### **UPCOMING SPEED ENFORCEMENT ON HALL BLVD.**

Officers with the Tigard Police Traffic Safety Unit will be conducting a focused speed enforcement on SW Hall Blvd.

The enforcement, which will be held throughout the morning of Monday, June 5<sup>th</sup>, is being conducted as a proactive tool to educate drivers about safety and speed limits in that area.

Earlier this spring, the Oregon Department of Transportation (ODOT) lowered the speed limit on a 1.1 mile stretch of SW Hall between Pfaffle Street and 92<sup>nd</sup> Avenue from 40 mph down to 30 mph. According to ODOT, more than 180 crashes were reported along this section of Hall Blvd between 2016 and 2021. In March 2022, a hit-and-run driver killed a woman and seriously injured another as they crossed SW Hall Blvd. near Lucille Court.

The Tigard Police Department encourages drivers to be aware of the speed change and asks people to slow down to get where they're going safely.
