or to any other person and is in need of immediate care, custody or treatment for mental illness (ORS 426.228(1)).

An officer shall also take a person into custody at the direction of the community mental health program director when the director has probable cause to believe the person is imminently dangerous to him/herself or to another person. The director is mandated to prepare a report for the officer to deliver to the treating licensed independent practitioner (ORS 426.228(2)).

The officer shall transport the person in custody to the nearest facility approved by the Oregon Health Authority (OHA) or will transfer custody of the person to a mental health representative authorized under ORS 426.233(3).

If, upon delivery of the person to the facility, the licensed independent practitioner finds the person is not in need of emergency care or treatment for mental illness, the person is to be released from custody. The officer or the program director shall return the person to the place where he/she was taken into custody, unless the person declines that service.

418.3.1 VOLUNTARY EVALUATION

If an officer encounters an individual who may qualify for a civil commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the individual so desires, the officers should:

- (a) Transport the individual to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a civil commitment.
- (b) If at any point the individual changes his/her mind regarding voluntary evaluation, officers should proceed with the civil commitment, if appropriate.
- (c) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

Tigard Police Department

Tigard PD Policy Manual

Civil Commitments

418.3.2 EXTREMELY DANGEROUS PERSONS

An officer may take into custody an individual on conditional release from a state hospital pursuant to an order of revocation. The written order does not have to be in the possession of the officer, and may be confirmed through the Law Enforcement Data System (LEDS) (OAR 859-200-0310).

A person may be taken into custody if all of the following conditions apply (OAR 859-200-0305):

- (a) An officer has reasonable cause to believe the individual is an extremely dangerous person with a mental illness (as defined by OAR 859-200-0020)
- (b) The person presents a serious danger to others because of a mental disorder
- (c) The person is in need of immediate care, custody or treatment
- (d) The person has been civilly committed to the jurisdiction of the Psychiatric Security Review Board by a court

The officer shall transport the individual to a state hospital operated by the Oregon Health Authority (OAR 859-200-0310).

418.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving an individual who may qualify for a civil commitment should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the cause and nature of the individual's action or stated intentions (e.g., information from LEDS).
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Available community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Civil commitments should be preferred over arrest for individuals with mental health issues, who are suspected of committing minor crimes or creating other public safety issues.

418.4.1 FOREIGN NATIONALS

If an officer takes a person into custody for a civil commitment and reasonably suspects that the person is a foreign national, the officer shall inform the person of his/her right to communicate with an official from the consulate of the person's country (ORS 426.228(9)).

418.5 TRANSPORTATION

When transporting any individual for a civil commitment, the transporting officer should have WCCCA notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Tigard Police Department

Tigard PD Policy Manual

Civil Commitments

Officers may transport individuals in a patrol vehicle and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport, Watch Commander approval is required before transport commences.

418.5.1 CLEARANCE REQUIRED

If transportation to an appropriate facility will require more than one hour to accomplish, the transporting officer must obtain, if possible, medical clearance from a licensed independent practitioner who has examined the person within the last 24 hours who certifies that the person is in need of immediate care or treatment for mental illness and that travel will not be detrimental to the person's physical health (ORS 426.228(3)).

418.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking voluntary treatment, the officer should provide the staff member with the written application for a civil commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

418.7 DOCUMENTATION

The officer should complete an application for emergency admission, provide it to the facility staff member assigned to the individual and retain a copy of the application for emergency admission for inclusion in the case report.

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

418.7.1 REQUIREMENTS

Officers shall use OHA form MHD 426.228 or otherwise ensure that the report states (ORS 426.228):

- (a) The reason for custody.
- (b) The date, time and place the person was taken into custody.
- (c) The name and telephone number of the community mental health director.

418.8 CRIMINAL OFFENSES

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken for a civil commitment should resolve the criminal matter by issuing a citation, as appropriate.

Tigard Police Department

Tigard PD Policy Manual

Civil Commitments

When an individual who may qualify for a civil commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the civil commitment.
- (c) Facilitate the individual's transfer to the jail facility.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a civil commitment.

In the supervisor's judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

418.9 FIREARMS AND OTHER WEAPONS

Whenever an individual is taken into custody for a civil commitment, the handling officers should seek to determine if the individual owns or has access to any firearm or other deadly weapon. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g. safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

The handling officers should further advise the individual of the procedure for the return of any firearm or other weapon that has been taken into custody.

418.10 TRAINING

This department will endeavor to provide department-approved training on interaction with mentally disabled persons, civil commitments and crisis intervention.

Citation Releases

420.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of the Tigard Police Department with guidance on when to release adults who are suspected offenders on a citation for a criminal offense, rather than having the person held in custody for a court appearance or released on bail.

420.2 RELEASE

A suspected offender may be released on issuance of a criminal citation if the officer has probable cause to believe that the person has committed a misdemeanor or has committed any felony that is subject to misdemeanor treatment under ORS 161.705 (reduction of certain felonies to misdemeanors) (ORS 133.055).

420.2.1 CITATION RELEASES ON WARRANTS

If the offense is not excluded under ORS 133.055, the court may authorize an officer in certain circumstances to issue and serve a criminal citation in lieu of arrest (ORS 133.110). This is not a common practice, and additionally requires supervisory approval prior to the release.

420.3 PROHIBITIONS AND GENERAL PROCEDURES

The release of a suspected offender on a citation is not permitted when:

- (a) The officer has probable cause to believe that the person has been served a valid restraining order as described in ORS 133.310 (orders relating to stalking, elder and disability abuse, sexual abuse) and the person has violated the terms of the order (ORS 133.310).
- (b) The officer has probable cause to believe that the person has been charged with an offense under ORS 135.230 through ORS 135.290 (sexual offenses, domestic violence, methamphetamine crimes), and is presently released and has failed to comply with a no contact condition to the release agreement (ORS 133.310).
- (c) The person arrested is so intoxicated that he/she could be a danger to himself/herself or to others (release may occur as soon as this condition no longer exists).
 1. Any officer encountering a person who is intoxicated or under the influence of controlled substances in a public place and who is incapacitated, whose health appears to be in immediate danger, or there is reasonable cause to believe the person is dangerous to him/herself or to any other person, shall transport the individual to the nearest appropriate treatment facility or sobering facility (ORS 430.399).

See the Domestic Violence Policy for release restrictions related to those investigations.

420.3.1 FIELD CITATIONS

Upon obtaining satisfactory identification and verifying that there are no outstanding warrants for the individual, officers may issue citations to a person upon probable cause to believe that the person has committed a misdemeanor or has committed a felony subject to misdemeanor

treatment under ORS 161.705, unless there is a disqualifying reason making the person ineligible for citation (ORS 133.055).

420.3.2 FINGERPRINTS AND PHOTOGRAPHS

In certain cases, it may appropriate to fingerprint and photograph persons prior to citing and releasing them. Field photographing and/or securing a thumb print on a CTA will suffice in these cases when physical custody is not otherwise recommended as in 420.33.

420.3.3 DISQUALIFYING CIRCUMSTANCES

In certain circumstances, cite and release may not be appropriate. Those situations include:

- (a) Oregon Revised Statutes 133.055 specifically exempts persons arrested for assault or menacing at the scene of a domestic violence complaint. Those persons must be physically taken into custody and shall be transported and lodged at the jail
- (b) The person has been arrested for domestic harassment
- (c) The person has outstanding warrants for his or her arrest
- (d) The person cannot satisfactorily identify themselves. Officers must exercise discretion when a violator cannot or will not provide satisfactory identification. If a criminal citation is issued, the officer should identify the suspect to within a reasonable certainty. Also, the officer should, to the extent possible, obtain information for execution of an arrest warrant should the violator ultimately fail to appear for arraignment
- (e) The investigation or prosecution of the offense or offenses for which the person was arrested, or the investigation or prosecution of any other offense or offenses, would be jeopardized by the immediate release of the person arrested
- (f) There is a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by the release of the person arrested
- (g) The person has indicated they will not appear or there is other reason to believe that the person would not appear at the time and place specified in the citation. The basis for this determination shall be specifically stated such as:
 - 1. Previous history of failure to appear is on record
 - 2. the person lacks ties to the area, such as a residence, job, or family or is a resident of another state
 - 3. The person initially provided a false name or identification or has previously used false names to avoid prosecution
- (h) The person arrested is so intoxicated that he/she could be a danger to himself/herself or to others. (Release may occur as soon as this condition no longer exists)

- (i) Unusual circumstances lead the officer to conclude that the suspect should be held for further investigation

420.3.4 INSTRUCTIONS TO CITED PERSON

The citing officer shall call attention to the time and place for appearance and take any other steps he/she deems necessary to ensure that the defendant understands his/her written obligation to appear.

420.4 CITIZEN'S ARREST

In the event of a citizen's arrest, the citizen's responsibility is to surrender the arrestee without delay to a peace officer. The officer must independently review the circumstances surrounding the arrest. Custody of the arrestee should be maintained only after the officer has determined that the arrest is valid. The citizen making the arrest shall inform the arrestee that he/she is under arrest and state the charge. If the arrest is valid and the arrestee is taken into custody, the matter will be processed as would any other arrest report. The report shall state that a citizen initiated the arrest, and set forth the relevant facts and circumstances. The officer shall obtain the arresting citizen's signature on the Custody Report. If the arrest is not accepted because of a question over probable cause, the officer shall release the arrested person immediately, and document the incident in his/her report.

420.5 JUVENILE CITATIONS

When arresting juvenile subjects, officers will follow Tigard Police Policies 324 (Temporary Custody of Juveniles), and 321 (Apprehension and Arrest). In most cases, juveniles are simply referred to the Washington County Juvenile Department for prosecution. The *Tigard Police Custody Report* (with all charges listed) serves as the referral document.

Upon arresting a juvenile, Officers will contact the Washington County Juvenile Department; they will be provided with direction as to if the youth will be lodged; released to a responsible adult; or released upon their own recognizance. Officers should document who they spoke with at the juvenile department and write the custody decision in the body of the custody report. If an officer is able to contact a responsible adult, that adult's name will be recorded on the custody report, along with the time of notification. It is also important that the responsible adult's contact information be recorded on the custody sheet.

The Tigard Police Youth Services Program Specialist (YSPS) may need to contact the responsible adult in order to proceed with a Peer Court option. Those youth that are not lodged will receive a completed *Tigard Police Youth Referral Information form*. This form provides the juvenile offender with detailed information about what a referral is and how it will be handled going forward. Court appearance dates will be determined at a later time and the custody report should reflect a date to be determined (TBD).

These are the only exceptions when a uniform complaint/citation will be issued to a juvenile:

- All traffic violations

Tigard Police Department

Tigard PD Policy Manual

Citation Releases

- All traffic crimes
- Violations of Washington County codes/ordinances
- Violations of City of Tigard codes/ordinances

(a) Officers should check the **Municipal Court** box on the uniform complaint/citation when citing a juvenile for any traffic infraction or code/ordinance violation. No criminal traffic cases may be heard in Municipal Court. The citation must include a current Municipal Court appearance date and time.

(b) Officers should check the **Peer Court** box on the uniform complaint/citation when they feel that Peer Court would be a good fit to hear a minor traffic infraction case. No criminal traffic cases may be referred to Peer Court. Court appearance dates will be determined at a later time and the citation should reflect a date to be determined (TBD).

(c) Officers should check the **Circuit Court and Juvenile** box on the uniform complaint/citation when citing a juvenile for any traffic crime. All traffic crimes also require a custody/incident report. The District Attorney's Office does not prosecute juveniles charged with traffic crimes in Juvenile Court, but instead the cases are processed by the misdemeanor unit of the District Attorney's Office. These cases must be cited with a specific date, time and location to appear. They must be cited to appear in Washington County Circuit Court, LEC, 215 SW Adams, Hillsboro, at 8:30 AM. This is the same appearance location and time for adults charged with traffic crimes.

(d) When there are cases where a juvenile is arrested for a traffic crime, and they are also cited for a traffic violation or local code violation, officers should check the **Circuit Court and Juvenile** box on the uniform complaint/citation. This is so that all of the charges stay together and are referred to the same court. They must be cited to appear in Washington County Circuit Court, LEC, 215 SW Adams, Hillsboro, at 8:30 AM. This is the same appearance location and time for adults charged with traffic crimes.

420.6 REQUESTING CASE NUMBERS

Traffic infractions may be issued without case numbers and the necessary information can be documented on the reverse side of the Uniform Traffic Citation. For traffic crimes, local ordinance violations, state misdemeanors and qualified felonies, and all citations subsequent to the service of an arrest warrant, case numbers will be drawn. If the incident involves a citation issued subsequent to the service of a local arrest warrant where a Tigard Police Department case number already exists, that case number shall be used.

420.7 POLICY

The Tigard Police Department will consider its resources and its mission of protecting the community when exercising any discretion to release suspected offenders on a citation, when authorized to do so.

Arrest or Detention of Foreign Nationals

422.1 PURPOSE AND SCOPE

Article 36 of the Vienna Convention on Consular Relations, sets forth certain rights of foreign nationals from member countries when arrested, detained or imprisoned by law enforcement officials in this country. This section provides direction to officers when considering a physical arrest or detention of a foreign national. All foreign service personnel shall be treated with respect and courtesy, regardless of the level of established immunity. As noted herein, the United States is a party to several bilateral agreements that obligate our authorities to notify the consulate upon the person's detention, regardless of whether the detained person(s) request that his or her consulate be notified. The list of specific countries that the United States is obligated to notify is listed on the US Department of State [Website](#).

422.1.1 DEFINITIONS

Foreign National - Anyone who is not a citizen of the United States (U.S.). A person with dual-citizenship, U.S. and foreign, is not a foreign national.

Immunity - Refers to various protections and privileges extended to the employees of foreign governments who are present in the U.S. as official representatives of their home governments. These privileges are embodied in international law and are intended to ensure the efficient and effective performance of their official "missions" (i.e., embassies, consulates, etc.) in foreign countries. Proper respect for the immunity to which an individual is entitled is necessary to ensure that U.S. diplomatic relations are not jeopardized and to maintain reciprocal treatment of U.S. personnel abroad. Although immunity may preclude U.S. courts from exercising jurisdiction, it is not intended to excuse unlawful activity. It is the policy of the U.S. Department of State's Office of Foreign Missions (OFM) that illegal acts by Foreign Service personnel should always be pursued through proper channels. Additionally, the host country's right to protect its citizens supersedes immunity privileges. Peace officers may intervene to the extent necessary to prevent the endangerment of public safety or the commission of a serious crime, regardless of immunity claims.

422.2 ARREST OR DETENTION OF FOREIGN NATIONALS

Officers should take appropriate enforcement action for all violations observed, regardless of claims of diplomatic or consular immunity received from violators. A person shall not, however, be subjected to in-custody arrest when diplomatic or consular immunity is claimed by the individual or suspected by the officer, and the officer has verified or reasonably suspects that the claim of immunity is valid.

422.3 LEVELS OF IMMUNITY

The specific degree of immunity afforded to foreign service personnel within the U.S. is directly related to their function and position in this country.

Tigard Police Department

Tigard PD Policy Manual

Arrest or Detention of Foreign Nationals

422.3.1 DIPLOMATIC AGENTS

Diplomatic agents (e.g., ambassadors and United Nations representatives) are afforded the highest levels of immunity. They are exempt from arrest or detention and are immune from all criminal (and most civil) prosecution by the host state. The family members of diplomatic agents enjoy these same immunities.

422.3.2 CONSULAR OFFICERS

Consular officers are the ranking members of consular posts who perform various formal functions on behalf of their own governments. Typical titles include Consul General, Consul, and Vice Consul. Consular officers can be prosecuted or arrested unless it was in the course of an official act. They are only immune from criminal and civil prosecution arising from official acts. This official acts immunity must be raised as an affirmative defense in the court jurisdiction, and its validity is determined by the court. Under this defense, the prohibited act itself must have been performed as an official function. It is not sufficient that the consular agent was on-duty or in an official capacity at the time of the violation. The family members of consular officers generally enjoy no immunity, however, any family member who enjoys a higher level of immunity is issued an identification card by the Department of State (DOS) enumerating any privileges or immunities on the back of the card. Examples are consular officers and family members from Russia or China.

422.3.3 HONORARY CONSULS

Honorary consuls are part-time employees of the country they represent and are either permanent residents of the U.S. or U.S. nationals (unlike career consular officers, who are foreign nationals on temporary assignment to the U.S.). Honorary consuls may be arrested and detained; limited immunity for official acts may be available as a subsequent defense. Family members have no immunity.

422.4 IDENTIFICATION

All diplomatic and consular personnel who are entitled to immunity are registered with the Department of State and are issued distinctive identification cards by the Department of State Protocol Office. These cards are the best means of identifying Foreign Service personnel. They include a photograph, identifying information, and, on the reverse side, a brief description of the bearer's immunity status. Unfortunately, these identification cards are not always promptly issued by the Department of State. In addition to the Department of State identification card, Foreign Service personnel should also have a driver license issued by the Department of State Diplomatic Motor Vehicle Office (DMVO), which in most circumstances replaces the operator's license issued by the state.

422.4.1 VEHICLE REGISTRATION

Vehicles that are owned by foreign missions or Foreign Service personnel and their dependents are registered with the Department of State OFM and display distinctive red, white, and blue license plates. Vehicles assigned to diplomatic or consular officers will generally have license plates labels with the words "diplomat" or "consul." Vehicles owned by honorary consuls are not issued OFM license plates; but may have Oregon license plates with an "honorary consul"

Tigard Police Department

label. Driver's identity or immunity status should not be presumed from the type of license plates displayed on the vehicle. The status of an OFM license plate should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state, if the officer has reason to question the legitimate possession of the license plate.

422.5 ENFORCEMENT PROCEDURES

The following procedures provide a guideline for handling enforcement of foreign nationals:

422.5.1 CITABLE OFFENSES

An enforcement document shall be issued at the scene for all violations warranting such action, regardless of the violator's immunity status. The issuance of a citation is not considered an arrest or detention under current Department of State guidelines. Whenever the equivalent of a notice to appear is issued to an immunity claimant, the following additional procedures shall be followed by the arresting officer:

- (a) Identification documents are to be requested of the claimant
- (b) The title and country represented by the claimant are to be recorded on the back of the officer's copy of the Notice to Appear for later reference. Do not include on the face of the notice to appear
- (c) The violator shall be provided with the appropriate copy of the notice to appear

422.5.2 IN-CUSTODY ARRESTS

Diplomatic agents and consular officers are immune from arrest or detention (unless they have no identification and the detention is to verify their diplomatic status). Proper identification of immunity claimants is imperative in potential in-custody situations. Claimants who are not entitled to immunity shall be placed in custody in accordance with the provisions outlined in Policy Manual § 422.6 of this policy.

A subject who is placed under arrest and claims diplomatic or consular immunity shall not be physically restrained before verification of the claim (unless restraint is necessary for the protection of the officer or others.)

A supervisor shall be promptly notified and should respond to the scene when possible.

Field verification of the claimant's identity is to be attempted as follows:

- (a) Identification cards issued by the Department of State, Protocol Office, are the only valid evidence of diplomatic or consular immunity. The following types of identification cards are issued: Diplomatic (blue bordered), Consular (red bordered), and Official (green bordered), The Department of State identification cards are 3-3/4 inch by 1-1/2 inch and contain a photograph of the bearer.
- (b) Initiate telephone verification with the Department of State. Newly arrived members of diplomatic or consular missions may not yet have official Department of State identity documents. Verify immunity by telephone with the Department of State any time an

Tigard Police Department

Tigard PD Policy Manual

Arrest or Detention of Foreign Nationals

individual claims immunity and cannot present satisfactory identification, the officer has reason to doubt the claim of immunity, or there is a possibility of physical arrest. Law enforcement personnel should use the following numbers in order of preference:

Office of Foreign Missions San Francisco, CA (415) 744-2910, Ext.. 22 or 23 (415) 744-2913 FAX (0800-1700 PST)	Diplomatic Security Service 915 Second Avenue, Room 3410 Seattle, WA 98174 (206) 220-7721 (206) 220-7723 FAX
Office of Foreign Missions Diplomatic Motor Vehicle Office Washington D.C. (202) 895-3521 (Driver License Verification) or (202) 895-3532 (Registration Verification) (202) 895-3533 FAX (0815-1700 EST)	Department of State Diplomatic Security Service Command Center Washington D.C. (202) 647-7277 (202) 647-1512 (Available 24 hours) (202) 647-0122 FAX

Members of diplomatic or consular missions also may have other forms of identification. These include identification cards issued by Office of Emergency Services, local law enforcement agencies, the foreign embassy, or consulate; driver licenses issued by Department of State; and, Department of State license on the vehicle. All these items are only an indication that the bearer may have some form of immunity.

Subjects verified through the above procedures as being officials entitled to immunity (diplomatic agent, consular officers and consular staff and family members from countries with which the U.S. has special agreements) may not be arrested. The procedures below shall be followed. These procedures should also be used in the event immunity cannot be verified, but another form of identification indicates that immunity is probable.

If the release of the violator will not create an additional hazard, adequate information to properly identify the violator shall be obtained then the official shall be released. A supervisor's approval for the release shall be obtained whenever possible. The necessary release documents and/or a Certificate of Release form should only be issued under the proper conditions.

If the violator appears to have been driving while under the influence, field sobriety tests, including Preliminary Alcohol Screening (PAS) device tests and chemical tests should be offered and obtained whenever possible, however, these tests cannot be compelled. The subject shall not be

Tigard Police Department

Tigard PD Policy Manual

permitted to drive. A supervisor's approval for release shall be obtained whenever possible and alternative transportation should be arranged.

All facts of the incident shall be documented in accordance with this policy in a Driving Under the Influence (DUI) Arrest-Investigation Report, Arrest-Investigation Report and/or any other relevant Report form. Notwithstanding the field release of the subject, prosecution is still appropriate and should be pursued by the command concerned. The Department of State will take appropriate sanctions against errant foreign service personnel, even where prosecution is not undertaken by the agency.

422.6 TRAFFIC COLLISIONS

Persons involved in traffic collisions who possess a Department of State OFM Diplomatic Driver License, issued by the DMVO, shall have "D" coded in the license "class" box of the Traffic Collision Report. If subsequent prosecution of the claimant is anticipated, the claimant's title, country, and type of identification presented should be recorded for future reference. Issuance of a citation to, or arrest of, an immunity claimant at the accident scene should be handled in accordance with the procedures specified in Policy Manual § 422.5 of this chapter.

422.6.1 VEHICLES

Vehicles, which are owned by subjects with full immunity, may not be searched, stored, or impounded without the owner's permission. (Such permission may be assumed if the vehicle has been stolen.) These vehicles may, however, be towed the necessary distance to remove them from obstructing traffic or creating any other hazard.

422.6.2 REPORTS

A photocopy of each traffic collision report involving an identified diplomat and/or immunity claimant shall be forwarded to the office of the Chief of Police within 48 hours whether or not the claim is verified. The words "Immunity Claim" shall be marked on the photocopy, together with a notation of the claimant's title, country, and type of identification presented (if applicable). In addition to the report, a follow-up cover memorandum should be submitted if the violation was flagrant, if the claimant was uncooperative, or if there were any other unusual aspects of the enforcement contact that should be reported to the Department of State for further action. The Patrol Lieutenant/Supervisor apprised of the incident/accident shall also send a copy of all documents and reports submitted by the investigating officer along with any supervisor's notes, materials and/or logs to the Chief of Police's office within 48 hours of the incident. The Chief of Police's office will check to ensure that notification of Department of State and all necessary follow-up occur.

422.7 FOREIGN NATIONALS WHO DO NOT CLAIM IMMUNITY

Officers may only arrest foreign nationals not claiming diplomatic or consular immunity under the following circumstances:

- (a) There is a valid warrant issued for the person's arrest

Tigard Police Department

Tigard PD Policy Manual

Arrest or Detention of Foreign Nationals

- (b) There is probable cause to believe that the foreign national has violated a federal criminal law, a state law, or a local ordinance
- (c) Officers shall not arrest foreign nationals solely for alleged undocumented entry into the United States.

Because undocumented presence is strictly a federal civil violation, it is only enforceable by federal officers therefore officers of this department shall not arrest foreign nationals solely for undocumented presence. Officers shall not stop or detain persons solely for determining immigration status.

422.7.1 ARREST PROCEDURE

Whenever an officer physically arrests or detains an individual for criminal investigation and the officer reasonably believes the person to be a foreign national, the officer shall inquire to determine the person's citizenship.

This procedure applies to detentions of more than two hours. An inquiry is not required if the individual is detained less than two hours for criminal investigation.

If the individual indicates that he/she is other than a U.S. citizen, the officer shall advise the individual that he/she has a right to have the nearest appropriate embassy or consulate notified of the arrest/detention (Vienna Convention on Consular Relations, Art. 36, (1969)).

If the individual requests such notification, the officer shall contact WCCCA as soon as practical and request the appropriate embassy/consulate be notified. Officers shall provide WCCCA with the following information concerning the individual:

- Country of citizenship
- Full name of individual, including paternal and maternal surname, if used
- Date of birth or age
- Current residence
- Time, date, place, location of incarceration/detention and the 24-hour telephone number of the place of detention if different from the Department itself

If the foreign national claims citizenship of one of the countries listed by the US Department of State as requiring mandatory consular notification, officers shall provide WCCCA with the information above as soon as practical whether or not the individual desires the embassy/consulate to be notified. This procedure is critical because of treaty obligations with the particular countries. The list of mandatory notification countries and jurisdictions can be found on the US Department of State website.

422.7.2 DOCUMENTATION

Officers shall document on the face page and in the narrative of the appropriate Arrest-Investigation Report the date and time WCCCA was notified of the foreign national's arrest/detention and his/her claimed nationality.

Rapid Response and Deployment

424.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding officers in situations that call for rapid response and deployment.

424.2 POLICY

The policy of this department in dealing with the crisis situation shall be:

- (a) To obtain and maintain complete operative control of the incident.
- (b) To explore every reasonably available source of intelligence regarding the circumstances, location, and suspect(s) in the incident.
- (c) To attempt, by every means available, to attain any tactical advantage over the responsible individual(s).
- (d) To attempt, whenever feasible, a negotiated surrender of the suspect(s) and release of the hostages through the expertise of the members of this department and others.
- (e) When an emergency situation exists, neutralize the threat as rapidly as reasonably possible to minimize injury and loss of life.

Nothing in this policy shall preclude the use of necessary force, deadly or otherwise, by members of this department in protecting themselves or others from death or serious injury.

424.3 PROCEDURE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to immediately eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

When deciding on a course of action officers should consider the following:

- (a) Whether sufficient personnel are available on-scene to advance on the suspect. Any advance on a suspect should be made using teams of two or more officers whenever reasonably possible.
- (b) Whether individuals who are under imminent threat can be moved out of danger with reasonable safety.
- (c) Whether the officers have the ability to effectively communicate with others in the field.
- (d) Whether planned tactics can be effectively deployed.

Tigard Police Department

Tigard PD Policy Manual

Rapid Response and Deployment

- (e) The availability of rifles, shotguns, shields, control devices and any other appropriate tools, and whether the deployment of these tools will provide tactical advantage.
- (f) In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).
- (g) If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, the officer should take immediate action, if reasonably possible, to stop the threat presented by the suspect while calling for additional assistance.

424.4 PLANNING

The Operations Division Commander should coordinate critical incident planning. Planning efforts should consider:

- (a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Availability of building plans and venue schematics of likely critical incident target sites.
- (c) Communications interoperability with other law enforcement and emergency service agencies.
- (d) Training opportunities in critical incident target sites, including joint training with site occupants.
- (e) Evacuation routes in critical incident target sites.
- (f) Patrol first-response training.
- (g) Response coordination and resources of emergency medical and fire services.
- (h) Equipment needs.
- (i) Mutual aid agreements with other agencies.
- (j) Coordination with private security providers in critical incident target sites.

424.5 TRAINING

The Training Coordinator should include rapid response to critical incidents in the training plan. This training should address:

- (a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Communications interoperability with other law enforcement and emergency service agencies.
- (c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
- (d) First aid, including gunshot trauma.

Rapid Response and Deployment

- (e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

Immigration Violations

428.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Tigard Police Department relating to immigration and interacting with federal immigration officials.

428.2 POLICY

It is the policy of the Tigard Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

428.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or Oregon constitutions.

428.4 DETENTIONS

This department does not participate in routine immigration investigation and enforcement activities (ORS 181A.820).

An officer should not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant.

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of federal immigration law may detain the person for a reasonable period of time in order to contact federal immigration officials to verify whether an immigration violation is a federal civil violation or a criminal violation. If the violation is a criminal violation, the officer may continue to detain the person for a reasonable period of time if requested by federal immigration officials (8 USC § 1357(g)(10)). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request a federal immigration official to respond to the location to take custody of the detained person (8 USC § 1357(g)(10)).

Tigard Police Department

Tigard PD Policy Manual

Immigration Violations

An officer is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities, or the potential to obstruct a separate investigation outweigh the need for the detention.

An officer may arrest any person who is the subject of an arrest warrant issued by a federal magistrate for a criminal violation of federal immigration laws (ORS 181A.820).

An officer should notify a supervisor as soon as practicable whenever an individual is being detained or arrested for a criminal immigration violation.

428.4.1 SUPERVISOR RESPONSIBILITIES

When notified that an officer has detained an individual and established reasonable suspicion or probable cause to believe the person has violated a criminal immigration offense, the supervisor should determine whether it is appropriate to:

- (a) Transfer the person to federal authorities.
- (b) Lawfully arrest the person for a criminal offense or pursuant to a judicial warrant (see the Law Enforcement Authority Policy).

428.5 ARREST NOTIFICATION TO IMMIGRATION AND CUSTOMS ENFORCEMENT

Generally, an officer should not notify federal immigration officials when booking arrestees at a jail facility. Any required notification will be handled according to jail operation procedures. No individual who is otherwise ready to be released should continue to be detained solely for the purpose of notification.

428.6 FEDERAL REQUESTS FOR ASSISTANCE

Requests by federal immigration officials for assistance from this department should be directed to a supervisor. The Department may provide available support services, such as traffic control or peacekeeping efforts.

428.7 INFORMATION SHARING

No member of this department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373):

- (a) Sending information to, or requesting or receiving such information from federal immigration officials
- (b) Maintaining such information in department records
- (c) Exchanging such information with any other federal, state, or local government entity

428.7.1 IMMIGRATION DETAINERS

No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 unless the person has been charged with a federal crime or the detainer is accompanied by a

Tigard Police Department

Tigard PD Policy Manual

Immigration Violations

warrant, affidavit of probable cause, or removal order. Notification to the federal authority issuing the detainer should be made prior to the release.

428.7.2 NON-DISCLOSURE OF CERTAIN INFORMATION

Except as required by state or federal law, members should not disclose for the purpose of enforcement of federal immigration laws the following information about a person or his/her known relatives or associates, whether current or otherwise (ORS 180.805):

- (a) The person's address
- (b) The person's workplace or hours of work
- (c) The person's school or school hours
- (d) The person's contact information, including telephone number, email address, or social media account information
- (e) The identity of known associates or relatives of the person
- (f) The date, time, or location of a person's hearings, proceedings, or appointments with the Department that are not matters of public record

428.8 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Criminal Investigation Unit supervisor assigned to oversee the handling of any related case. The Criminal Investigation Unit supervisor should:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
- (b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.
- (c) Address the request and complete the certification or declaration, if appropriate, in a timely manner (ORS 147.620).
 - 1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.
- (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

428.8.1 DENIAL OF CERTIFICATION

If certification is denied, the Criminal Investigation Unit supervisor shall inform the petitioner in writing regarding the reason for the denial as provided in ORS 147.620. A copy of the notice shall

Immigration Violations

be kept for a minimum of three years and in accordance with the established records retention schedule (ORS 147.620).

428.8.2 TIME FRAME FOR COMPLETION

Except under circumstances where there is good cause for delay, the Criminal Investigation Unit supervisor shall process the certification for the U visa or T visa within 90 days of the request, unless the victim is in federal immigration removal proceedings, in which case the certification shall be executed within 14 days after the request is received (ORS 147.620).

428.8.3 U VISA AND T VISA DOCUMENTATION

The Criminal Investigation Unit supervisor shall collect written documentation regarding the number of certification forms that are (2019 Oregon Laws, c. 472, § 2):

- (a) Requested by a victim.
- (b) Granted.
- (c) Denied, with the reason for denial.

The Criminal Investigation Unit supervisor or the authorized designee should ensure that the information collected regarding certification forms is transmitted in a timely manner to the Records Unit for annual reporting to the Oregon Criminal Justice Commission.

428.9 TRAINING

The Training Coordinator should ensure officers receive training on this policy.

Training should include:

- (a) Identifying civil versus criminal immigration violations.
- (b) Factors that may be considered in determining whether a criminal immigration offense has been committed.

Emergency Utility Service

430.1 PURPOSE AND SCOPE

The City Public Works Department has personnel available to handle emergency calls 24 hours per day. Calls for service during non-business hours are frequently directed to the Police Department. Requests for such service received by this department should be handled in the following manner.

430.1.1 BROKEN WATER LINES

The City's responsibility ends at the water meter; any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. Public Works can only turn off the valve at the meter. The citizen can normally accomplish this.

If a break occurs on the City side of the meter, emergency personnel should be called as soon as practical by WCCCA.

430.1.2 ELECTRICAL LINES

City Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. The Electric Company or Public Works should be promptly notified, as appropriate.

430.1.3 RESERVOIRS, PUMPS, WELLS, ETC.

Public Works maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

430.1.4 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for utility emergencies is maintained by WCCCA.

430.2 TRAFFIC SIGNAL MAINTENANCE

The City of Tigard contracts with a private maintenance company to furnish maintenance for all traffic signals within the City, other than those maintained by the State of Oregon.

430.2.1 OFFICER'S RESPONSIBILITY

Upon observing a damaged or malfunctioning signal, the officer will advise WCCCA of the location and problem with the signal. The dispatcher should make the necessary notification to the proper maintenance agency.

Officers have the responsibility to address any hazard caused by malfunction of any inoperative or malfunctioning signal.

Aircraft Accidents

433.1 PURPOSE AND SCOPE

The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Operations Plan and Hazardous Material Response policies.

433.1.1 DEFINITIONS

Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

433.2 POLICY

It is the policy of the Tigard Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

433.3 ARRIVAL AT SCENE

Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- (a) Protect persons and property.
- (b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
- (c) Preserve ground scars and marks made by the aircraft.
- (d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
- (e) Maintain a record of persons who enter the accident site.
- (f) Consider implementation of an Incident Command System (ICS).

433.4 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

Tigard Police Department

Tigard PD Policy Manual

Aircraft Accidents

433.5 NOTIFICATIONS

When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department
- (b) Appropriate airport tower
- (c) Emergency medical services (EMS)

433.6 CONTROLLING ACCESS AND SCENE AUTHORITY

Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

- (a) FAA.
- (b) Fire department, EMS or other assisting law enforcement agencies.
- (c) Medical Examiner.
- (d) Air Carrier/Operators investigative teams with NTSB approval.
- (e) Appropriate branch of the military, when applicable.
- (f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

433.7 DANGEROUS MATERIALS

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

- (a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.
- (b) Pressure vessels, compressed gas bottles, accumulators and tires.

Tigard Police Department

Tigard PD Policy Manual

Aircraft Accidents

- (c) Fluids, batteries, flares and igniters.
- (d) Evacuation chutes, ballistic parachute systems and composite materials.

433.8 DOCUMENTATION

All aircraft accidents occurring within the City of Tigard shall be documented. At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of TPD members deployed to assist; other City resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

433.8.1 WRECKAGE

When reasonably safe, members should:

- (a) Obtain the aircraft registration number (N number) and note the type of aircraft.
- (b) Attempt to ascertain the number of casualties.
- (c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.
 - 1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).
- (d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.
- (e) Acquire copies of any recordings from security cameras that may have captured the incident.

433.8.2 WITNESSES

Members tasked with contacting witnesses should obtain:

- (a) The location of the witness at the time of his/her observation relative to the accident site.
- (b) A detailed description of what was observed or heard.
- (c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
- (d) The names of all persons reporting the accident, even if not yet interviewed.
- (e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

433.9 MEDIA RELATIONS

The Public Information Officer (PIO) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should

Tigard Police Department

Tigard PD Policy Manual

Aircraft Accidents

be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims' names. The PIO should coordinate with other involved entities before the release of information.

Carbines

434.1 PURPOSE AND SCOPE

In order to more effectively and accurately address the increasing level of fire power and body armor utilized by criminal suspects, the Tigard Police Department will make carbines available to qualified patrol officers as an additional and more immediate tactical resource.

434.2 CARBINES

434.2.1 DEFINITION

A carbine is an authorized weapon which is owned by the department and which is made available to properly trained and qualified officers as a supplemental resource to their duty handgun. Tigard Police Department

Tigard PD Policy Manual

Carbines

434.6 DEPLOYMENT OF THE CARBINE

Officers may deploy the patrol rifle in any circumstance where the officer can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the patrol rifle may include, but are not limited to:

- (a) Situations where the officer reasonably anticipates an armed encounter.
- (b) When an officer is faced with a situation that may require the delivery of accurate and effective fire at long range.
- (c) Situations where an officer reasonably expects the need to meet or exceed a suspect's firepower.
- (d) When an officer reasonably believes that there may be a need to deliver fire on a barricaded suspect or a suspect with a hostage.
- (e) When an officer reasonably believes that a suspect may be wearing body armor.
- (f) When authorized or requested by a supervisor.
- (g) When needed to euthanize an animal.
- (h) The carbine to officer "ratio" should not exceed 50% during a tactical situation. This provides carbine security during the arrest process and permits freedom of movement for officers required to perform manual tasks.

434.7 DISCHARGE OF THE CARBINE

The discharge of the carbine shall be governed by the Department's Deadly Force Policy, Policy Manual § 300.

434.8 PATROL READY

Any qualified officer carrying a carbine in the field shall maintain the weapon in a patrol ready condition until deployed. A carbine is considered patrol ready when it has been inspected by the assigned officer and meets the following conditions:

- (a) The chamber is empty
- (b) The carbine bolt is forward with the hammer down
- (c) There is a fully loaded ammunition feeding device(s) in the carbine
- (d) The dust cover is closed (if one is present)

434.9 CARBINE STORAGE

- (a) When not in use, carbines will be stored in the department armory in their designated racks.

Tigard Police Department

Tigard PD Policy Manual

Carbines

- (b) At the start of each assigned shift, any qualified, on-duty officer will contact the patrol supervisor for access to the department armory, and shall carry their designated carbine as directed.
- (c) At the end of the assigned officer's shift, the carbine will be returned and secured in the department armory.
- (d) When not deployed, in-service carbines should be secured in the patrol vehicle's locked gun rack.

434.9.1 TIGARD HIGH SCHOOL CARBINE STORAGE

- (a) A carbine will be permanently assigned to Tigard High School when the assigned School Resource Officer (SRO) is a qualified operator.
- (b) The carbine assigned will be kept inside a safe that is permanently secured to the building inside the SRO office at Tigard High School. The office will always be locked when it is not occupied. The SRO(s) assigned to Tigard High School and the SRO supervisor will be the only persons who know the code to the safe.
- (c) The carbine will be stored in patrol ready condition as previously described in this policy.
- (d) The carbine will only be removed from the school for deployment, training, or maintenance. The carbine will always be transported for non-deployment purposes inside a case.
- (e) Maintenance will never be performed on school property and will be done according to this policy.

Once the trainee completes their probationary period their FTEP records will be forwarded to the Training Officer for retention according to City policies and applicable Oregon Revised Statutes.

Obtaining Air Support

437.1 PURPOSE AND SCOPE

The use of a police air support can be invaluable in certain situations. This policy specifies potential situations where the use of air support may be requested and the responsibilities for making a request.

437.2 REQUEST FOR AIR SUPPORT

If a supervisor or officer in charge of an incident determines that the use of air support would be beneficial, a request to obtain air support may be made.

437.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY

After consideration and approval of the request for air support, the Patrol Lieutenant, or his/her designee, will call the closest agency having air support available. The Patrol Lieutenant on duty will apprise that agency of the specific details of the incident prompting the request.

437.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED

Police air support may be requested under any of the following conditions:

- (a) When air support is activated under existing mutual aid agreements
- (b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of air support may reduce such hazard
- (c) When the use of air support will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community
- (d) When air support is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard
- (e) Vehicle pursuits

While it is recognized that the availability of air support will generally provide valuable assistance to ground personnel, the presence of air support will rarely replace the need for officers on the ground.

Contacts and Temporary Detentions

439.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

439.1.1 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purposes of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile/Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Frisk or pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others (ORS 131.625).

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Stop - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion that the person has committed or is about to commit a crime (ORS 131.615).

Temporary detention - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement.

439.2 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer's suspicion.

Tigard Police Department

Tigard PD Policy Manual

Contacts and Temporary Detentions

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Tigard Police Department to strengthen community involvement, community awareness, and problem identification.

439.2.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) Actions suggesting that he/she is engaged in a criminal activity.
- (c) Presence in the area at an inappropriate hour of the day or night.
- (d) Presence in a particular area is suspicious.
- (e) Carrying of suspicious objects or items.
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggests he/she is carrying a dangerous weapon.
- (g) Location in proximate time and place to an alleged crime.
- (h) Physical description or clothing worn that matches a suspect in a recent crime.
- (i) Prior criminal record or involvement in criminal activity as known by the officer.

439.3 FRISK OR PAT-DOWN SEARCHES

A frisk or pat-down search of a stopped person may be conducted whenever an officer reasonably believes that the person may possess a dangerous or deadly weapon and presents a danger to the officer or other persons present (ORS 131.625). The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to the following:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or area where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.
- (f) Visual indications which suggest that the suspect is carrying a firearm or other dangerous weapon.

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

Tigard Police Department

Tigard PD Policy Manual

Contacts and Temporary Detentions

439.4 FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

439.4.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should have the individual read and sign the appropriate form accompanying the photograph.

439.4.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based on reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

439.4.3 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Watch Commander with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures

If a photograph is not associated with an investigation where a case number has been issued, the Watch Commander should review it and forward the photograph to one of the following locations:

- (a) If the photo and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Watch Commander will forward the photograph and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed by the Criminal Organizations Policy.
- (b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Records Unit.

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

Tigard Police Department

Tigard PD Policy Manual

Contacts and Temporary Detentions

439.4.4 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

439.5 POLICY

The Tigard Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete an FI, pat-down search, or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

439.6 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department members.
 - 1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

Criminal Organizations

441.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Tigard Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

441.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

441.2 POLICY

The Tigard Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

441.3 CRIMINAL INTELLIGENCE SYSTEMS

No department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

441.3.1 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information from a report, FI, photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Unit. Any

Criminal Organizations

supporting documentation for an entry shall be retained by the Records Unit in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Unit are appropriately marked as intelligence information. The Records Supervisor may not purge such documents without the approval of the designated supervisor.

441.4 TEMPORARY INFORMATION FILE

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved CIS only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of CIS entries.

441.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- (a) Must only be included upon documented authorization of the responsible department supervisor.
- (b) Should not be originals that would ordinarily be retained by the Records Unit or Property and Evidence Section, but should be copies of, or references to, retained documents, such as copies of reports, field interview (FI) forms, WCCCA records or booking forms.
- (c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.
- (d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

441.4.2 FILE REVIEW AND PURGING

The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged or entered in an authorized criminal intelligence system, as applicable.

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

Criminal Organizations

441.5 INFORMATION RECOGNITION

Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

- (a) Gang indicia associated with a person or residence.
- (b) Information related to a drug-trafficking operation.
- (c) Vandalism indicating an animus for a particular group.
- (d) Information related to an illegal gambling operation.

Department supervisors who utilize an authorized criminal intelligence system should work with the Training Coordinator to train members to identify information that may be particularly relevant for inclusion.

441.6 RELEASE OF INFORMATION

Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

441.7 CRIMINAL STREET GANGS

The Criminal Investigation Unit supervisor should ensure that there are an appropriate number of department members who can:

- (a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with criminal street gangs.
- (b) Coordinate with other agencies in the region regarding criminal street gang crimes and information.
- (c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

441.8 TRAINING

The Training Coordinator should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

Tigard Police Department

Tigard PD Policy Manual

Criminal Organizations

- (a) The protection of civil liberties.
- (b) Participation in a multiagency criminal intelligence system.
- (c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.
- (d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.
- (e) The review and purging of temporary information files.

446.4 RESPONSIBILITIES

446.4.1 POLICE ADMINISTRATION

Members of Police Administration shall:

- (a) Develop and administer the training process for the proper usage of recording equipment, wireless transmitter, lapel microphone, recording system software, and video media.
- (b) Require all officers complete recording system training and pass a proficiency exam.
- (c) Serve as custodian of all training records (Training Coordinator).
- (d) Provide a secure location for all video recordings.
- (e) Ensure all public records requests for video are processed in accordance with state law.
- (f) Ensure video is retained under current records retention requirements.

446.4.2 PATROL SUPERVISORS

Patrol Supervisors shall:

- (a) Require all instructors and operators of in-car video camera equipment to complete the required training.
- (b) Periodically review selected video of their staff, placing special emphasis on reviewing the recordings of pursuits, use of force incidents, consent searches, and complaints for the purpose of:
 1. Assessing officer performance and safety.
 2. Determining the mobile video equipment is functioning and being properly used.
 3. Identifying any material that may be appropriate for training and forward to the Training Coordinator.

446.4.3 OFFICERS

Recording equipment installed in patrol vehicles is the responsibility of the patrol officer for the duration of her/his car assignment. Anytime the vehicle is in use the video system shall be powered on.

Tigard Police Department

Tigard PD Policy Manual

In-Car Digital Video System

Officers shall:

- (a) Ensure proper care and maintenance of the recording equipment, wireless transmitter, lapel microphone, and recording systems software in accordance with TPD sponsored training.
- (b) Ensure proper security of all components listed above in accordance with Policy 704 (Vehicle Maintenance).
- (c) Ensure that any recording equipment, wireless transmitter, lapel microphone, or recording system software failure is immediately reported to his/her immediate supervisor. Officers shall not make any attempt to make any repairs to recording equipment, wireless transmitter, lapel microphone, or recording system software.
- (d) Position the patrol unit with highest regard for the safety of the officer, the violator, and the general public at all times. Officers shall attempt to position the camera in such a way as to best capture the incident. However, officers should not compromise their safety in order to obtain video.

446.5 PROCEDURES

446.5.1 VIDEO RECORDING

Officers shall:

- (a) Activate the recording equipment in the following circumstances:
 - 1. all traffic stops
 - 2. courtesy transports
 - 3. DUII investigations
 - 4. high risk stops
 - 5. prisoner transports
 - 6. pursuits
 - 7. incidents involving potential citizens' complaints
 - 8. any incidents or situations where an officer's safety may be placed in jeopardy
- (b) Activate the wireless transmitter during the incidents listed above in order to provide narration with all video recording.
- (c) Deactivate the recording equipment when the officer is reasonably certain nothing of significance would be recorded.
 - An example of a deactivation might be, a code run to a domestic disturbance, but the officer parks at such a distance from the incident that the remote microphone will be inoperable and no evidence of pertinent activity within recording distance exists. The officer may choose to deactivate at the conclusion of the code run when parked rather than at the conclusion of the entire call.

Tigard Police Department

Tigard PD Policy Manual

In-Car Digital Video System

- (d) Upon a deactivation of the recording equipment, the officer will reactivate the equipment either manually or by using the remote microphone if the situation changes and evidence might be captured on video.
- (e) Video or audio record other types of incidents at their discretion. However it is recommended that officers activate the recording equipment and wireless transmitter during any public or officer contacts in order to capture potential evidence for court and to protect themselves from false allegations. Officers are also encourage to activate the recording system and wireless transmitter any time it may be beneficial, such as when suspicious activity is observed, or during traffic or crowd problems. Officers should consider the privacy of individuals in certain situations when considering the need to record sensitive interactions with a victim.
- (f) Activate both the front and the rear cameras whenever transporting a prisoner.
- (g) Make every effort to show the degree of impairment of the driver when interacting with impaired drivers. This shall be accomplished by the use of audio and video recordings of the driving violations committed by the driver and standardized field sobriety tests conducted in the field. Consider the video files as an addition to and not in lieu of other documentation.
- (h) Notify personnel assisting from outside agencies whenever either video or audio recording is in use.
- (i) Wear the wireless transmitter with the lapel microphone on their person at all times, positioned to obtain the best audio possible. Officers may choose to set the wireless transmitter to either auto or transmit at his/her discretion. In auto mode, the wireless transmitter recording begins approximately five seconds after the video activation; in transmit mode the officer must manually activate the wireless transmitter.
- (j) Not compromise their safety in order to provide notification, but shall provide notification once it is safe to do so.

446.5.2 POST RECORDING ACTIVITY

Officers shall:

- (a) Review the video prior to writing a report when the video is associated with an incident where there is either a case number or a citation.
- (b) Note the acquisition of recordings in reports and on citations.
- (c) Where possible, identify all relevant subjects recorded in the report.
- (d) Not access or duplicate video files unless the officer:
 - responded to the incident
 - assisted with an incident
 - is directed by a supervisor to do so
 - performs a work task which requires viewing or duplication
- (e) Treat all video files as evidence until it is determined to be otherwise
- (f) Not make copies of video files for personal use.

Tigard Police Department

Tigard PD Policy Manual

In-Car Digital Video System

- (g) Label/annotate and save/archive all recordings associated with incidents for which video of evidentiary value exists. (Officers may label and/or save other files as desired).
- (h) Label and save video data associated with incidents for which a case number or a citation number exists, simultaneous with report preparation.
- (i) Not access the video files through any means other than the software accessible from PD desktops without permission from a supervisor.
- (j) Document any instance of video deactivation where recording equipment stopped functioning properly during a reported contact, or in the instance no report is written, notify their supervisor of equipment failure.

446.6 VIDEO FILE DUPLICATION

The video recordings generated are the property of TPD. The policies and procedures relating to disclosure of public records and rights of privacy shall be followed. (Policy 810).

The following restrictions apply to the distribution of video data outside the department:

- Copies can be released to other authorized parties only within the scope of official business
- All other requests for copies, such as those from the media, attorneys, and citizens shall be processed by TPD Records Unit personnel, or the Public Information Officer.
- Copies are not considered evidence.

446.7 TRAINING

Video files that contain material deemed beneficial for training purposes, with Patrol Supervisors approval, may be utilized for training purposes. Officers may notify supervisors of video that may be appropriate for training; supervisors review and submit videos to the Training Coordinator at their discretion.

Mobile Digital Computer Use

447.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Digital Computer (MDC) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and WCCCA.

447.2 POLICY

Tigard Police Department members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

447.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

447.4 RESTRICTED ACCESS AND USE

MDC use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Watch Commanders.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

Any agency using a terminal to access the Law Enforcement Data System (LEDS), whether directly or through another agency, is responsible for adhering to all applicable LEDS rules and policies and must ensure that unauthorized persons are not given access or allowed to view LEDS information.

Tigard Police Department

Tigard PD Policy Manual

Mobile Digital Computer Use

447.4.1 USE WHILE DRIVING

Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

447.5 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Watch Commander or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

447.5.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDC system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC when the vehicle is not in motion.

447.5.2 EMERGENCY ACTIVATION

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Watch Commander are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

447.6 EQUIPMENT CONSIDERATIONS

447.6.1 MALFUNCTIONING MDC

Whenever possible, members will not use vehicles with malfunctioning MDCs. Whenever members must drive a vehicle in which the MDC is not working, they shall notify WCCCA. It shall

Tigard Police Department

Tigard PD Policy Manual

Mobile Digital Computer Use

be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the police radio.

447.6.2 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.

447.7 SECURITY

The MDC will be removed from vehicles at the end of every shift and secured inside the police facility, or as allowed, key locked into the vehicle docking station otherwise. If an MDC is lost, misplaced, or stolen, members will notify the on-duty watch commander immediately. The watch commander and the member will ensure the CJIS Incident Handling and Response Plan is followed and the property is reported/entered as well. The Records Supervisor is the department's point-of-contact to ensure that the incident response reporting procedures are completed properly. (I:\PD\Templates2007\CJIS Incident HandlingResponse Plan)

Members who have their MDCs on during their shifts will ensure that they are closed or "blacked out" whenever unattended, as much as possible, to prevent passengers, prisoners and others from being able to view CJI displayed on their screens.

Body Worn Cameras

449.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of the Body Worn Camera (BWC) by members of this department while in the performance of their duties. The terms Body Worn Camera and BWC include all recording systems whether body-worn, hand held or integrated into portable equipment (ORS 133.741).

This policy does not apply to mobile audio/video recordings, interviews or interrogations conducted at any Tigard Police Department facility, authorized undercover operations, wiretaps or eavesdropping (concealed listening devices).

449.2 POLICY

The Tigard Police Department may provide members with access to a BWC, either audio or video or both, for use during the performance of their duties. The use of the BWC is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public.

449.3 MEMBER PRIVACY EXPECTATION

All recordings made by members acting in their official capacity shall remain the property of the Department regardless of whether those recordings were made with department-issued or personally owned recorders. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

449.4 MEMBER RESPONSIBILITIES

Prior to using a BWC, members of this department shall receive department-approved training on the proper operation, care, and policy with respect to the use of the BWC. Training shall be provided at periodic intervals to ensure the continued effective use of the equipment and incorporate changes, updates, and other revisions in policy or equipment.

Prior to going into service, each uniformed member should be equipped with a BWC, issued by the Department, and will make sure the BWC is in good working order. Uniformed members should wear the BWC in a conspicuous manner. Whenever a sworn member or Community Service Officer is in uniform and on-duty, they shall wear a BWC that has been assigned to them.

Any sworn member assigned to a non-uniformed position may carry an approved BWC at any time the member believes that such a device may be useful. Non-uniformed sworn members will wear an assigned BWC at the direction of their supervisor, during operations that require them to wear body armor such as warrant services, or when they anticipate contentious contact with the public.

Tigard Police Department

Tigard PD Policy Manual

Body Worn Cameras

449.4.1 SUPERVISOR RESPONSIBILITIES

Supervisors shall ensure officers are equipped with a BWC prior to taking calls for service.

Supervisors may review a sampling of officers' BWC recordings to ensure the equipment is functioning properly and officers are using devices in accordance with policy, and to identify any areas which require additional training or guidance. It is not the intent of the department to review recordings for the purpose of general performance review, or to discover policy violations.

If during a BWC review a supervisor inadvertently discovers a policy violation and depending on the type of policy violation the supervisor will either initiate a performance discussion with the involved member or initiate a Professional Standards review.

449.5 ACTIVATION OF THE PORTABLE RECORDER

This policy is not intended to describe every possible situation in which the BWC should be used, although there are many situations where its use is appropriate. Members should activate the BWC any time the member believes it would be appropriate or valuable to record an incident.

The BWC will be activated in any of the following situations:

- (a) All enforcement and investigative contacts including stops and field interview (FI) situations
- (b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops
- (c) Self-initiated activity in which a member would normally notify WCCCA
- (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording
- (e) At any time the department member believes the video and/or audio recording of the situation would benefit the department, community, or individuals with whom the officer is contacting.

Unless there are exigent circumstances or concerns for the safety of the member or any other person, the BWC shall be activated whenever the officer has or develops reasonable suspicion or probable cause that an offense has been or will be committed by a person in contact with the member (ORS 133.741).

Members shall notify all parties to the conversation that a recording is being made unless pursuant to a court order or the limited exceptions in ORS 165.540 subsections (2) through (7) and ORS 133.726 (prostitution offenses, felonies when exigency makes obtaining a warrant unreasonable, certain felony drug offenses, felonies that endangers human life) (ORS 165.540).

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

Tigard Police Department

Tigard PD Policy Manual

Body Worn Cameras

At no time is a member expected to jeopardize his/her safety in order to activate a BWC or change the recording media. However, the BWC should be activated in situations described above as soon as reasonably practicable.

449.5.1 SURREPTITIOUS USE OF THE PORTABLE RECORDER

Oregon law generally prohibits any individual from surreptitiously recording any conversation, except as provided in ORS 165.540 and ORS 165.543.

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.

449.5.2 EXPLOSIVE DEVICE

Many portable recorders, including the BWC and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

449.5.3 CESSATION OF RECORDING

Once activated, the BWC should remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

449.5.4 MUTE FEATURE

Officers may use the mute feature on their BWC in lieu of deactivating the camera. The purpose of the mute feature is to maintain the continuation of video recording while temporarily pausing the audio recording. The mute feature shall only be used in the following circumstances to protect confidential and sensitive information:

- (a) Confidentiality of law enforcement conversations during tactical situations.
- (b) Confidentiality of administrative conversations between supervisors, officers, and/or recruits during calls for service. Examples include, but are not limited to:
 1. Police tactics
 2. Department policy
 3. Legal considerations
 4. Sensitive training discussions

449.5.5 RECORDING OF JUVENILES

It is recognized that recordings of juvenile offenders will occur by the use of BWC when officers are responding to calls for service or during the course of an investigation. Officers will protect recordings of juveniles captured on the BWC the same as still photographs of juveniles. If an officer has to use BWC recordings as part of an investigation, the officer shall comply with state or any other applicable law.

Tigard Police Department

Tigard PD Policy Manual

Body Worn Cameras

449.6 PROHIBITED USE OF PORTABLE RECORDERS

Members are prohibited from using any department BWC and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All recordings shall be retained at the Department or by any department-approved third-party vendor.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Watch Commander. Any member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

449.6.1 PROHIBITED USE OF BODY WORN CAMERA RECORDINGS

Recordings from a BWC shall not be analyzed with facial recognition or other biometric matching technology (ORS 133.741).

449.7 IDENTIFICATION AND PRESERVATION OF RECORDINGS

To assist with identifying and preserving data and recordings, members should download, tag or mark these in accordance with procedure and document the existence of the recording in any related case report.

A member should transfer, tag or mark recordings when the member reasonably believes:

- (a) The recording contains evidence relevant to potential criminal, civil or administrative matters.
- (b) A complainant, victim or witness has requested non-disclosure.
- (c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.
- (d) Disclosure may be an unreasonable violation of someone's privacy.
- (e) Medical or mental health information is contained.
- (f) Disclosure may compromise an undercover officer or confidential informant.

In accordance with the guidance of the Washington County District Attorney's Office, and in addition to the above stated reasons for identification and preservation of data and recordings, any BWC or dash camera recordings taken during an investigation or arrest SHALL be submitted as evidence. Even if there appears to be no evidentiary value.

Tigard Police Department

Tigard PD Policy Manual

Body Worn Cameras

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

449.8 REVIEW OF RECORDED MEDIA FILES

When preparing written reports, members should review their recordings as a resource (see the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member's performance.

Recorded files may also be reviewed:

- (a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.
- (b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.
- (c) By media personnel with permission of the Chief of Police or the authorized designee.
- (d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person's privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

449.8.1 VIDEO EVIDENCE LIMITATIONS

The Tigard Police Department recognizes that video images cannot always depict the entire scene or incident in the way it may have been perceived or experienced by any person present. BWC video should be considered additional evidence and not a substitute for a complete investigation of any incident.

BWC video evidence has at least the following limitations:

- (a) BWCs may capture something that the wearer of the camera did not see or, conversely, there may be a viewpoint the wearer saw that was not captured by the camera.
- (b) The focal point of the camera may not be the focal point of the person wearing the camera.
- (c) Such video cannot capture tactile responses such as a subject that tenses their muscles or body on contact.

Tigard Police Department

Tigard PD Policy Manual

Body Worn Cameras

- (d) Due to the environmental factors, a BWC, in some circumstances, may capture more or less than the human eye.
- (e) BWC video can be slowed down, sped up, or viewed frame by frame but this is never how the wearer of the BWC would have perceived or experienced the situation.
- (f) BWC video cannot capture the physiological or psychological phenomena that a person may experience during a high stress situation.

449.9 COORDINATOR

The Chief of Police or the authorized designee should designate a coordinator responsible for:

- (a) Establishing procedures for the security, storage and maintenance of data and recordings.
- (b) Establishing procedures for accessing data and recordings.
- (c) Establishing procedures for logging or auditing access.
- (d) Establishing procedures for transferring, downloading, tagging or marking events.
- (e) Conduct reviews at least annually to assess that the use of the cameras by department members match the requirements of this policy.

449.10 RETENTION OF RECORDINGS

All recordings shall be retained for a period consistent with the requirements of the organization's records retention schedule but in no event for a period less than 180 days.

Recordings made from any BWC no longer needed for a court proceeding or an ongoing criminal investigation shall not be retained for more than 30 months (ORS 133.741).

449.10.1 RELEASE OF AUDIO/VIDEO RECORDINGS

Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.

449.10.2 STORAGE OF DATA BY VENDORS

Any contract with a third-party vendor for data storage of recordings from BWC audio and video must state that all recordings are the property of the Tigard Police Department, not owned by the vendor, and cannot be used by the vendor for any purpose inconsistent with the policies and procedures of the Tigard Police Department (ORS 133.741).

Medical Marijuana

451.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production, or use of marijuana under Oregon's medical marijuana laws (ORS 475B.785 et seq.).

This policy is not intended to address laws and regulations related to recreational use of marijuana.

451.1.1 DEFINITIONS

Definitions related to this policy include:

Cardholder - Any patient or caregiver who has been issued a valid Registry Identification Card (RIC).

Caregiver (or designated primary caregiver) - An individual 18 years of age or older who has significant responsibility for managing the well-being of a person who has been diagnosed with a debilitating medical condition and who is designated as the person responsible for managing the well-being of a person who has been diagnosed with a debilitating medical condition on either that person's application for a RIC or in other written notification submitted to the Oregon Health Authority. Caregiver does not include a person's attending physician; however, it may include an organization or facility that provides hospice, palliative, or home health care services. The caregiver may assist the cardholder with any matter related to the medical use of marijuana (ORS 475B.791; ORS 475B.807; ORS 475B.801).

Grower - A person, joint venture, or cooperative that produces industrial hemp (ORS 571.269).

Handler - A person, joint venture, or cooperative that receives industrial hemp for processing into commodities, products, or agricultural hemp seed (ORS 571.269).

Mature marijuana plant - A marijuana plant that has flowers (ORS 475B.791).

Medical use of marijuana - The production, processing, possession, delivery, distribution, or administration of marijuana, or use of paraphernalia used to administer marijuana to mitigate the symptoms or effects of a debilitating medical condition (ORS 475B.791). The RIC may also identify a person applying to produce marijuana or designate another person to produce marijuana under ORS 475B.810.

Patient - A person who has been diagnosed with a debilitating medical condition within the previous 12 months and been advised by his/her attending physician that the medical use of marijuana may mitigate the symptoms or effects of that debilitating medical condition (ORS 475B.913). This includes a person who has been issued a valid RIC for his/her medical condition (ORS 475B.797).

Registry Identification Card (RIC) - A document issued by the Oregon Health Authority under ORS 475B.797 that identifies a person authorized to engage in the medical use of marijuana and, if the person has a designated primary caregiver under ORS 475B.804, the person's designated

Tigard Police Department

Medical Marijuana

primary caregiver (ORS 475B.791). The RIC may also identify a person applying to produce marijuana or designate another person to produce marijuana under ORS 475B.810.

Statutory possession and grow site amounts - Amounts authorized by ORS 475B.831 and ORS 475B.834.

Usable marijuana - The dried leaves and flowers of marijuana. Usable marijuana does not include the seeds, stalks, and roots of marijuana or waste material that is a by-product of producing marijuana (ORS 475B.791).

451.2 POLICY

It is the policy of the Tigard Police Department to prioritize resources to avoid making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

Oregon medical marijuana laws are intended to protect patients and their doctors from criminal and civil penalties that may deter the use of small amounts of marijuana by those suffering from debilitating medical conditions (ORS 475B.785). However, Oregon's medical marijuana laws do not affect federal laws, and there is no medical exception under federal law for the possession or distribution of marijuana. The Tigard Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under Oregon law and the resources of the Department.

451.3 INVESTIGATION

Investigations involving the possession, delivery, production, or use of marijuana generally fall into one of several categories:

- (a) Investigations when no person makes a medicinal claim.
- (b) Investigations related to patient cardholders.
- (c) Investigations related to patient non-cardholders.

451.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM

In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the officer should proceed with an investigation if evidence indicates an excess outside the current legal parameters. A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

451.3.2 INVESTIGATIONS RELATED TO PATIENT CARDHOLDERS

Officers shall not take enforcement action against a cardholder for engaging in the medical use of marijuana with amounts at or below statutory possession amounts or statutory grow site amounts. Officers shall not take enforcement action against a caregiver for assisting a patient cardholder in

Tigard Police Department

Tigard PD Policy Manual

Medical Marijuana

the medical use of marijuana with amounts at or below statutory possession amounts or statutory grow site amounts (ORS 475B.907).

Cardholders are required to possess a RIC when using or transporting marijuana, usable marijuana, medical cannabinoid products, cannabinoid concentrates, or cannabinoid extracts at a location other than the address on file with the Oregon Health Authority (ORS 475B.837). However, officers should treat a person without a RIC in his/her possession as if it were in his/her possession if the RIC can be verified through an Oregon State Police Law Enforcement Data Systems (LEDS) query or other sources.

451.3.3 INVESTIGATIONS RELATED TO PATIENT NON-CARDHOLDERS

Officers should not take enforcement action against a patient who does not have a RIC for possession or production of marijuana, or any other criminal offense in which possession or production of marijuana is an element, if the patient meets all of the following (ORS 475B.913):

- (a) Is engaged in the medical use of marijuana
- (b) Possesses, delivers, or manufactures a quantity at or below statutory possession quantity or the quantity cultivated is at or below statutory grow site amounts

Officers should not take enforcement action against a person who does not meet the definition of a patient if the person is taking steps to obtain a RIC; possesses, delivers, or manufactures marijuana at or below statutory possession quantities or below statutory grow site quantities; and the person's medical use claim appears genuine under the circumstances (ORS 475B.913).

451.3.4 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving marijuana possession, delivery, production, or use:

- (a) Grow sites are regulated in the following manner (ORS 475B.810):
 - 1. The Oregon Health Authority must have issued a marijuana grow site registration card for a site to be valid.
 - 2. The grow site registration card must be posted for each RIC holder for whom marijuana is being produced at a marijuana grow site.
- (b) An officer who determines that the number of marijuana plants at an address exceeds quantities authorized by statute may confiscate only the excess number of plants (ORS 475B.831).
- (c) Because enforcement of medical marijuana laws can be complex and time consuming and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
 - 1. The suspect has been identified and can be easily located at another time.
 - 2. The case would benefit from review by a person with expertise in medical marijuana investigations.

Tigard Police Department

Tigard PD Policy Manual

Medical Marijuana

3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
 4. Any other relevant factors exist, such as limited available department resources and time constraints.
- (d) Before proceeding with enforcement related to grow sites, a marijuana producer, or processing sites officers should consider conferring with appropriate legal counsel, the Oregon Health Authority, and/or Oregon Liquor Control Commission (ORS 475B.831; ORS 475B.136).
 - (e) Registration or proof of registration under ORS 475B.785 to ORS 475B.949 does not constitute probable cause to search the person or property of the registrant or otherwise subject the person or property of the registrant to inspection (ORS 475B.922).
 - (f) As a licensing authority, the Oregon Liquor Control Commission may assist with related questions regarding recreational marijuana (ORS 475B.070).

451.3.5 EXCEPTIONS

Medical marijuana users are generally not exempt from other criminal laws and officers should enforce criminal laws not specifically covered by the Medical Marijuana Act appropriately. Officers may take enforcement action if the person (ORS 475B.910):

- (a) Drives under the influence of marijuana as provided in ORS 813.010.
- (b) Engages in the medical use of marijuana in a place where the general public has access (ORS 161.015), in public view, or in a correctional facility (ORS 162.135(2)), or in a youth correction facility (ORS 162.135(6)).
- (c) Delivers marijuana to any individual who the person knows is not in possession of a RIC.
- (d) Delivers marijuana to any individual or entity that the person knows has not been designated to receive marijuana or assigned a possessory interest in marijuana by an individual in possession of a RIC.

If an officer knows or has reasonable grounds to suspect a violation of the Adult and Medical Use of Cannabis Act (ORS 475B.545 to ORS 475B.429), the officer shall immediately notify the district attorney who has jurisdiction over the violation and provide any relevant information, including the names and addresses of any witnesses (ORS 475B.300).

451.3.6 INDUSTRIAL HEMP

Medicinal marijuana investigations may lead to separate issues related to industrial hemp. Growers and handlers who operate under the industrial hemp laws of Oregon must be registered with the Oregon Department of Agriculture (ODA) to grow or handle industrial hemp or produce agricultural hemp seed. Growers and handlers who produce seed products incapable of germination are not required to be registered with the ODA (ORS 571.281). Officers may contact the ODA's Commodity Inspection Division for information about industrial hemp sites and registration compliance.

Tigard Police Department

Tigard PD Policy Manual

Medical Marijuana

451.4 FEDERAL LAW ENFORCEMENT

Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

451.5 PROPERTY AND EVIDENCE SECTION SUPERVISOR RESPONSIBILITIES

The Property and Evidence Section supervisor shall ensure that marijuana, drug paraphernalia, or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed, harmed, neglected, or injured. The Property and Evidence Section supervisor is not responsible for caring for live marijuana plants (ORS 475B.922).

Marijuana should not be returned to any person unless authorized by the Criminal Investigation Unit supervisor and upon advice of city counsel. Any court order to return marijuana should be referred to city counsel.

The Property and Evidence Section supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Criminal Investigation Unit supervisor.

451.5.1 FINAL DISPOSITION

Upon authorization or disposition of the case, including all appeals, the Property and Evidence Unit shall hold medical marijuana and/or drug paraphernalia for thirty (30) days pending a possible court order to return such items. At the conclusion of the thirty (30) days, destruction of such items shall be completed in accordance with established procedures in policy 804.7 of this manual.

451.5.2 RETURN OF ITEMS SEIZED

Medical marijuana and drug paraphernalia in the custody of the Property and Evidence Unit shall not be returned to any person unless the department is served with a valid State or Federal court order. All court orders served on this department with respect to the return of items seized will be reviewed by the City Attorney before any actions are taken. Following the advice of the City Attorney's review, the Investigations Lieutenant will notify the Property and Evidence Unit to release items as specifically appropriate.

The Property and Evidence Supervisor may release marijuana and/or related drug paraphernalia to federal law enforcement authorities pursuant to valid court orders or written directives from the Investigations Lieutenant.

Foot Pursuits

457.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

457.1.1 DEFINITIONS

- (a) Foot pursuit: A pursuit on foot by a sworn member(s) where visual contact is maintained, and the suspect is readily capable of being apprehended by the pursuing sworn member(s).
 - 1. A foot pursuit should end when the sworn member(s) loses visual contact with the suspect for more than a brief period of time (1-2 seconds), and a tactical apprehension should begin.
 - 2. Sworn members can re-engage in a foot pursuit when he/she regains visual contact of the suspect and the suspect is readily capable of being apprehended.
- (b) Tactical apprehension strategies for the search and apprehension of the suspect could be accomplished by:
 - 1. Sworn member follows and maintains constant visual contact while waiting for additional resources for apprehension.
 - 2. Perimeter search
 - 3. Block search
 - 4. Cover/contact search
 - 5. K-9 track
 - 6. Activation of TNT
 - 7. Consider air support from Portland Police Bureau, if available

457.2 DECISION TO PURSUE

Officers may be justified in initiating a foot pursuit of any individual who the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity shall not serve as the sole justification for engaging in an extended foot pursuit without the development of reasonable suspicion of the individual's involvement in criminal activity.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits potentially place department personnel and the public at significant risk. Therefore, no officer or supervisor

Tigard Police Department

Tigard PD Policy Manual

Foot Pursuits

shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, officers should continuously consider reasonable alternatives to pursuit based upon the circumstances and resources available, such as the following:

- (a) Containment of the area
- (b) Canine search
- (c) Saturation of the area with patrol personnel
- (d) Aerial support
- (e) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the pursuit.

457.3 GUIDELINES FOR FOOT PURSUIT

Unless the officer reasonably believes that exigent circumstances exist (e.g., a serious threat to the safety of personnel or members of the public), Officers should consider alternatives to engaging in or continuing a foot pursuit under the following conditions:

- (a) When directed by a supervisor to terminate the foot pursuit. Such an order shall be considered mandatory.
- (b) When the officer is acting alone.
- (c) When two or more officers become separated, lose visual contact with one another, or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The officer is unsure of his or her location and direction of travel.
- (e) When pursuing multiple suspects and the pursuing officers do not reasonably believe that they would be able to control the suspect should a confrontation occur.
- (f) When the physical condition of the officers renders them incapable of controlling the suspect if apprehended.
- (g) When the officer loses radio contact with WCCCA or with backup officers.
- (h) The suspect enters a building, structure, confined space or a wooded or otherwise isolated area and there are insufficient officers to provide backup and containment.

Tigard Police Department

Tigard PD Policy Manual

Foot Pursuits

The primary officer should consider discontinuing the pursuit and coordinating containment pending the arrival of sufficient officers.

- (i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increases the risk to the officer or the public.
- (j) The officer reasonably believes that the danger to the pursuing officer or public outweighs the objective of immediate apprehension.
- (k) The officer loses possession or function of his/her firearm or other essential equipment.
- (l) The officer or a third party is injured during the pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer definitely known.
- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department personnel or the public if the suspect is not immediately apprehended.
- (o) The officer's ability to safely continue the pursuit is impaired by inclement weather, darkness or other conditions.

457.4 RESPONSIBILITIES IN FOOT PURSUITS

457.4.1 INITIATING OFFICER RESPONSIBILITIES

- (a) Once the foot pursuit has been initiated, the pursuing sworn member should notify WCCCA and attempt to broadcast the following information:
 - 1. The suspect's direction of travel.
 - 2. Whether the suspect is armed, if known.
 - 3. Number of fleeing suspects.
 - 4. The reason for the pursuit.
 - 5. If know, the identification of the suspect, or a physical description.
- (b) Generally, the pursuing sworn member should not attempt to overtake the fleeing suspect but keep the suspect in sight until sufficient cover is available to take him/her into custody. The following are techniques to consider:
 - 1. Following and maintaining a safe distance.
 - 2. Paralleling the suspect.
 - 3. Cover/contact pursuits (two sworn members).
 - 4. Following a different route than the suspect (i.e., wide corners).

Tigard Police Department

Tigard PD Policy Manual

Foot Pursuits

5. Using available cover (i.e., parked cars).
- (c) The primary sworn member should attempt to immediately coordinate with secondary sworn members to establish a perimeter in the area to contain the suspect. Secondary sworn members may assist with the coordination if the primary sworn member is unable to do so.
- (d) Complete all applicable reports needed to document the incident.

457.4.2 FOOT PURSUIT RESTRICTIONS

- (a) The pursuing sworn member, if appropriate, will attempt tactical apprehension strategies. Sworn members will not engage in or continue in a foot pursuit when instructed not to by a supervisor. Sworn members should not engage in or continue foot pursuits in the following circumstances:
 1. Armed suspects unless, in extreme circumstances, no other alternative strategy is feasible and a delay in the apprehension of the suspect would present a threat of death or serious physical injury to others.
 2. In the event that a suspect enters a building, structure, wooded area or otherwise isolated area sworn members, unless in extreme circumstances, will not pursue suspects into these areas without sufficient cover present.
 3. If the sworn member believes that the danger to the pursuing sworn member or the public outweighs the necessity for immediate apprehension.
 4. If the sworn member is disarmed.
 5. If the sworn member loses contact with WCCCA and no other means of communication exists.
 6. If the sworn member loses visual contact of the suspect(s) for more than a brief period of time (1-2 seconds).
 7. The sworn member is not familiar with and is unable to communicate the direction of travel or location sufficient enough for other sworn members to assist.
 8. The sworn member is unsure of his/her location.
 9. If instructed to do so by a supervisor.

457.4.3 SUPERVISOR RESPONSIBILITY

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information necessary to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need to be physically present to exercise control over

Tigard Police Department

Tigard PD Policy Manual

Foot Pursuits

the pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public unreasonably appears to outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-pursuit activity.

457.4.4 WCCCA RESPONSIBILITIES

Upon being notified or becoming aware that a foot pursuit is in progress, communication personnel shall, as soon as practical, notify the field supervisor and provide available information. Communication personnel are also responsible for the following:

- (a) Clear the radio channel of non-emergency traffic.
- (b) Repeat the transmissions of the pursuing officers as needed.
- (c) Ensure that a field supervisor is notified of the pursuit.
- (d) Relay all pertinent information to responding personnel.
- (e) Contact additional resources as directed by a supervisor.
- (f) Coordinate response of additional resources to assist with the foot pursuit.

457.5 REPORTING

The initiating officers shall complete the appropriate crime/arrest reports documenting, at minimum, the following:

- (a) The reason for initiating the foot pursuit.
- (b) The identity of involved personnel.
- (c) The course and approximate distance of the pursuit.
- (d) Whether a suspect was apprehended as well as the means and methods used.
 - 1. Any use of force shall be reported and documented in compliance with the Department Use of Force Policy.
- (e) Any injuries or property damage.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

In any case in which a suspect is not apprehended and there is insufficient information to warrant further investigation, a supervisor may authorize that the initiating officers need not complete a formal report.

Tigard Police Department

Tigard PD Policy Manual

Foot Pursuits

457.6 POLICY

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

First Amendment Assemblies

461.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

461.2 POLICY

The Tigard Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

461.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential.

The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

Tigard Police Department

Tigard PD Policy Manual

First Amendment Assemblies

461.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

461.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to WCCCA, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

461.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

461.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.

Tigard Police Department

Tigard PD Policy Manual

First Amendment Assemblies

- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

461.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

- (a) Command assignments, chain of command structure, roles and responsibilities.
- (b) Staffing and resource allocation.
- (c) Management of criminal investigations
- (d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
- (e) Deployment of specialized resources.
- (f) Event communications and interoperability in a multijurisdictional event.
- (g) Liaison with demonstration leaders and external agencies.
- (h) Liaison with City government and legal staff.
- (i) Media relations.
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
- (k) Traffic management plans.
- (l) First aid and emergency medical service provider availability.
- (m) Prisoner transport and detention.
- (n) Review of policies regarding public assemblies and use of force in crowd control.
- (o) Parameters for declaring an unlawful assembly.
- (p) Arrest protocol, including management of mass arrests.
- (q) Protocol for recording information flow and decisions.
- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
- (s) Protocol for handling complaints during the event.

Tigard Police Department

Tigard PD Policy Manual

First Amendment Assemblies

- (t) Parameters for the use of body-worn cameras and other portable recording devices.

461.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

461.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

461.7 USE OF FORCE

Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and TASER devices should be considered only when the participants' conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).

Tigard Police Department

Tigard PD Policy Manual

First Amendment Assemblies

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

461.8 ARRESTS

The Tigard Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been or reasonably appear likely to be unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of officers and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Citation Releases Policy).

461.9 MEDIA RELATIONS

The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

461.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

Tigard Police Department

Tigard PD Policy Manual

First Amendment Assemblies

461.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment and supply records
- (e) Incident, arrest, use of force, injury and property damage reports
- (f) Photographs, audio/video recordings, WCCCA records/tapes
- (g) Media accounts (print and broadcast media)

461.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- (a) Date, time and description of the event
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
- (c) Problems identified
- (d) Significant events
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

461.12 TRAINING

Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Department should, when practicable, train with its external and mutual aid partners.

Automated License Plate Readers (ALPRs)

465.1 PURPOSE AND SCOPE

Automated License Plate Reader (ALPR) technology, also known as License Plate Recognition, provides automated detection of license plates. ALPRs are used by the Tigard Police Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. ALPRs may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

465.2 ADMINISTRATION OF ALPR DATA

All installation and maintenance of ALPR equipment, as well as ALPR data retention and access, shall be managed by the Day Watch Commander. The lieutenant assigned as the program coordinator will designate personnel under his/her command to administer the day-to-day operation of the ALPR equipment and data.

465.3 ALPR OPERATION

Use of an ALPR is restricted to the purposes outlined below. Department personnel shall not use, or allow others to use, the equipment or database records for any unauthorized purpose.

- (a) No member of this department shall operate ALPR equipment or access ALPR data without first completing department-approved training.
- (b) An ALPR shall only be used for official and legitimate law enforcement business.
- (c) An ALPR may be used in conjunction with any routine patrol operation or official department investigation. Reasonable suspicion or probable cause is not required before using an ALPR.
- (d) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
- (e) If practicable, the officer should verify an ALPR response through the Law Enforcement Data System (LEDS) before taking enforcement action that is based solely upon an ALPR alert.
- (f) No ALPR operator may access LEDS data unless otherwise authorized to do so.

465.4 ALPR DATA COLLECTION AND RETENTION

All data and images gathered by ALPR are for the official use of the Tigard Police Department and because such data may contain confidential LEDS information, it is not open to public

Tigard Police Department

review. ALPR information gathered and retained by this department may be used and shared with prosecutors or others only as permitted by law.

The Day Watch Commander or his/her designee is responsible to ensure proper collection and retention of ALPR data, and for transferring ALPR data stored in department vehicles to the department server on a regular basis, not to exceed 30 days between transfers.

All ALPR data downloaded to the server should be stored for the minimum period established by department records retention guidelines, and thereafter may be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action, or is subject to a lawful action to produce records. In such circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

465.5 ACCOUNTABILITY AND SAFEGUARDS

Saved data will be closely safeguarded and protected by both procedural and technological means. The Tigard Police Department will observe the following safeguards regarding access to and use of stored data:

- (a) All non-law enforcement requests for access to stored ALPR data shall be referred to the Records Supervisor and processed in accordance with applicable law.
- (b) All ALPR data downloaded to the mobile workstation and server shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time.
- (c) Persons approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or department-related civil or administrative action.
- (d) Such ALPR data may be released to other authorized and verified law enforcement officials and agencies at any time for legitimate law enforcement purposes.
- (e) ALPR system inspections may be conducted at anytime by a command officer, with anomalies reported through the chain of command to the Chief of Police in writing. By the end of January annually the Day Watch Commander will conduct a complete system wide audit, and those findings and recommendations will be forwarded to the Inspections Officer for inclusion in his/her annual report.

Public Recording of Law Enforcement Activity

466.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

466.2 POLICY

The Tigard Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

466.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present (ORS 165.540).
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the officers.
 - 4. Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the officers, him/herself or others.

466.4 OFFICER/DEPUTY RESPONSE

Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or

Tigard Police Department

Tigard PD Policy Manual

Public Recording of Law Enforcement Activity

behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

466.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

466.6 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless ("First Amendment Privacy Protection, Unlawful Acts", 42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 - 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 - 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.

Tigard Police Department

Tigard PD Policy Manual

Public Recording of Law Enforcement Activity

2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.

Medical Aid and Response

467.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

467.2 POLICY

It is the policy of the Tigard Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

467.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact WCCCA and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide WCCCA with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 1. Signs and symptoms as observed by the member.
 2. Changes in apparent condition.
 3. Number of patients, sex, and age, if known.
 4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
 5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.

Tigard Police Department

Tigard PD Policy Manual

Medical Aid and Response

467.4 TRANSPORTING ILL AND INJURED PERSONS

Except in exceptional cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries, or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes, or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

467.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported.

However, members may assist EMS personnel when EMS personnel determine the person lacks the mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with a civil commitment in accordance with the Civil Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

467.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

467.7 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are

Tigard Police Department

Tigard PD Policy Manual

Medical Aid and Response

victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

The Operations Division Commander should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Department should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider's minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider's minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One department member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

467.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

An AED should only be used by members who have completed a course with published standards and guidelines for CPR and the use of an AED.

467.8.1 AED USER RESPONSIBILITY

Members who are issued AEDs for use in department vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the First Aid/CPR/AED Program Lead Sergeant or designee who is responsible for ensuring appropriate maintenance.

Tigard Police Department

Tigard PD Policy Manual

Medical Aid and Response

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED should contact WCCCA as soon as possible and request response by EMS.

467.8.2 AED REPORTING

Any member using an AED will complete an incident report detailing its use.

467.8.3 AED TRAINING AND MAINTENANCE

The First Aid/CPR/AED Program Lead Sergeant or designee should ensure appropriate training is provided to members authorized to use an AED.

The First Aid/CPR/AED Program Lead Sergeant or designee is responsible for ensuring AED devices are appropriately maintained and will retain records of all maintenance in accordance with the established records retention schedule.

467.9 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION

Members may administer opioid overdose medication in accordance with protocols specified by the physician who prescribed the overdose medication for use by the member.

467.9.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES

Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the First Aid/CPR/AED Program Lead Sergeant or designee.

Any member who administers an opioid overdose medication should contact WCCCA as soon as possible and request response by EMS.

467.9.2 OPIOID OVERDOSE MEDICATION REPORTING

Any member administering opioid overdose medication should detail its use in an appropriate report.

The First Aid/CPR/AED Program Lead Sergeant or designee will ensure that the Records Supervisor is provided enough information to meet applicable state reporting requirements.

467.9.3 OPIOID OVERDOSE MEDICATION TRAINING

The Training Coordinator should ensure training is provided to members authorized to administer opioid overdose medication.

467.10 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the

Tigard Police Department

Tigard PD Policy Manual

Medical Aid and Response

officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor's approval.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer's training.

467.11 FIRST AID TRAINING

Subject to available resources, the Training Coordinator should ensure officers receive periodic first aid training appropriate for their position.

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT

Several factors are considered in the development of deployment schedules for officers of the Tigard Police Department. Information provided by the Department of Motor Vehicles and Oregon Department of Transportation is a valuable resource for traffic accident occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are citizen requests, construction zones or special events.

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating an officer's overall performance. The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Officers attempting to enforce traffic laws shall be in Tigard Police Department uniform or shall conspicuously display an official identification card showing the officer's lawful authority (ORS 810.400). Several methods are effective in the reduction of collisions:

Tigard Police Department

Tigard PD Policy Manual

Traffic Function and Responsibility

500.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

500.3.2 CITATIONS

Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

- (a) Explanation of the violation or charge.
- (b) Court appearance procedure including the optional or mandatory appearance by the motorist.
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court.

Officers at the scene of a traffic accident and, based upon the officer's personal investigation, having reasonable grounds to believe that a person involved in the accident has committed a traffic offense in connection with the accident, may issue the person a citation for that offense (ORS 810.410(4)).

500.3.3 PHYSICAL ARREST

Officer may arrest or issue a citation to a person for a traffic crime at any place within the state. Generally, physical arrests are limited to major traffic offenses such as:

- (a) Driving Under the Influence of Intoxicants.
- (b) Hit-and-Run.
- (c) Attempting to Elude.
- (d) Reckless Driving with extenuating circumstances.
- (e) Situations where a violator refuses or cannot satisfactorily identify him/herself and therefore cannot be issued a citation.

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES

If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation pursuant to ORS 810.410.

Officers should attempt to interview the violator to obtain evidence that the violator knew their license was suspended. Ask if the violator is still living at the address on file with DMV and if not, how long since they moved and why they haven't notified DMV of their new address.

If a computer check of a traffic violator's license status reveals a suspended or revoked drivers license and the traffic violator still has his or her license in possession, the license shall be seized by the officer and the violator may also be cited for Failure to Return a Suspended License if evidence shows they knew they were suspended (ORS 809.500).

Tigard Police Department

Tigard PD Policy Manual

Traffic Function and Responsibility

500.5 HIGH-VISIBILITY VESTS

The Tigard Police Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; OAR 437-002-0134).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

A high-visibility vest shall be maintained in the trunk of each patrol and investigation unit, in the side box of each police motorcycle and in the saddlebag or gear bag of each police bicycle. Each vest should be stored inside the resealable plastic bag provided to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Training Coordinator should be promptly notified whenever the supply of vests in the equipment room needs replenishing.

Traffic Collision Reporting

502.1 PURPOSE AND SCOPE

The Tigard Police Department prepares traffic collision reports in compliance with Oregon Revised Statutes 810.460 relating to reports of traffic accidents to the Oregon Department of Transportation and, as a public service makes traffic collision reports available to the community with some exceptions.

502.2 RESPONSIBILITY

The Watch Commander will be responsible for proper investigation and reporting of motor vehicle collisions. Traffic collisions will be documented using the Oregon Police Traffic Crash Report. The Watch Commander will review all changes in the state manual and ensure conformity with this policy.

502.3 TRAFFIC COLLISION REPORTING

All traffic collision reports taken by members of this department shall be forwarded to the shift Sergeant for approval and data entry into the Records Management System. The Traffic Sergeant will be responsible for monthly and quarterly reports on traffic collision statistics to be forwarded to the Operations Division Commander, or other persons as required. The Records Section will be responsible for monthly reports on traffic collision statistics to be forwarded to the Operations Division Commander and the Oregon Traffic Safety Commission.

502.4 REPORTING SITUATIONS

502.4.1 TRAFFIC COLLISIONS ON PRIVATE PROPERTY

Oregon Police Traffic Crash Reports shall be taken for collisions occurring on private property when there is a death or injury to any person involved or a hit and run that meets the threshold for State reporting requirements. All other hit and run offenses shall be documented on an Incident Report. This policy does not prohibit any supervisor from directing an officer to complete an Oregon Police Traffic Crash Report at their discretion. Officers are always encouraged to investigate all collisions when time and circumstances permit.

502.4.2 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS

The Oregon Police Traffic Crash Reports shall be taken when a collision occurs on a roadway or highway within the City limits of this jurisdiction in the following cases:

- (a) There is a death, or injury to any person involved in the collision.
- (b) The collision is initially reported by a garage operator who has received a vehicle involved in a serious collision or exhibiting evidence of having been struck by a bullet (Oregon Revised Statutes 822.600).
- (c) The collision meets the criteria for operators to submit an Oregon Traffic Accident and Insurance Report to the Department of Motor Vehicles.

Tigard Police Department

Tigard PD Policy Manual

Traffic Collision Reporting

- (d) Any vehicle involved in the crash is disabled so that it cannot be driven or must be removed by a tow truck.

502.4.3 TRAFFIC COLLISIONS INVOLVING IMPAIRMENT

An investigation will be conducted, and an Oregon Police Traffic Crash Report will be completed, when a traffic collision occurs on any public or private property, roadway or highway and there is reason to believe the driver was impaired or under the influence of intoxicating liquor, cannabis, a controlled substance or inhalant; or any combination thereof.

502.4.4 SERIOUS INJURY AND DEATH RELATED COLLISIONS NOTIFICATION

In the event of a serious injury or death related traffic collision, the on duty Supervisor shall notify the Watch Commander and request the Crash Analysis Reconstruction Team (CART) to investigate the traffic collision. The OSP Crime Lab may also be requested to assist with a fatal accident.

502.4.5 TOWING VEHICLES INVOLVED IN TRAFFIC COLLISIONS

A collision report will be required if a vehicle is damaged in a collision and a tow truck is necessary. Towing of a vehicle from a collision scene at the request of the driver when the vehicle would not otherwise be in need of towing, does not require a traffic collision report under this policy unless the incident meets the criteria in the Vehicle Towing policy.

502.5 CRASH INVESTIGATION PROCEDURES INVOLVING EMPLOYEES

When an employee of this department, either on-duty or off-duty, is involved in a traffic collision within the City limits of Tigard resulting in a serious injury or fatality, the Watch Commander or the Shift Supervisor may notify the Oregon State Police for assistance.

The term serious injury is defined as any injury that results in hospitalization.

Any City of Tigard police employee involved in a crash with a departmental owned or leased vehicle will leave all involved vehicles in place unless such action creates an unwarranted hazard. If vehicles must be moved, their positions shall be marked on the pavement first and if conditions allow the vehicles will be photographed in place.

Employees involved in crashes shall immediately notify dispatch and the on-duty supervisor. The on-duty supervisor shall conduct a preliminary investigation into the circumstances surrounding the incident and then determine an appropriate course of action. The supervisor who is investigating the crash or damage must complete an RFA with all pertinent information before leaving for the day. On the RFA email, courtesy copies shall be sent to #Risk, the Watch Commander, and Sergeant. If the officer involved crash is severe enough, i.e. injuries, death or of a high high dollar loss, Risk Management shall be notified by phone, do not close down the scene until it has been determined that an insurance adjuster will arrive. This will notify everyone of the impending vehicle actions each agency must accomplish. Please indicate if the case is part of a felony crime and if it is anticipated that a grand jury will be hearing the case. Photographs of the scene and vehicles involved shall be taken and copies shall be submitted to the Risk Manager with any reports or memos.

Tigard Police Department

Tigard PD Policy Manual

Traffic Collision Reporting

A Tigard Police supervisor shall investigate crashes involving Tigard police vehicles. If the crash results in injuries that require any hospital emergency room treatment to any person, the Division Commander will be notified. If the crash results in a fatality, the Division Commander, the Chief of Police, and the Washington County District Attorney will be notified. The Crash Analysis Reconstruction Team (CART) will also be called out.

In the event the crash does not meet the State reporting criteria and it does not involve damage to a second party, it will still be investigated by the duty supervisor and documented using a City of Tigard Vehicle Incident Report and memorandum to the Division Commander determining whether the crash was "preventable" or "not preventable". Once completed and reviewed by the Division Commander, all reports will be distributed to Risk Management for insurance purposes. The involved employee and any passengers who are employees in the department vehicle will prepare complete written reports or memoranda at the direction of their supervisor concerning the crash. If the passenger is a ride-a-long or a prisoner is being transported when the crash occurs, they will be interviewed and their statements recorded by the supervisor investigating the crash, to include documentation of any injuries or the lack thereof.

All reports will be submitted to the Watch Commander prior to the end of the shift or as soon as practical in the event of hospitalization.

If the crash involves a vehicle owned by the City, the appropriate department will be promptly advised through inter-departmental City distribution.

Damage to vehicles, not related to a crash, is to be brought to the immediate attention of the shift supervisor. This includes, but is not limited to, damage caused by a prisoner, by an officer running over something, or when an officer uses the PIT maneuver to terminate a pursuit. A memorandum to the Division Commander detailing the damage shall be written by the employee involved, and attached to any other related police reports from the incident. It will be forwarded to the Watch Commander and Division Commander for repair purposes. Damage as described above does not fall under the procedures outlined in Section 502.7., "Crash Review Board." Negligence may be cause for disciplinary action.

502.6 CRASH REVIEW BOARD

The following procedures apply when department vehicles are damaged or cause other vehicles to be damaged when involved in a collision.

502.6.1 DEFINITIONS

Crash - Any incident involving a departmental vehicle resulting in property damage, injury or death

502.6.2 REVIEW BOARD

To establish the Review Board, the Division Commander will appoint five members to the Board; at least one shall be of the involved employee's peer group. The involved employee has 24 hours to eliminate two names from the Board. Of the remaining members, the Division Commander will designate the chairperson.

Tigard Police Department

Tigard PD Policy Manual

Traffic Collision Reporting

Hearings by the Crash Review Board shall be informal. The involved employee may testify in his/her own behalf and may call witnesses. Hearings shall be conducted privately. Crash Review Board decisions will be by majority vote. All findings will be signed by all members with indication of concurrence or dissent.

The Crash Review Board shall make one of the following findings:

- (a) The crash was preventable
- (b) The crash was non-preventable

A report of the Crash Review Board shall be sent to the Division Commander.

Personnel may request to waive the Crash Review Board process and have the matter heard by the Division Commander; however, the Division Commander has the authority to refer any crash to a Crash Review Board.

Vehicle Towing

510.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Tigard Police Department.

510.1.1 VEHICLE IMPOUND REQUIREMENTS

Officers may tow vehicles as a result of the following circumstances:

- (a) Abandoned vehicles.
- (b) Vehicles left standing in or partially blocking the roadway and constituting a hazard.
- (c) For safekeeping in the event the owner is arrested, cannot be located, or is incapable of caring for the vehicle.
- (d) As a recovered stolen vehicle.
- (e) A vehicle disabled in a collision.
- (f) As evidence pursuant to a criminal investigation.
- (g) When probable cause exists to believe the vehicle is subject to forfeiture under the Oregon Criminal Forfeiture Law, HB 3457, 2005.

Officers shall tow vehicles when the operator is cited for one of the following traffic crimes/ violations and a public safety or community caretaking risk would result if the vehicle were left at the scene (Oregon Revised Statutes 809.720 (Community caretaking exceptions following this section):

- (a) Driving while suspended or revoked (Oregon Revised Statutes 811.175; 811.182).
- (b) Operating without driving privileges, or in violation of license restrictions (Oregon Revised Statutes 807.010).
- (c) Driving while under the influence of intoxicants (Oregon Revised Statutes 813.010).
- (d) Driving uninsured (Oregon Revised Statutes 806.010).

510.1.2 COMMUNITY CARETAKING STANDARD

Vehicles shall not be towed and/or impounded under the authority of ORS 809.720 under any of the following circumstances:

- The vehicle is parked on private property on which the registered owner or operator is legally residing.
- The registered owner is present in the vehicle at the time of the stop and can lawfully remove the vehicle or allow a passenger to do so with a valid driver's license and proof of liability insurance.

Tigard Police Department

Tigard PD Policy Manual

Vehicle Towing

- The vehicle is legally parked at a time and place where the likelihood of it being subject to theft and/or vandalism is remote and traffic or public safety is not affected. The registered owner must be present and make this request, absolving the City of any consequences for leaving the vehicle unattended. Except the vehicle may be towed for community caretaking purposes if the officer has reason to believe that the person cited will remain or return to drive the car unlawfully if it is not impounded. Articulate facts to support this decision such as statements from the operator or a history of similar violations must be included in the tow report.

Note: The community caretaking concerns shall be thoroughly documented in a report. In all cases where a vehicle is impounded or towed, the officer shall make every effort to ensure the safety of all of the vehicle occupants by providing transportation or communication necessary to avoid stranding any occupant where their safety or security may be in question.

510.2 RESPONSIBILITIES

The responsibilities of those officers impounding a vehicle are as follows.

510.2.1 VEHICLES CONSTITUTING A HAZARD OR OBSTRUCTION

Officers may take custody of and tow a vehicle that is disabled, abandoned, parked or left standing unattended when it creates a hazard or obstruction. Hazards and obstructions may include vehicles that are (ORS 819.120):

- (a) Parked so that any part of the vehicle extends into the paved portion of the travel lane.
- (b) Parked so that any part of the vehicle extends into the highway shoulder or bicycle lane of any freeway (ORS 819.120 (2)(b)).

Officers should use sound judgment in balancing the need to correct a hazardous situation with the potential hardship to a vehicle owner/operator before towing such a vehicle.

Records Division personnel shall promptly enter pertinent data from the completed vehicle impound report into the state's Law Enforcement Data Systems (LEDS).

Once a vehicle report is approved and forwarded to the Records Unit, it shall be placed into the auto-file at the front desk to be immediately available for release or for information should inquiries be made.

510.2.2 REMOVAL OF VEHICLE DISABLED IN A TRAFFIC COLLISION

When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the no preference towing company list in WCCCA.

If the owner is incapacitated, or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the officer shall request the dispatcher to call a no preference towing company. The officer will then have the vehicle towed to the tow company's storage lot for safekeeping, and complete a Vehicle Impound form.

Tigard Police Department

Tigard PD Policy Manual

Vehicle Towing

510.2.3 DRIVING A NON-CITY VEHICLE

Vehicles which have been towed by or at the direction of the Police Department should not be driven by police personnel unless it is necessary to move the vehicle a short distance to eliminate a hazard, to prevent the obstruction of a fire hydrant, or to comply with posted signs.

510.2.4 DISPATCHERS RESPONSIBILITIES

Upon receiving a request for towing, the dispatcher shall promptly telephone the specified authorized towing service. The officer shall be advised when the request has been made and the towing service has been dispatched.

If the request is for no preference towing, the dispatcher shall call the firm whose name appears next on the No Preference Towing Service log and shall make appropriate entries on that form to ensure that the next firm is called on the next request.

510.3 TOWING SERVICES

The City of Tigard uses the towing services as contracted by the Washington County Tow Desk. These services will be used in the following situations:

- (a) When a vehicle is being held as evidence in connection with an investigation
- (b) Under those circumstances, when applicable, listed in Section 510.1.1.

Any complaint alleging a violation of the agreement or other misconduct by a tow operator shall be referred to the police department for investigation. The department may periodically review the performance of each authorized tow operator.

510.3.1 NO PREFERENCE TOW SERVICES

The department will assist citizens by calling any towing company desired. If the citizen has no preference and requests towing service, the department will contact the Washington County Tow Desk.

All officers are specifically prohibited from directly or indirectly soliciting for or recommending any garage or tow service.

510.4 IMPOUND AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by storing the arrestee's vehicle subject to the exceptions described below. However, the vehicle shall be stored whenever it is needed for the furtherance of an investigation or prosecution of the case or when the community caretaker doctrine would reasonably suggest that the vehicle should be stored, for example, the vehicle would present a traffic hazard if not removed or, due to a high crime area, the vehicle would be in jeopardy of theft or damage if left at the scene.

- Traffic related warrant arrest
- Situations where the vehicle was not used to further the offense for which the driver was arrested

Tigard Police Department

Tigard PD Policy Manual

Vehicle Towing

- Whenever the licensed owner of the vehicle is present, willing and able to take control of any vehicle not involved in criminal activity.
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene.

In such cases, the handling employee shall note in the report that the owner was informed that the department will not be responsible for theft or damages.

510.5 VEHICLE INVENTORIES

The contents of all impounded vehicles shall be inventoried in accordance with the following procedure:

- (a) An inventory of personal property and the contents of open containers will be conducted throughout the passenger and engine compartments of the vehicle including, but not limited to, the glove box, other accessible areas under or within the dashboard area, any pockets in the doors or in the back of the front seat, in any console between the seats, under any floor mats and under the seats.
- (b) In addition to the passenger and engine compartments as described above, an inventory of personal property and the contents of open containers will also be conducted in the following locations:
 1. Any other type of unlocked compartments that are a part of the vehicle including, but not limited to, unlocked glove compartments, unlocked vehicle trunks and unlocked car top containers; and
 2. Any locked compartments including, but not limited to, locked glove compartments, locked vehicle trunks, locked hatchbacks and locked car-top containers, provided the keys are available and are to be released with the vehicle to the third-party towing company or an unlocking mechanism for such compartment is available within the vehicle.
- (c) Closed containers located either within the vehicle or any of the vehicle's compartments will not be opened for inventory purposes except for the following, which shall be opened for inventory: wallets, purses, coin purses, fanny packs, personal organizers, briefcases or other closed containers designed for carrying money or small valuables, or closed containers which are designed for hazardous materials.
- (d) Other closed containers shall be opened and inventoried if the owner acknowledges they contain cash in excess of \$10, valuables or a hazardous material.
- (e) Any valuables, to include cash in excess of \$10 or property valued at more than \$200, located during the inventory process will be listed on a property receipt and stored in this agency's property/evidence room. A copy of the property receipt will either be left in the vehicle or tendered to the person in control of the vehicle if such person is present.

Tigard Police Department

Tigard PD Policy Manual

Vehicle Towing

- (f) The inventory is not a search for evidence of a crime, however, officers shall seize evidence or contraband located during the inventory. Items should be scrutinized to the extent necessary to complete the inventory.

These inventory procedures are for the purpose of protecting an owner's property while in police custody, to provide for the safety of officers, and to protect the department against fraudulent claims of lost, stolen, or damaged property.

510.6 RELEASE CRITERIA

A vehicle impounded under this section shall be released to a person entitled to lawful possession of the vehicle upon compliance with the following:

- (a) Proof that a person with valid driving privileges will be operating the vehicle.
- (b) Proof of compliance with financial responsibility requirements for the vehicle.
- (c) Payment of the Tigard Police Department administrative fee and any towing and storage charges.
- (d) A security interest holder in the vehicle is not required to comply with (a) and (b) and may obtain release by paying the administrative fee, towing and storage fees.

510.7 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, officers should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g. cash, jewelry, cell phone, prescriptions) which are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, search personnel shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

510.8 VEHICLE SEARCHES

Case law regarding search and seizure is ever changing and frequently subject to interpretation under the varying facts of each situation. Vehicle searches should be handled according to current training and an officer's familiarity with relevant case law. Generally, a search warrant should be sought prior to conducting a search of a vehicle.

Because circumstances under which a warrantless search of a vehicle might be permissible are very limited, and because vehicle searches are subject to many restrictions, officers should, whenever possible, seek supervisory approval before conducting a warrantless search of a vehicle.

Tigard Police Department

Tigard PD Policy Manual

Vehicle Towing

510.10 NOTICE TO OWNERS

Once the vehicle is impounded, Records personnel shall send a certified letter to the legal and registered owners, as required by Oregon Revised Statutes 819.180 and Tigard Municipal Code 7.60.

Vehicle Impound Hearings

512.1 PURPOSE AND SCOPE

This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings.

512.2 IMPOUND HEARING

When a vehicle is impounded by any member of the Tigard Police Department, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or their agent to contest the validity of the impoundment. A request must be made within five calendar days of the impoundment. The request must be made in writing. The request must be made to the Tigard Municipal Court, 13125 SW Hall Blvd., Tigard, Oregon 97223.

512.3 VEHICLE IMPOUNDMENT INSTRUCTIONS

Please see Attachment 1, [Vehicle Impoundment Instructions](#).

Impaired Driving

514.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

514.2 CHEMICAL TESTING

Most blood, breath, and urine tests will be administered within the Police Department or the jail. If a suspect is hospitalized, a blood sample may be taken at the hospital. A suspect who is unable to submit to a chemical test because of any of the following shall not be considered as refusing to comply with the provisions of Oregon Revised Statutes 813.100:

- Because of the inability of the Department to furnish a selected test
- If there are verifiable medical reasons for non-compliance
- If an attending physician refuses to allow it

514.2.1 TESTING OF CONSCIOUS SUSPECT AT A HOSPITAL

Based on probable cause, the officer should place the hospitalized but conscious suspect under arrest in the presence of hospital personnel and advise the attending physician of the intention to administer a chemical test to the suspect. Unless the attending physician objects for medical reasons, the blood or urine samples will be collected in the prescribed manner. If the only charge against the person is DUI, the Implied consent law does not authorize the taking of blood without the person's consent

If the officer has probable cause to believe the person has committed some other felony such as negligent homicide, manslaughter or vehicular assault and the person's blood alcohol level is relevant to the offense, the officer may take a blood sample without consent, based on probable cause and exigent circumstances.

514.2.2 TESTING OF UNCONSCIOUS DRIVER AT A HOSPITAL

When there is probable cause to believe that an unconscious driver is under the influence, there is no method of informing the individual of the arrest; nor can there be any verbal consent on the part of the suspect to allow one of the two possible chemical tests at the hospital to determine his/her blood alcohol level. As the person is incapable of expressly consenting the officer may obtain a chemical test without the requirement of consent. The officer shall advise the attending physician of the intention to collect a sample of the suspect's blood as evidence. If the physician does not object based on medical reasons, the blood will be collected in the prescribed manner (Oregon Revised Statutes 813.140(2)).

514.2.3 EXIGENT CIRCUMSTANCES

Under the emergency doctrine, the level of influence of an intoxicant can be important evidence. Since it is not of a permanent nature, it will be lost if not seized immediately. Policy Manual §§ 514.21 and 514.22 of this chapter come within the guidelines of exigent circumstances. If a second

Tigard Police Department

Tigard PD Policy Manual

Impaired Driving

sample of blood, taken at a later time, is required to demonstrate whether the level of intoxicants is increasing or decreasing over time, a search warrant will most likely be required.

514.2.4 URINE TESTS

Oregon's Implied Consent Law also provides that drivers have similarly consented to a chemical test of their urine for the purposes of determining the presence of controlled substances or an inhalant, if the person is arrested for Driving Under the Influence of Intoxicants and:

- (a) A person takes a breath test and discloses a blood alcohol content of less than .08%, or
- (b) The person is involved in an accident resulting in injury or property damage. Under this paragraph, an officer may request a urine test regardless of whether a breath test was offered or taken.

The officer may not request the urine test unless certified as having taken the eight (8) hour class: Recognition of Drug Impaired Driving.

514.2.5 COLLECTING BLOOD EVIDENCE

Only a certified phlebotomy technician, licensed physician, or nurse may withdraw a blood sample. Whether such evidence is collected at the department or the jail, the withdrawal of the blood sample shall be witnessed by the assigned officer. On rare occasions a situation might arise where a medical doctor or registered nurse would be asked to obtain blood samples from a suspect.

514.2.6 COLLECTING BREATH AS EVIDENCE

If the arrested person chooses a breath test and it can be accomplished without undue delay, the arrested person shall first be transported to the nearest location where the intoxilyzer can be administered. An officer certified in the use of the intoxilyzer will record the blood alcohol level by obtaining samples of the suspect's breath.

514.2.7 COLLECTING URINE AS EVIDENCE

If the arrested person's urine is necessarily collected as evidence, the procedure will be as follows:

- (a) The specimen container shall be marked accordingly with the suspect's name, case number, and the name of the witnessing officer.
- (b) The urine kit shall then be placed in the evidence refrigerator to await transportation to the crime laboratory.
- (c) The person shall be given privacy and may not be observed by an officer when producing the sample (ORS 813.131(3)).

514.2.8 IMPLIED CONSENT

Oregon Revised Statutes 813.100 provides that licensed drivers have agreed as a condition of receiving a license to drive that, based on probable cause that they were driving while under the influence of intoxicants, they will consent to a chemical test of their breath, or of their blood if they are receiving medical care at a medical facility immediately after a motor vehicle accident. Normally the test will be a breath test conducted at the department or at the jail.

Tigard Police Department

Tigard PD Policy Manual

Impaired Driving

If an arrested person refuses a breath test after being informed of the consequences and rights pertaining to the test, no other test will be given. If the arrested person takes a breath test, they may request to have an additional chemical test at their own expense. The department will make a reasonable attempt to accommodate that request if made.

If the suspected intoxicated person has been involved in an accident and is at the hospital receiving treatment, and therefore unable to take a breath test, an officer may obtain a chemical test of the blood to determine the amount of alcohol in any person's blood or a test of the person's blood or urine, or both, to determine the presence of a controlled substance or an inhalant in the person as provided in the following:

- (a) If, when requested by an officer, the person expressly consents to such a test
- (b) From a person without the person's consent if:
 - 1. The officer has probable cause to believe that the person was driving while under the influence of intoxicants and that evidence of the offense will be found in the person's blood or urine; and
 - 2. The person is unconscious or otherwise rendering the person incapable of expressly consenting to the test or the test requested (Oregon Revised Statutes 813.140)

Traffic Citations

516.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

516.2 RESPONSIBILITIES

The Traffic Sergeant shall be responsible for the development and design of all Department traffic citations in compliance with state law and the Judicial Council.

The Records Section shall be responsible for the supply and accounting of all traffic citations issued to employees of this department.

516.3 DISMISSAL OF TRAFFIC CITATIONS

Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued. Any request from a recipient to dismiss a citation shall be referred to the Traffic Unit Manager. Upon a review of the circumstances involving the issuance of the traffic citation, the Traffic Unit Manager may request the Operations Division Commander to recommend dismissal of the traffic citation. If approved, the citation will be forwarded to the appropriate court with a request for dismissal. All recipients of traffic citations whose request for the dismissal of a traffic citation has been denied shall be referred to the appropriate court.

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the officer may request the court to dismiss the citation. Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required. The citation dismissal shall then be forwarded to the Operations Division Commander for review.

516.4 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued. All copies of the citation shall be presented to a supervisor, with a memo of explanation, to approve the voiding of the citation. The citation and copies of the memo shall then be forwarded to the employee's Division Commander.

516.5 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and in need of correction, the officer issuing the citation shall submit a letter of amendment to the Records Section to be sent to the recipient of the citation and a letter requesting a specific correction to his/her immediate supervisor.

Tigard Police Department

Tigard PD Policy Manual

Traffic Citations

516.6 DISPOSITION OF TRAFFIC CITATIONS

The court and file copies of all traffic citations issued by members of this department shall be forwarded to the employee's immediate supervisor for review. The citation copies shall then be filed with the Records Section.

Upon separation from employment with the this department, all employees issued traffic citation books shall return any unused citations to the Records Section.

516.7 JUVENILE CITATIONS

Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile's age, place of residency, and the type of offense should be considered before issuing the juvenile a citation.

Car Care Program

517.1 PURPOSE AND SCOPE

The purpose of the Car Care Program is to assist motorists who have been stopped for minor motor vehicle equipment violations. The vouchers provide a discount at participating auto parts stores and retailers. Assistance with fixing the broken or malfunctioning equipment may also be provided by employees at the participating stores.

517.2 QUALIFYING VIOLATIONS

Minor vehicle equipment violations qualifying for vouchers under this program include, but are not limited to, the following:

- | | |
|-------------|--|
| ORS 816.330 | Operation without required lighting equipment |
| ORS 816.300 | Operation with nonstandard lighting equipment |
| ORS 815.215 | Failure to have windshield wipers |
| ORS 815.185 | Operation without proper fenders or mudguards |
| ORS 815.020 | Operation of unsafe vehicle |
| ORS 815.235 | Operation without rearview mirror |
| ORS 811.507 | Operating motor vehicle while using a mobile electronic device |

517.3 RESPONSIBILITY AND ACCOUNTING

Member Responsibility

When it is determined that a vehicle's minor equipment violation may be rectified through the Car Care Program, the member shall issue to the driver or registered owner of the vehicle a Car Care Program Voucher to have the problem fixed through a discount at a participating auto parts store.

If the member issues a voucher, they shall: enter into CAD the voucher number, driver or recipient of the voucher's name, and a description of the equipment needing repair; ensure that the CAD call contains the vehicle's license plate and the date of the stop. This information may alternatively be collected in a written format if so directed by the Traffic/Admin Sergeant responsible for the program.

Vouchers may also be issued for persons who walk-in to the Tigard Police Department Lobby, however the member issuing the voucher must ensure a CAD call is created and the above information is included. In such a case, a sworn staff member will need to inspect the vehicle and confirm the qualification of the equipment failure before issuing a voucher.

Traffic/Admin Sergeant Responsibility

It will be the responsibility of the Traffic/Admin Sergeant to administer the program. Responsibilities include ensuring accountability for vouchers within the department inventory,

Tigard Police Department

Tigard PD Policy Manual

Car Care Program

maintaining a log of members who have received vouchers for issuance, training, and records of voucher issuance for auditing purposes.

517.4 PROHIBITIONS

Vouchers shall not be used for personal gain or knowingly provided to the following persons:

- (a) Members' immediate family
- (a) Immediate family is defined as spouse, domestic partner, children, father, mother, brother, sister, stepchildren, grandchildren, brother-in-law, and sister-in-law.
- (b) Other agency employees or members of their immediate family.

Disabled Vehicles

520.1 PURPOSE AND SCOPE

Public safety, and the Tigard Police Department's commitment to service, requires that officers place a high priority on assisting disabled motorists. This policy provides guidelines for achieving that objective.

520.2 OFFICER RESPONSIBILITY

When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer to respond for assistance as soon as practical.

520.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist.

520.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

Due to the likelihood of damage to the PIT bars, patrol vehicles will not be used to push vehicles other than in emergencies.

Abandoned Vehicles

524.1 PURPOSE AND SCOPE

This policy provides procedures for the marking, recording, and storage of vehicles parked in violation of Tigard City Ordinance regulating abandoned vehicles under the authority of Tigard Municipal Code Chapter 7.60 and ORS 819.110.

524.2 MARKING VEHICLES

Vehicles suspected of being in violation of Chapter 7.60 shall be marked and noted on either a special report or by entering remarks into the CAD call.

- (a) A visible chalk mark should be placed on one of the tires and tread if possible. If the vehicle violates Chapter 7.60, an abandoned tow sticker shall be prominently attached to a window in a manner that does not block a driver's visibility.
- (b) When an abandoned tow sticker is attached to a vehicle, the information will be documented on a special report and submitted to the Records Section for data entry. The Records Section shall mail a certified letter stating the vehicle is in violation of Chapter 7.60 and as a result, is subject to being towed and impounded if not removed, the vehicle will be subject to towing charges and costs, and the owner's right to a hearing, to the owner or lawful possessor of the stored vehicle at least five (5) business days prior to the towing of the vehicle.
- (c) If a marked vehicle which had an abandoned tow sticker attached to it has moved, the information will be documented on a special report and submitted to the Records Section for data entry.
- (d) If a marked vehicle which had an abandoned tow sticker attached to it has not moved, it shall be cited for violation of Chapter 7.60 and a request for a tow request shall be made.

524.2.1 MARKED VEHICLE FILE

The Records Section shall be responsible for maintaining the Abandoned Vehicle files as they do the regular case reports.

524.2.2 VEHICLE IMPOUND

Any vehicle in violation shall be impounded by the authorized towing service and a special report shall be completed by the officer authorizing the towing of the vehicle.

The special report shall be submitted to the Records Section following the towing of the vehicle. It shall be the responsibility of the Records Section to enter the vehicle into LEADS.

The Records Section shall mail a certified letter describing the location of the vehicle, the procedures for its release, and the owner's right to a hearing, to the owners of the vehicle as

Tigard Police Department

Tigard PD Policy Manual

Abandoned Vehicles

shown in the records of the Department of Motor Vehicles of the stored vehicle within 48 hours after it has been impounded, unless the vehicle has been previously released.

Vehicles impounded under this section may be subject to hearing procedures outlined in Policy Manual 512.

524.3 VEHICLE DISPOSAL

If, after 15 days from the custody and the vehicle has been appraised at \$750 or less or has been in storage for thirty (30) days or longer, the vehicle remains unclaimed and the towing and storage fees have not been paid, and if no request for a vehicle impound hearing has been made, the Department may provide the lien holder storing the vehicle with authorization to dispose of any vehicle.

If the vehicle is appraised at more than \$750 and has not been claimed within thirty (30) days, the vehicle and contents shall be sold at public auction. (Tigard Municipal Code 7.60.090 and ORS 819.110).

524.3.1 APPRAISAL

Vehicles disposed of under this policy must be appraised by an appraiser certified by the Department of Transportation. (Tigard Municipal Code 7.60.060 and ORS 819.215).

Chapter 6 - Investigation Operations

Investigation and Prosecution

600.1 PURPOSE AND SCOPE

The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.2 POLICY

It is the policy of the Tigard Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.3 INITIAL INVESTIGATION

600.3.1 OFFICER RESPONSIBILITIES

An officer responsible for an initial investigation shall complete no less than the following:

- (a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
 - 1. An initial statement from any witnesses or complainants.
 - 2. A cursory examination for evidence.
- (b) If information indicates a crime has occurred, the officer shall:
 - 1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
 - 2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
 - 3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Watch Commander.
 - 4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
 - 5. Collect any evidence.
 - 6. Take any appropriate law enforcement action.
 - 7. Complete and submit the appropriate reports and documentation.
- (c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.3.2 NON-SWORN MEMBER RESPONSIBILITIES

A non-sworn member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take

Tigard Police Department

Tigard PD Policy Manual

Investigation and Prosecution

any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.

600.4 COLLECTION OR MAINTENANCE OF SPECIFIC INFORMATION

The collection or maintenance of information about the political, religious or social views, associations or activities of any individual, group, association, organization, corporation, business or partnership shall occur only when the information directly relates to a criminal investigation and there are reasonable grounds to suspect the subject of the information is or may be involved in criminal conduct (ORS 181A.250).

If information is received by this department identifying a person or persons making specific threats to a Law Enforcement Member or the Criminal Justice Community, such information should be forwarded to the Criminal Investigations Unit Sergeant for investigation. If it is established that there is a reasonable belief that the suspect or suspects have expressed a serious intent to commit unlawful violence against a member of Law Enforcement or the Criminal Justice Community, an official report shall be prepared, approved by a supervisor, and maintained by the Records Management Unit. Upon approval from the Chief of Police or designee, an entry into the Violent Person File of the National Crime Information Center can be made in accordance with the procedures of the Law Enforcement Data System Manual. The report documenting the threat shall be maintained for the duration of the VPF entry lifetime with annual reviews of entries completed by the Records Management Unit.

600.5 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.5.1 AUDIO/VIDEO RECORDINGS

Generally, except where circumstances make it impracticable, custodial interviews regarding felony offenses should be electronically recorded. When such custodial interviews are conducted in a law enforcement facility, electronic recording of the interview is mandatory absent good cause not to record if the interview is conducted in connection with an investigation into aggravated murder, as defined in ORS 163.095, or a crime listed in ORS 137.700 or ORS 137.707 (ORS 133.400).

A custodial interview of a person 17 years of age or under involving an investigation into a misdemeanor or a felony or an allegation that the juvenile being interviewed committed an act that would be a misdemeanor or a felony if committed by an adult shall be recorded, absent good cause not to record the interview, if (2019 Oregon Laws, c. 216, § 2):

- (a) The interview is conducted at a courthouse or at any law enforcement agency authorized to detain juvenile offenders; or
- (b) The interview is conducted anywhere else and the officer is wearing a body-worn camera.

Tigard Police Department

Tigard PD Policy Manual

Investigation and Prosecution

If an interviewee expresses an unwillingness to have the custodial interview electronically recorded but agrees to speak to investigators without such recording, the interviewing officer or detective should document the refusal in his/her report and request that the interviewee sign a written statement or provide a recorded statement of his/her refusal to have the interview recorded.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law (ORS 165.540).

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Criminal Investigation Unit supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes. Electronic recording of a custodial interview shall be preserved until the conclusion of the criminal proceeding or youth adjudication proceeding, including post-conviction relief and habeas corpus appeals are exhausted, or until the prosecution of the offense is barred by law (ORS 133.400).

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.6 DISCONTINUATION OF INVESTIGATIONS

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

- (a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.
- (b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
 1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
 2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.
- (c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.
- (d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.
- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.
- (f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

Tigard Police Department

Tigard PD Policy Manual

Investigation and Prosecution

The Domestic Violence, Child Abuse, Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

600.7 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

600.8 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained via the internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and Criminal Organizations policies).

600.8.1 ACCESS RESTRICTIONS

Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Tigard Police Department

Tigard PD Policy Manual

Investigation and Prosecution

Any information collected in furtherance of an investigation through an internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.8.2 INTERCEPTING ELECTRONIC COMMUNICATION

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.

600.9 MODIFICATION OF CHARGES FILED

Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Division Commander or the Chief of Police. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.

Asset Forfeiture

This includes any time the Tigard Police Department seizes property for forfeiture or when the Tigard Police Department is acting as the fiscal agent pursuant to a multi-agency agreement.

Forfeiture - The process by which legal ownership of an asset is transferred to a government or other authority.

Forfeiture reviewer - The department member assigned by the Chief of Police who is responsible for reviewing all forfeiture cases and for acting as the liaison between the Department and the assigned attorney.

Prohibited conduct - In the context of criminal forfeiture, refers to a felony or a Class A misdemeanor for purposes of proceeds and the many crimes listed in ORS 131.602 for purposes of instrumentalities (ORS 131.550).

Prohibited conduct in the context of civil forfeiture refers to any of the following (ORS 131A.005):

- Crimes related to the Uniform Controlled Substances Act where a person may be sentenced to imprisonment (specifically, ORS 475.005 through ORS 475.285 and ORS 475.744 through ORS 475.980).

However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person's due process rights.

It is the policy of the Tigard Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

606.3 ASSET SEIZURE

Property may be seized for forfeiture as provided in this policy.

606.3.1 PROPERTY SUBJECT TO SEIZURE

The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer:

Tigard Police Department

Tigard PD Policy Manual

Asset Forfeiture

- (a) Civil forfeiture
 - 1. Property that is subject to a court order (ORS 131A.060).
 - 2. Property that is not subject to a court order if (ORS 131A.065):
 - (a) There is probable cause to believe that the property is subject to forfeiture and the property may constitutionally be seized without a warrant.
 - (b) The seizure is in the course of a constitutionally valid criminal investigative stop, arrest or search, and there is probable cause to believe that the property is subject to civil forfeiture.
 - (c) The property is directly or indirectly dangerous to the health or safety of any person.
 - (d) An owner consents to the seizure.
- (b) Criminal forfeiture
 - (a) Property that is subject to a court order (ORS 131.561).
 - (b) Property that is not subject to a court order when (ORS 133.535; ORS 131.561):
 - (a) The property subject to criminal forfeiture is also evidence of a crime or is illegal to possess.
 - (b) There is probable cause to believe that the property is subject to criminal forfeiture.

Whenever practicable, a court order for seizure prior to making a seizure is the preferred method. A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

606.3.2 PROPERTY NOT SUBJECT TO SEIZURE

The following property should not be seized for forfeiture:

- (a) Cash and property that does not meet the forfeiture counsel's current minimum forfeiture thresholds
- (b) A conveyance owned by a common carrier or person who did not consent to the offense in question or had no knowledge of the offense (i.e., an "innocent owner") (ORS 131.558)

606.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS

When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following:

- (a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized.

Tigard Police Department

Tigard PD Policy Manual

Asset Forfeiture

When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.

- (b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.
- (c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The officer will book seized property as evidence with the notation in the comment section of the property form, "Seized Subject to Forfeiture." Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

606.5 MAINTAINING SEIZED PROPERTY

The Property and Evidence Section supervisor is responsible for ensuring compliance with the following:

- (a) All property received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition.
- (b) All property received for forfeiture is checked to determine if the property has been stolen.
- (c) All property received for forfeiture is retained in the same manner as evidence until forfeiture is finalized or the property is returned to the claimant or the person with an ownership interest.
- (d) Property received for forfeiture is not used unless the forfeiture action has been completed.

606.6 FORFEITURE REVIEWER

The Chief of Police will appoint a forfeiture reviewer. Prior to assuming duties, or as soon as practicable thereafter, the forfeiture reviewer should attend a course approved by the Department on asset forfeiture.

The responsibilities of the forfeiture reviewer include:

- (a) Remaining familiar with forfeiture laws, particularly ORS 131.550 et seq., ORS 131A.010 et seq., and Or Const, Art XV, § 10 and the forfeiture policies of the forfeiture counsel.

Tigard Police Department

- (e) Ensuring that responsibilities, including the designation of a fiscal agent, are clearly established whenever multiple agencies are cooperating in a forfeiture case.
- (f) Ensuring that seizure forms are available and appropriate for department use. These should include notice forms, a receipt form and a checklist that provides relevant guidance to officers. The forms should be available in languages appropriate for the region and should contain spaces for:
 - 1. Names and contact information for all relevant persons and law enforcement officers involved.
 - 2. Information as to how ownership or other property interests may have been determined (e.g., verbal claims of ownership, titles, public records).
 - 3. A space for the signature of the person from whom cash or property is being seized.
 - 4. A tear-off portion or copy, which should be given to the person from whom cash or property is being seized, that includes the legal authority for the seizure, information regarding the process to contest the seizure and a detailed description of the items seized.

- (g) Ensuring that officers who may be involved in asset forfeiture receive training in the proper use of the seizure forms and the forfeiture process. The training should cover this policy and address any relevant statutory changes and court decisions.

 - 1. Written documentation of the seizure and the items seized is in the case file.
 - 2. Independent legal review of the circumstances and propriety of the seizure is made in a timely manner.
 - 3. Notice of seizure has been given in a timely manner to those who hold an interest in the seized property. Information on the notice to interested parties can be found in ORS 131.561, ORS 131.570, ORS 131A.150 and ORS 131A.230. Information on the notice of intent to forfeit real property with the county can be found in ORS 131.567.

 6. Any cash received is deposited with the fiscal agent.
 7. Assistance with the resolution of ownership claims and the release of property to those entitled is provided.
 8. Current minimum forfeiture thresholds are communicated appropriately to officers.
 9. This policy and any related policies are periodically reviewed and updated to reflect current federal and state statutes and case law.
- (i) Ensuring that a written plan is available that enables the Chief of Police to address any extended absence of the forfeiture reviewer, thereby ensuring that contact information for other law enforcement officers and attorneys who may assist in these matters is available.
 - (j) Ensuring that the Department disposes of property as provided by law following any forfeiture.
 - (k) Ensuring the forms and receipts provided for field use comply with ORS 131.570 and ORS 131A.055. A consensual search of a motor vehicle form should be available for field use as well (ORS 131A.025).

Informants

608.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of informants.

608.1.1 DEFINITIONS

Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with the Tigard Police Department for law enforcement purposes. This also includes a person agreeing to supply information to the Tigard Police Department for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

608.2 POLICY

The Tigard Police Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

608.3 USE OF INFORMANTS

608.3.1 INITIAL APPROVAL

Before using an individual as an informant, an officer must receive approval from his/her supervisor. The officer shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this department should not guarantee absolute safety or confidentiality to an informant.

608.3.2 JUVENILE INFORMANTS

The use of informants under the age of 13 is prohibited.

In all cases, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

- (a) The juvenile's parents or legal guardians
- (b) The juvenile's attorney, if any
- (c) The court in which the juvenile's case is being handled, if applicable
- (d) The Chief of Police or the authorized designee

Tigard Police Department

Tigard PD Policy Manual

Informants

608.3.3 INFORMANT AGREEMENTS

All informants are required to sign and abide by the provisions of the designated department informant agreement. The officer using the informant shall discuss each of the provisions of the agreement with the informant.

Details of the agreement are to be approved in writing by a supervisor before being finalized with the informant.

608.4 INFORMANT INTEGRITY

To maintain the integrity of the informant process, the following must be adhered to:

- (a) The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police, Division Commander, Criminal Investigations Unit supervisor or their authorized designees.
 - 1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
- (b) Criminal activity by informants shall not be condoned.
- (c) Informants shall be told they are not acting as police officers, employees or agents of the Tigard Police Department, and that they shall not represent themselves as such.
- (d) The relationship between department members and informants shall always be ethical and professional.

 - (b) Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the Criminal Investigations Unit or CCU supervisor.
 - (c) Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.
- (e) Officers shall not meet with informants in a private place unless accompanied by at least one additional officer or with prior approval of the Criminal Investigations Unit or CCU supervisor.
 - 1. Officers may meet informants alone in an occupied public place, such as a restaurant.
- (f) When contacting informants for the purpose of making payments, officers shall arrange for the presence of another officer.
- (g) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.
- (h) Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

608.4.1 UNSUITABLE INFORMANTS

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be

Tigard Police Department

Tigard PD Policy Manual

Informants

unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file "unsuitable" when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

- (a) The informant has provided untruthful or unreliable information in the past.
- (b) The informant behaves in a way that may endanger the safety of an officer.
- (c) The informant reveals to suspects the identity of an officer or the existence of an investigation.
- (d) The informant appears to be using his/her affiliation with this department to further criminal objectives.
- (e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
- (f) The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.
- (g) The informant commits criminal acts subsequent to entering into an informant agreement.

608.5 INFORMANT FILES

Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Criminal Investigations Unit. The Criminal Investigations Unit supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police, Division Commander, Criminal Investigations Unit supervisor or their authorized designees.

The Services Division Commander should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the Criminal Investigations Unit supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

The confidential informant will sign the form indicating the amount received, the date, and that the confidential informant is receiving funds in payment for information voluntarily rendered in the case. The Tigard Police Department case number shall be recorded on the cash transfer form. A copy of the form will be kept in the confidential informant's file.

If the payment amount exceeds \$500, a complete written statement of the confidential informant's involvement in the case shall be placed in the confidential informant's file. If funds distributed exceed \$600 in any reporting year, the confidential informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the confidential informant and by doing so jeopardize any investigation, the safety of peace officers or the safety of the confidential informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the confidential informant shall be provided a letter from the Criminal Investigations Unit Sergeant identifying the amount he/she must report on a tax return as "other income" and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the confidential informant's file.

608.6 INFORMANT PAYMENTS

No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

The Criminal Investigations Unit supervisor will discuss the above factors with the Operations Division Commander and recommend the type and level of payment subject to approval by the Chief of Police.

If funds distributed exceed \$600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as "other income" and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant's file.

608.6.3 AUDIT OF PAYMENTS

The Criminal Investigations Unit supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

At least once every six months, the Chief of Police or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.

610.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

610.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Criminal Investigation Unit supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide:

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.

Tigard Police Department

Tigard PD Policy Manual

Eyewitness Identification

- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the suspect's photograph may or may not be among those presented and that the witness is not obligated to make an identification.
- (g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
- (h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
- (j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.

The process and related forms should be reviewed at least annually and modified when necessary.

610.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified, or failed to identify, the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

610.6 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

Eyewitness Identification

610.7 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness. Techniques to achieve this include randomly numbering photographs, shuffling folders or using a computer program to order the persons in the lineup

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The member presenting the lineup to a witness should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

610.8 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination or show-up identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Whether there were distracting noises or activity during the observation.
 - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.

Tigard Police Department

Tigard PD Policy Manual

Eyewitness Identification

- (d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
- (e) The person who is the subject of the show-up should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
- (g) A person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies a subject of a show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

Brady Material Disclosure

612.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called “*Brady* information”) to a prosecuting attorney.

612.1.1 DEFINITIONS

Definitions related to this policy include:

Brady information -Information known or possessed by the Tigard Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

612.2 POLICY

The Tigard Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Tigard Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

612.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor’s office.

If information is believed to be privileged or confidential (e.g., informant or attorney-client information, attorney work product), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the department case file.

Tigard Police Department

Tigard PD Policy Manual

Brady Material Disclosure

612.4 DISCLOSURE OF PERSONAL INFORMATION

If a member of this department is a material witness in a criminal case, a person or persons designated by the Chief of Police shall examine the personnel file and/or internal affairs file of the officer to determine whether they contain *Brady* information. If *Brady* information is located, the following procedure shall apply:

- (a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and department member shall be notified of the potential presence of *Brady* material in the member's personnel file.
- (b) The prosecuting attorney or department counsel should be requested to file a motion in order to initiate an in camera review by the court.
 1. If no motion is filed, the supervisor should work with counsel to determine whether the records should be disclosed to the prosecutor.
- (c) The Custodian of Records shall accompany all relevant personnel files during any in camera inspection to address any issues or questions raised by the court.
- (d) If the court determines that there is relevant *Brady* material contained in the files, only that material ordered released will be copied and released to the parties filing the motion.
 1. Prior to the release of any materials pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such materials to the involved case and requiring the return of all copies upon completion of the case.
- (e) If a court has determined that relevant *Brady* information is contained in the member's file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

The person or persons designated by the Chief of Police should periodically examine the personnel files and/or internal affairs files of all officers who may be material witnesses in criminal cases to determine whether they contain *Brady* information. The obligation to provide *Brady* information is ongoing. If any new *Brady* information is identified, the prosecuting attorney should be notified.

612.5 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

612.6 TRAINING

Department personnel should receive periodic training on the requirements of this policy.

Unmanned Aerial System (UAS) Operations

613.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of an unmanned aerial system (UAS) and for the storage, retrieval and dissemination of images and data captured by the UAS.

613.1.1 DEFINITIONS

Definitions related to this policy include:

Unmanned Aerial System (UAS) - An unmanned aircraft of any type that is capable of sustaining directed flight, whether preprogrammed or remotely controlled (commonly referred to as an unmanned aerial vehicle (UAV)), and all of the supporting or attached systems designed for gathering information through imaging, recording, or any other means. For the purpose of this policy, a UAS includes a drone, as defined by ORS 837.300.

613.2 POLICY

A UAS may be utilized to enhance the department's mission of protecting lives and property when other means and resources are not available or are less effective. Any use of a UAS will be in strict accordance with constitutional and privacy rights and Federal Aviation Administration (FAA) regulations.

613.3 PRIVACY

The use of the UAS potentially involves privacy considerations. Absent a warrant or exigent circumstances, operators and observers shall adhere to FAA altitude regulations and shall not intentionally record or transmit images of any location where a person would have a reasonable expectation of privacy (e.g., residence, yard, enclosure). Operators and observers shall take reasonable precautions to avoid inadvertently recording or transmitting images of areas where there is a reasonable expectation of privacy. Reasonable precautions can include, for example, deactivating or turning imaging devices away from such areas or persons during UAS operations.

613.4 PROGRAM COORDINATOR

The Chief of Police will appoint a program coordinator who will be responsible for the management of the UAS program. The program coordinator will ensure that policies and procedures conform to current laws, regulations, and best practices and will have the following additional responsibilities:

- Coordinating the FAA Certificate of Waiver or Authorization (COA) application process and ensuring that the COA is current (OAR 738-080-0045).
- Ensuring that all authorized operators and required observers have completed all required FAA and department-approved training in the operation, applicable laws, policies, and procedures regarding use of the UAS.
- Developing uniform protocols for submission and evaluation of requests to deploy a UAS, including urgent requests made during ongoing or emerging incidents.

Tigard Police Department

Tigard PD Policy Manual

Unmanned Aerial System (UAS) Operations

Deployment of a UAS shall require written authorization of the Chief of Police or the authorized designee, depending on the type of mission.

- Developing protocols for conducting criminal investigations involving a UAS, including documentation of time spent monitoring a subject.
- Implementing a system for public notification of UAS deployment.
- Developing operational protocols governing the deployment and operation of a UAS including but not limited to safety oversight, use of visual observers, establishment of lost link procedures, and secure communication with air traffic control facilities.
- Developing a protocol for fully documenting all missions.
- Developing a UAS inspection, maintenance, and record-keeping protocol to ensure continuing airworthiness of a UAS, up to and including its overhaul or life limits.
- Developing protocols to ensure that all data intended to be used as evidence is accessed, maintained, stored, and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, authenticity certificates, and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.
- Developing protocols that ensure retention and purge periods are maintained in accordance with established records retention schedules.
- Facilitating law enforcement access to images and data captured by the UAS.
- Recommending program enhancements, particularly regarding safety and information security.
- Ensuring that established protocols are followed by monitoring and providing periodic reports on the program to the Chief of Police.
- Ensuring that the UAS is registered with the Oregon Department of Aviation (ORS 837.360).
- Developing protocols for storage, security, and access to data collected by the UAS (ORS 837.362).
- Developing protocols if a third party is used for the storage of data, including handling, security, and access to the data by the third party (ORS 837.362).
- Developing protocols for disclosing data collected by the UAS through intergovernmental agreements (ORS 837.362).
- Publishing the department policies and procedures regarding the use, storage (including third party storage), accessing, sharing, and retention of data collected by the UAS, including the text of ORS 192.345 on the department website or other publicly accessible system (ORS 837.362).

613.5 USE OF UAS

Only authorized operators who have completed the required training shall be permitted to operate the UAS.

Tigard Police Department

Tigard PD Policy Manual

Unmanned Aerial System (UAS) Operations

Use of vision enhancement technology (e.g., thermal and other imaging equipment not generally available to the public) is permissible in viewing areas only where there is no protectable privacy interest or when in compliance with a search warrant or court order. In all other instances, legal counsel should be consulted.

UAS operations should only be conducted during daylight hours and a UAS should not be flown over populated areas without FAA approval.

The UAS shall only be operated by the Department (ORS 837.320; ORS 837.330; ORS 837.335):

- (a) Pursuant to a valid warrant authorizing its use.
- (b) When there is probable cause to believe that a person has committed a crime, is committing a crime or about to commit a crime, and exigent circumstances exist that make it unreasonable to obtain a warrant authorizing the use.
- (c) With written consent of an individual for the purpose of acquiring information about the individual or the individual's property.
- (d) As part of search and rescue activities, as defined in ORS 404.200.
- (e) When assisting an individual in an emergency if there is a reasonable belief that there is an imminent threat to the life and safety of the individual.
 1. A report shall be prepared documenting the factual basis for the belief.
 2. Within 48 hours of the emergency, a sworn statement shall be filed with the circuit court describing the nature of the emergency and the need for the use of the UAS.
- (f) During a state of emergency declared by the Governor, if:
 1. The UAS is used for preserving public safety, protecting property or conducting surveillance that will be used to assess and evaluate environmental or weather-related damage, erosion or contamination.
 2. The UAS is operated only in the geographical area specified in the Governor's proclamation.
- (g) For the purpose of reconstructing a crime scene or accident scene, or a similar physical assessment, that is related to a specific investigation, as provided by ORS 837.340.
- (h) For the purpose of training in the use and acquisition of information, as provided in ORS 837.345.

613.6 PROHIBITED USE

The UAS video surveillance equipment shall not be used:

- To conduct random surveillance activities.
- To target a person based solely on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability.
- To harass, intimidate, or discriminate against any individual or group.

Tigard Police Department

- To conduct personal business of any type.

The UAS shall not be weaponized (ORS 837.365).

The UAS shall not be used in any way that causes interference with an aircraft that is in the air, taking off, or landing (ORS 837.374).

613.7 RETENTION OF UAS DATA

Data collected by the UAS shall be retained as provided in the established records retention schedule (ORS 837.362).

613.8 REPORTING

The Records Unit supervisor shall ensure that an annual report is provided to the Oregon Department of Aviation that summarizes the frequency of UAS use and the purpose for the use, and indicates how the public can access the department's policies and procedures regarding the use of data resulting from the use of UAS as required by ORS 837.360.

Warrant Service

614.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

614.2 POLICY

It is the policy of the Tigard Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

614.3 OPERATIONS DIRECTOR

The operations director or his/her designee (see the Operations Planning and Deconfliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The operations director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

614.4 SEARCH WARRANTS

Officers should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

614.5 ARREST WARRANTS

If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete the risk assessment form and submit it to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

Tigard Police Department

Tigard PD Policy Manual

Warrant Service

If the warrant is classified as high risk, service will be coordinated by the operations director. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

614.6 WARRANT PREPARATION

An officer who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

- (a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime warrant execution.
- (b) A clear explanation of the affiant's training, experience and relevant education.
- (c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
- (d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.
- (e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
- (f) A specific description of the location to be searched, including photographs of the location, if reasonably available.
- (g) A sufficient description of the items to be seized.
- (h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the *Brady* Material Disclosure Policy).

614.7 HIGH-RISK WARRANT SERVICE

The operations director or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

- (a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.
- (b) The warrant service is video-recorded when practicable and reasonable to do so. The warrant service may be audio-recorded with notice to all parties to a conversation that

Tigard Police Department

Tigard PD Policy Manual

Warrant Service

a recording is being made unless otherwise permitted in the warrant or ORS 133.726 (ORS 165.540).

- (c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.
- (d) Reasonable efforts are made during the search to maintain or restore the condition of the location.
- (e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.
- (f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
- (g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.
- (h) A copy of the search warrant is left at the location.
- (i) The condition of the property is documented with video recording or photographs after the search.

614.8 DETENTIONS DURING WARRANT SERVICE

Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

614.9 ACTIONS AFTER WARRANT SERVICE

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

614.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The operations director will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

Tigard Police Department

Tigard PD Policy Manual

Warrant Service

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the operations director. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Tigard Police Department are utilized appropriately. Any concerns regarding the requested use of Tigard Police Department members should be brought to the attention of the Chief of Police or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the operations director is unavailable, the Watch Commander should assume this role.

If officers intend to serve a warrant outside Tigard Police Department jurisdiction, the operations director should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Officers will remain subject to the policies of the Tigard Police Department when assisting outside agencies or serving a warrant outside Tigard Police Department jurisdiction.

614.11 MEDIA ACCESS

No advance information regarding warrant service operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

614.12 TRAINING

The Training Coordinator should ensure officers receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.

Operations Planning and Deconfliction

615.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

615.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by officers on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

Western States Information Network (WSIN): One of the Regional Information Sharing System (RISS) projects created by congress in the 1970's to connect law enforcement investigations (RISSIntel) and deconfliction operations (RISSafe) nationally. WSIN provides a centralized information system located in Sacramento, California, where law enforcement agencies and HIDTA projects report information regarding the identification of criminal suspects and conduct deconfliction for planned operations.

615.2 POLICY

It is the policy of the Tigard Police Department to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

615.3 OPERATIONS DIRECTOR

The Chief of Police will designate a member of this department to be the operations director. Currently that role will be performed by the Operations Commander.

The operations director will develop and maintain a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.

The operations director or his designee will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The director will also have the responsibility for coordinating operations that are categorized as high risk, unless those duties are delegated

615.4 RISK ASSESSMENT

Tigard Police Department

Tigard PD Policy Manual

Operations Planning and Deconfliction

615.4.1 RISK ASSESSMENT FORM PREPARATION

Officers assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form.

When preparing the form, the officer should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the officer should also submit information to these resources.

The officer should gather available information that includes, but is not limited to:

- (a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
- (b) Maps of the location.
- (c) Diagrams of any property and the interior of any buildings that are involved.
- (d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).
- (e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).
- (f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
- (g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
- (h) Other available options that may minimize the risk to officers and others (e.g., making an off-site arrest or detention of the subject of investigation).

615.4.2 RISK ASSESSMENT REVIEW

Officers will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor and the operations director.

The supervisor and operations director shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

615.4.3 HIGH-RISK OPERATIONS

If the operations director, after consultation with the involved supervisor, determines that the operation is high risk, the operations director should:

Tigard Police Department

Tigard PD Policy Manual

Operations Planning and Deconfliction

- (a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
 - 1. Washington County Interagency Tactical Negotiations Unit (T.N.T.)
 - 2. Additional off-duty personnel called in to supplement shift
 - 3. Outside agency assistance
 - 4. Special equipment
 - 5. Medical personnel
 - 6. Washington County Interagency Crisis Negotiations Unit (C.N.U.)
 - 7. Additional surveillance
 - 8. Canines
 - 9. Property and Evidence Section or analytical personnel to assist with cataloguing seizures
 - 10. Forensic specialists
 - 11. Specialized mapping for larger or complex locations
- (b) Contact the appropriate department members or other agencies as warranted to begin preparation.
- (c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.
- (d) Coordinate the actual operation.

615.5 DECONFLICTION

WSIN works hand and hand with the HIDTA projects nationally. When Watch Center services are required, officers may call the Oregon DOJ HIDTA Watch Center at 1-800-442-6248. After normal operating hours (M-F from 7:30 AM to 5:30PM), calls to this number will automatically be forwarded to WSIN's Watch Center in Sacramento, California.

Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The officer who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The officer should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

Tigard Police Department

Tigard PD Policy Manual

Operations Planning and Deconfliction

615.6 OPERATIONS PLAN

The operations director should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

- (a) Operation goals, objectives and strategies.
- (b) Operation location and people:
 - 1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)
 - 2. 615.6.1 OPERATIONS PLAN RETENTION

Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.

615.7 OPERATIONS BRIEFING

A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.

- (a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants' understanding of the operations plan.
- (b) All participants should be provided a copy of the operations plan and search warrant, if applicable. Participating personnel should be directed to read the search warrant and initial a copy that is retained with the operation plan. Any items to be seized should be identified at the briefing.

615.8 TNT PARTICIPATION

If the operations director determines that TNT participation is appropriate, the director and the TNT supervisor shall work together to develop a written plan. The TNT supervisor shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the TNT supervisor shall transfer control of the scene to the handling supervisor. This transfer should be communicated to the officers present.

615.9 MEDIA ACCESS

No advance information regarding planned operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

615.10 OPERATIONS DEBRIEFING

High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any TNT debriefing.

615.11 TRAINING

The Training Coordinator should ensure officers and TNT team members who participate in operations subject to this policy should receive periodic training including, but not limited to, topics such as legal issues, deconfliction practices, operations planning concepts and reporting requirements.

Sexual Assault Investigations

616.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

616.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include, but not limited to, offenses defined in ORS 163.305 et seq.

Sexual Assault Response Team (SART) - A multidisciplinary team generally composed of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

616.2 POLICY

It is the policy of the Tigard Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

616.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Participate in or coordinate with the SART or other multidisciplinary investigative teams as applicable (ORS 147.401).

Tigard Police Department

Tigard PD Policy Manual

Sexual Assault Investigations

616.4 REPORTING

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

616.5 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Criminal Investigation Unit supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

616.6 TRAINING

Subject to available resources, periodic training should be provided to:

- (a) Members who are first responders. Training should include:
 - 1. Initial response to sexual assaults.
 - 2. Legal issues.
 - 3. Victim advocacy.
 - 4. Victim's response to trauma.
- (b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
 - 1. Interviewing sexual assault victims.
 - 2. SART.
 - 3. Medical and legal aspects of sexual assault investigations.
 - 4. Serial crimes investigations.
 - 5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
 - 6. Techniques for communicating with victims to minimize trauma.

616.7 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to WCCCA, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of the SART should be included in the initial victim interviews.

Tigard Police Department

Tigard PD Policy Manual

Sexual Assault Investigations

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded should be included in a report.

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

616.7.1 POLYGRAPH EXAMINATION OF VICTIMS

Victims and any complaining witness in a case involving the use of force, violence, duress, menace or threat of physical injury in the commission of any sex crime under ORS 163.305 through ORS 163.575, shall not be required to submit to a polygraph examination as a prerequisite to filing criminal charges (34 USC § 10451; ORS 163.705).

616.8 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim. When a victim agrees to participate in a medical assessment, the officer shall contact a victim advocate and make reasonable efforts to ensure that the advocate is present and available at the medical facility if such notification has not already been made by medical personnel (ORS 147.404).

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Unless the victim has chosen to remain anonymous, sexual assault kits or biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, shall be submitted for biological testing (ORS 181A.325).

Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

616.8.1 COLLECTION AND TESTING REQUIREMENTS

A sexual assault forensic evidence kit shall be obtained from a medical facility within seven days after the medical facility notifies the Department that the kit has been collected. The sexual assault forensic evidence kit shall be submitted to the Oregon State Police (OSP) for testing within 14 days after the Department receives the kit from the medical facility and accompanied with information sufficient to allow OSP to prioritize testing. Sexual assault kits shall not be submitted in cases where the victim has chosen to remain anonymous (ORS 181A.325).

Tigard Police Department

Tigard PD Policy Manual

Sexual Assault Investigations

If a victim chooses to file a sexual assault report at a later time, the sexual assault kit associated with the report shall be reclassified as a non-anonymous kit and submitted for testing to the OSP within 14 days of the reclassification (ORS 181A.325).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

616.8.2 DNA TEST RESULTS

Members investigating sexual assault cases should notify victims of any DNA test results as soon as reasonably practicable. Investigating members should work with the crime victim liaison as provided in the Victim and Witness Assistance Policy.

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

Members investigating sexual assaults cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

616.9 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Criminal Investigation Unit supervisor.

Classification of a sexual assault case as unfounded requires the Criminal Investigation Unit supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

616.10 CASE REVIEW

The Criminal Investigation Unit supervisor should ensure cases are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.

The supervisor receiving such a report shall conduct an initial investigation and direct a memo to the appropriate Division Commander, which shall include the result of the investigation and whether reasonable care was taken to prevent the loss, damage or unserviceable condition.

The appropriate notifications must also be made as soon as possible to the City of Tigard RISK manager following the Citywide process.

The member should submit a request that includes the description of the property, and the reason and length of time it will be used. Personal property of the type routinely carried by persons not performing law enforcement duties, and that is not a weapon, is excluded from this requirement.

The Department will not replace or repair costly items (e.g., jewelry, expensive watches, exotic equipment) that are not reasonably required as a part of work.

Handheld Metal Detector

701.1 PURPOSE AND SCOPE

The purpose of this policy is to inform department personnel of the procedures for use of the handheld metal detector.

701.2 POLICY

It is the policy of the Tigard Police Department to ensure the safety of its employees by making available a handheld metal detector. The use of this metal detector may be used by an officer when he or she feels the need to verify persons entering the building are not carrying concealed weapons. The detector will be located near the front entrance to the Police Department (inside Lobby door).

701.3 DEFINITION

The Garrett Superwand metal detector allows detection of all metals (ferrous and non-ferrous) no matter how small. The wand has 360 degree coverage even at the tip. It operates in two modes, one with an audible tone and the other in vibrate mode. The detector operates using a 9 volt battery.

701.4 PROCEDURES

701.4.1 USE OF DETECTOR

When the metal detector is in operation, it will only detect metal while detector is moving. Scan within two (2) inches of the person (object) being inspected (it is not necessary to touch the detector to the person (object)). Sound will be heard or vibration felt and the red light will illuminate when metal is detected anywhere around or at the tip of the detection area.

[See attachment: metal detector scan.JPG](#)

701.4.2 BATTERY REPLACEMENT

The central amber light will illuminate when battery power is low and the battery needs to be replaced. Slide back the battery cover and tilt the detector and the battery will slip out.

Before installing the new battery, look inside the battery compartment and note the location of the small and large battery contact openings. Install the new battery with the proper orientation to align the battery posts with the openings.

The battery cover will not close if the battery is improperly installed. Do not force the cover, check the battery alignment and retry.

Personal Communication Devices

702.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCD) but is intended to include all mobile telephones, personal digital assistants (PDA) and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, e-mailing, using video or camera features, playing games and accessing sites or services on the Internet.

702.1.1 PRIVACY POLICY

Any employee utilizing any computer, internet service, phone service or other wireless service provided by or funded by the department expressly acknowledges and agrees that the use of such service, whether for business or personal use, shall remove any expectation of privacy the employee, sender and recipient of any communication utilizing such service might otherwise have, including as to the content of any such communication. The Department also expressly reserves the right to access and audit any and all communications, including content sent, received and/or stored through the use of such service.

702.2 POLICY

The Tigard Police Department allows members to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, members are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory staff.

702.2.1 INDIVIDUALLY OWNED PCD

Employees may carry their own individually owned PCD while on duty subject to the following conditions:

- (a) Carrying an individually owned personal communication device is optional.
- (b) The device shall be purchased, used and maintained at the employee's expense.

Tigard Police Department

Tigard PD Policy Manual

Personal Communication Devices

702.2.2 USE OF PERSONAL COMMUNICATION DEVICES

PCDs, whether provided by the department or personally owned, should only be used by on-duty employees for legitimate department business except as provided for below. Employees may use a PCD to communicate with other personnel in those situations where the use of the radio is either impractical or not feasible. PCDs however, should not be used to replace regular radio communications.

- (a) PCDs shall not be carried in a manner that allows them to be generally visible while in uniform.
- (b) PCDs may not be used to conduct personal business while on duty except when brief personal communications may be warranted by the circumstances (e.g., inform family of extended hours). While employees may use personally owned PCDs for personal business during authorized breaks, such usage should be limited as much as practical to areas where the communication will not be seen or heard by members of the general public.
- (c) Extended or frequent use of departmentally issued PCDs or personally owned PCDs while on duty for personal use is prohibited and may be subject to discipline. Employees may be responsible for reimbursing the department for any charges incurred as a result of personal use.

702.2.3 USE WHILE DRIVING

The use of a PCD while driving can cause unnecessary distractions and presents a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices while driving to matters of an urgent nature and should, where practical, stop the vehicle at an appropriate location to complete their communication (ORS 811.507).

Except in the case of an emergency, employees who are operating non-emergency vehicles shall not use cellular phones or other personal communication devices while driving unless the telephone is specifically designed and configured to allow hands-free listening and talking. Such use should be restricted to business related calls or calls of an urgent nature.

702.2.4 OFFICIAL USE

The use of personal communication devices may be appropriate during the following situations:

- (a) Barricaded suspects.
- (b) Hostage situations.
- (c) Mobile Command Post.
- (d) Catastrophic disasters, such as plane crashes, earthquakes, floods, etc.

- (b) All command and supervisory officers are charged with giving particular and continuing attention to the driving behavior of subordinates to ensure that they adhere to safe and reasonable driving standards, and adhere to the guidelines in this policy.

704.6.5 OPERATION OF POLICE VEHICLES

Special Purpose Vehicles

705.1 PURPOSE AND SCOPE

The purpose of this policy is to establish procedures for the authorization, use, and maintenance of the Tigard Police Department's special purpose vehicles.

705.2 POLICY

Special purpose vehicles may be assigned at the discretion of the Chief of Police, and will be of a design, modification and/or configuration to best accomplish its designated purpose.

The department's special purpose vehicles are to be maintained and operated in accordance with Policy 704 Vehicle Maintenance. Only those members of the department who have been assigned a specialty vehicle, or who have received prior approval from a supervisor, and have valid driving privileges will be authorized to operate listed vehicles.

705.3 DEFINITIONS

GREAT vehicle - Assigned to the Youth Programs.

ATV - All-terrain vehicle assigned to the ATV Unit as an extension of the patrol function.

705.4 STATEMENT OF USE

The department's special purpose vehicles listed above provide a positive image for the police department within the community. The special purpose vehicles are used primarily as on-duty vehicles for their assigned officers. All of the specialty vehicles may be used during special events, displays, and parades with prior authorization from the Chief of Police or designee.

While these vehicles are equipped with emergency lighting and logos, they are not intended for use during standard police patrol and/or operations. Certain specialty purpose vehicles are not equipped with authorized police lighting and sirens and therefore can not be used for emergency response or traffic enforcement. If these vehicles are needed during an emergency, their use may be authorized by an on-duty supervisor. None of the listed specialty vehicles shall be used during police pursuits.

705.5 EQUIPMENT - GENERAL

All special purpose vehicles detailed in this policy are equipped with emergency light packages. With the exception of the golf cart, the specialty vehicles additionally carry police radios and PA systems. The DARE, GREAT, and PIO vehicles shall be equipped with a basic first-aid kit.

705.6 MOTORCYCLES

Tigard Police Department

Tigard PD Policy Manual

Special Purpose Vehicles

705.6.1 OBJECTIVE

Motorcycle officers are utilized for traffic enforcement purposes however they are not limited to that function. They are assigned to special details such as parades, funeral escorts and others as needed. Motorcycles have the unique ability to get through heavy traffic to an accident; to drive the various paved bicycle paths and for display purposes at various law enforcement functions.

705.6.2 INSTRUCTIONS, CONDITIONS AND LIMITATIONS OF USAGE

Motor officers are required to complete an 80 hour DPSST certified motorcycle training class. Although their riding skills are somewhat limited for off road riding, they have the capability when necessary. Motor officers have the discretion to ride during inclement weather except during icy or snowing conditions.

There are no specific limitation placed on the Tigard Police Department motor officers with the exception of daily maintenance and upkeep on their assigned motor, as allowed by TPOA contract. Limitations placed on the use of motorcycles would be the individual officer's inability to ride during certain situations, (such as inclement weather, ice, strong winds, high water, etc.).

705.6.3 AUTHORIZATION FOR USE IN VARIOUS SITUATIONS

A Tigard Police Department motor officer has been authorized, once he/she has completed the basic (80 hour) motor training class, to ride their motorcycle whenever and wherever they deem necessary.

705.6.4 QUALIFICATIONS AND TRAINING

Only officers within the Tigard Police Department who have successfully completed the DPSST approved Basic Motor Officers course (80 hrs) are authorized to ride the motorcycle. In addition they are required to have an Oregon Motorcycle endorsement on their driver's license. After the Basic course a motor officer must ride with another certified motor officer for additional training on conducting traffic stops, officer safety on the highway, etc. for a minimum of 40 hours before being assigned the full time duties of a motor officer.

Officers are encouraged to attend monthly in-service training whenever it is offered, although it is not a specific requirement that they do so. If monthly in-service training is not attended, the officers are encouraged to attend quarterly in-service training and/or other DPSST approved training when it is offered. Every effort will be made to ensure that the motor officers have the opportunity to improve their riding skills as frequently as possible. Riding skills that are taught and learned at the Basic Motorcycle class diminish in time if no refresher training is attended. These are learned skills and with enough training and practice become instinctive under certain conditions.

An annual training conference sponsored by the North American Motor Officer's Association provides a minimum of 16 hours additional training and motor officers are allowed to attend on duty time when scheduling permits.

705.6.5 CONDITION AND MAINTENANCE

Motorcycles are individually assigned to the officers who ride them. It is their responsibility to ensure that the motorcycle is inspected on a daily basis and that maintenance is done in

Tigard Police Department

Tigard PD Policy Manual

Special Purpose Vehicles

accordance with the manufacturer's specifications. The motor officer may, in accordance with the TPOA contract, change the motor oil and filter, air cleaner and spark plugs. They are required to repair/replace miscellaneous bulbs and fuses when necessary. A vehicle inventory list is provided to the motor officer and must be completed prior to the start of each shift unless on a specific assignment. (i.e. parade detail, etc.)

The Traffic Sergeant is responsible to ensure that assigned motorcycles are maintained in accordance with department policy and the manufacturer's specifications. The Traffic Sergeant reports to the Day Shift Watch Commander (Lieutenant).

705.6.6 EQUIPMENT

Emergency lighting equipment and radio are provided on each motorcycle and no changes are allowed unless specific authorization has been received by the Traffic Sergeant. Changes to the emergency lighting equipment will be made to improve officer safety when a better product is provided. All of the department's motorcycles are set up identical to one another so that if an officer is required to ride a different motorcycle, all the equipment operates the same and the switches are in the same location.

Issued equipment for each motorcycle:

- Flash light
- Digital Camera
- Metal clipboard and report forms
- Video system
- Tool kit (supplied by manufacturer)
- 2 sets of keys
- Laser and moving radar units when available

705.6.7 PERSONS AND/OR POSITIONS AUTHORIZED TO OPERATE THE MOTORCYCLE

Officers who have received certification but are no longer assigned a motor as part of their duties may ride a department motorcycle in an emergency.

Only personnel who have completed a department approved training course are authorized to use police bicycles. Officers assigned to bicycle patrol will receive a minimum of 32 hours of approved police bicycle training (recommended length of basic training by the International Police Mountain Bike Association).

Bicycle officers will report to the on-duty supervisor for assignments.

The operator of the bicycle will be responsible for the general maintenance of the bicycle. Minor repairs to the bicycle should be done by the operator, if possible. If this is not possible, the bicycle will be taken to a bicycle shop for professional repair.

When not in use, the patrol bicycles will be stored in a secure Police Department storage facility.

705.8 ATV UNIT

Police ATV patrol is an extension of the patrol function and as such officers will perform the duties of regularly assigned patrol officers, with the exception of prisoner transports. Officers assigned to ATV Patrol can provide mobility and accessibility not available in automobile patrol.

These vehicles have the operational parameters similar to those utilized in bicycle type patrols, however only department personnel who have completed an approved ATV operator or instructor training may operate the vehicles.

The objectives for the use and operation of the ATVs include, but are not limited to:

- Provide park patrols for crime suppression and prevention.
- Patrol other areas inaccessible to vehicles.
- Encourage closer community contact, interaction, coordination, and integration into the agency's community-oriented policing philosophy.
- Provide an alternate means of police service delivery to the community.
- Promote safe riding practices for ATV riders, and generally educate the public about ATV use.

Only officers and employees who have successfully completed the ATV safety and operation course approved by the Chief of Police may operate the department ATVs. There is no requirement for additional training on the use of this vehicle.

Special Purpose Vehicles

705.8.1 SCHEDULED ATV PATROL DEPLOYMENT

The Watch Commanders may assign a Patrol Officer (trained and certified as a ATV Patrol Officer) to ATV Patrol Duty, subject to the directions of the Patrol Division Commander and the daily manpower resources. All deployment of these vehicles shall be in pairs whenever manpower allows.

705.8.2 NON-SCHEDULED ATV PATROL DEPLOYMENT

Watch Commanders may at any time deploy ATV patrol beats in the downtown, the parks, or other areas of the City, as the need exists; call load, and available manpower permits. Watch Commanders, at their discretion, will have authority to utilize and schedule ATV patrol within the following guidelines:

On any shift, under any light conditions, during any season of the year. Generally, outside temperatures should be above 50 degrees.

The ATV patrol officer may be assigned a portion of a patrol beat, or otherwise assigned to a special detail. The officer will be responsible for handling calls for service in his/her assigned portion of a patrol beat. An exception may be made for emergency calls occurring while the officer is on an ATV. If staffing permits, ATV patrol may be specially detailed to operate in targeted crime areas; business/apartment areas; special events such as parades, carnivals, sporting events, etc.

Prior to such deployment and assignment, the Watch Commander shall examine the need for such deployment and consider whether such factors as:

- The existence of a number of separate locations, each of which could logically be patrolled on foot but would be too small to justify a foot beat.
- The need for patrol of parks, trails, or other terrain not suited for conventional patrol cars.
- Requirements for parking enforcement, control of loitering in off road locations, or fast response time.
- Available staffing.

705.8.3 ATV PATROL OPERATIONS GENERAL GUIDELINES

The ATV Patrol officer will be assigned a shift and beat as described unless otherwise given a special assignment. ATV Patrol officers are responsible to respond for all calls for service in the assigned beat. They shall carry on the ATV; a minimum of a flashlight, a citation book, report forms, an AED device and other equipment necessary to properly conduct normal duties.

The ATV is to be utilized in a manner to promote community-oriented policing. It is designed to patrol areas inaccessible by motor vehicles, such as parks and/or trails. Further, it may be used to patrol apartment complexes, business areas, and other places conducive to ATV Patrol. The Watch Commander may also utilize the ATV Patrol officer to operate in high crime areas or those locations requiring constant but mobile attention (sporting events, parades, festivals or carnivals etc.).

Tigard Police Department

Tigard PD Policy Manual

Special Purpose Vehicles

ATV Patrol Officers may be deployed on the vehicles from the Police Station to the field. While city code authorizes the use of ATV's on the roadway, this shall be kept to a minimum and ATV's shall be transported by trailer whenever practical. When operated off-road, operators must use groomed trails and bike paths whenever possible. Operators are always to be mindful of any environmental damage which may be done in the course of police operations. Any damage that occurs shall be reported to the Parks Dept. for whatever remediation is deemed necessary. If an Officer must leave an ATV unattended, he/she shall secure the ATV. Traffic stops will not typically be made using the ATV. The ATV will not be involved in pursuits of motor vehicles, and will not be used for the transportation of subjects to include arrested violators. The ATV patrol can be both an enforcement tool and an effective method of reflecting the Community Oriented Philosophy of the Department.

Only those officers assigned to ATV patrol will be authorized to use the police ATV. Officers normally will not be assigned to conduct ATV patrol during inclement weather such as freezing rain/fog, or other conditions that are not safe for the officers. If weather conditions improve, the officers may resume ATV patrol with the approval of the Watch Commander. In special operations, the ATVs may be used in inclement weather as directed by the Watch Commander based on needs of the department.

The operation of the ATV shall be in accordance with all applicable State of Oregon laws and City of Tigard ordinances.

The designated ATV unit sergeant will be responsible for the condition and maintenance of the ATV units.

705.8.4 ATV PATROL UNIFORM POLICY

Officers performing ATV patrol duties in any capacity shall wear the designated ATV uniform and will always wear the department issued ATV helmet and eye protection at all times when actively engaged in ATV patrol. If the ATV officers are on the roadway directing traffic or performing other related duties, issued safety vests are to be worn.

705.8.5 REPORTING REQUIREMENTS

Every malfunction or mechanical failure must immediately be reported to the on-duty supervisor. If the malfunction or failure affects the vehicle's ability to perform at any level, it must be taken out of service for repair. The on-duty supervisor shall make notification to the ATV sergeant and the vehicle shall be prominently marked that it may not be used until repaired.

At the end of each shift, every operator shall complete a data sheet that will include the scope of the assignment, the area and times of patrol, and all relevant police contact information including any police action taken while utilizing these vehicles. These data sheets will be turned into the ATV sergeant who will maintain them in a file and prepare a monthly summary report, through channels, to the operations commander.

Vehicle Use

706.1 PURPOSE AND SCOPE

The department utilizes City owned motor vehicles in a variety of applications by multiple personnel. In order to maintain a system of accountability and ensure City owned vehicles are used appropriately, regulations relating to the use of City owned vehicles have been established. The term "City owned" as used in this section also refers to any vehicle leased or rented by the City.

706.2 USE OF VEHICLES

706.2.2 UNSCHEDULED USE OF VEHICLES

Personnel utilizing a vehicle for any purpose other than scheduled field duties shall first notify the Watch Commander of the reasons for use and a notation will be made on the shift roster indicating the operator's name and vehicle number. 706.2.3 UNMARKED VEHICLES

Unmarked units shall not be used without first obtaining approval from the respective unit supervisor.

706.2.4 SUPPORT SERVICES DIVISION VEHICLES

Support Services Division vehicle use is restricted to Detective personnel Monday through Friday from 7:00 AM to 5:00 PM unless approved by a detective supervisor. Support Services Division personnel shall record vehicle usage via the "Sign-out Log" maintained in the Support Services Division. After hour use of Support Services Division vehicles by personnel not assigned to the that division shall be recorded with the Patrol Lieutenant on the Shift Roster.

Tigard Police Department

Tigard PD Policy Manual

Vehicle Use

706.2.5 AUTHORIZED PASSENGERS

Personnel operating City owned vehicles shall not permit persons other than City employees, persons required to be conveyed in the performance of duty, or as otherwise authorized to ride as a passenger in their vehicle.

706.3 ASSIGNED VEHICLE AGREEMENT

City owned vehicles assigned to personnel for their use within their job assignment may be used to transport the employee to and from their residence for work-related purposes. The employee shall sign an agreement setting the standard for how the vehicle shall be used and where it shall be parked when the employee is not on duty.

The agreement states that the vehicle shall only be used for work-related purposes and shall not be used for personal errands, or transports, unless special circumstances exist and the shift sergeant gives authorization. The agreement also requires the employee to be responsible for the vehicle's care and maintenance (The department will provide necessary care/maintenance supplies).

The assignment of vehicles is at the discretion of the Chief of Police. Assigned vehicles may be changed at any time and/or permission to take home a vehicle may be withdrawn at any time.

706.3.1 VEHICLES SUBJECT TO INSPECTION

All City owned vehicles are subject to inspection and or search at any time by a supervisor and no employee assigned to or operating such vehicles shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

706.4 SECURITY

Employees may take home City owned vehicles only with prior approval from their Division Commander and shall meet the following criteria:

- (a) Off-street parking shall be available at the employee's residence.
- (b) Vehicles shall be locked when not attended.
- (c) All firearms and kinetic impact weapons shall be removed from the interior of the vehicle and placed in a department approved mount or properly secured in the

Tigard Police Department

Personnel assigned a vehicle shall be issued keys for their respective vehicle. The loss of any assigned key shall be promptly reported in writing to the Fleet Manager through the employee's chain of command.

706.5 ENFORCEMENT ACTIONS

Officers should not become involved in enforcement actions when driving an assigned vehicle to and from work outside of this jurisdiction except in circumstances where a potential threat to life or serious property damage exists. If an enforcement action is taken, the officer shall contact the relevant dispatch center and inform them of the stop, and when the officer is clear.

Officers driving marked vehicles shall be armed at all times, and should consider being in a uniform as well (e.g. duty coat on, or training uniform).

Officers may render public assistance, (e.g. to a stranded motorist) when deemed prudent.

706.6 MAINTENANCE

- (a) Each employee is responsible for the cleanliness (exterior and interior) and overall maintenance of their assigned vehicle.
 - 1. Employees may use the wash racks at the Police/Fire Facility or the City contracted car wash.
 - 2. Cleaning/maintenance supplies will be provided by the Department.

706.6.1 ACCESSORIES AND/OR MODIFICATIONS

No modifications, additions or deletions of any equipment or accessories shall be made to a City vehicle without permission from the Division Commander.

Tigard Police Department

Tigard PD Policy Manual

Vehicle Use

706.7 ACCIDENT DAMAGE, ABUSE, AND MISUSE

When a City-owned or leased vehicle is involved in a traffic collision, the involved employee shall immediately make contact with a supervisor. A traffic collision report shall be filed with the agency having jurisdiction.

When a collision involves a department vehicle or when a member of this department is an involved driver in a collision that occurs in this jurisdiction, and the collision results in serious injury or death, the Chief of Police or his/her designee shall make a determination on who will handle the investigation (e.g. OSP, WCSO etc.).

The employee involved in the collision shall complete the City's vehicle accident form. If the employee is incapable, the supervisor shall complete the form.

Any damage to a vehicle that was not caused by a traffic collision shall be immediately reported during the shift in which the damage was discovered, and documented in memorandum format and forwarded to the Watch Commander.

An administrative investigation will be conducted to determine indications of vehicle abuse and misuse. If it is determined that misuse or abuse was a result of negligent conduct or operation, appropriate disciplinary action may result.

Bait Car Policy

707.1 PURPOSE AND SCOPE

The purpose is to establish guidelines for the proper setup, deployment and maintenance of the department's bait car program and any criminal investigation that may result from a bait car activation.

The Tigard Police bait car program is designed to provide a method for the successful apprehension of suspects relating to theft from vehicles. A special vehicle, specifically equipped to detect entry, will be placed in designated areas experiencing high levels of these crimes. A silent alarm is broadcast on police communications channels to provide a rapid response. A specific item will be placed in the vehicle to provide the bait for the theft. This item will be equipped with a special electronic tracking device that can be followed by responding patrol units, possibly leading to the suspect and increasing the chances of a successful arrest.

All requests for deployment and all actual deployments of this vehicle will be recorded in a database or related information to include but not limited to:

- Location
- Time period deployed
- Bait item used
- Time of activation
- If activation was valid
- Arrival time of first unit
- Suspect information

707.2 DEFINITIONS

Supervisor - The Commercial Crimes Unit Sergeant is assigned to supervise the electronic surveillance equipment. Together with CCU team members, they will manage all aspects of the electronic surveillance technology including the bait car program.

Bait Car - A vehicle designated by department to be placed in high vehicle property crime area for the purpose of apprehending criminals responsible for theft from vehicles. Vehicle will be equipped with special electronic theft detection systems.

Radio Alarm - An alarm system that detects the doors or trunk opening and plays a prerecorded message indicating activation on the primary dispatch channel. Commonly referred to as a Sentinel, Varda or PAT alarm.

TAG/ETS - Electronic Tracking System or "ProNet." Refers to the electronic tag placed in a bait item and the vehicle and hand held systems used to track the tag. Primarily used in a bank robbery, however it is movable and can be deployed in almost any piece of equipment or vehicle.

Tigard Police Department

Tigard PD Policy Manual

Bait Car Policy

Yankee Unit - Radio term to describe a patrol vehicle equipped with an ETS tracking system.

35B "Baker" - WCCCA radio code used to describe or refer to a "Bait Car" or bait car activation.

Digital Video Recorder (DVR) - An electronic device that records video onto a hard drive or media card. This video is then transferred via a network cable connected to another computer equipped with a CD or DVD burner. Related video files can then be burned to this media as evidence.

Supervisor Packet - When the bait car is deployed a packet will be prepared for each shift to be carried by the on-duty supervisor. This packet will contain the operational guide, alarm deactivation and reset instructions, and a list of all bait items with photographs.

707.3 DEPLOYMENT

A target location will be determined by one of several ways. A patrol officer may request bait car deployment in writing to their supervisor, who will forward the request to the CCU Sergeant; any member of the Department recognizes a need for placement in a target area; Command staff requests deployment in target area; or an area is identified via crime mapping. Final determination will be made by the CCU Sergeant.

Any requests for deployment will be reviewed and logged by the CCU Sergeant. The CCU Sergeant will make a recommendation to deploy or not deploy the bait car. The original requester will be notified of the result.

Once a target location is determined, the vehicle will be prepared for deployment by the CCU team members. The CCU Sergeant will prepare required notifications and distribute them to area agencies and dispatch and within the Department as required. Three supervisor packets will be prepared and marked for each shift. The vehicle will be covertly deployed and left unlocked with bait items set and in view. The radio alarm will be activated and all team members will leave the area. The vehicle will remain deployed until a successful activation or the end of the preset deployment period, not to exceed seven days in one location due to battery limitations.

Each shift supervisor will ensure that the maximum number of cars with tracking systems are in service for the duration of the deployment.

If there is a successful activation, the on-duty supervisor will notify the CCU Sergeant or designated team member so the vehicle can be transported back to the Police Department or City shops where it will be secured. Depending on the urgency of the activation the CCU Sergeant or designated team member will process for any evidence removal (i.e. video files from DVR). The vehicle will be prepared for the next deployment as designated by the CCU Sergeant.

At the end of the preset deployment period with no successful activations, the CCU Sergeant or designated team member will arrange to deactivate the radio alarm and move the bait car back to the Tigard Police Department for preparation for redeployment.

Tigard Police Department

Tigard PD Policy Manual

Bait Car Policy

707.4 ACTIVATION

In the event of a radio alarm activation, patrol officers and dispatch will hear a prerecorded message indicating if the activation is vehicle doors or trunk. The message will be played twice and then the system will reset/realarm itself.

If the activation is a door, officers should respond as if the call was an alarm on a theft in progress, responding officers should be prepared for an ETS tag activation. Any available patrol cars equipped with ETS tracking equipment should respond to the area and prepare to track any signals that are available.

If the alarm indicates trunk activation, then the vehicle trunk has been opened and the electronic systems are vulnerable to theft. To minimize theft of departmental equipment, responding officers should respond to the scene quickly and safely as possible. The VARDA alarm is stored in the trunk under the spare tire cover and not secure once the trunk has been opened. The remainder of the call should be handled as a normal bait car activation.

If there is no broken glass, the primary officer shall notify the CCU Sergeant in writing of the failed door alarm with a copy to that officer's supervisor. If there is glass broken, the on-duty shift supervisor shall notify the CCU Sergeant or designated team member who will then make arrangements for the vehicle to be returned to the station or shops. An attempt to provide weather protection should be made.

The radio alarm may broadcast a low battery message when the system's internal battery is almost depleted. The on-duty shift supervisor shall contact the CCU Sergeant or designated team member so the vehicle can be removed from the area.

707.5 RESPONSIBILITIES

Patrol Officer

The primary dispatched officer is responsible for the call and the resulting investigations. It is the responsibility of the primary officer to respond directly to the bait car and provide crime scene security. The primary officer shall immediately determine what if any crime has been committed (UEMV, criminal mischief or theft) and notify other units. The primary officer shall immediately determine if the bait items have been taken and will notify other responding officers.

During City Net hours, patrol officers are encouraged to "scan" the South City 1 for any radio alarms.

In the event of an ETS signal or "hot tower" but no radio alarm, officers shall track the signal as outlined in the ETS policy. An officer not equipped with ETS tracking equipment should respond to the bait car location to verify if there has been a malfunction with the radio alarm. If this is the case, the CCU Sergeant or designated team member shall be notified so the vehicle can be removed from the area.

Cover officers will respond to the area and assist with containment. A cover officer may handle containment deployment. Any ETS equipped vehicles will prepare for and handle all ETS tracks

Tigard Police Department

Tigard PD Policy Manual

Bait Car Policy

per ETS policies. Once the bait item is recovered, the tag shall be disabled according to provided instructions. Cover officers will assist in the investigation as required.

If the ETS track leads to the bait car and the bait items are still in the car, the officer should consider that they may have been moved within the car by the suspect and that this a valid activation. Refer to the operation guide for photos of the exact deployed locations. The tagged item or items need to be disabled or reset per the operation instructions.

Shift Supervisor

The VARDA alarm is designated to reset itself after a short period of time once it's been activated. The vehicle needs to be checked for glass breakage and to determine if the tagged items have been removed. The on-duty shift supervisor is responsible for coordinating securing the resetting the vehicle if a false alarm occurs. The shift supervisor is responsible for coordinating the removal of the vehicle from the scene and securing it at the station or shops in the event of an activation or damage. The shift supervisor should consider using covert options while moving the vehicle to avoid revealing the identity of the bait car.

The on-duty shift supervisor shall ensure that at least two ETS equipped vehicles are in service at all times when the bait car is deployed. This may require officers using vehicles other than the one specifically assigned. This may also require transferring to another vehicle at the end of the day shift or swing shift. In the event that there are no ETS equipped vehicles available for in field use, the shift supervisor shall immediately notify the CCU Sergeant or team member designated and make arrangements to remove the bait car from service.

The on-duty shift supervisor shall request that dispatch monitor South City 1 for the radio alarm during hours of City net use. The shift supervisor may also consider carrying a second radio set to South City 1 to ensure monitoring during the hours City Net is in use.

The shift supervisor shall notify the CCU Sergeant or designated team member when there are any activations or malfunctions with the bait car.

Equipment, planning and vehicle preparations:

The CCU Sergeant is responsible for all pre-deployment planning and vehicle preparation; maintenance of equipment; all notifications; logging of requests, deployment, activations and arrests; training to officers and supervisors; and to provide expert testimony relating to the any alarm and tracking systems installed in the vehicle or bait items.

707.6 CONFIDENTIALITY

The bait car program is considered an undercover operation. Accordingly, all personnel shall exercise caution in order to protect its confidentiality.

Employees shall not reveal the vehicle's description, number of vehicles, deployment locations, and/or other information that may compromise the vehicle's undercover status or enable a suspect to neutralize its alarm and disablement features.

Tigard Police Department

Tigard PD Policy Manual

Bait Car Policy

Particular care should be exercised when discussing the vehicle's capabilities with suspects who have been arrested during an activation. Except where necessary to process an arrest and initiate prosecution, disclosure of operational information to defendants and/or defense attorneys shall occur only through the formal discovery process administered by the District Attorney's Office.

Use of the term "bait car" on the police radio or in any conversation that may be overheard by the public is prohibited. The radio code 35B (35 Baker) shall be used in its place per current WCCCA policy.

707.7 TRAINING

Because the bait vehicle is a standard automobile with no unique driving features, special training is not required to transport the vehicle from one location to another. Any employee with a valid driver's license and authority to operate a police vehicle may drive the bait vehicle with prior approval from any supervisor with notification made to the CCU Sergeant as applicable.

No employee may set or adjust the vehicle's sensors, cameras, alarm systems or bait items unless specifically trained to and directed to do so by the CCU Sergeant.

General training on how to reset the alarm and tags and how to disable the alarm and tag after a valid activation will be provided by the CCU Sergeant or designated team members to all supervisors and any others that may be involved in an activation.

Chapter 8 - Support Services

Crime Analysis

800.1 PURPOSE AND SCOPE

Crime analysis should provide currently useful information to aid operational personnel in meeting their tactical crime control and prevention objectives by identifying and analyzing methods of operation of individual criminals, providing crime pattern recognition, and providing analysis of data from field interrogations and arrests. Crime analysis can be useful to the department's long range planning efforts by providing estimates of future crime trends and assisting in the identification of enforcement priorities.

800.1.1 CRIME ANALYSIS UNIT

The Crime Analysis Unit (CAU) will be the central unit for information exchange. Criminal information and intelligence reports can be submitted to the Records Section for distribution to all divisions within the department through daily and special bulletins.

800.2 DATA SOURCES

Crime analysis data is extracted from many sources including, but not limited to:

- Crime reports
- Field Interview cards
- Parole and Probation records
- Computer Aided Dispatch data
- Records Management System (RMS)
- Uniform Crime Reporting (UCR) data
- Oregon Department of Transportation
- Oregon Traffic Safety Commission
- LINX

800.3 CRIME ANALYSIS FACTORS

The following minimum criteria should be used in collecting data for Crime Analysis:

- Frequency by type of crime
- Geographic factors
- Temporal factors
- Victim and target descriptors
- Suspect descriptors
- Suspect vehicle descriptors

Tigard Police Department

Tigard PD Policy Manual

Crime Analysis

- Modus operandi factors
- Physical evidence information

800.4 CRIME ANALYSIS DISSEMINATION

For a crime analysis system to function effectively, information should be disseminated to the appropriate units or persons on a timely basis. Information that is relevant to the operational and tactical plans of specific line units should be sent directly to them. Information relevant to the development of the department's strategic plans should be provided to the appropriate staff units. When information pertains to tactical and strategic plans, it should be provided to all affected units.

Youth Courts

801.1 PURPOSE AND SCOPE

The purpose of this policy is to establish the procedures that will be utilized in the handling and processing of juvenile custody reports and referrals. Additionally, it outlines the specific responsibilities of Police Officers, the Youth Services Programs Specialist (YSPS), and the Records Section when dealing with all juvenile cases.

801.2 POLICY OF DEPARTMENTS

There are two entities that delegate juvenile cases to the Tigard Peer Court. Those entities are the Washington County Juvenile Department and the Tigard Municipal Court. The Washington County Juvenile Department has ultimate authority over what venue may hear a juvenile case and what type of cases may be deferred or allowed to proceed in a diversion program.

801.2.1 WASHINGTON COUNTY JUVENILE DEPARTMENT

The Juvenile Department maintains overall responsibility for all juvenile cases and will specifically authorize what cases may be heard by the Tigard Municipal Court and by the Tigard Peer Court. Copies of all juvenile related cases are sent to the Washington County Juvenile Department. Coordinators for the Tigard Municipal Court and the Tigard Peer Court must contact the Washington County Juvenile Department and seek permission to hear cases in their venue. Although there is an established list of crimes and status offenses that are typically deferred, permission must be obtained for each individual case.

All juvenile cases involving lodged custodies, or when directed by the juvenile authority, will be directly referred to the Washington County Juvenile Department.

801.2.2 TIGARD MUNICIPAL COURT

The Washington County Juvenile Department has authorized the Tigard Municipal Court to hear approved juvenile cases. This allows the local community the opportunity to work with its juvenile offenders. Tigard Municipal Court is authorized to handle all juvenile misdemeanor crimes; except for reckless burning, and drug and alcohol cases. Tigard Municipal Court may also handle traffic and non-traffic infractions, as well as status offences. To be referred to the Tigard Municipal Court the offender must be 14 to 17 years of age, a first time offender, and reside within Washington County. In most cases, the Tigard Municipal Court will receive referrals from the Youth Services Program Specialist (YSPS). These referrals will typically be overflow cases from the Tigard Peer Court or cases that do not qualify for the Tigard Peer Court diversion program.

801.2.3 TIGARD PEER COURT

The Tigard Peer Court is a diversion program whereby youth that have committed first time misdemeanors, violations, status offences, and some traffic infractions are judged through a court system of their peers. Peer Court is not a court where youth offenders are found innocent or guilty. Instead, Peer Court is a diversion program for youth offenders to receive sanctions from their peers after admitting culpable responsibility for their offenses. Juveniles that wish to challenge

Tigard Police Department

Tigard PD Policy Manual

Youth Courts

their involvement are not eligible for Tigard Peer Court. Those contested cases will be referred to the Tigard Municipal Court or to the Washington County Juvenile Department where they have that option.

The advantage of going to Tigard Peer Court is that a juvenile's criminal record (for that particular offence) will be expunged upon successful completion of the Tigard Peer Court program. Juveniles that fail to comply with the Peer Court program, or fail to complete all aspects of their sentence, will be referred to the Washington County Juvenile Department or to the Tigard Municipal Court for prosecution.

The ultimate goal of the Tigard Peer Court is to deter youth from committing additional offenses through education and accepting responsibility for their actions. The criteria for a juvenile to be referred to Peer Court are as follows:

- (a) Offender is 12 to 17 years of age
- (b) First time offender
- (c) Has committed a misdemeanor, violation, status offense or minor traffic infraction
- (d) Admission of guilt
- (e) Positive attitude
- (f) Voluntary agreement to take part in the Peer Court process

Offenses heard in Peer Court are:

- (a) Minor traffic infractions
- (b) Theft II, Theft III
- (c) MIP Alcohol, Marijuana, Tobacco
- (d) Possession of Marijuana within 1000' of a school
- (e) Criminal Mischief II / III
- (f) Curfew
- (g) Criminal Trespass II
- (h) Harassment / Telephonic Harassment
- (i) Initiating a False Report
- (j) Unlawful Entry into a Motor Vehicle
- (k) False Information to a Police Officer
- (l) Disorderly Conduct
- (m) Misconduct with Emergency Phones
- (n) Reckless Endangering

- (o) Reckless Burning (requires referral and evaluation by local Fire Department)
- (p) Criminal Possession of rental / leased property
- (q) Misrepresentation of Age by Minor
- (r) Offensive Littering
- (s) Assault IV

801.3 PROCEDURE

Officers Juvenile incidents resulting in an arrest will be handled in accordance with Tigard Police Policies: 321.6.4 (Juvenile Offenders) and 324 (Temporary Custody of Juveniles). In cases where the juvenile offender is not lodged (by direction of the Washington County Juvenile Department), and the offense is not traffic related, Officers will complete a Tigard Police Custody report and provide the juvenile offender with a completed Tigard Youth Referral Information form. The juvenile offender will be released to a responsible adult unless otherwise directed by the Washington County Juvenile Department. The custody report will serve as an official referral from the Tigard Police Department and the appropriated venue will be determined by the Tigard Police Youth Services Program Specialist (YSPS). The juvenile offender (and responsible adult) will be contacted at a later date with instructions/requirements on how to proceed with their case.

All traffic related offenses require a written citation as the charging instrument. No custody report is needed unless the traffic offense rises to the level of a crime. See Tigard Police Policy 420.5 (Juvenile Citations).

Youth Services Program Specialist (YSPS) The YSPS acts as the youth court coordinator for the Tigard Police Department and is responsible for the screening and venue recommendation for cases involving juvenile arrests. The YSPS (or designee) may conduct an initial records check to determine if a juvenile offender is eligible for diversion. The next step in the diversion process is to contact the Washington County Juvenile Department and determine which of the three mentioned juvenile courts will handle the case in question. If Tigard Youth Courts are granted permission to proceed with the case, the YSPS will coordinate the referral and the Washington County Juvenile Department will receive a copy.

Records Once a case involving the arrest of a juvenile is received by the Records Unit, the case will be handled in accordance with Tigard Police Policies: 806 (Records Section Procedures), and 810 (Records Release and Security). The YSPS will be given a copy of all cases involving the arrest of a juvenile. The YSPS will then make a determination (in conjunction with permission from the Washington County Juvenile Department) as to where the case will be heard. The YSPS will then attach a venue decision and forward the case back to the Records Unit where all necessary data entry and dissemination will occur. Once the venue decision is made, the Washington County Juvenile Department will receive a copy of each juvenile arrest case €" regardless of which court will be hearing the case.

All cases involving juveniles that are lodged, or as directed by juvenile authority, (indicated in the custody report) will be forwarded directly to the Washington County Juvenile Department. These

Tigard Police Department

Tigard PD Policy Manual

Youth Courts

cases may not be considered for diversion and the Washington County Juvenile Department requires a copy of all reports within 24 hours of the juvenile's incarceration.

Peer Court Process If a case meets the criteria to be heard in Peer Court, the YSPS will be responsible for contacting the defendant's parents (or responsible adult) to explain the Peer Court process. It is the discretion of the YSPS to determine if the case will be heard in Peer Court. For those going on to Peer Court, a date will be set for the hearing and an information packet will be provided. The YSPS will schedule all Peer Court cases and ensure the participation of all volunteer youth (Peer Court Body) and volunteer adults (Judges and Supporting Staff). When possible, a uniformed police officer (typically a School Resource Officer) will be present to provide court security and to assist as needed.

For all Tigard Peer Court cases the YSPS will keep records of each individual Peer Court case and report each outcome to the Washington County Juvenile Department. If the offending youth successfully completes all aspects of the Peer Court program, the YSPS will notify the Washington County Juvenile Department, along with the Tigard Police Records Unit, and request expungement of the criminal record. If the offending youth does not complete the Peer Court process, the YSPS will forward the case to the Washington County Juvenile Department or to the Tigard Municipal Court for prosecution.

The following Tigard Peer Court sanctions are possible:

- Community service up to 40 hours
- Write essays concerning the offense up to 1000 words
- Write apology letters up to 400 words each
- Restitution up to \$50.00
- Sit as a jury member in future cases; 1 appearance is mandatory
- Attend Traffic School
- Attend diversion classes such as anger management, theft talk, etc.
- Reckless Burning cases require diversion to a local fire department for evaluation and education
- Alternate sanctions may be possible, as approved by the Peer Court Judge and the Washington County Juvenile Department.

801.4 MEMORANDUM OF UNDERSTANDING

The memorandum of understanding (MOU) between the Washington County Juvenile Department and the Tigard Peer Court will be reviewed annually to ensure compliance and to make any required changes. The YSPS will prepare an annual memorandum (to be submitted with the MOU) to the Services Division Commander that includes the following:

- The number of Tigard Peer Court cases heard

Tigard Police Department

Tigard PD Policy Manual

Youth Courts

- A tally of the specific offenses
- Number of successful completions
- Number of cases (unsuccessful) sent back to the Washington County Juvenile Department for prosecution
- a tally of the sentences that were imposed.

Property and Evidence

804.1 PURPOSE AND SCOPE

This policy provides for the proper collection, storage, and security of evidence and other property. Additionally, this policy provides for the protection of the chain of evidence and those persons authorized to remove and/or destroy property.

804.2 DEFINITIONS

Evidence - Includes items taken or recovered in the course of an investigation that may be used in the prosecution of a case. This includes photographs and latent fingerprints.

Found Property - Includes property found by an employee or citizen that has no apparent evidentiary value and where the owner cannot be readily identified or contacted.

Property - Includes all items of evidence, items taken for safekeeping, and found property.

Safekeeping - Includes the following types of property:

- Property obtained by the Department for safekeeping, such as a firearm
- Personal property of an arrestee not taken as evidence
- Property taken for safekeeping under authority of a law

804.3 PROPERTY HANDLING

Any employee who first comes into possession of any property, shall retain such property in his/her possession until it is properly tagged and placed in the designated property locker or storage room along with the property form. Care shall be taken to maintain the chain of custody for all evidence. When not specifically addressed by this manual, collection and handling of all evidence and property should follow the guidelines established by the State of Oregon Physical Evidence Manual.

Employees will provide a receipt for all items of property or evidence that are received or taken from any person. If no person is present, and the property or evidence is removed from private property or a vehicle, the employee will leave a receipt prominently placed on the private property or the vehicle.

Where ownership can be established as to found property with no apparent evidentiary value, such property may be released to the owner without the need for booking. The property form must be completed to document the release of property not booked and the owner shall sign the form acknowledging receipt of the item(s).

804.3.1 PROPERTY BOOKING PROCEDURE

All property must be booked prior to the employee going off-duty unless otherwise approved by a supervisor. Employees booking property shall observe the following guidelines:

Tigard Police Department

Tigard PD Policy Manual

Property and Evidence

- (a) Complete the property entry in the RMS describing each item of property separately, listing all serial numbers, owner's name, finder's name, and other identifying information or markings. Identify the storage location where the property will be turned in.
- (b) The custodial property summary (CPS) shall be submitted with the incident/crime/supplemental report. After submitted, open the CPS and print labels to be attached to each package.
- (c) Properly package or tag the property as indicated in this policy below.
- (d) Mark each item of evidence with the booking employee's initials and the date booked using the appropriate method so as not to deface or damage the value of the property.
- (e) Complete an evidence/property tag and attach it to each package or envelope in which the property is stored.
- (f) Initial and date the seals for each item of evidence as needed with a permanent marker.
- (g) Once items are booked on a CPS and properly packaged, place all packages in the evidence lockers found in the evidence processing room and secure. For smaller packages, place in the evidence door locker "D". The evidence processing room and the temporary storage lockers are available 24 hours a day, 7 days a week.
- (h) When the property is too large to be placed in a safe locker, the item may be taken to the off-site evidence storage (Burnham Storage Units F28 or F29). The offsite storage location is available 24 hours a day, 7 days a week.

804.3.2 NARCOTICS AND DANGEROUS DRUGS

All narcotics and dangerous drugs (including paraphernalia as defined by ORS 475.525(2)) shall be booked separately using a separate entry on a Custodial Property Summary (CPS) in Mark 43.

The officer seizing the narcotics and dangerous drugs shall place them in the designated locker.

804.3.3 EXPLOSIVES/HAZARDOUS SUBSTANCES

Officers who encounter a suspected explosive device shall promptly notify their immediate supervisor or the Watch Commander. The bomb squad will be called to handle explosive-related incidents and will be responsible for the handling, storage, sampling and disposal of all suspected explosives. In the event of military ordnance, the closest military unit shall be notified and will be responsible for removal of the device.

Explosives will not be retained in the police facility. Only fireworks that are considered stable and safe and road flares or similar signaling devices may be booked into property. All such items shall be stored in proper containers and in an area designated for the storage of flammable materials. The Property and Evidence Specialist is responsible for transporting to the Fire Department, on a regular basis, any fireworks or signaling devices that are not retained as evidence.

Tigard Police Department

Tigard PD Policy Manual

Property and Evidence

804.3.4 EXCEPTIONAL HANDLING

Certain property items require a separate process. The following items shall be processed in the described manner:

- (a) Bodily fluids such as blood or semen stains shall be air dried prior to booking and packages should be labeled with a biohazard sticker
- (b) License plates found not to be stolen or connected with a known crime, require a property evidence receipt. Once submitted, the Property/Evidence Specialist will make arrangements to return the plates to the Department of Motor Vehicles.
- (c) All bicycles and bicycle frames require a property evidence receipt. Completed property tags will be securely attached to each bicycle or bicycle frame. The property will be placed in the off-site evidence storage unit F29.
- (d) All cash shall be counted in the presence of a supervisor and the currency pouch initialed by the booking officer and the supervisor. The Patrol Lieutenant shall be contacted for cash in excess of \$1,000.
- (e) Officers shall use the bill counter located in the evidence processing room to accurately count all bills and to detect any counterfeit bills. If counterfeit bills are found, these shall be packaged and listed separately on the property and evidence report with the indication that they were detected as being counterfeit. The property and evidence report with the counterfeit bills should state in the narrative if the bills can be immediately released to the U.S. Secret Service or clarify the need to retain for other follow-up.

City property, unless connected to a known criminal case, should be released directly to the appropriate City department. No formal booking is required. In cases where no responsible person can be located, the property should be booked for safekeeping in the normal manner.

804.3.5 COLLECTION AND PRESERVATION OF DNA EVIDENCE

Because DNA evidence can play a key role in establishing guilt or innocence, it is important that such evidence be collected, handled, and preserved in a manner that will maintain its integrity for future testing. Unless impracticable to do so, officers should collect samples of all biological evidence that may reasonably be used to incriminate or exculpate any person as part of any criminal death investigation or a sex crime listed in ORS 163A.005. The Property and Evidence Specialist will be responsible to ensure that biological evidence is preserved in an amount and manner that is sufficient to develop a DNA profile.

Collection and preservation should follow established protocols as outlined in the Oregon Physical Evidence Manual.

804.3.6 COLLECTION AND PRESERVATION OF SAFE KITS

Under current law, victims of sexual assault may seek medical assessment and choose not to make a report to law enforcement, yet still have evidence collected and preserved. The Tigard Police Department will collect and maintain the chain of evidence for all Oregon State Police Sexual Assault Forensic Evidence Kits (SAFE Kits) and any associated evidence collected by medical facilities in this jurisdiction for victims of sexual assault, regardless of where the assault

Tigard Police Department

Tigard PD Policy Manual

Property and Evidence

may have occurred. Victims who choose to remain anonymous and not make a report shall not be required to do so (ORS 147.397).

The collection and preservation of SAFE Kits from anonymous victims shall be handled by the Services Division, which shall assign a detective to ensure their proper collection and preservation. When a medical facility notifies this department that evidence of a sexual assault has been collected and a SAFE Kit is available, the assigned detective shall be responsible for the following:

- (a) Respond promptly to the medical facility to retrieve the evidence.
- (b) Provide a unique case number to a responsible representative of the medical facility, which will be provided to the victim. The case number will be used to identify all associated evidence so that a chain of evidence can be maintained in the event the victim later decides to report the assault.
- (c) Ensure that no identifying information regarding the victim, other than the case number, is visible on the evidence packaging.
- (d) Prepare and submit an evidence report and book the evidence in accordance with current evidence procedures.

A SAFE Kit collected for a victim whose identity is not disclosed should be maintained in the same manner as other SAFE Kits, but should not be opened until or unless the victim reports the assault. Opening SAFE Kits may compromise the admissibility of evidence in the event of a prosecution.

804.3.7 STORAGE OF SURRENDERED WEAPONS

Officers shall accept and store any weapons and ammunition from an individual who has been ordered by a court pursuant to an extreme risk protection order (ORS 166.527) or a protection order or judgment of conviction subject to the provisions of ORS 166.255 to surrender weapons and ammunition. The officer receiving the surrendered items shall prepare a property receipt and provide the individual with a copy. The officer should promptly forward the original receipt to the Records Supervisor for timely filing with the court (ORS 166.537).

804.4 PACKAGING OF PROPERTY

Certain items require special consideration and shall be booked separately as follows:

- (a) Narcotics and dangerous drugs
- (b) Firearms (ensure they are unloaded and booked separately from ammunition). A flex cuff or similar device should be inserted through the chamber, barrel, or cylinder whenever possible.
- (c) Property with more than one known owner
- (d) Paraphernalia as described in ORS 475.525(2)
- (e) Fireworks and other hazardous materials
- (f) Contraband
- (g) Currency

Tigard Police Department

Property and Evidence

804.4.1 PACKAGING CONTAINER

Employees shall package all property in a suitable container available for its size. Knife boxes should be used to package knives. All packages containing evidence must be sealed with evidence tape, initialed, and dated across the seal.

Needles or syringes will normally be disposed of in a sharps container and will not be submitted to the Property Room; however, when required for evidence in a serious crime or in a major investigation, a syringe tube should be used for packaging.

A property tag shall be securely attached to the outside of all items or group of items packaged together.

804.4.2 PACKAGING NARCOTICS

The officer seizing narcotics and dangerous drugs shall retain such property in their possession until it is properly weighed, packaged, tagged, and placed in the designated narcotics locker. Prior to packaging, and if the quantity allows, a presumptive test should be made on all suspected narcotics. If conducted, the results of this test shall be included in the officer's report.

Narcotics and dangerous drugs shall be packaged for submittal in an envelope or package of appropriate size available in the evidence processing room and sealed with evidence tape. The booking officer shall initial and date across the seal. Narcotics and dangerous drugs shall not be packaged with other property or associated paraphernalia, these items must be packaged and labeled separately for processing.

Prior to packaging for submittal, all narcotics and dangerous drugs shall be weighed using the scale located in the evidence processing room. Weights may be measured in grams or ounces depending on the substance being weighed. Indication of the weight shall be clearly made on packaging for submittal and noted correspondingly on the property and evidence report. This indication shall include:

- (a) Whether the weight includes the packaging or not (gross or net weight).
- (b) A description of the packaging if it is included in the indicated gross weight (for example. "3.2 grams of green leafy vegetable matter, suspected marijuana w/Altoids box")

804.4.3 TESTING, WEIGHING AND PACKAGING OF METHAMPHETAMINE CONCEALED IN LIQUID

Special attention shall be given to the testing, weighing and packaging of methamphetamine concealed in liquid. Gloves shall be used at all times when handling this substance.

To test suspected methamphetamine concealed in liquid, the following steps must be followed:

- (a) Put on a set of new gloves
- (b) Mix liquid if possible
- (c) Using a long sterile cotton swab, dip tip 1/4" into the liquid and remove
- (d) Let the swab used air dry for at least 30 seconds

Tigard Police Department

Tigard PD Policy Manual

Property and Evidence

- (e) Using a set of scissors, clip the dried tip off the swab into a field test kit marked "15 *Methamphetamine/MDMA Reagent*"
- (f) Follow instructions on the field test kit to determine presumptive results
- (g) Once the test results have been determined, the field test kit will be discarded
- (h) Note the results and mention the method in your report

The liquid remaining shall then be weighed in its original container using the scale located in the evidence processing room (making an indication of the gross weight and the container weighed on the property and evidence report).

Using appropriately sized green lidded glass containers located in the property and evidence room, weigh the container and the lid while they are empty and record the weight. After transferring the liquid from the original container into the glass container and sealing with the green lid, then re-weigh and process this item indicating the final weight on the packaging and the property and evidence report. Keep the original container the liquid was seized in and package it separately from the glass containing the liquid.

804.4.4 RIGHT OF REFUSAL

Any item submitted to the Property and Evidence Unit that is not properly packaged and/or documented as specified in this policy shall be returned to the submitting employee's direct supervisor or lieutenant for correction. If an item is refused, the Property and Evidence Specialist shall place the item into the smallest safe locker available and attempt to notify the supervisor immediately if possible. If the supervisor is not on duty or otherwise determined to be unavailable, the Property and Evidence Specialist will put the key to that locker in the supervisor's mailbox with the "*Right of Refusal*" form indicating what corrective action is necessary before the evidence will be accepted.

804.5 RECORDING OF PROPERTY

The Property and Evidence Specialist receiving custody of evidence or property shall record his/her signature, the date and time the property was received and where the property will be stored, in the property and evidence database.

Any changes in the location of property held by the Tigard Police Department shall be noted in the property and evidence database.

804.5.1 RIGHTS AND DUTIES OF FINDERS AND OWNERS OF FOUND PROPERTY

The department shall maintain custody of the property while the claimant completes the following procedures and conditions per ORS 98.005(1):

- (a) Money or goods must be of monetary value
- (b) Owner must be unknown
- (c) Finder must give written notice to this department within ten (10) days of the finding that the finder claims the property if an owner is not located

Tigard Police Department

Tigard PD Policy Manual

Property and Evidence

- (d) If property is valued \$100 or more, finder must notify the County Clerk of the county in which the money or goods was found within ten (10) days after finding
- (e) Finder must cause to be published in a newspaper of general circulation in this county within twenty (20) days of the finding, a notice of the finding. The notice shall be one each week for two (2) consecutive weeks.

Each notice shall state the general description of the money or goods found, phone number, and the final date before which such goods may be claimed.

If no person appears and establishes his/her ownership of the money or goods prior to the expiration of three months after the date of the notice to this department the finder shall be the owner of the money or goods. To claim, finder must produce copies of the newspaper publication.

If an owner of money or goods found by another person appears and establishes his/her claim to such money or goods within the three (3) month time period, he/she shall have the property returned after paying all costs and charges incurred by the finder or this department.

804.6 PROPERTY ROOM SECURITY

Access to the Property and Evidence storage areas is limited to Property and Evidence Specialists and the Property Evidence Supervisor unless visitors are logged in and out; including the time, date and purpose of entry. All personnel entering the Property and Evidence storage areas must be accompanied at all times by a Property and Evidence Specialist.

Annual audits will be completed of the Property and Evidence Storage areas and functions with an audit report given to the Chief of Police.

804.6.1 RESPONSIBILITY OF OTHER PERSONNEL

Every time property is released, transferred or received, an appropriate entry on the property evidence receipt or in the property evidence database shall be completed to maintain the chain of possession. No evidence is to be released without first receiving written authorization from the assigned investigator, booking officer or his/her supervisor, or the District Attorney's Office.

Request for analysis of items other than narcotics or drugs shall be completed on the appropriate forms and submitted to the Property and Evidence Specialist. This request may be filled out any time after the booking of property or evidence.

804.6.2 TRANSFER OF EVIDENCE TO CRIME LABORATORY

If an officer wants any evidence taken to the crime lab he/she must complete an Oregon State Police Forensic Services Request form. The completed 3-part form shall be given to the property custodian, usually at the time of submitting the property evidence receipt and packaged evidence, for delivery to the crime lab.

The transporting employee will check the evidence out of property and evidence, indicating the date and time on the property evidence receipt or in the property and evidence database and the request for laboratory analysis.

Tigard Police Department

Tigard PD Policy Manual

Property and Evidence

The Property and Evidence Specialist releasing the evidence must complete the required information on the property evidence receipt or in the property evidence database and the evidence. The lab forms will be transported with the property to the examining laboratory. Upon delivering the item involved, the employee will receive a receipt indicating the date and time and the employee to whom it was delivered.

804.6.3 STATUS OF PROPERTY

Each person receiving property will make the appropriate entry to document the chain of evidence. Temporary release of property to officers for investigative purposes, or for court, shall be noted in the property and evidence database, stating the date, time and to whom released.

Unless otherwise approved by a supervisor, all property and evidence signed out by an employee shall be returned to the department for proper securing in a designated locker within the property management area on the same day it was checked out.

The Property and Evidence Specialist shall obtain the signature of the person to whom property is released, and the reason for release. Any employee receiving property shall be responsible for such property until it is properly returned to Property and Evidence or properly released to another authorized person or entity.

The return of the property will be recorded in the property and evidence database, indicating date, time, and the person who returned the property.

804.6.4 RELEASE OF PROPERTY

Property may be released to a verified owner at the discretion of the Property and Evidence Specialist without further authorization. A Property and Evidence Specialist shall release the property upon proper identification being presented by the owner for which an authorized release has been received. A signature of the person receiving the property shall be recorded on a signature release form. After release of all property entered on the property signature form, the form shall be forwarded to the Records Unit for filing with the case. Upon release, the proper entry shall be documented in the property and evidence database.

All reasonable attempts shall be made to identify the rightful owner of found property or evidence not needed for an investigation. Property not claimed within 30 days after notification of owner of its availability for release will be auctioned, destroyed, or disposed of in accordance with these procedures and existing law.

Any documents that are printed or electronically saved from LInX are to be used for law enforcement purposes only and are subject to the following rules of use. Photographs may not be utilized for any photo lineup(s). Computers and Digital Evidence

814.1 PURPOSE AND SCOPE

This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCD's), digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

Any digital information, whether obtained in the line of duty, training events, or under any other circumstance, using a digital camera, computer, personal communications device, recorders, and any other electronic device is the property of the City and not be used for personal reasons or for other outside purposes.

814.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

- (a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.
- (b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.
- (c) If the computer is off, do not turn it on.
- (d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
 1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
 2. Disconnect the power cable from the back of the computer box. For laptops, disconnect any power cable from the case and remove the battery.
- (e) Label each item with case number, property evidence number and item number.
- (f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.
- (g) Lodge all computer items in the Property and Evidence Unit. Do not store computers where normal room temperature and humidity is not maintained.
- (h) At minimum, officers should document the following in related reports:

Tigard Police Department

Tigard PD Policy Manual

Computers and Digital Evidence

1. Where the computer was located and whether or not it was in operation.
 2. Who was using it at the time.
 3. Who claimed ownership.
 4. If it can be determined, how it was being used.
- (i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives and disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture.

814.2.1 BUSINESS OR NETWORK COMPUTERS

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence. Cases involving networks require specialized training which is available through the Northwest Regional Computer Forensic Lab, the Oregon State Police or another agency having certified examiners.

814.2.2 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of the computer's hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to the Computer Forensic Examiner:

- (a) Copy of report(s) involving the computer, including the property evidence receipt.
- (b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.
- (c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).
- (d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

814.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media, to include hard discs, floppy discs, CDs, DVDs, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

- (a) If the media has a write-protection tab or switch, it should be activated.

Tigard Police Department

Tigard PD Policy Manual

Computers and Digital Evidence

- (b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation request that a Property and Evidence Specialist copy the contents to an appropriate form of storage media.
- (c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
- (d) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.
- (e) Use plastic cases or envelopes designed to protect the media, or other protective packaging, to prevent damage.

814.4 SEIZING PERSONAL COMMUNICATION DEVICES

Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

- (a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- (b) Do not turn the device on or off. The device should be placed in a solid metal container such as a paint can or in a faraday bag, to prevent the device from sending or receiving information from its host network.
- (c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

814.5 DIGITAL EVIDENCE RECORDED BY OFFICERS

Officers handling and submitting evidence recorded by officers and stored digitally using digital cameras, audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

814.5.1 COLLECTION OF DIGITAL EVIDENCE

Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

814.5.2 SUBMISSION OF DIGITAL MEDIA

The following are required procedures for the submission of digital media used by cameras or other recorders:

Tigard Police Department

Tigard PD Policy Manual

Computers and Digital Evidence

- (a) The recording media (smart card, compact flash card or any other media) shall be brought to the Property and Evidence Unit as soon as possible for submission into evidence.
- (b) Officers are not authorized to review or copy memory cards. The Property and Evidence Specialists are the only employees authorized to copy and/or distribute digital media made from the memory cards.
- (c) As soon as possible following the collection of evidence, the officer should remove the memory card from their digital camera, book on property evidence receipt and place the card into a media evidence envelope. Officer shall tape, seal, and initial the back of the envelope prior to placing in evidence boor "D".
- (d) The Property and Evidence Specialist will make a copy of the memory card using appropriate storage media. Once it is verified that the images are properly transferred to the storage media, the Property and Evidence Specialist will erase the memory card for re-use. The storage media will be marked as the original.
- (e) Officers requiring a copy of the digital files must provide a written request to the Property Evidence Unit.

814.5.3 DOWNLOADING OF DIGITAL FILES

Digital information such as photo video or audio files recorded on devices using internal memory must be downloaded to storage media. The following procedures are to be followed:

- (a) Files should not be opened or reviewed prior to downloading and storage.
- (b) Where possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

814.5.4 PRESERVATION OF DIGITAL EVIDENCE

- (a) Only Property Evidence Specialists are authorized to copy original digital media that is held as evidence. The original digital media shall remain in evidence and shall remain unaltered.
- (b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.
- (c) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.

Traumatic Incident Policy

821.1 PURPOSE AND SCOPE

The purpose of this policy and procedure is to provide for assistance to members involved in any type of traumatic incident as defined within.

821.2 DEFINITIONS

Traumatic Incident - A situation faced by personnel, which causes them to experience unusually strong emotional reactions that have the potential to interfere with the ability to function either at the scene or at a later time. A situation does not have to be a major disaster to be classified as a traumatic incident.

Directly Involved - Those personnel who were immediately present and in a position to observe the traumatic incident.

Administrative Reassignment - A five-calendar day period in which the department member is relieved of their regular duties. During this time the department member shall remain available for interviews, appointments or other administrative assignments related to the incident for which they were placed on administrative reassignment. If the five day period encompasses the members regular days off, any interviews done with TPOA members on the member's days off will be subject to the overtime provisions of the TPOA contract. Interviews done on the days off of non-TPOA members will be subject to the respective rules for their employment classification.

The following are examples of traumatic incidents:

- The serious injury or death of any Tigard Police personnel in the line of duty
- The serious injury or death of a suspect or any civilian bystander resulting from police operations
- A case which is charged with profound emotion, such as the sudden death of an infant under particularly tragic circumstances
- A case involving a Department member(s) which attracts extremely unusual attention from the news media
- Loss of life which follows extraordinary and prolonged expenditures of physical and emotional energy in a rescue attempt
- An incident in which the circumstances are so unusual or the sights and sounds are so distressing as to produce a high level of immediate or delayed emotional reaction which surpasses normal coping mechanisms

821.3 ADMINISTRATIVE REASSIGNMENT

- Any officer(s) whose actions or use of force results in a death or serious physical injury shall be released from the scene in accordance with Policy 300. They will then

Tigard Police Department

Tigard PD Policy Manual

Traumatic Incident Policy

be placed on mandatory administrative reassignment with pay for the duration of the officer's shift and for a minimum of five days.

Administrative reassignment is in the interest of the officer(s) and the department and shall not be waived. The assignment shall not be interpreted to imply or indicate that the officer has acted improperly. If the officer(s) is in need of additional administrative time off, sufficient time shall be granted without penalty.

- Counseling services shall be made available for the officers and their families/significant others through the Chief of Police. Contacts between involved officers and the counseling service will be confidential.
- Any witness officer who was directly involved may be placed on administrative reassignment at the discretion of the Chief of Police.

In all cases where serious injury or death results from a use of deadly force, the involved officer(s) shall meet with a Department and Association approved psychologist or psychiatrist experienced in assisting law enforcement personnel and their families to recognize and cope with the natural responses to a traumatic incident. The meeting is mandatory and cannot be waived. A list of at least three professionals specializing in this field will be established and kept current. The officer will have the choice in determining which counselor he/she visits.

All conversations between the officer, their families/significant others, and the debriefing psychologist or psychiatrist are considered confidential and subject to the doctor-patient privilege. This meeting will take place while the officer is on administrative reassignment.

- Mandatory follow-up meetings will take place with the psychologist/psychiatrist at the one (1) month, six (6) month and one (1) year periods after the traumatic incident. They should occur on the anniversary or as close to the anniversary of the incident as possible.
- Officers involved in traumatic incidents where deadly force is used will have available the services of the department's chaplain/Critical Incident Stress Debriefing (CISD), Washington County S.T.I.C. team or the Portland Police T. I. C. team.
- The effects of a traumatic incident can affect the officer's mental well being as well as their ability to perform their job. If an employee is involved in a "non deadly force" traumatic incident, their supervisor should be made aware of the incident. The supervisor will be required to monitor the employee for signs of unexpected changes in work behavior and/or performance. If the supervisor determines that the employee is showing behavioral changes that are adversely affecting the employee's work performance, the Division Commander may place the employee on Administrative Leave, with pay, and refer the employee to the Employee Assistance Program.

Tigard PD Policy Manual

Traumatic Incident Policy

821.4 SPIRITUAL SUPPORT

All cases involving traumatic incidents, the involved member and their family/significant other will have available to them the services of a chaplain. The purpose is to provide the member and/or their family/significant other with a source of professional consultation and aid them in dealing with the potential moral and ethical after effects of a traumatic incident.

821.5 RETURN TO DUTY

- In determining the appropriate administrative action to take in ending the officer(s) administrative reassignment and returning the officer to regular duty, the Chief of Police may seek and consider the professional opinion of any psychologist/psychiatrist and/or treating physician as to:

The beginning of the plan addresses "line-of-duty" death incidents and other operational protocol in cases of on-duty serious injury and other death related events. The plan may be enacted in whole or in part at the discretion of the Chief of Police or the appointed designee. The plan may be used to assist of "non-duty" related deaths of current or retired employees. 902.1 PURPOSE AND SCOPE

This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Tigard Police Department facility, any custody transport vehicle, or other secure facility where the custody will be lodged. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

902.1.1 DEFINITIONS

Definitions related to this policy include:

Custody Search - An in-custody search of an individual and of his/her property, shoes and clothing, including pockets, cuffs and folds on the clothing, to remove all weapons, dangerous items and contraband.

Physical body cavity search - A search that includes a visual inspection and may include a physical intrusion into a body cavity. Body cavity means the stomach or rectal cavity of an individual, and the vagina of a female person.

Strip search - A search that requires an individual to remove or rearrange some or all of his/her clothing to permit a visual inspection of the underclothing, breasts, buttocks, anus or outer genitalia. This includes monitoring an individual who is changing clothes, where his/her underclothing, buttocks, genitalia or female breasts are visible.

902.2 POLICY

All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment or retaliation.

902.3 FIELD AND TRANSPORTATION SEARCHES

An officer should conduct a custody search of an individual immediately after his/her arrest, when receiving an individual from the custody of another, and before transporting a person who is in custody in any department vehicle.

Whenever practicable, a custody search should be conducted by an officer of the same sex as the person being searched. If an officer of the same sex is not reasonably available, a witnessing officer should be present during the search.

902.4 SEARCHES AT POLICE FACILITIES

Custody searches shall be conducted on all individuals in custody, upon entry to the Tigard Police Department or other secure custody facilities. Except in exigent circumstances, the search should be conducted by a member of the same sex as the individual being searched. If a member of the same sex is not available, a witnessing member must be present during the search.

Custody searches should also be conducted any time an individual in custody enters or re-enters a secure area, or any time it is reasonably believed that a search is necessary to maintain the safety and security of the facility.

902.4.1 PROPERTY

Members shall take reasonable care in handling the property of an individual in custody to avoid discrepancies or losses. Property retained for safekeeping shall be kept in a secure location until the individual is released or transferred.

Some property may not be accepted by a facility or agency that is taking custody of an individual from this department, such as weapons or large items. These items should be retained for safekeeping in accordance with the Property and Evidence Policy.

All property shall be inventoried by objective description (this does not include an estimated value). The individual from whom it was taken shall be required to sign the completed inventory. If the individual's signature cannot be obtained, the inventory shall be witnessed by another department member. The inventory should include the case number, date, time, member's Tigard Police Department identification number and information regarding how and when the property may be released.

902.4.2 VERIFICATION OF MONEY

All money shall be counted in front of the individual from whom it was received. When possible, the individual shall initial the dollar amount on the inventory. Additionally, all money should be placed in a separate envelope and sealed. Negotiable checks or other instruments and foreign currency should also be sealed in an envelope with the amount indicated but not added to the cash total. All envelopes should clearly indicate the contents on the front. The department member sealing it should place his/her initials across the sealed flap. Should any money be withdrawn or added, the member making such change shall enter the amount below the original entry and initial it. The amount of money in the envelope should always be totaled and written on the outside of the envelope.

902.4.3 RECEIPT FOR PROPERTY OR MONEY

The officer or other member charged with such inventories shall ensure that the individual receives a receipt for any money or other property received and should have the individual countersign both the original and duplicate receipt. Members will otherwise comply with ORS 133.455 if the individual is unable to sign.

- (a) The detection of an object during a custody search that may be a weapon or contraband and cannot be safely retrieved without a strip search.
- (b) Circumstances of a current arrest that specifically indicate the individual may be concealing a weapon or contraband.

However, if serious hygiene or health issues make it reasonably necessary to assist the individual with a shower or a change of clothes, a supervisor should be contacted to ensure reasonable steps are taken to obtain the individual's consent and/or otherwise protect his/her privacy and dignity.

902.5.2 SPECIAL CIRCUMSTANCE FIELD STRIP SEARCHES

A strip search may be conducted in the field only with Watch Commander authorization and only in exceptional circumstances, such as when:

- (a) There is probable cause to believe that the individual is concealing a weapon or other dangerous item that cannot be recovered by a more limited search.
- (b) There is probable cause to believe that the individual is concealing controlled substances or evidence that cannot be recovered by a more limited search, and there is no reasonable alternative to ensure the individual cannot destroy or ingest the substance during transportation.

These special-circumstance field strip searches shall only be authorized and conducted under the same restrictions as the strip search procedures in this policy, except that the Watch Commander authorization does not need to be in writing.

902.6 PHYSICAL BODY CAVITY SEARCH

The notification shall be made as soon as possible but no later than 72 hours after receiving the allegation. The Watch Commander shall document such notification (28 CFR 115.163).

If an alleged prisoner victim is transferred from the Temporary Holding Facility to a jail, prison or medical facility, the Department shall, as permitted by law, inform the receiving facility of the incident and the prisoner's potential need for medical or social services, unless the prisoner requests otherwise (28 CFR 115.165).

904.5 INVESTIGATIONS

The Department shall promptly, thoroughly and objectively investigate all allegations, including third-party and anonymous reports, of sexual abuse or sexual harassment. Only investigators who have received department-approved special training shall conduct sexual abuse investigations (28 CFR 115.171).

The first officer to respond to a report of sexual abuse or sexual assault shall (28 CFR 115.164):

- (a) Separate the parties.
- (b) Establish a crime scene to preserve and protect any evidence. Identify and secure witnesses until steps can be taken to collect any evidence.

- (d) If the abuse occurred within a time period that still allows for the collection of physical evidence, ensure that the alleged abuser does not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking or eating.

If the first responder is not an officer the responder shall request that the alleged victim not take any actions that could destroy physical evidence and should then notify a law enforcement staff member (28 CFR 115.164).

904.5.2 INVESTIGATOR RESPONSIBILITIES

Investigators shall (28 CFR 115.171):

- (a) Gather and preserve direct and circumstantial evidence, including any available physical and biological evidence and any available electronic monitoring data.
- (b) Interview alleged victims, suspects and witnesses.
- (c) Review any prior complaints and reports of sexual abuse involving the suspect.
- (d) Conduct compelled interviews only after consulting with prosecutors as to whether compelled interviews may be an obstacle for subsequent criminal prosecution.
- (e) Assess the credibility of the alleged victim, suspect or witness on an individual basis and not by the person's status as a prisoner or a member of the Tigard Police Department.
- (f) Document in written reports a description of physical, testimonial, documentary and other evidence, the reasoning behind any credibility assessments, and investigative facts and findings.
- (g) Refer allegations of conduct that may be criminal to the District Attorney for possible prosecution, including any time there is probable cause to believe a prisoner sexually abused another prisoner in the Temporary Holding Facility (28 CFR 115.178).
- (h) Cooperate with outside investigators and remain informed about the progress of any outside investigation.

904.5.3 ADMINISTRATIVE INVESTIGATIONS

Administrative investigations shall include an effort to determine whether staff actions or failures to act contributed to the abuse. The departure of the alleged abuser or victim from the employment or control of this department shall not be used as a basis for terminating an investigation (28 CFR 115.171).

904.5.4 SEXUAL ASSAULT AND SEXUAL ABUSE VICTIMS

No prisoner who alleges sexual abuse shall be required to submit to a polygraph examination or other truth-telling device as a condition for proceeding with the investigation of such an allegation (28 CFR 115.171(e)).

Tigard Police Department

Tigard PD Policy Manual

Prison Rape Elimination

Prisoner victims of sexual abuse shall receive timely, unimpeded access to emergency medical treatment. Treatment services shall be provided to the victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident (28 CFR 115.182).

904.5.5 CONCLUSIONS AND FINDINGS

All completed investigations shall be forwarded to the Chief of Police, or if the allegations may reasonably involve the Chief of Police, to the City Manager. The Chief of Police or City Manager shall review the investigation and determine whether any allegations of sexual abuse or sexual harassment have been substantiated by a preponderance of the evidence (28 CFR 115.172).

All personnel shall be subject to disciplinary sanctions up to and including termination for violating this policy. Termination shall be the presumptive disciplinary sanction for department members who have engaged in sexual abuse. All discipline shall be commensurate with the nature and circumstances of the acts committed, the member's disciplinary history and the sanctions imposed for comparable offenses by other members with similar histories (28 CFR 115.176).

All terminations for violations of this policy, or resignations by members who would have been terminated if not for their resignation, shall be criminally investigated unless the activity was clearly not criminal and reported to any relevant licensing body (28 CFR 115.176).

Any contractor or volunteer who engages in sexual abuse shall be prohibited from contact with prisoners and reported to any relevant licensing bodies (28 CFR 115.177). The Chief of Police shall take appropriate remedial measures and consider whether to prohibit further contact with prisoners by a contractor or volunteer.

904.6 RETALIATION PROHIBITED

All prisoners and members who report sexual abuse or sexual harassment or who cooperate with sexual abuse or sexual harassment investigations shall be protected from retaliation (28 CFR 115.167). If any other individual who cooperates with an investigation expresses a fear of retaliation, appropriate measures shall be taken to protect that individual.

The Watch Commander or the authorized designee shall employ multiple protection measures, such as housing changes or transfers for prisoner victims or abusers, removal of alleged abusers from contact with victims, and emotional support services for prisoners or members who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations.

The Watch Commander or the authorized designee shall identify a staff member to monitor the conduct and treatment of prisoners or members who have reported sexual abuse and of prisoners who were reported to have suffered sexual abuse. The staff member shall act promptly to remedy any such retaliation. In the case of prisoners, such monitoring shall also include periodic status checks.

904.7 REVIEWS AND AUDITS

Tigard Police Department

Tigard PD Policy Manual

Prison Rape Elimination

904.7.1 INCIDENT REVIEWS

An incident review shall be conducted at the conclusion of every sexual abuse investigation, unless the allegation has been determined to be unfounded. The review should occur within 30 days of the conclusion of the investigation. The review team shall include upper-level management officials and seek input from line supervisors and investigators (28 CFR 115.186).

The review shall (28 CFR 115.186):

- (a) Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect or respond to sexual abuse.
- (b) Consider whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender or intersex identification, status or perceived status; gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility.
- (c) Examine the area in the facility where the incident allegedly occurred to assess whether physical barriers in the area may enable abuse.
- (d) Assess the adequacy of staffing levels in that area during different shifts.
- (e) Assess whether monitoring technology should be deployed or augmented to supplement supervision by staff.

The review team shall prepare a report of its findings, including any determinations made pursuant to this section and any recommendations for improvement. The report shall be submitted to the Chief of Police and the PREA Coordinator. The Chief of Police or the authorized designee shall implement the recommendations for improvement or shall document the reasons for not doing so (28 CFR 115.186).

904.7.2 DATA REVIEWS

The facility shall conduct an annual review of collected and aggregated incident-based sexual abuse data if any are reported. The review should include, as needed, data from incident-based documents, including reports, investigation files and sexual abuse incident reviews (28 CFR 115.187).

The purpose of these reviews is to assess and improve the effectiveness of sexual abuse prevention, detection and response policies, practices and training. An annual report shall be prepared that includes (28 CFR 115.188):

- (a) Identification of any potential problem areas.
- (b) Identification of any corrective actions taken.
- (c) Recommendations for any additional corrective actions.
- (d) A comparison of the current year's data and corrective actions with those from prior years.
- (e) An assessment of the department's progress in addressing sexual abuse.

Tigard Police Department

Tigard PD Policy Manual

Prison Rape Elimination

The report shall be approved by the Chief of Police and made readily available to the public upon request. Material may be redacted from the reports when publication would present a clear and specific threat to the safety and security of the Temporary Holding Facility. However, the nature of the redacted material shall be indicated.

All aggregated sexual abuse data from Tigard Police Department facilities and private facilities with which it contracts shall be made readily available to the public at least annually upon written request. Before making aggregated sexual abuse data publicly available, all personal identifiers shall be removed (28 CFR 115.189).

904.8 RECORDS

The Department shall retain all written reports from administrative and criminal investigations pursuant to this policy for as long as the alleged abuser is held or employed by the Department, plus five years (28 CFR 115.171).

All other data collected pursuant to this policy shall be securely retained for at least 10 years after the date of the initial collection unless federal, state or local law requires otherwise (28 CFR 115.189).

904.9 TRAINING

All employees, volunteers and contractors who may have contact with prisoners shall receive department-approved training on the prevention and detection of sexual abuse and sexual harassment within this facility. The Training Coordinator shall be responsible for developing and administering this training as appropriate, covering at a minimum (28 CFR 115.131):

- The dynamics of sexual abuse and harassment in confinement settings, including which prisoners are most vulnerable.
- The right of prisoners and staff members to be free from sexual abuse and sexual harassment, and from retaliation for reporting sexual abuse or harassment.
- Detecting and responding to signs of threatened and actual abuse.
- Communicating effectively and professionally with all prisoners.
- Compliance with relevant laws related to mandatory reporting of sexual abuse to outside authorities.

Investigators assigned to sexual abuse investigations shall also receive training in conducting such investigations in confinement settings. Training should include (28 CFR 115.134):

- Techniques for interviewing sexual abuse victims.
- Proper use of *Miranda* and *Garrity* warnings.

Tigard Police Department

Tigard PD Policy Manual

Prison Rape Elimination

- Sexual abuse evidence collection in confinement settings.
- Criteria and evidence required to substantiate a case for administrative action or prosecution referral.

The Training Coordinator shall maintain documentation that employees, volunteers, contractors and investigators have completed required training and that they understand the training. This understanding shall be documented through individual signature or electronic verification.

All current employees and volunteers who may have contact with prisoners shall be trained within one year of the effective date of the PREA standards. The agency shall provide annual refresher information to all such employees and volunteers to ensure that they understand the current sexual abuse and sexual harassment policies and procedures.

Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

Performance summaries need to be completed on time, and in accordance with City policy and collective bargaining agreements. Performance summaries are to be completed on the form(s) prescribed by Human Resources.

All sworn supervisory personnel shall be sent to a DPSST approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected, and the evaluation rating criteria with each employee at the beginning of the rating period. When a non-probationary employee's job performance falls below the established standards of the job, the supervisor should, as soon as practical, but at least 90 days prior to the end of the annual evaluation period, advise the employee in writing in order to provide an opportunity for the employee to improve performance. The City of Tigard Personnel Policies and Procedures are designed to inform all employees of the day-to-day administrative guidelines and practices of the city. They are also meant to provide employees with an understanding of what is expected of them and to provide consistent, fair and uniform treatment to all. The rules and procedures contained herein shall apply to all city employees. Where the provisions of a collective bargaining agreement or individual employment agreement with the city differ from these rules, the language in the agreement shall prevail.

The city reserves the right to change any of these policies and procedures at any time. Although it is the city's policy not to terminate an employee's employment relationship with the city unless it has just cause to do so, these policies and procedures do not and are not intended to constitute a contract of employment nor to limit the city's right to discipline or terminate employees.

Certain management personnel have individual employment agreements, and those agreements prevail where appropriate over these policies as to the individual employee covered by the agreement. The city has entered into collective bargaining agreements that cover certain job classifications, and those collective bargaining agreements prevail where appropriate over these policies as to the employees who are covered by the agreements. The city also has a separate set of management personnel policies for non-represented personnel and those policies prevail where appropriate over these policies. Nothing in these policies shall be interpreted as restricting or prohibiting an employee's performance of the employee's official duties.

Any prohibition stated in these policies does not apply if the employee is performing a legitimate work task as a city official or employee. For example, accessing inappropriate websites is not prohibited if it is done as part of an employee's work tasks (e.g. police investigation, personnel investigation, or other legitimate task).

Authority and Responsibility The Mayor and the city Council shall set general personnel guidelines through the adoption of the city budget, pay plans, collective bargaining agreements, and ordinances and resolutions adopting and/or amending the personnel rules and regulations. The city Manager may interpret the language of the rules and regulations in any case where interpretation is in question, and may specifically delegate the authority for the enforcement of these rules and regulations. Grievance Procedure

1006.1 PURPOSE AND SCOPE

It is the policy of this department that all grievances be handled quickly and fairly without discrimination against employees who file a grievance whether or not there is a basis for the grievance. This department's philosophy is to promote a free verbal communication between employees and supervisors.

1006.1.1 GRIEVANCE DEFINED

For the purposes of this procedure a grievance is any difference of opinion concerning terms or conditions of employment, or a dispute involving the interpretation, or application of any department policies or City rules and regulations covering personnel practices or working conditions, by the affected persons.

Grievances may be brought by an individually affected employee or by a group representative.

Specifically outside the category of grievances are complaints related to allegations of discrimination or harassment subject to the Discriminatory Harassment Policy. Also outside the category of grievances are personnel complaints regarding any allegation of misconduct or improper job performance against any department employee that, if true, would constitute a violation of department policy federal, state, or local law, as set forth in the Personnel Complaints Policy.

1006.1.2 DUPLICATE PROCEDURES

The grievance procedures set forth in this policy shall not be used in addition to other grievance procedures as may be in effect through the governing jurisdiction or the eligible employee's collective bargaining agreement. Please reference the TPOA Collective Bargaining Agreement, Policy 1003.

Under no circumstances shall more than one administrative process be used to redress the same grievance, although use of this or other procedures does not preclude employees from seeking legal remedies as appropriate.

1006.2 PROCEDURE

If an employee believes that he or she has a grievance as defined above, then that employee shall observe the procedure outlined in Article 20 of the Collective Bargaining Agreement.

1006.3 EMPLOYEE REPRESENTATION

Employees are entitled to have representation during the grievance process. The representative may be selected by the employee from the appropriate employee bargaining group.

The complaint will be referred to the partner agency, for evaluation and/or investigation to the extent that they desire. The PPB IAD will coordinate with partner agencies when PPB members are involved in the investigation.

PPB may ask outside agency officers to be interviewed by PPB IAD or write a police report when they are identified as a witness to an incident, and they will be considered the equivalent of any citizen witness that may have information relating to a complaint against a PPB officer.

1007.3 RESPONSIBILITIES

Outside agency command officers will follow their own procedures regarding completed investigations involving their members. A review of an investigation into an incident involving more than one agency will be coordinated by the Transit Police Division commander. Management/Supervisory/Professional City Personnel Policies

1009.1 PURPOSE AND SCOPE

These personnel policies and procedures are designed to inform all employees of the day-to-day administrative working of the City. They are also meant to provide employees with an understanding of what is expected of them and to provide consistent, fair and uniform treatment to all. . These policies are specifically applicable to the Management, Supervisory and Confidential Group employees of the City of Tigard, and shall be utilized as a supplement to the City's general Personnel Policies. These policies are applicable to those job classifications identified in the Management, Supervisory and Confidential Group pay plan. The City reserves the right to change any of these policies and procedures at any time. Although it is the City's policy not to terminate the employment relationship with the City unless it has just cause to do so, these policies and procedures do not and are not intended to constitute a contract of employment or a promise or guarantee of specific treatment in specific situations.

Please see attached [Management Personnel Policies](#).

Reporting of Arrests, Convictions, and Court Orders

1010.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the notification requirements and procedures that members must follow when certain arrests, convictions, and court orders restrict their ability to perform the official duties and responsibilities of the Tigard Police Department. This policy will also describe the notification requirements and procedures that certain retired officers must follow when an arrest, conviction, or court order disqualifies them from possessing a firearm.

1010.2 DOMESTIC VIOLENCE CONVICTIONS AND RESTRAINING ORDERS

Oregon and federal law prohibit individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; ORS 107.095(5); ORS 166.255; ORS 166.270; ORS 166.527).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1010.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS

OAR 259-008-0300 prohibits any person convicted of a felony and certain other crimes from being a peace officer in the State of Oregon. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty, or nolo contendere plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee's ability to fully perform the duties of the job.

While legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust, and shall be reported as provided in this policy.

1010.4 REPORTING

All members and all retired officers with identification cards issued by the Department shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal detention, arrest, charge, or conviction in any state or foreign country, regardless of whether the matter was dropped or rejected, is currently pending, or is on appeal, and regardless of the penalty or sentence, if any.

All members and all retired officers with identification cards issued by the Department shall further promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing if they become the subject of a domestic violence restraining order or any court order

that prevents the member or retired officer from possessing a firearm or requires suspension or revocation of applicable DPSST certification.

Any member whose criminal arrest, conviction, or court order restricts or prohibits that member from fully and properly performing his/her duties, including carrying a firearm, may be disciplined. This includes but is not limited to being placed on administrative leave, reassignment, and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member, on his/her own time and at his/her own expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline, up to and including termination.

Retired officers may have their identification cards rescinded or modified, as may be appropriate (see the Retiree Concealed Firearms Policy).

1010.5 DEPARTMENT OF PUBLIC STANDARDS AND TRAINING (DPSST) NOTIFICATION

An officer or dispatcher who is arrested or who receives a criminal citation to appear, or its equivalent, shall notify DPSST in writing within five business days of the following (OAR 259-008-0010; OAR 259-008-0011):

- (a) The date of the arrest or citation
- (b) The location of the arrest or citation
- (c) The reason for the arrest or citation
- (d) The arresting or citing agency

1010.6 POLICY

The Tigard Police Department requires disclosure of member arrests, convictions, and certain court orders to maintain the high standards, ethics, and integrity in its workforce, and to ensure compatibility with the duties and responsibilities of the Department.

Drug- and Alcohol-Free Workplace

1012.1 PURPOSE AND SCOPE

The intent of this policy is to deter the misuse or abuse of legal or illegal substances that create a threat to the safety and health of any employee or member of the public. The Tigard Police Department discourages alcohol and drug abuse and strives to achieve a work force free from the influence of drugs and alcohol.

1012.2 GENERAL GUIDELINES

The consumption of alcohol or other intoxicants is generally prohibited by on-duty personnel except as necessary in the performance of an official special assignment. Personnel who consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Employees who have consumed an amount of an alcoholic beverage or taken any drugs that would tend to adversely affect their senses or judgment shall not report for duty.

1012.2.1 PURCHASE OR POSSESSION OF DRUGS OR ALCOHOL ON DUTY

Department employees shall not purchase or possess alcohol or other controlled substances on City property, at work, or while on duty except in the performance of a special assignment as described in Policy Manual § 1012.2.

Department employees shall not illegally manufacture any alcohol or drugs while on duty, on City property or at any other time.

1012.2.2 USE OF PRESCRIBED MEDICATIONS

Any employee who is required to take any medication with side effects which might impair his/her ability to fully and safely perform all requirements of their position, shall report the need for such medication to their immediate supervisor prior to commencing any on-duty status. No employee shall be permitted to work or drive a department-owned or leased vehicle while taking such potentially impairing medication without a written release from his/her physician.

Use of marijuana, including medical marijuana, on or off-duty, is prohibited and may lead to disciplinary action.

1012.3 EMPLOYEE ASSISTANCE PROGRAM

There is available a voluntary employee assistance program to assist employees who wish to seek help for alcohol and drug problems. There is also available a variety of insurance coverages which provide treatment for drug and alcohol abuse. Employees may contact City Human Resources, their insurance provider, or the Employee Assistance Program for additional information.

Employees who experience drug or alcohol problems are encouraged to seek referral for rehabilitation through the Employee Assistance Program or their insurance provider. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

Drug- and Alcohol-Free Workplace

1012.3.2 CONFIDENTIALITY

The department recognizes the confidentiality and privacy due employees, and disclosure of any information relating to chemical abuse treatment, except on a need to know basis, shall only be with the expressed written consent of the employee involved or pursuant to lawful process.

1012.4 COMPLIANCE

Employees must, as a condition of employment, abide by the terms of this policy, and report any conviction under a criminal drug statute for violations occurring on or off City premises while conducting City business. A report of an arrest must as soon as possible, but in no case more than 24 hours after the arrest.

1012.6 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

Sick Leave

1014.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City personnel manual or applicable collective bargaining agreement (ORS 653.606; ORS 653.611).

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) and the Oregon Family Leave Act, or leave related to protections because of domestic violence, harassment, sexual assault or stalking (29 USC § 2601 et seq.; ORS 659A.150 et seq.; ORS 659A.270 et seq.).

1014.1.1 APPOINTMENT LEAVE

Under the collective bargaining agreement, members receive sixteen (16) hours appointment leave to be used for medial or dental appointments. Appointment leave is non-accumulative.

1014.2 POLICY

It is the policy of the Tigard Police Department to provide eligible employees with a sick leave benefit.

1014.3 USE OF SICK LEAVE

Sick leave is intended to be used for qualified absences (ORS 653.616; OAR 839-007-0020).

Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity or other activity that may impede recovery from the injury or illness (see the Outside Employment Policy).

1014.3.1 NOTIFICATION

All members should notify the Watch Commander or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts or as soon as practicable when there are extenuating circumstances. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor (ORS 653.621; OAR 839-007-0040).

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Department with no less than 10 days' notice of the impending absence. The member shall make a reasonable attempt to schedule the use of sick time so that it does not disrupt the operations of the Department (ORS 653.621; OAR 839-007-0040).

Tigard Police Department

Tigard PD Policy Manual

Sick Leave

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

1014.4 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.
- (b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Human Resources Director as appropriate.
- (c) Addressing absences and sick leave use in the member's performance evaluation when excessive or unusual use has:
 - 1. Negatively affected the member's performance or ability to complete assigned duties.
 - 2. Negatively affected department operations.
- (d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.
- (e) Referring eligible members to an available employee assistance program when appropriate.

1014.5 SHIFT ASSIGNMENT DURING EXTENDED ABSENCES

When a member is scheduled to be off work for a period longer than three days, due to illness or injury, the member will be assigned to a 8:00 a.m. to 5:00 p.m. shift with Saturday and Sunday off. This does not apply to members who are working in a limited duty capacity. Shift assignment during those times will be based on the operational needs of the department.

1014.6 EXTENDED ABSENCE

Members absent from duty for more than three consecutive days may be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return to work (ORS 653.626; OAR 839-007-0045).

Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider's statement for an absence of three or fewer days (ORS 653.626; OAR 839-007-0045).

1014.7 REQUIRED NOTICES

The Human Resources Director shall ensure that each employee is provided written notice of the following (ORS 653.631; OAR 839-007-0050):

Tigard Police Department

Tigard PD Policy Manual

Sick Leave

- (a) Accrued and unused sick time available at least quarterly.
- (b) The sick leave provisions of the Oregon sick leave law as provided in ORS 653.601 et seq.

Communicable Diseases

1016.1 PURPOSE AND SCOPE

This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1016.1.1 DEFINITIONS

Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

Exposure - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Tigard Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1016.2 POLICY

The Tigard Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1016.3 EXPOSURE CONTROL OFFICER

The Chief of Police will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

- (a) Exposure-prevention and decontamination procedures.
- (b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
- (c) The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member's position and risk of exposure.
- (d) Evaluation of persons in custody for any exposure risk and measures to separate them.
- (e) Compliance with all relevant laws or regulations related to communicable diseases, including:
 1. Complying with the Oregon Safe Employment Act (ORS 654.001 et seq.).
 2. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).

3. Exposure control mandates in 29 CFR 1910.1030 including bloodborne pathogen precautions (OAR 437-002-0360).

The ECO should also act as the liaison with the Oregon Occupational Safety and Health Division (OR-OSHA) and may request voluntary compliance inspections. The ECO should annually review and update the exposure control plan and review implementation of the plan.

1016.4 EXPOSURE PREVENTION AND MITIGATION

1016.4.1 GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (29 CFR 1910.1030; OAR 437-002-0360):

- (a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or department vehicles, as applicable.
- (b) Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.
- (c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.
- (d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.
- (e) Using an appropriate barrier device when providing CPR.
- (f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.
- (g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.
 1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.
- (h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.
- (i) Avoiding eating, drinking or smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.
- (j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

Tigard PD Policy Manual

Communicable Diseases

1016.4.2 IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (29 CFR 1910.1030; OAR 437-002-0360).

Other preventive, no-cost immunizations shall be provided to members who are at risk of contracting a communicable disease if such preventive immunization is available and is medically appropriate. A member shall not be required to be immunized unless such immunization is otherwise required by federal or state law, rule or regulation (ORS 433.416).

1016.5 POST EXPOSURE

1016.5.1 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall:

- (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
- (b) Obtain medical attention as appropriate.
- (c) Notify a supervisor as soon as practicable.

1016.5.2 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (29 CFR 1910.1030; OAR 437-002-0360):

- (a) Name of the member exposed
- (b) Date and time of the incident
- (c) Location of the incident
- (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- (e) Work being done during exposure
- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).

Tigard Police Department

Tigard PD Policy Manual

Communicable Diseases

1016.5.3 MEDICAL CONSULTATION, EVALUATION, AND TREATMENT

Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (29 CFR 1910.1030; OAR 437-002-0360).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

- (a) Whether the member has been informed of the results of the evaluation.
- (b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1016.5.4 COUNSELING

The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (29 CFR 1910.1030; OAR 437-002-0360).

1016.5.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate. Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) Contacting the Oregon Health Authority to seek voluntary consent for source testing for HIV (ORS 433.065).
- (c) Petitioning for a court order to compel source testing for HIV or other communicable diseases as defined by ORS 431A.005, if a good faith effort to obtain voluntary consent is requested from the source person and not obtained (ORS 433.080; ORS 431A.570).
- (d) Working with the district attorney if the person is charged with a criminal offense that may involve exposure to a communicable disease (ORS 135.139).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

Tigard Police Department

Tigard PD Policy Manual

Communicable Diseases

1016.6 CONFIDENTIALITY OF REPORTS

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1016.7 TRAINING

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (29 CFR 1910.1030; OAR 437-002-0360):

- (a) Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.
- (b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.
- (c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

Smoking and Tobacco Use

1018.1 PURPOSE AND SCOPE

This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Tigard Police Department facilities or vehicles.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any ignited tobacco product, such as cigarettes, cigars, pipe tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1018.2 POLICY

The Tigard Police Department recognizes that tobacco use is a health risk and can be offensive to others.

Smoking and tobacco use also presents an unprofessional image for the Department and its members. Therefore smoking and tobacco use is prohibited by members and visitors in all department facilities, buildings and vehicles, and as is further outlined in this policy (ORS 433.845; ORS 433.850).

1018.2.1 SMOKE FREE WORK ENVIRONMENT

The City's Personnel Policy states that "the City seeks to promote a safe, healthy and pleasant work environment for all employees and the public. All City facilities, including city-owned buildings, vehicles, individual employee offices, and offices or other facilities rented or leased by the City will be smoke free. Signs will be posted in designated locations outside of the buildings where employees may step outside to smoke. Visitors to any of the City's facilities shall comply with the City's efforts to maintain a smoke free environment."

1018.3 SMOKING AND TOBACCO USE

Smoking and tobacco use by members is prohibited anytime members are in public view representing the Tigard Police Department.

It shall be the responsibility of each member to ensure that no person under his/her supervision smokes inside City facilities and vehicles.

1018.4 ADDITIONAL PROHIBITIONS

Visitors and the public shall not be allowed to smoke in any department facility (ORS 433.845).

1018.4.1 NOTICE

The Chief of Police or the authorized designee shall ensure that proper signage prohibiting smoking is posted at each entrance and exit to the department facilities (ORS 433.850; OAR 333-015-0040).

Personnel Complaints

1020.1 PURPOSE AND SCOPE

This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Tigard Police Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation. The policy is meant to insure any disciplinary action taken against an employee only occurs with just cause.

1020.1.1 DEFINITIONS

Disciplinary action - An action taken against an employee by the Tigard Police Department to punish the employee, including dismissal, demotion, suspension without pay, reduction in salary, written reprimand and transfer (ORS 236.350 (1)).

Employee - Any paid member of the Tigard Police Department with a property interest in his/her employment at the Tigard Police Department. For the sole purposes of this policy definition, volunteers will be considered "employees".

Just cause - A cause reasonably related to the employee's ability to perform required work. The term includes a willful violation of reasonable work rules, regulations or written policies (ORS 236.350 (2)).

Personnel complaint - Any allegation of misconduct or improper job performance against any department employee that, if true, would constitute a violation of department policy, federal, state or local law.

Inquiries about employee conduct which, even if true, would not qualify as a personnel complaint may be handled informally by a department supervisor and shall not be considered complaints.

This policy does not apply when a supervisor questions an employee in the normal course of an informal verbal admonishment or when the supervisor has other routine or unplanned contact with an employee. Nor does this policy apply to an investigation concerned solely with alleged criminal activities.

1020.2 POLICY

The Tigard Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and within the requirements of any collective bargaining agreements.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

Tigard Police Department

Tigard PD Policy Manual

Personnel Complaints

1020.2.1 ACCEPTANCE OF COMPLAINTS

A complaint may be filed in person, in writing, or by telephoning the Department. Although it is not required, every effort should be made to have the complainant appear in person. The following should be considered before taking a complaint:

- (a) Complaints shall not be prepared unless the alleged misconduct or job performance is of a nature which, if true, would normally result in disciplinary action.
- (b) A complaint need not be taken when the complainant is satisfied with the explanation, given by an uninvolved supervisor or the Watch Commander, of the department policy or the procedures governing the incident and agrees that no further action is required.
- (c) When the complainant is intoxicated to the point where his/her credibility appears to be unreliable. Identifying information should be obtained and the person should be provided with a department supervisor's contact information for later contact.
- (d) Depending on the urgency and seriousness of the allegations involved, complaints from juveniles should generally be taken only with the juvenile's parents or guardians present and after the parents or guardians have been informed of the circumstances prompting the complaint.

1020.2.2 COMPLAINT DOCUMENTATION

All complaints of alleged misconduct shall be documented by a supervisor on a personnel complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

When a personnel complaint is made in person, the complainant should be asked to legibly write a detailed narrative of his/her complaint. If circumstances indicate that this is not feasible, the receiving supervisor should document the complaint based upon information received from the complainant. In an effort to ensure accuracy in any complaint, it is recommended that a recorded statement be obtained from the reporting party. However, a refusal by a party to be recorded shall not alone be grounds to refuse to accept a complaint. In all cases, the complainant's signature should be requested at the conclusion of any written statement, and they should be provided with a copy of his/her original complaint if written.

All completed complaint documents will be forwarded as soon as possible to the Division Commander of the employee(s) involved, along with any recordings and the intake form.

All complaints will be courteously accepted by any department member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

Tigard PD Policy Manual

Personnel Complaints

1020.3 PERSONNEL COMPLAINTS

Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate department policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the Department.

1020.3.1 COMPLAINT CLASSIFICATIONS

Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the complaining party is satisfied that appropriate action has been taken by a department supervisor of rank greater than the accused employee. Informal complaints shall be documented on a personnel complaint form, but the responsible supervisor shall have the discretion to handle the complaint in any manner consistent with this policy.

Formal - A matter in which the complaining party requests further investigation or when a department supervisor determines that further action is warranted. Such complaints may be investigated by a department supervisor of rank greater than the accused employee or referred to the Division Commander for assignment depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor and review by the Division Commander, such matters need not be documented as personnel complaints, but may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

1020.3.2 SOURCES OF COMPLAINTS

1020.4 PROCEDURES

- (a) It is the responsibility of all supervisors to receive any and all allegations. If a supervisor is not available it is the responsibility of any member who becomes aware of an allegation to receive it. An intake form shall be completed and forwarded to the Division Commander. In the event the allegation involves a command level member the intake form shall be forwarded directly to the Chief. If a complaint involves an allegation about the Chief's misconduct, it will be forwarded directly to the City Manager.
 - 1. A supervisor may attempt to resolve an allegation by explaining department policies and procedures and will so note on the intake form.
- (b) Upon receipt of the allegation the Division Commander shall determine whether it alleges a violation of policy, procedure or law.
 - 1. If the allegation does not rise to the level of a complaint the Division Commander shall send a letter to the complainant advising of this decision. Copies shall be sent to the affected member and the Inspections Officer for entry into the database.
 - 2. If the allegation does rise to the level of a complaint the Inspections Officer will evaluate to determine which process is applicable:
 - (a) Mediation
 - (b) Non-disciplinary investigation
 - (c) Disciplinary investigation
 - (d) Criminal investigation
- (c) Temporary Relief from Duty: Any supervisor may suspend with pay a member (administrative leave), pending the completion of a formal investigation, if that supervisor believes the member:
 - 1. Is physically, mentally, or emotionally incapable of performing their duties;
 - 2. Is subject of a criminal investigation; or
 - 3. An allegation has been made of such a nature or extent that the continuance of their duties pending the outcome of an investigation would not be in the best interests of the department.
 - (a) Any supervisor suspending a member shall complete a report of the incident and expeditiously forward it through the chain of command. The report shall be provided to the Chief of Police no later than 9:00 a.m. on the next working day unless the violation, in the judgment of the supervisor, is so egregious as to require immediate notification.

1020.4.1 ADMINISTRATIVE LEAVE

1020.5.1 MEDIATION

Is used as a means to resolve differences between a complainant and a department member. It may be used for complaints that are non-repetitive, minor rules violations. Qualified mediators will be assigned by the Chief of Police or designee.

Both the complainant and the department member must agree in writing to the mediation process. If mediation can not be agreed upon by both parties the complaint will be handled either as a non-disciplinary investigation or a disciplinary investigation. If the complainant fails to attend scheduled mediation, the process will be considered concluded. If a department member fails to attend, the case will be handled either as a non-disciplinary investigation or a disciplinary investigation.

The completion of mediation will be considered final resolution of the complaint, therefore, mediation outcomes will not result in a finding.

1020.5.2 NON-DISCIPLINARY INVESTIGATION

May be used for complaints of minor, non-repetitive rule violations and shall be investigated by the appropriate supervisor. These complaints, if sustained, will result in non-disciplinary action. The member shall be advised in writing prior to the interview that it will not be used against him or her for disciplinary purposes.

If at any time during the course of an investigation the investigator believes the complaint is more serious than first reported, the supervisor shall immediately stop the current investigation. The investigator shall inform the accused member and the Division Commander, who will then review the additional information and assign the appropriate process.

- (c) The notice shall include the specific reasons for the interview, a statement of whether the member is a witness or a suspect, and any other information necessary to reasonably inform him/her of the nature of the complaint. The member shall be notified of the right to and afforded an opportunity and facilities, subject only to scheduling limitation, to contact and consult privately with an attorney and/or a representative of the Association, and to have that representative and/or attorney present at any interview.
- (d) The interview shall be conducted in the department office unless mutual agreement of the parties or the particular circumstances of the situation require another location.
- (e) Any interview of a member normally shall be when he/she is on duty, unless the serious nature of the investigation dictates otherwise.
- (f) Parties to the interview shall be limited to those reasonably necessary to conduct a thorough and fair investigation. The member shall be informed as to the name and rank and command, or other similar information of all persons present, if they are unknown to him/her, and may have an Association or other representative present to witness the interview and assist him/her.

1020.5.7 COMPLAINTS ALLEGING BIAS-BASED PROFILING

Complaints related to profiling should be clearly marked to assist in reporting as required in the Bias-Based Policing Policy # 402 within this manual (ORS 131.920).

1020.6 SUPERVISOR RESPONSIBILITIES

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless they are the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any involvement regarding the alleged misconduct. The Chief of Police or the authorized designee may direct that another supervisor investigate the complaint. All supervisors who become aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring that upon receiving or receiving or initiating any formal complaint, a Complaint Allegation Intake form is completed.
 - 1. The original intake form with all supporting information known at the time will be directed to the division commander of the accused member, via the chain of command, who will take appropriate action and/or determine who will have the responsibility for the oversight of the investigation.
 - 2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's division commander or the Chief of Police, who will then choose the appropriate course of action.
- (b) Responding to all complaints in a professional and courteous manner.
- (c) Resolving those personnel complaints that can be resolved immediately.
 - 1. Follow-up contact with the complainant should be made within 24 hours of the department receiving the complaint.
 - 2. If the matter is resolved and no further action is required, the supervisor will advise the division commander of the resolution through the chain of command.
- (d) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the division commander and the Chief of Police are notified via the chain of command as soon as practicable.
- (e) Promptly contacting the division commander and the Human Resources department for direction regarding their roles in addressing a complaint that relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination.
- (f) Forwarding unresolved personnel complaints to the division commander, who will determine the next course of action.

 - (j) Ensuring interviews of the complainant are generally conducted during reasonable hours.
 - (k) Providing any accused members, the complainant, and the chain of command with periodic updates on the status of the investigation, as appropriate.

1020.7 ADMINISTRATIVE INVESTIGATION OF COMPLAINT

Except as necessary to gain a general overview and sufficient facts of an incident to assess the necessity of an inquiry, or in order to obtain pertinent public safety information, an officer shall not be required to answer questions until he/she has been told of the facts and the nature of the investigation in a manner that is reasonably sufficient to inform the officer of the circumstances surrounding the allegations.

When conducted by a supervisor the following procedures and those set forth in ORS 236.360 shall be followed with regard to the accused employee(s):

- (a) Unless the seriousness of an investigation requires otherwise, interviews of accused employees shall be conducted when the employee is on-duty or during the employee's normal waking hours. If the interview is conducted while the employee is off-duty, the employee shall be appropriately compensated (ORS 236.360(2)(a)).
- (b) No more than two interviewers at a time may ask questions of an accused employee (ORS 236.360(2)(c)).
- (c) Interviews may not last an unreasonable amount of time, taking into consideration the gravity and complexity of the matter under investigation.
- (d) The employee's physical needs shall be reasonably accommodated (ORS 236.360(2)(f)).
- (e) The interviewers shall inform the employee of their authority to compel a statement and of the identity of the investigators and all persons present during the interview (ORS 236.360 (2)(d)).
- (f) No employee shall be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers. An employee being interviewed may not be threatened with punitive action. However, during a compelled interview solely for non-criminal purposes, an employee who refuses to respond to questions or refuses to be interviewed must be informed that refusal may lead to disciplinary action (ORS 236.360 (2)(h)). Nothing administratively ordered may be provided to a criminal investigator.
- (g) When practicable, the interviewer should record all interviews of employees and witnesses. An employee may record his/her own interview. If the employee has

been previously interviewed, a copy of that recorded interview, written statement or transcript (if prepared) shall be provided to the employee prior to any subsequent interview (ORS 236.360 (2)(h)).

- (h) If the allegations involve potential criminal conduct, the employee shall be advised of his/her constitutional rights. This admonishment shall be given administratively even if the employee was advised of these rights during any separate criminal investigation. Specifically, the employee must be informed of the right to consult with criminal defense counsel with respect to the criminal charge (ORS 236.360 (2)(j)).
- (i) All employees subjected to interviews that could result in punitive action may have a representative of the employee's choosing present at the interview (ORS 236.360 (2)(b)). However, in order to maintain the integrity of each individual employee's statement, involved employees shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
- (j) In a disciplinary or administrative investigation, the employee's chosen representative cannot be required to disclose, or be subject to disciplinary action for refusing to disclose, statements made by the employee to the representative for purposes of the representation (ORS 236.360 (2)(k)).
- (k) All employees shall provide complete and truthful responses to questions posed during interviews.
- (l) No employee may be compelled to submit to a polygraph examination nor shall any refusal to submit to such examination be mentioned in any investigation.

1020.7.1 ADMINISTRATIVE SEARCHES

Any employee may be compelled to disclose personal financial information pursuant to proper legal process, if such information tends to indicate a conflict of interest with official duties or if the employee is assigned to, or being considered for, a special assignment with a potential for bribes.

Employees shall have no expectation of privacy in or when using offices, desks, lockers, vehicles, telephones, computers, radios or other communications provided by the Department.

Assigned lockers, offices, desks, vehicles and storage spaces are the property of the employer and may be administratively searched by a supervisor for work-related purposes (e.g. obtaining a needed report or radio).

All other non-assigned areas (shared desks, common office space, shared vehicles) may be administratively searched by a supervisor for non-investigative purposes.

An investigative search of such areas shall only be conducted with the approval of the Chief of Police or authorized designee upon a reasonable suspicion that official misconduct is involved.

- (a) Notification is made to the employee in writing of the charges against the employee and the proposed disciplinary action (ORS 236.360 (5)(a)).

1020.7.4 REOPENING AN INVESTIGATION

An investigation may be reopened if significant new evidence is discovered that is likely to affect the outcome of the investigation, provided the evidence resulted from the employee's pre-disciplinary response and could not have been discovered without resorting to extraordinary measures (ORS 236.360 (7)).

1020.8 DISPOSITION OF PERSONNEL COMPLAINTS

Each allegation shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses that the alleged act(s) did not occur or did not involve department personnel. Complaints that are determined to be frivolous will fall within the classification of unfounded.

Exonerated - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the employee.

Sustained - When the investigation discloses sufficient evidence to establish that the act occurred and that it constituted misconduct.

Policy issue - When everything in the complaint is determined to be accurate, including the officer's actions, but the issue appears to require a modification of policy the finding for the officer should be exonerated. The need for potential policy modification shall be immediately directed to the Chief of Police for action.

If an investigation discloses misconduct or improper job performance which was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

1020.9 COMPLETION OF INVESTIGATIONS

The Inspections Officer will consult the Division Commander to ensure that investigations are completed and employees are provided notification of intended discipline no later than six months from the date of the first interview. The Division Commander may extend the investigation to a maximum of 12 months from the date of the first interview with the permission of the Chief of Police, provided that, before the extended period begins, the employer gives written notice explaining the reason for the extension to the employee and the employee's chosen representative and union representative, if any (ORS 236.360 (6)(a)).

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

1022.2 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department, while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained (ORS 811.210).

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a safety belt would endanger the department member or the public. Members must be prepared to justify any deviation from this requirement.

1022.3 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES

Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any department vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by safety belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints. In unusual circumstances where it is unsafe or impractical to do so, prisoners may be transported without the use of safety belts (ORS 811.215(6)).

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1022.4 INOPERABLE SAFETY BELTS

Department vehicles shall not be operated when the safety belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the safety belt is inoperable.

Department vehicle safety belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

Safety Belts

1022.5 POLICY

It is the policy of the Tigard Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

1022.6 TRANSPORTING CHILDREN

A child restraint system should be used for all children of an age, height or weight for which such restraints are required by law (ORS 811.210).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of safety belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible.

1022.7 VEHICLES MANUFACTURED WITHOUT SAFETY BELTS

Vehicles manufactured and certified for use without safety belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

1022.8 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

Body Armor

1024.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1024.2 POLICY

It is the policy of the Tigard Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1024.2.1 USE OF SOFT BODY ARMOR

Members in a uniform assignment are required to wear body armor. Body armor is not required when members are assigned to duties where they are not in direct contact with the public, or when they are wearing their Class A uniform at a special occasion (see 1046.3), or when authorized by the Chief of Police.

When sworn members are assigned to a TNT operation, stakeout, service of felony arrest warrant(s), or, are serving a search warrant at a location where there is reason to believe a felony suspect may be present, the wearing of body armor is mandatory.

Body armor must be either department-issued or department-approved.

A stakeout, for purposes of this section, is a pre-planned event where time and practicality allow officers to put on body armor in anticipation of encountering armed or dangerous suspects or circumstances.

1024.2.2 USE OF SOFT BODY ARMOR EXTERIOR CARRIER

When members wear their body armor in an exterior carrier the carriers shall be configured as follows;

(a) No more than 4 pouches may be attached to the carrier. This number does not include the TASER holster or the Tourniquet.

(b) The vest cover shall remain fully zipped closed unless donning or doffing the vest.

(c) A zipper-pull on the main zipper shall be no longer than 2 inches in length.

(d) All handgun magazines shall be carried on the duty belt, and a maximum of 2 rifle magazines shall be carried on the exterior vest cover.

(e) The officers last name and the word "POLICE" shall be attached with Velcro fasteners to the locations provided on the vest, with the officers' name on the right breast side and "POLICE" under the metal police

badge on the left breast side. At no time shall the officers name be covered or concealed by any device or piece of equipment.

Tigard Police Department

Tigard PD Policy Manual

Body Armor

(f) All officers wearing the exterior vest cover shall display the word "POLICE" in large reverse print reflective letters attached to the back of the vest with Velcro in the location provided.

1024.3 ISSUANCE OF BODY ARMOR

The Administration supervisor shall ensure that body armor is issued to all officers when the officer begins service at the Tigard Police Department and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Administration supervisor shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1024.3.1 USE OF SOFT BODY ARMOR

Generally, the use of body armor is required subject to the following:

- (a) Officers shall only wear agency-approved body armor.
- (b) Officers shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.
- (c) Officers may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.
- (d) Body armor shall be worn when an officer is working in uniform or taking part in Department range training.
- (e) An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1024.3.2 INSPECTIONS OF BODY ARMOR

Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections. Annual inspections of body armor should be conducted by an authorized designee for fit, cleanliness and signs of damage, abuse and wear.

1024.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions.

Tigard Police Department

Tigard PD Policy Manual

Body Armor

Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

1024.4 FIREARMS COORDINATOR RESPONSIBILITIES

The Firearms Coordinator should:

- (a) Monitor technological advances in the body armor industry for any appropriate changes to Department approved body armor.
- (b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.
- (c) Provide training that educates officers about the safety benefits of wearing body armor.

Unless ordered by the court to do so, the Tigard Police Department will not disclose a member's home address. No member may disclose another member's home address without proper authorization.

The member will notify their supervisor in writing within 24 hours whenever there is a change in name, address, telephone numbers, family status, marital status, equipment, emergency notification, assignment or relief by filling out a standard Personnel Action Form (PAF). The supervisor will be responsible to insure that the employee records are updated by providing the Chief's Confidential Assistant with the PAF. Such notification is required when the member is on leave or disability. If a member is on leave or disability, they may notify their supervisor by phone.

1026.3 DEPARTMENT FILE

The department file shall be maintained as a record of a person's employment/appointment with this department. The department file should contain, at a minimum:

 3. If a member refuses to initial or sign an adverse comment, at least one supervisor should note the date and time of such refusal on the original comment (ORS 652.750). Such a refusal, however, shall not be deemed insubordination, nor shall it prohibit the entry of the adverse comment into the member's file.
- (g) Commendations and awards.
- (h) Any other information, the disclosure of which would constitute an unwarranted invasion of personal privacy.

1026.4 DIVISION FILE

Division files may be separately maintained internally by a member's supervisor for the purpose of completing timely performance evaluations. The Division file may contain supervisor comments, notes, notices to correct, and other materials that are intended to serve as a foundation for the completion of timely performance evaluations. Any adverse comments shall be provided to the officer prior to being placed in the file in accordance with ORS 652.750.

1026.5 TRAINING FILE

An individual training file shall be maintained by the Training Coordinator for each member. Training files will contain records of all training; original or photocopies of available certificates, transcripts, diplomas and other documentation; education; and firearms qualifications. Training records may also be created and stored remotely, either manually or automatically (e.g., Daily Training Bulletin (DTB) records).

- (a) The involved member is responsible for providing the Training Coordinator or immediate supervisor with evidence of completed training/education in a timely manner.
- (b) The Training Coordinator or supervisor shall ensure that copies of such training records are placed in the member's training file.

1026.6 INTERNAL AFFAIRS FILE

Internal affairs files shall be maintained under the exclusive control of the Inspections Officer in conjunction with the office of the Chief of Police. Access to these files may only be approved by the Chief of Police or the Inspections Officer supervisor.

Personnel records are subject to disclosure as provided in this policy, according to applicable discovery procedures, state law or with the member's written consent.

Nothing in this policy is intended to preclude review of personnel records by the City Manager, City Attorney or other attorneys or representatives of the City in connection with official business.

1026.8.1 REQUESTS FOR DISCLOSURE

Any member receiving a request for a personnel record shall promptly notify the Custodian of Records or other person charged with the maintenance of such records.

Upon receipt of any such request, the responsible person shall notify the affected member as soon as practicable that such a request has been made (ORS 181A.830).

The responsible person shall further ensure that an appropriate response to the request is made in a timely manner, consistent with applicable law. In many cases, this may require assistance of available legal counsel.

Personnel Records

All requests for disclosure that result in access to a member's personnel records shall be logged in the corresponding file.

1026.8.2 RELEASE OF PERSONNEL INFORMATION

Personnel records of an officer who was employed at any time by the Department shall be released to a requesting law enforcement agency for the purposes of preemployment review (2020 Oregon Laws, c.7, § 4).

Except as provided by the Records Maintenance and Release Policy or pursuant to lawful process, no information about a personnel investigation of an officer that does not result in discipline contained in any personnel file shall be disclosed to any unauthorized member or other persons unless (ORS 181A.830(4)):

- (a) The officer consents to disclosure in writing.
- (b) The public interest requires disclosure of the information.

Audio or video records of internal investigation interviews of an officer are confidential and shall not be released (ORS 192.385).

Photographs of an officer shall not be disclosed without the written consent of the officer (ORS 181A.830).

1026.9 MEMBER ACCESS TO HIS/HER OWN PERSONNEL RECORDS

A member or former member may request to review his/her personnel file. The request should be made to the Administration Supervisor. The Administration Supervisor should ensure that the member is provided a reasonable opportunity to review their personnel file or, if requested, receive a certified copy of the records as provided in ORS 652.750.

If an officer believes that any portion of the material is mistakenly or unlawfully placed in the officer personnel record, the officer may submit a written request to the Chief of Police that the mistaken or unlawful material be corrected or deleted. The request must describe the corrections or deletions requested and the reasons supporting the request and provide any documentation that supports the request. The Chief of Police must respond within 30 days from the date the request is received. If the Chief of Police chooses not to make any changes, the Chief of Police shall ensure that a written response to the request is made. The Chief of Police shall ensure that the request and response is placed in the officer's personnel record (ORS 652.750).

For this same reason, no files shall be removed without the written approval of the Chief of Police. Individual and necessary copies may be made by members of the Office of the Chief of Police, with reasons documented on the "log."

All employees shall be aware that a duplicate copy of each member's personnel file also resides in the Human Resources Department.

- (a) During the preparation of each member's performance evaluation, all personnel complaints and disciplinary actions should be reviewed to determine the relevancy, if any, to progressive discipline, training and career development. Each supervisor responsible for completing the member's performance evaluation should determine whether any prior sustained disciplinary file should be retained beyond the required period for reasons other than pending litigation or other ongoing legal proceedings.

Meal Periods and Breaks

1034.1 PURPOSE AND SCOPE

This policy regarding meals and breaks, insofar as possible shall conform to the policy governing all City employees that has been established by the City Manager and as outlined in the current Collective Bargaining Agreement, please refer to Policy 1003.

1034.1.1 MEAL PERIODS

All TPOA and other sworn employees shall remain on duty subject to call during meal breaks. All other employees are not on call during meal breaks unless directed otherwise by a supervisor.

Uniformed officers shall take their breaks within the City limits unless on assignment outside of the City.

The time spent for the meal period shall not exceed the authorized time allowed.

1034.1.2 15 MINUTE BREAKS

Each employee is entitled to a 15 minute break, near the mid point, for each four-hour work period. Only one 15 minute break shall be taken during each four hours of duty. No breaks shall be taken during the first or last hour of an employee's shift unless approved by a supervisor.

Employees normally assigned to the police facility shall remain in the police facility for their breaks. This would not prohibit them from taking a break outside the facility if on official business.

Field officers will take their breaks in their assigned areas, subject to call and shall monitor their radios. When field officers take their breaks away from their vehicles, they shall do so only with the knowledge and clearance of WCCCA.

Lactation Break Policy

1035.1 PURPOSE AND SCOPE

The purpose of this policy is to provide reasonable accommodations to members desiring to express breast milk for the member's infant child.

1035.2 POLICY

It is the policy of this department to provide reasonable break time and appropriate facilities to accommodate any member desiring to express breast milk for her nursing child 18 months or younger in compliance with state law and the Fair Labor Standards Act (29 USC § 207 and ORS 653.077).

1035.3 LACTATION BREAK TIME

A rest period should be permitted each time the member has the need to express breast milk (29 USC § 207; OAR 839-020-0051). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time.

Lactation breaks, if feasible, should be taken at the same time as the member's regularly scheduled rest or meal periods. While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid.

Members desiring to take a lactation break shall notify WCCCA or a supervisor prior to taking such a break and such breaks may be reasonably delayed if they would seriously disrupt department operations.

Once a lactation break has been approved, the break should not be interrupted except in emergency or exigent circumstances.

1035.4 PRIVATE LOCATION

The Department will make reasonable efforts to provide lactating members with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the member's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from coworkers and the public (29 USC § 207).

Members occupying such private areas shall either secure the door or otherwise make it clear that the area is occupied with a need for privacy. All other members should avoid interrupting a lactating member during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for members assigned to the field may be taken at the nearest appropriate private area.

1035.5 STORAGE OF EXPRESSED MILK

Scheduling and Time Statements

1038.1 PURPOSE AND SCOPE

To outline the use of INTIME as our scheduling and time statement program to ensure the maintenance of work schedules and the production of accurate paperless time statements.

1038.1.1 DEPARTMENT POLICY

It is the policy of the Tigard Police Department to use the Intime Scheduling Engine (ISE) to create, maintain and update daily schedules for all units within the department. ISE will be utilized to approve and/or reject time statements, requests for activity approval such as overtime or extra assignments, and will be used to post overtime opportunities. All department employees will utilize the Employee Self-Service (ESS) portal to access their schedules, submit time statements, request overtime and leave and to have overtime time and other activities approved by a supervisor. Time Statements created in ISE will be electronically submitted to the City's financial software during payroll weeks, and accruals will be updated by that system in ISE at the beginning of each payroll cycle.

1038.1.2 DEFINITIONS

ISE (Intime Scheduling Engine) This refers to the online database where scheduling and approvals take place.

ESS (Employee Self Service) This is the online self-service portal where all employees will access their schedule, requests for leave and Overtime and view posted overtime and assignment opportunities.

1038.2 ISE DATABASE STRUCTURE

The ISE database is maintained by department members designated as Administrators who have the highest level of security clearance within the program to allow access, by other members and to make significant structural changes within the ISE program as it pertains to Tigard Police Department scheduling and financial information. The administrators shall be designated by the Chief of Police or his designee. Master Schedulers are responsible for the creation of worked schedules and Daily Schedulers are those supervisory staff who will be updating the schedules and approving leave, overtime and time statements. It will be the responsibility of a system administrator to ensure a new user is entered into the system properly and to schedule training of that individual before actual use begins.

1038.2.1 EMPLOYEES RESPONSIBILITY

Employees shall enter the ESS portal at the beginning of their shift or as soon as possible once the shift has begun. When an employee enters the ESS portal for the first time they will be required to enter and verify their user information and create a new password.

Employees will use the ESS to request leave, to submit activities and overtime, and to submit their time statements. Employees should enter the ESS and submit overtime activities immediately after working the overtime. Time statements shall be submitted no later than 8:00 AM on the

Tigard Police Department

Tigard PD Policy Manual

Scheduling and Time Statements

Monday morning following a pay period's end. Notifications from INTIME called "*postings*" will let members know of certain overtime opportunities, other activities they may be eligible to sign up for remotely, as well as notification when leave requests, overtime and time statements are approved. These notifications are made through an e-mail service. Members who wish to be notified of these opportunities and approvals outside of their work e-mail account must provide the department with a personal e-mail address that is kept up to date.

There is no requirement for an employee to view or use the ESS portal while off-duty, however doing so is not prohibited by the department when viewing and using the portal for less than seven-and-a-half (7 ½) minutes. Seven-and-a-half (7 1/2) minutes shall be considered de-minimus and will not be compensated by the department as referenced in TPOA Article 13.5. Should a member believe they will need more time to view the ESS portal while off duty, they are required to contact a supervisor before doing so for authorization of overtime.

It is the employee's responsibility to obtain approval from a supervisor in advance before working any overtime assignment, detail or duty.

1038.2.2 SUPERVISORS RESPONSIBILITY

Supervisory staff shall enter the ISE database and review the pending requests from their workgroup on a daily basis during their work week. The supervisor shall ensure the employees' shift start and end times are correct. The supervisor is responsible to keep the schedule up to date as necessary by entering blocks of activity or leave if an employee is unable to do so via the ESS portal.

An attempt shall be made to review and approve or reject requests on a daily basis. If the system is not working as designed, for any reason, the supervisor will immediately contact the INTIME help service and make other notifications to the chain of command as necessary.

Before approval of any activity request, leave request or time statement, the supervisor shall check the schedule to verify the accuracy of the request or time statement. If a supervisor will be gone, arrangements must be made to ensure another supervisor takes on the responsibility of review and approval for that workgroup. This "*continuity of approval*" is an expectation of all supervisors within their work groups.

- (b) Involves the employee's receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as a member of this department
- (c) Involves the performance of an act in other than the employee's capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department

Occupational Disease and Work-Related Injury Reporting

1042.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance regarding the timely reporting of occupational diseases, mental health issues and work-related injuries.

1042.1.1 DEFINITIONS

Definitions related to this policy include:

Occupational disease or work-related injury - An accidental injury or any disease or infection arising out of and in the course of employment that requires medical services or results in disability or death. The occupational disease (including a mental disorder) must be caused by substances or activities to which the member would not ordinarily be subjected or exposed except during employment with the Tigard Police Department (ORS 656.005(7); ORS 656.802).

1042.2 POLICY

The Tigard Police Department will address occupational diseases, mental health issues and work-related injuries appropriately, and will comply with applicable state workers' compensation requirements (ORS 656.001 et seq.).

1042.3 RESPONSIBILITIES

1042.3.1 MEMBER RESPONSIBILITIES

Any member sustaining any occupational disease or work-related injury shall report such event as soon as practicable, but within 24 hours, to a supervisor, and shall seek medical care when appropriate. The member may choose a medical service provider, attending physician or authorized nurse practitioner for medical care (OAR 436-060-0010).

1042.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor learning of any occupational disease or work-related injury should ensure the member receives medical care as appropriate. The supervisor shall provide every injured member with a Report of Job Injury or Illness form (Form 801) immediately upon the request of the member or his/her attorney, or upon receiving notice or knowledge of an accident that may involve a compensable injury (ORS 656.265; OAR 436-060-0010).

Supervisors shall determine whether the Major Incident Notification and Illness and Injury Prevention policies apply and take additional action as required.

1042.3.3 DIVISION COMMANDER RESPONSIBILITIES

The Division Commander who receives a report of an occupational disease or work-related injury should review the report for accuracy and determine what additional action should be taken. The report shall then be forwarded to the Chief of Police, the City's risk management entity and

Tigard Police Department

Tigard PD Policy Manual

Occupational Disease and Work-Related Injury Reporting

the Administration Division Commander to ensure any required Oregon Occupational Safety and Health Administration (OR-OSHA) reporting is made as required in the injury and illness prevention plan identified in the Illness and Injury Prevention Policy.

Claims shall be reported to the department's insurer no later than five days after notice or knowledge of any claim or accident that may result in a compensable injury (OAR 436-060-0010).

1042.3.4 CHIEF OF POLICE RESPONSIBILITIES

The Chief of Police shall review and forward copies of the report to the Department of Human Resources. Copies of the report and related documents retained by the Department shall be filed in the member's confidential medical file.

1042.4 OTHER DISEASE OR INJURY

Diseases and injuries caused or occurring on-duty that do not qualify for workers' compensation reporting shall be documented on the designated report of injury form, which shall be signed by a supervisor. A copy of the completed form shall be forwarded to the appropriate Division Commander through the chain of command and a copy sent to the Administration Division Commander.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1042.5 SETTLEMENT OFFERS

When a member sustains an occupational disease or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

1042.5.1 NO SETTLEMENT WITHOUT PRIOR APPROVAL

No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational disease or work-related injury, the member shall provide the Chief of Police with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Chief of Police. The purpose of such notice is to permit the City to determine whether the offered settlement will affect any claim the City may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the City's right of subrogation, while ensuring that the member's right to receive compensation is not affected.

Employee Activation of Photo Enforcement System

1056.1 PURPOSE

The purpose of this policy is to provide guidelines to members of the Tigard Police Department relating to the photo enforcement system responsibilities, including employee activations of the photo enforcement system on and off duty.

1056.1.1 DEFINITIONS

The following definitions are for use within this policy section:

Photo Enforcement System – The system by which the Tigard Police Department uses cameras, sensors, websites, and other related processes to enforce traffic control device and vehicle speed violations through a third-party vendor.

Photo Enforcement Program Coordinator – The Lieutenant assigned to oversee the photo enforcement program.

Traffic Sergeant – The sergeant assigned to manage and direct daily operations within the photo enforcement system.

Approver – A sworn staff member of this department that has been trained and assigned to review violation event data in the Photo Enforcement System for approval or rejection.

1056.2 EMPLOYEE ACTIVATION OF PHOTO ENFORCEMENT SYSTEM

For Tigard Police Department employees involved in triggering the activation of the City of Tigard photo enforcement system, the Department will follow these guidelines:

1056.2.1 NOTIFICATION/PHOTO ENFORCEMENT SYSTEM TRIGGERED OFF DUTY

When an employee becomes aware that they have triggered the City of Tigard photo enforcement system while off duty, either by having received a citation in the mail from the City or having been notified by their chain of command that they will likely be receiving a citation by mail, they shall follow the guidelines outlining “official contact” under Department Policy 340 Standards of Conduct, subsection 340.3.2 Conduct paragraph (g) which requires an employee to report such contact to the Department. The Department will then handle that citation issued to the off-duty employee as a citation issued to any other community member.

1056.2.2 NOTIFICATION/PHOTO ENFORCEMENT SYSTEM TRIGGERED ON DUTY

(a) When an employee becomes aware that they have triggered the City of Tigard photo enforcement system while on duty, the employee will advise (email/memo) their supervisor, or in the absence of their supervisor, the Traffic Sergeant, or the Photo Enforcement Program Coordinator. The employee will include the date, time, location, CAD # and circumstances. This shall be done as soon as possible and no later than the end of their shift.

Tigard Police Department

Tigard PD Policy Manual

Employee Activation of Photo Enforcement System

(b) When an approver believes an employee has triggered the system, the approver will advise, by email, the Traffic Sergeant or the Photo Enforcement Program Coordinator that an employee triggered a photo enforcement system camera with the event or citation numbered generated by the photo enforcement system. The Traffic Sergeant will ensure the involved officer, and their supervisor, is notified of the photo system being triggered if they have not already been notified of the event. An approver does not have the authority to dismiss employee violation events.

(c) There may be situations where the Traffic Sergeant becomes aware that an employee triggered a photo enforcement system by other means (i.e. outside complaint from a community member). The Traffic Sergeant will notify the Photo Enforcement Program Coordinator, the employee and the employee's supervisor of the photo incident.

1056.3 CITATION PROCESSING

The approver will flag the photo incident for supervisory review and notify the Traffic Sergeant and the Photo Enforcement Program Coordinator. Citation processing timelines per ORS are ten (10) business days from the date of the violation.

1056.4 FACT FINDING

(a) When an employee activates the Photo Enforcement System, a fact-finding review shall be conducted to determine whether the employee's violation is:

1. No violation – the employee did not activate the system or otherwise did not commit any violation of law or policy; the citation is rejected and no further action will be taken.
2. Justifiable action – the employee did commit a violation of law or policy, however the violation was justifiable or excusable through another statute in the course of their official duties; the citation is rejected and no further action will be taken.
3. Valid violation – the employee did commit a violation and there is no legal or policy basis to justify or excuse the violation; the citation is issued to the City by the Traffic Sergeant.

(b) An employee's supervisor who becomes aware of their employee's activation, or potential activation, of the Photo Enforcement System is responsible for a finding of fact. The employee's supervisor will review all available information to determine if a violation occurred or if the triggering of the photo enforcement system was justifiable under ORS rules. If the employee's supervisor is unavailable, the Traffic Sergeant or Photo Enforcement Program Coordinator may conduct the finding of fact.

(c) The reviewing supervisor will forward the findings to the Traffic Sergeant. The Traffic Sergeant will then notify, by email, the Photo Enforcement Program Coordinator and the appropriate chain of command up to the Division Commander of the outcome of the review. All determinations of fact will be logged for tracking to identify chronic violation issues.

(d) In all instances, the employee will be provided all information and notified of the results of the fact-finding.

1056.5 CITATION ISSUED

(a) In cases where a citation is issued;

1. The citation will be issued to the City, routed to the Traffic Sergeant via the Photo Enforcement Program Coordinator.
2. A certificate of Non-Liability is completed by the Traffic Sergeant identifying the driver (employee) of the vehicle.
3. The contracted photo enforcement system vendor will reissue the citation to the employee.
4. A Motion to Dismiss may be completed at any time by the Traffic Sergeant, for citations that have been issued to an employee, when new information later determines that the employee-driver did not commit a violation or that the action of the employee was justified due to work related activities. A Copy of a Motion to Dismiss shall be provided to the employee and the updated determination will be logged as outlined above.

1056.6 EMPLOYEE RESPONSE TO CITATION

(a) The employee will be afforded all remedies available to them, just as any other citizen in similar circumstances.

(b) It is up to the employee as to how they wish to handle the disposition of the citation.

1056.7 OUTSIDE AGENCIES

(a) Outside Agency employees who trigger the City of Tigard photo enforcement system will be processed as would any other citation and if appropriate, the citation will be sent to that agency.

(b) Once the Outside Agency receives the notification they should complete the Certificate of Non-Liability identifying the driver. Based on the outcome they should contact the Traffic Sergeant or Photo Enforcement Program Coordinator to request a dismissal of the citation if appropriate.

(c) The Outside Agency would be responsible for conducting any fact-finding investigation related to internal discipline related to their employee triggering the photo enforcement system in Tigard.

1056.8 CITY OF TIGARD NON-POLICE DEPARTMENT EMPLOYEES

(a) Non-police employees of the City of Tigard who trigger the photo enforcement system while operating a City of Tigard owned vehicle will be processed as would any other citation issued to a corporation or outside government agency employee. If a citation is issued it will be sent to the City of Tigard Risk Department for determination of driver identity and the Risk Department will be responsible for completing a Certificate of Non-Liability. The City of Tigard Risk Department will be responsible for notifying the employee and the employee's Department Head.

(b) A non-police employee of the City of Tigard who triggers the photo enforcement system while not at work, or while at work but operating their personal vehicle, will be processed as would any other citation issued to a private citizen.

Line-of-Duty Deaths

1061.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the Tigard Police Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member's survivors.

The Chief of Police may also apply some or all of this policy in situations where members are injured in the line of duty and the injuries are life-threatening.

1061.1.1 DEFINITIONS

Definitions related to this policy include:

Line-of-duty death - The death of a sworn member during the course of performing law enforcement-related functions while on- or off-duty, or a non-sworn member during the course of performing their assigned duties.

Survivors - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

1061.2 POLICY

It is the policy of the Tigard Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1061.3 INITIAL ACTIONS BY COMMAND STAFF

- (a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Watch Commander and WCCCA.
 1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Public Information Officer section of this policy).
- (b) The Watch Commander should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.
- (c) If the member has been transported to the hospital, the Watch Commander or the designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.
- (d) The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve

Tigard Police Department

the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

- (e) The Chief of Police may implement the Department Casualty Assistance Plan.

1061.4 NOTIFYING SURVIVORS

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief of Police or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Chief of Police, Watch Commander or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Department Chaplain.

Notifying members should:

- (a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
- (b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity and current location (e.g., small children at home, children in school).
- (c) Plan for concerns such as known health concerns of survivors or language barriers.
- (d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital and should remain at the hospital while the survivors are present.
- (e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.
- (f) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.
- (g) Offer to call other survivors, friends or clergy to support the survivors and to avoid leaving survivors alone after notification.
- (h) Assist the survivors with meeting childcare or other immediate needs.

Tigard Police Department

Tigard PD Policy Manual

Line-of-Duty Deaths

- (i) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.
- (j) Inform the survivors of the name and phone number of the Survivor Support Liaison (see the Survivor Support Liaison section of this policy), if known, and the Department Liaison.
- (k) Provide their contact information to the survivors before departing.
- (l) Document the survivor's names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.
- (m) Inform the Chief of Police or the authorized designee once survivor notifications have been made so that other Tigard Police Department members may be apprised that survivor notifications are complete.

1061.4.1 OUT-OF-AREA NOTIFICATIONS

The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

- (a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.
- (b) The Department Liaison may assist in making transportation arrangements for the member's survivors, but will not obligate the Department to pay travel expenses without the authorization of the Chief of Police.

1061.5 NOTIFYING DEPARTMENT MEMBERS

Supervisors or members designated by the Chief of Police are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shift. Members reporting for duty from their residence should be instructed to contact their supervisor as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support group, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

- If the survivors have no preference, the selection may be made from names recommended by the deceased member's supervisor and/or coworkers. The deceased member's partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.
- The liaison must be willing to assume the assignment with an understanding of the emotional and time demands involved.

The responsibilities of the Survivor Support Liaison include, but are not limited to:

- (m) Inviting survivors to department activities, memorial services or other functions as appropriate.

Survivor Support Liaisons providing services after an incident resulting in multiple members being killed should coordinate with and support each other through conference calls or meetings as necessary.

The Department recognizes that the duties of a Survivor Support Liaison will often affect regular assignments over many years, and is committed to supporting members in the assignment.

If needed, the Survivor Support Liaison should be issued a personal communication device (PCD) owned by the Department to facilitate communications necessary to the assignment. The department-issued PCD shall be used in accordance with the Personal Communication Devices Policy.
