TIGARD MUNICIPAL CODE

Article V. Noise Nuisances

6.02.430 Noise Limits

It is unlawful for any person to produce, or permit to be produced, sounds which:

D. When measured at or within the boundary of or within a property on which no noise-sensitive unit is located, and the noise originates from outside the property, the noise level exceeds:

1. 60 dB at any time between 10 p.m. and 7 a.m. of the following day, or
2. 75 dB at any other time;

6.02.450 Exceptions to Noise Limits

The followings shall not be considered violations of this article, even if the sound limit specified in Section 6.02.430 is exceeded.

M. Sounds originating from construction projects for public facilities within rights-of-way pursuant to a noise mitigation plan approved by the city manager. The city manager may approve a noise mitigation plan only if the city manager determines that the noise mitigation plan will prevent unreasonable noise impacts. The noise mitigation plan must:

1. Map the project noise impacts and explain how the impacts will be mitigated,
2. Provide special consideration and mitigation efforts for noise sensitivity units,
3. Provide a 24-hour telephone contact number for information and complaints about a project.

The city manager may approve a noise mitigation plan only if the city manager determines that the noise mitigation plan will prevent unreasonable noise impacts. (Ord. 12-02 §1)
