Monthly Non-Residential Rate	\$9.00 / equivalent dwelling unit	7/1/2024
Reduction for Qualified Low Income Single Family	50%	4/1/2016

Notes:

- Commercial EDU Calculation (rounded to nearest whole EDU):
(Billed Parking Stalls from Street Maintenance Fee * 0.76 Jobs Per Stall)/15 EDU Factor = EDUs
- Industrial EDU Calculation (rounded to nearest whole EDU):
(Billed Parking Stalls from Street Maintenance Fee * 1.19 Jobs Per Stall)/15 EDU Factor = EDUs

Calculation of the annual Park Maintenance Fee Index (from FCS Group report "Tigard Parks Maintenance Fee: Report to Council for January 12, 2016 Public Hearing")

Cost Center	Annual Rate	Weight
Personnel	4.80%	0.60
Services/Utilities	3.00%	0.25
Materials/Internal Services	4.20%	0.15
Annual Index (Weighted Average)	4.26%	

TMC 3.75.050.D authorizes the establishment of a program to reduce the Park Maintenance Fee for low income individuals responsible for paying the utility bill.

The reduction will last for 12 billing cycles after which the fee reduction will end or the responsible party can reapply

To Qualify for the reduction, the responsible party:

- 1 Must be the individual(s) on the utility bill
- 2 Provide documented proof of income such as most recent tax statement or W-2.
- 3 Have an income at, or below, 50% of the Median Income for Oregon as set by the US Department of Housing and Urban Development (HUD).

The Park System Development Charge (Park SDC) is a City of Tigard charge that is assessed on new development to support the acquisition and development of parks, greenways, and paved trails, all of which are used by residents of Tigard and by those who work here. The Park SDC is a one-time fee charged to new development to help pay a portion of the costs associated with building additional parks and trails to meet the needs created by both residential and commercial/industrial growth. The SDC revenues can only be used on capacity-increasing capital improvements and cannot be used to repair existing park facilities.

Park SDCs are assessed on new residential development on a per-unit basis and against commercial and industrial development on a per-employee basis.

The amount of the charge for each land use category is adjusted each year, effective July 1st, in relation to two indices, one reflecting changes in development/construction costs and one reflecting changes in land acquisition costs.

For more detailed/updated information on calculating Park SDC's see "Parks & Recreation System Development Charge Methodology Report," by FCS Group, May 19, 2015. Adopted by Ord. 15-09.

[1]See Adopted Methodology Report used to calculate the charges.

[2]Based on 50% Credit Policy for the "local" elements of River Terrace Blvd.

[3]Non-residential SDCs will be based on average charges by Peak Hour Vehicle Trips (PHVT) and shall vary by land use type using procedures established in the Tigard SDC Administrative Procedures Guide.

[4]Non-residential SDCs charged to customers will not exceed 80% of the Transportation Development Tax (TDT) charged as set by Washington County. When the calculated amount does exceed 80% of TDT, the non-residential TSDC charged will be 80% of TDT. For more detailed and updated information on calculating Transportation SDC's see "Transportation System Development Charge Methodology Report," by FCS Group, April 28, 2015.

Transportation SDC Annual Adjustment

7/1/2015

Transportation SDC fees shall be adjusted annually on July 1st of each year beginning in 2016. The index to be used for adjusting transportation SDCs will be based on the weighted average of the year over year escalation for two measurements: 90 percent multiplied by the Engineering News Record Construction Cost Index for the Seattle Area percent change plus 10 percent multiplied by the Oregon Department of Transportation monthly asphalt price (annualized) percent change.

Countywide Transportation Development Tax (TDT)*			

Transportation Development Tax Financing

Application Fee	\$25.00	7/1/2025
Interest Rate	Prime rate as published in the Wall Street Journal as of the date of the application plus 4%	

The Countywide Transportation Development Tax (TDT) is a Washington County Tax approved by the voters in November, 2008, that is administered and collected by the City of Tigard. It went into effect on July 1, 2009, replacing the Traffic Impact Fee (TIF) program.

Like TIF, TDT is assessed on new development to help provide funds for the increased capacity transportation improvements needed to accommodate the additional vehicle traffic and demand for transit facilities generated by that development. It provides funds for these capacity improvements to county and city arterials, certain collectors, and certain state and transit facilities as listed in the County's Capital Improvements Project List. The TDT is categorized as an Improvement Fee: revenue must be dedicated to capital improvements that expand capacity and may not be used for maintenance, repair, or other non-capital improvements.

TDTs are assessed on new development on a per-unit basis. For residential uses the units are dwelling units, bedrooms, etc. For commercial and industrial uses the units are the square footage of the use or units unique to the use such as lanes, fueling positions, etc.

For information about the TDT regarding a specific project contact the City's Permits/Projects Coordinator at (503) 718-2426.

* For more detailed information on calculating TDT charges and a detailed list of Land Uses and TDT charges through 6/30/2013 see Appendix B to Washington County Engrossed Ordinance 691, August 29, 2008 and the Washington County Countywide Transportation Development Tax Manual.
